Established 1846
HUTCHINS

About VIRTUS

The **Student Roll** (pp 113-116) contains an alphabetical listing of all students at the school, with the year group in which they were enrolled in 2000 and which of the four houses they belonged.

Student activities in the **Early Learning Centre** (page 16) are recorded in class reports (pp 18-29).

In the **Junior School** (page 30) student activities are reported either by class group (pp 32-51) or in Junior School Sport (page 31).

Middle School (pp 52-53) student activities are recorded in year 7 and 8 activities (pp 54-65) and possibly in co-curricular activities and sporting teams reports (pp 88-108).

Senior School students in Years 9 to 12 (pp 66-67) have activities recorded by house grouping (pp 70-84) by co-curricular and sporting teams (pp 88-108) and or by the Director of Studies Report (pp 68-69) or Student Management Activities (pp 13-15). The achievements of Year 12 leavers are listed in the Valeté (pp 117-123).

"A number of challenges..."

After ten years, two members of the Board of Management stepped down. Mr David Eddington has served the last two years as Chairman, and Mr Graham Woodward was Treasurer. The service and dedication to the School of these men has been very much valued and their experience will be missed. Mr Andrew Downie and Mr Andrew Ashbolt have replaced them and I welcome them to the Board.

The Board has faced a number of challenges this year. Changes in the way education is delivered and falling numbers in Tasmania, have meant that the Board has needed to look closely at the financial operations of the school. Aably lead by the School Bursar, Mr Lewis Prince, the School remains in a sound position. The Headmaster has provided leadership in advising the Board of future directions.

The School remains a recognized leader in the field of boys' education. The submission to the Senate Enquiry into the Education of Boys received national media exposure and the Early Learning Centre and Middle School receive frequent visitors. The changes in these areas have been many, and the Board is conscious of the need to similarly revitalise the Year 9 and 10 curriculum.

The Board retreat, held in October at Salamanca Inn, at which a wide cross-section of the Hutchins community was present, provided the Board with an invaluable opportunity to reassess the current position of Hutchins and plan for the future. The contributions of the many who attended were very much appreciated.

The Board's contributions to the School are many. It is responsible for ensuring sound governance and financial viability of the School. I thank all Board members who have given so much of their time and I look forward to the challenges to be faced in 2001.

*Harvey Gibson,
Chairman, Hutchins Board of Management*

New Board Members

Mr Andrew Downie attended Hutchins from 1960 until 1967. He is married to Chris and they have three children. Mr Downie is a farmer at Gretna and is a past Chairman of the Tasmanian Farmers and Graziers Association Wool Council. He is also a member of the Tasmanian Heritage Council and the Threatened Species Community Review Committee.

Mr Andrew Ashbolt was born in Hobart and educated at Hutchins and Geelong Grammar schools. He graduated from the University of Tasmania in 1973 where he obtained an Honours degree in Economics. He is a Fellow of the Institute of Chartered Accountants. Mr Ashbolt is an Executive Director of Webster Limited, and a Director of Aquatas Pty Ltd and Kelp Industries Pty Ltd. He is married to Rosie and they have three children - a son who left Hutchins in 1999, a daughter currently at Collegiate and a son currently at Hutchins. He is a keen snow skier and cyclist and also has an interest in most water sports.

"Not letting the future bug us"

The world successfully saw through the Y2K bug and was left wondering whether there really was such a threat posed to mankind - we will never know. Certainly the celebrations marking the Year 2000, which occurred at the same time, conveyed optimism and joy. This optimism was later seen during the Olympics. It was difficult not to be caught up in the fever, beginning with a magnificent opening ceremony that tastefully portrayed the history of Australia and concluding with an equally marvellous closing ceremony. In between, our athletes did us proud.

Africa continues to be ravaged by AIDS, and man's inhumanity to man is seen in Zimbabwe, Northern Ireland, East Timor, Sri Lanka, and a hundred other places. The Western World is undergoing outsourcing, downsizing, restructuring, rationalising and globalising - in the process, many individuals find change difficult to handle. Old skills are no longer required and new skills must be learnt. The gap between those who are successful and those who are unsuccessful in this new economy is increasing.

Australia's economy is doing well, despite an appalling exchange rate and the massive hike in oil prices. Tasmania continues to bump along the bottom (it was forgotten on an Olympic commemorative medal) and it faces an aging, declining population. Tasmania's unemployment level is higher than the national average.

Hutchins has just completed its 154th year with 985 students enrolled. The year has been an excellent one with many highlights - Australian winners for webpage design, superb results in external chemistry and physics competitions, and outstanding sporting results to name a few.

The role of schools is changing - web-based curriculum is here; the skills required for employment are changing rapidly; and in the future education will probably be unlike what we have seen before. Schools will have to change what they do and how they do it - the old parameters are dying quickly. Hutchins is actively exploring new directions that it believes are essential, so that it remains relevant for today's youth.

Most importantly, in a world where technology has not changed man's ability to inflict pain, it is essential that Hutchins continues to focus on the virtues of tolerance, understanding and caring for our fellow man.

W D Toppin
Headmaster

Kevin Walsh

Kevin Walsh grew up in the small north Queensland town of Cardwell, where he attended the local state school. When he was thirteen, the family moved to Townsville, so that Kevin could complete his secondary education. After leaving school, Kevin joined the Christian Brothers' Teaching Order in Sydney, where he undertook two years of religious training, before completing a BSc and a Diploma of Education at the University of Sydney.

Kevin spent the next twelve years teaching at Christian Brothers' schools in Sydney (Strathfield), Canberra and Rockhampton. During that time he completed a BA and a degree in Theology.

Kevin left the Order in 1971 and came to Tasmania. He spent that year at Hutchins before taking up the post of Head of Mathematics at St Virgil's College. Three years later, Kevin returned to Hutchins as Head of Mathematics and he has been the Senior Teacher of Mathematics at Hutchins since then.

Kevin was always an extremely popular teacher, and he will be missed by the Hutchins community. We all wish him well in his retirement.

W D Toppin
Headmaster

Bert Smith

After graduating from the University of Tasmania with a Bachelor of Science in 1963, Bert was appointed as a science and mathematics teacher at Ogilvie High School. In 1970 he was appointed to the position of Science Teacher at The Friends' School. He completed his Master of Education at the Tasmanian College of Advanced Education in 1976. In June 1987 Bert came to Hutchins to take up the position of Head of Science.

As Head of Science he has run the Science Faculty as a tight ship, attention to detail being his strong point. He has given excellent support to the science staff over the years, from taking science classes himself to filling in for absent teachers, being a guest demonstrator of the more difficult experiments, or just providing background for others from his vast science knowledge.

Bert's specialty subjects have been physics and chemistry, but he has taught science classes throughout the school. In this respect Bert has been a true educator, a teacher who is able to entertain and challenge students across all age groups. He always has some question for students in order to make them think.

Bert considers the New Scientist magazine a "must read", using it frequently as a source of discussion topics with his classes. He has been generous with his time out of class, regularly spending his lunchtimes and after school time helping students with their work. In the past few years he has even ventured into soccer team management. Even though the finer intricacies of the off-side rule have proved elusive, he has managed the team with extreme efficiency.

Bert has served Hutchins very well. He has been a fierce advocate for science at Hutchins, and has never wavered from an issue that he thought was just. His science knowledge and efficiency will be sorely missed. We wish Bert all the best in his retirement. He will now have more time to devote to keeping fit and study, sharpening his aim on the pistol range, catching more fish (not fancy fly stuff - plain worms or lures will do), computers and the intricacies of Microsoft Windows and travelling. However, Bert knows, as an advocate of the philosopher Murphy, "if everything seems to be going well, you have obviously overlooked something".

W D Toppin
Headmaster

Russell Morton

Russell joined the School in 1977 as Senior Chemistry teacher. From 1977 until his departure in 1989 he held the positions of Head of Science, Year Group Head, Assistant to the Headmaster and in 1986 he was appointed Director of Studies. (He left the School for a year in 1982 to run Camp Clayton at Ulverstone as part of his own strongly felt Christian mission). In 1989 he moved to Melbourne to take up his position as Headmaster of Caulfield Grammar School (Wheeler's Hill campus).

Russell returned to Hutchins to take up position of Head of Middle School in January 1996. He was the right person at the right time.

His period as Head of the Middle School was marked by two significant developments – a building program which saw the refurbishment of the old buildings, and the erection of new buildings. This created a school that stood on its own and had its own distinct qualities. Russell was an integral figure in the successful planning and reconfiguring of this complex.

Concurrent with the building program was a comprehensive revamping of the curriculum and how this could be best delivered to the students. Again, the successful implementation of this process was very much due to the leadership and hard work of Russell. He brought personal vision and an eye for detail to each of these major tasks.

The school community greatly regrets his departure. His keen mind, experience and capacity to think critically as well as laterally will be sorely missed. He has given unstintingly of his talents to the school, and he has been popular with staff, parents and students.

Russell and Sue – and they are very much a partnership – have accepted posts at Murree Christian School in Pakistan from the beginning of the 2001/2 academic year – Russell as Director and Sue as a teacher of Piano and French. Murree Christian School is a co-educational, K to 12, boarding school for Christian missionaries' children in the foothills of the Himalayas, about 2 hours drive north of the Pakistan capital of Islamabad. Russell and Sue begin cross-cultural training in Melbourne in February 2001.

We wish them well.

*W D Toppin
Headmaster*

John Millington

The son of an Old Boy and father of an Old Boy, John began his schooling at Hutchins in 1940, where he remained as a pupil until matriculating in 1953.

While a student at Hutchins John Millington was a Prefect, Captain of Buckland House, Cadet Lieutenant, Captain of Boats, Senior Orator, Captain of Athletics, Vice-Captain of Football, winner of the Harvey Rex Memorial Prize and the F M Young Geography Prize and an Honour Badge holder.

After leaving Hutchins, John commenced his teacher training at the Mercer House Training College in Melbourne, where he became senior student in 1955. During his teacher training and immediately after his graduation he was on the staff of Grimwade House, one of the Preparatory Schools of Melbourne Grammar.

John Millington studied part-time for his Bachelor of Arts at the University of Tasmania, graduating in 1968. He has been President of the Tasmanian Registered Teachers Association, a member of the Schools' Registration Board and a member of the Australian College of Education.

He joined the staff of Hutchins in 1957, the same year in which the new Junior School was opened, commencing as one of the Prep V Form Masters and taking on the extra duties of Housemaster, Sportsmaster and coaching football, athletics and cricket. In the Junior School he became deputy to George McKay, Head of Junior School.

John took over from Frank Williams as Head of the Middle School in 1970, where he served tirelessly for twenty-five years until the end of 1994 (John was a student in Frank Williams' first class at Hutchins in 1947!). While in the Middle School John taught Mathematics, English and Social Science at different times, and also did remedial teaching. John resigned as Head of Middle School at the end of 1994. From 1995, he was on the Administrative staff of Hutchins, working as a Senior Master and then as Administrative Assistant, until his retirement in June 2000. In his first year as Senior Master he was actively involved in the preparations for the Sesquicentenary Year.

Significantly, the large double room on the ground floor of the new Middle School, which was officially opened by the former Chairman of the Board, Dr Stephen Gumley, on 3 August 1998, was named for John.

*W D Toppin
Headmaster*

Norman Maxwell Jack 1926 - 2000

Max Jack entered Hutchins in 1932, where he remained as a pupil until matriculating in 1944. In his final year he was elected a School Prefect and was awarded an Honour Badge for outstanding contributions in rowing, athletics and football. While at the University of Tasmania he played football with the Hutchins Old Boys' Football Club, gaining selection in the state team and competing in the Perth Football Carnival in 1948.

His contribution to Hutchins was enormous. He was actively associated with Appeals for over thirty years, he was a member of the Old Boys' Committee from the early 1960s, and was President of the Old Boys' Association in 1970, 1971 and 1973.

In 1974 he was appointed to the Board of Management as an Old Boys' Association representative and completed the maximum term of ten years, including two years as Board Chairman. He was also Chairman of the Membership Committee of the Hutchins Foundation and subsequently a member of the Bequest Committee.

Max was a man who entered wholeheartedly into everything he did. If he couldn't devote himself completely to an enterprise, he would not commit to it. This was true of him in his commitment to the men with whom he worked at the Zinc Works, who were like an extended second family. It was also true of his commitment to service of Hutchins, including the Old Boys and the Board of Management and also to the wider community, including the Board of Clarendon Children's Home and his beloved Bowls Club.

Max was an affable, sociable, charming soul, who adored being surrounded by friends and being involved. He just loved people.

*W D Toppin
Headmaster*

Jack Jennings (Joe) Cowburn 1905 - 2000

An excerpt from the oration delivered by Bishop Robert Davies on 1 February 2000 in memory of Joe Cowburn.

Joe Cowburn's association with the school began when he enrolled in 1921, and continued until his death.

Joe's description of Hutchins in the 1920s is quite vivid. He says it was a place of learning and fun, with overcrowded dormitories and classrooms cluttered with blackboards and desks. There was a handkerchief-sized play area where wire-netted concrete pitches, five courts and a tennis court made trying to kick a football from end-to-end an art form rather than a manly skill. Boys ripped their knees, strained their ankles and tore clothing as they jostled together with bat and ball on the gravel surfaces, and there were often casualties as bicycles tunneled through boys at play.

As a prefect, Joe admitted he enjoyed a few special privileges. The prefects were herded together in a small room off the main classroom under the school belfry. He recorded that they were often noisy and happy and played music on banjos, cornets and mouth organs – he played a cornet.

In the 1920s Joe shared with Jock Cooke the top honour in sporting activities. They represented the school in six major sports: football, cricket, swimming, rowing, tennis and cross-country running.

Two of Joe's great successes were in 1923 and 1924 when he was stroke of the crew that won the Head of the River. In 1923 it was the first time for

twenty years that Hutchins had won the Golden Fleece Cup for the Head of the River.

After Joe left Hutchins he became a journalist for the Mercury. He took over management and control of Mercury activities for news gathering between Oatlands and the Tasman Peninsula. He married Mary Dixon, a life-long friend, but as years went by Mary had a fairly long and trying illness, which necessitated Joe's retirement from an active life as a journalist. She eventually died and Joe moved to Hobart.

He was football captain of New Norfolk in 1926, Foundation Secretary of the New Norfolk Rowing Club and Anglers' Association and was prime mover in the purchase and establishment of the New Norfolk Golf Club. As a champion club golfer he was able to assist in club affairs and development of the game in country areas.

His efforts as a local historian have led to the retention of records of the past era and this is remembered with books published for the National Trust with a fellow and valuable history recorder, Mrs Rita Cox.

After his move to Hobart, Joe continued with his active involvement in sport and was a keen member of Royal Hobart Bowls Club. In 1991 he produced a history of the Club for its Centenary. He also played golf for the Royal Hobart Golf Club and won a singles championship in that sport.

After several years in Hobart Joe married his second wife, Billie, whom he had known for many years, and they were a devoted couple.

We are all thankful to God for Joe, A Man to Remember.

*W D Toppin
Headmaster*

"We wish them all well"

We were pleased to welcome to the school the following new teachers this year: Mr Marc Horton-Stephens and Mr Nicholas Eaves (Early Learning Centre), Miss Nicole Casimaty and Mr Michael Ludeke (Junior School), Mr Matthew Sayers (English and SOSE), Ms Jaqi King (ESL), Ms Jillian Britton (French and SOSE), Mr Michael Conacher (Physical Education, Science, Mathematics and SOSE), Mr Richard Stacpoole (Mathematics), Mrs Wendy Chapman (French, replacing Mrs Burch on Long Service Leave) and Mr Bradley Wells (Head of English).

We also welcomed back from a year's leave of absence Mr Ken Kingston (Centre for Excellence). In Term 2 Mr James McLeod returned from Dallas, Texas, where he was on a one-year exchange with English Teacher Mr Curtis Smith, to whom we said a fond farewell in June. Also in Term 2 we welcomed Miss Alison Gottschalk (part-time Kindergarten) and Mrs Kellie Robinson (Science), who replaced Dr Jim Ludwig on Long Service Leave.

In Term 3 we welcomed Miss Philippa Mills (Junior School) replacing Mrs Melissa Terry, who resigned to move to the Philippines. We also welcomed Mr Ian Leonard (Music) who replaced Mr Andrew Legg on Long Service Leave in Term 3 and who will replace Mr Greg Cracknell in 2001. Mr Cracknell has resigned to pursue a professional music career. Also in Term 3 Ms Nadine Frick joined us as a Drama Teacher, replacing Mrs Michelle Weeding on Maternity Leave.

To the non-teaching ranks we welcomed Mrs Ann Reimer (Fundraising) and Mr Andrew Short (Alumni Officer and School Archivist). To the boarding house we welcomed Resident Masters Richard Stacpoole and Tim Whelan and Gap students Giles Fearon (from South Africa) and Charles Lynagh (from England). Earlier in the year we farewelled Gap student David Jenkins, who returned to Northern England.

For the first half of Term 1, Mrs Louise Young assumed the position of Enrolments Secretary, replacing Mrs Emma Griffiths on Maternity Leave. This year Mr John Overton assumed the role as Administrative Assistant and Mr David Hoskins was appointed as Sports Association of Tasmanian Independent Schools (SATIS) Convenor. Mrs Jo Cook was appointed as Acting Director of the Centre for Excellence, replacing Ms Cath Hogan-Jones on Maternity Leave.

We say fond farewells to retiring staff members Mr David Brammall, Mr Kevin Walsh and Mr Bert Smith and in June we farewelled Mr John Millington, who retired. We also farewell Mr Russell Morton, Mr Greg Cracknell, Mr Steve Barranger, Mr Richard Stacpoole and Mr Brian Wilson. Mr Stuart Young and Mr Derek Woolley have a year's leave of absence, Mrs Amanda Sargent commences Maternity Leave in January and Mr Chris French takes Long Service Leave in Term 1, 2001. We wish them all well.

The Hutchins School Cadet Corps

The history of The Hutchins School Cadet Corps is long and varied. Its course spans 98 years from its inception in 1887 to its final disbandment in 1985, and during these years many students of the school passed through its ranks as cadets, NCOs and occasionally as commanding officers. The history of the Corps is something that the School can feel proud of, as throughout its activities it proved to be one of the most disciplined and efficient Corps in the state.

The archives have a wealth of information, awards and photos associated with this 98-year-old tradition. This pictorial history will look at the evolution of the of the Cadet Corp uniform from 1892 to 1985.

The Corps provided opportunities for young Australians to develop personal and team skills of benefit to the individual and wider community. I believe it would be beneficial for Hutchins today. It would give a different focus and perspective on discipline, while fostering a direction for its students.

During the early 1990s, the Headmaster, John Bednall, toyed with the idea of creating a marching band. This was to give the school an identity and unique place in the community. It is a pity that idea never got past stage one. With the current Federal Government promoting this Cadet Scheme, perhaps the students of Hutchins will be able to reignite this once strong tradition.

I would have loved an opportunity to develop team skills whilst being disciplined by the enigmatic Lt Millington and the hard-lined Major Wood!

*Andrew Short,
Archivist*

Parents' Association

2000 commenced with considerable action for the Parents' Association Committee as we quickly discovered new skills in catering. We catered for many school functions, some requiring a little more effort and planning than we had experienced in the past. With help from other parents we managed to surprise even ourselves with our expertise. We raised over \$3,000 which will benefit all boys in the School.

The school fair this year was yet another success, raising over \$21,000 for the school. Thank you to all parents, friends of the school, staff, boys and everyone who gave up their time to support this happy event.

Whilst we still have an undertaking to the Middle School Tuckshop, we have this year committed \$45,000 to redevelop the Senior School Tuckshop. Work will begin in the Christmas holidays and hopefully be completed by the start of the new school year. The Tuckshops continue to generate revenue for the school and we thank all boys and parents who give their support.

The Clothing Pool will merge with the School Shop and will continue to provide funds for the Association.

The Association enjoys a supportive committee and meets

every third Wednesday of the month in the Boardroom. Also, there are the Eastern Shore Parents' Group and the Southern Parents' Group who have fundraising activities and provide a meeting place for parents. Unfortunately, we experienced the folding of the Central Parents' Group due to a lack of parent numbers.

At several of our meetings we have been entertained by guest speakers who have shared information on their various topics. These meetings are a great opportunity for parents to meet and learn a little of what may be happening in the school. They are informal and all parents are welcome whether to be actively involved or just to come to be informed.

I would like to once again thank everyone who has given in any way to the Parents' Association and to the many other areas of the school. We are indebted to you for your time and effort.

*Lyn Sayers,
President*

Magic, Spells, Witches & Wizards....

The Hutchins Foundation and Development Office, like all other such offices in all other schools, has sometimes been compared to a magician's office – where things are seen to happen at the wave of a magic wand! Ours is often a deed without a name. That is the challenge – and the charm – of the office.

2000 has been a challenging year weaving the spells and casting the charms. While the witches in Macbeth may have used eye of newt and toe of dog, the staff in Development Offices around the world use less exotic ingredients to achieve just as miraculous results. Our apparitions may not be blood-boltered or wear the round and top of sovereignty but as with Macbeth, the dream often becomes the reality.

The mixture in the Hutchins cauldron this year has included work with parents, Old Boys, benefactors, corporate supporters, boys and staff. The fundraising events included the Annual Appeal, the annual Golf Day, the Ausmas Drinks cocktail party, release of a new Hutchins-labelled wine and A Day at the Races. The success of many of these events has been due in no small part to the work of Mrs Ann Reimer, a new appointment to the Development Office – one of the witches toiling over the charmed pot. Detailed planning con-

Deborah Johnson, Michelle Edwards and Denise Blizzard at Day at the Races 2000

tinues to take place to assist with the raising of funds for the proposed new Centre for Computer ARTS – a multimedia laboratory, recording studio and music rehearsal facility to be built under the existing Foster Science Wing.

Other fundraising efforts by the Foundation have been the complete revision of the Investment Committee's policy and a review of where and how investments are made. As the Foundation manages just over \$8m, the careful investments of the Endowment Fund are a crucial aspect of the School's future. Bequests, too, are an important part of our future – and we hope that the line will stretch out to the future. This year Hutchins has received bequests or other gifts making a significant difference to our future.

Another witch – or perhaps we should say wizard – has been Mr Andrew Short, appointed at the start of the year to look after the School Archives and to work closely with the Old Boys' Association. 2000 saw the re-introduction of decade reunions and successful dinners have been held for the Leavers of 1990, 1985, 1980, 1975 and 1970. Dinners were also held in London and all Australian capital cities.

The School is always saddened to learn of the death of any of its Old Boys and this year we have been particularly saddened by the death of some of our much-loved oldest and youngest Old Boys. Their contribution to the School in so many ways will be deeply missed and our condolences are offered to the families of all Old Boys and parents who have died during the year.

The Director of Development and the Alumni Officer attended the biennial ADAPE conference in Sydney. ADAPE is the Association of Development and Alumni Professionals in Education and is the professional body to which most

Robert Falconer, Heather Neill and Sally Madden at the Easter Cocktail party

Development personnel belong. The conference was of great interest and many things from the conference will eventually be implemented at Hutchins.

Marketing and other events designed to promote the school in as wide a manner as possible have been crucial elements of the year. Some of the things we have done include visiting education agencies in South Africa and SE Asian countries, attending Agfest, assisting with the outstanding production of Little Shop of Horrors at The Playhouse Theatre, Grandparents' Days, Headmaster's Seminars, Magenta and Black, taking Year 11 boys to nearby primary schools where theatre sports sessions were conducted for Year 5 and 6 children, and the Hutchins Art Prize (which is gaining an excellent national and international reputation).

All the work done by the Foundation and the Development Office is designed to assist the security and growth of Hutchins. Since I have mercilessly plagiarised Shakespeare's "Scottish play" throughout my report perhaps the lines from Hecate will serve as 2000's Foundation epitaph:

*O well done! I commend your pains
And everyone shall share i'th'gains.*

Christopher Hall
Director of Development

"...More important are the relationships"

Spirit, tradition and culture are three words that may not mean much to you when you first come to Hutchins. You may not know what the Head of the River or an Anniversary Evensong are, and you may have never been to a Speech Night. After your time at Hutchins, however, you may look back and see that these events in themselves are important; but possibly more important are the relationships which are formed through involvement in the Hutchins spirit, tradition and culture.

The Hutchins School prides itself on its school spirit. The Prefects this year have been no exception to this, striving beyond any expectations put upon them.

Alex Deane led Stephens House to back-to-back Cock House wins, making Mr McQueen's final year as Housemaster a successful one.

Under the guidance of both Mr Overton and Mr McLeod, Scott Wells and his Thorold House tried hard, only to finish a close second in the Cock House.

Through close association with Mr Rae, Michael Nicholas achieved his goal of improving the academics in School House. The goal being achieved, Mr Rae concludes his reign as Housemaster on a high.

Matthew Banks and his Bucks boys stuck together all year, even when the times were tough (Bucks lost nearly everything!), reinforcing the House motto - Cura Personalis (Personal Care). Mr Millhouse becomes the third Housemaster to leave his position this year, making everybody wonder, "were the 2000 Leavers really that bad?"

As Captain of the Boarding House, Hugh Ellis really learnt what it meant to "take your work home with you". He worked tirelessly with the end result "a very successful year for boarding" in his own words.

Another successful year for the Student Representative Council was overseen by its President, Tom Gibson. He organised many fundraising activities by the Administration Executive. He was supported in his role as President by Oscar Potter who managed the Curriculum Executive. Oscar also had the added job of organising the Scholars' Conference in his role as Academic Prefect.

James Jenkins spent much time in the Early Learning Centre in his role as ELC Prefect, becoming great friends with all of the boys. James was just one of many boys who willingly gave up their time to enjoy the fun in the ELC.

The Junior School was well supported this year and the boys enjoyed many activities with Alex Thomson in his role as Junior School Prefect. Even after completing his exams, Alex was still giving up his time to be with the boys.

James Laird was undoubtedly the Year 7 and 8's favourite senior boy, fitting in perfectly to his role as Middle School Prefect. James and the Middle School Council organised many activities between the Prefects and Middle School boys, bridging the gap created by Nelson Road and bringing the two parts of the school closer together.

Working closely with Mr Irons to ensure the smooth running of the school, Richard Griggs was faultless in his role both as Second Prefect and Senior School Prefect.

A new portfolio was assigned this year - Year 12 Prefect - to Finn Dorney. Working on uncharted ground, Finn completed many duties helping to organise most of the Leavers' activities.

The Chairman of the Student Tribunal has a difficult job in his bid to treat everyone equally. Eric Daniel was true to his role, characteristically keeping a low profile and remaining diplomatic at all times.

It is not necessarily these things that make a Prefect, but all of the time and energy spent that no one hears about. It is the countless hours helping boys through the hard times as well as the extra effort. When a boy attends his first interview with Mr Brammall he is told of the three things which make a Hutchins boy: have a go, do your best, and be accountable. By spending every day somehow involved with the school culture, boys are given the opportunity to build their leadership skills and achieve excellence.

By developing these leadership skills certain boys are given the role of Prefect. Prefects are not necessarily the smartest boys, or the best athletes; they are the boys who have shown that they feel it is important to uphold the culture and tradition of Hutchins. Whether it is the daily responsibilities or more diverse areas of the school, the Prefects have the responsibility of leading by example and maintaining the school's good name.

Lou Edwards
Senior Prefect

**"Have a go,
do your best,
and be
accountable."**

SRC 2000

The year 2000 has been a very busy yet extremely productive year for the Students' Representative Council. The SRC has organised many successful fundraising activities, which have allowed the SRC to improve many aspects of the school community. The success this year can be put down to the hard work of both the Administrative and Curriculum Executives under the guidance of Ms Schafferius and Mr Hodge.

The Administrative Executive

The Administrative Executive, led by Tom Gibson and Ms Schafferius, consists of four portfolios: Socials, Student Welfare, Publications and Community Service.

The Socials Committee, led by Chris Sonneveld and Thanapisal Koohapremkit, organise and run socials for students from grades six to twelve. Their jobs include: communication with cooperating girls schools, sound and lighting, supervisors and beverages. The socials this year ran very smoothly due to Chris and Thanapisal's organisation. Thanks to David Bell and his crew for organizing and running the sound and light at every Hutchins social.

The Student Welfare Committee, led by David Alcock and Jo Aston, work to ensure the welfare of the student body is maintained. Their main job is the organisation and supervision of the grades seven and eight leadership camps in conjunction with Mr Dear. They play

a vital role in assisting with peer mediation across the school, and they fulfil various other student related tasks over the year as needed.

The Publications Committee, led by Brent Commane and Rowan Ashby, is essential for the productive running of the other committees in the SRC. Their jobs include the promotion of all SRC events and the publishing of the SRC bulletin, which is distributed to all the tutor groups in the Senior School. This committee also stays in contact with the committee involved with the school newspaper The Vivit Post.

The Community Service Committee, led by Sam Trethewey and Joel Bevin, has an important role in involving the student body in activities in the broader community. They control the running of various door-knocks as well as supporting Wuppy Week and Jeans for Genes Day. Sam and Joel were also responsible for organising boys to parade with the cars at the conclusion of Targa Tasmania.

The Curriculum Executive

The Curriculum Executive has had a successful year, organising dozens of activities across the school, including some that have only been introduced to the program this year.

The Clubs and Societies Committee, led by Tom Walker and Oliver Hallock, were among the first to demonstrate the strength of this year's executive, with their efficient organisation of Clubs and Societies Day. They also produced a

brochure on the school's many societies and these solid efforts were matched by strong results, with many clubs successfully attracting new recruits. Later in the year, Tom and Ollie helped to organise 'Busker Fest'. This was a chance for performers from Senior School, including some talented musicians and magicians, to demonstrate their skills during anniversary lunch. The Clubs and Societies Committee then dedicated themselves to the creation of a comprehensive list of awards and prizes available at Hutchins, to be included on the school's website for use by the students.

The Activities Committee, led by Tim Green and Edward Webster, started the year by organising the 'Torporama' and the 'Three on Three' basketball. The number of participants was a tribute to Tim and Eddie's advertising skills and their ability to cope with set-backs such as poor weather. In Term Two, they organised the Year 9 House Challenge. The three fun activities involved proved to be a great way to lift the house spirit of the younger students in their first year of senior school. Then came the Beepfest championships, after which Tim and Eddie finished the year supervising the organisation of the Hutchins Gift and the Battle of the Bands.

This has been one of the most successful years ever for the **Learning Programs Committee**, led by Robert Joyce and David Halvorsen. Throughout the year they have sought interest in activities ranging from study skills tutorials to driving courses. Their first successful activity

was an Advanced Drivers Course, giving Senior School drivers a chance to improve their skills, knowledge and safety. This course was so popular that Rob and Dave decided to organise a second session in term two. For the younger kids, there was a pre-drivers course. The Learning Programs Committee also organised a Basic First aid course and popular weekly dancing lessons for year 12 leavers.

The Curriculum Committee, led by Sam Halliday and Peter Ayliffe, proved their metal in term one when they personally ran some of the most successful year nine study-skills seminars senior school has ever seen. Their next tasks included organising a speaker's forum with Mr Dear and producing a booklet on exam techniques and hints. Sam and Pete then conducted a review of the Student Diary and forwarded their suggestions for publication and the benefit of next year's students. They finished off the year by helping other committees with their remaining activities.

This year, the Curriculum Executive as a whole has concentrated on updating the SRC Folder on the school's network in our respective portfolios. The posters, letter templates and instructions we have left for future executives will no-doubt save them a great deal of time, and maybe enable them to better complete their tasks.

The crucial position of **General Secretary** was this year filled by Andrew Morrisby. Andrew's role was to communicate between the two sections of the SRC about what is

coming up or what one committee needs help with. The other main role of the General Secretary is to organise and run the Forty Hour Famine. Andrew attended a conference to help him run this event and, as a result, it was run effectively raising around two thousand dollars.

The SRC this year has tried to develop stronger bonds with the lower areas of the school and I believe this has been improved. We are now able to gather ideas from the Middle School and Junior School councils in an attempt to help the needs of the entire student body. We would like to thank all members of the SRC, Ms Schafferius and Mr Hodge for the smooth running of the SRC this year.

Bertrand Russell claimed that the highest paid teachers should not be university professors but the teachers of the youngest children.

From the Early Learning Centre

We are fortunate at Hutchins to have such a committed, energetic and talented team of teachers. All have worked tirelessly this year to provide stimulating and valuable learning experiences for the boys at such a vital stage in their development. The children's attitude to learning has also made the teaching experience a rewarding and pleasurable one. A visit to the ELC can brighten even the bleakest day. The enthusiasm and honesty combined with each boy's unique way of looking at the world is always refreshing.

The list of special activities enjoyed by the boys and teachers is long and varied. Regular events such as Chapel services, Grandparent's Day, Cross Country, ELC sports afternoon and Book Week were again popular – as was the ELC Christmas celebration performance and the combined ELC/Junior School Speech Night. Add to this list the Primary School's Dance Event assemblies, the year 8 leadership program, picnic teas, twilight concerts, guest speakers, visiting performers and the many theme days and excursions and it is easy to see why school is still an exciting place for the younger boys.

Parent volunteers enhanced many classroom programs including reading, writing, mathematics, excursions, cooking, art activities and the Perceptual Motor Program to name but a few. Many parents also attended our information evenings on reading, writing, spelling and information technology. This involvement in the boys' learning experiences assists their development and also reinforces the home/school partnership. It is much appreciated by both the boys and teachers. Thank you to all parents for your support and friendship and we look forward to seeing you in the year 2001.

Jenny Brewster
Head of Early Learning

OHSC

The Hutchins School Outside School Hours Service (OSHC) provides after school care and holiday care for children from Kinder to Grade 6. The Centre, located in the ELC building, has provided a friendly and secure environment to relax and have fun in. The wide range of activities enjoyed this year included ...

Sailing the Great Southern Ocean: Claeb Fife, Roshan karri, Sean Wills, Daniel Souza, Callan Dennis and Dylan Mayne at Kids Bliz

 This athlete is throwing the discus. Another athlete is cheering them

Class One E

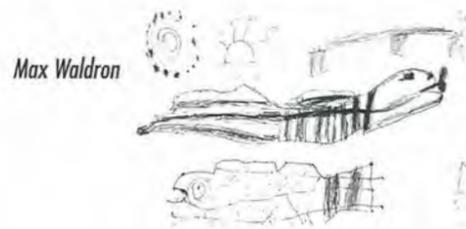

Back row: Zachariah Pearce, Henry West, William Hodge, Matthew Waldron, Matthew Allanby
 Middle row: Mrs Julie Arnott (Teacher's assistant), Owen Swain, Thomas Whitton, Isaac Woo, Tobias Tenbenschel, Cameron Jeffery, Edward Thwaites, Anton Rogers, Mr Nick Eaves
 Front row: Lachlan Crowder, Ryan Ward, James Wheller, Nicholas Forbes-Smith, Tim Watkins, David Lodder, Sam Keating

How the Wombat got his tail

by Owen Swain
 Long long ago there was a wombat. He was trying to kill wallaby so they had a fight. Wombat threw his spear, it missed. Wallaby threw his spear too. He got him on the tail. "Ahh, ow!" The wombat yelled. So that's how the wombats got their tails.

How the Platypus' got their food

By Tobias Tenbenschel
 This is s true story. One day a platypus came out of its barrel and he was looking for food. At last I have some food, some food he said.

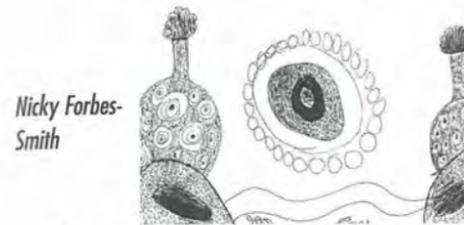

How the Snakes lost their eyes

by Edward Thwaites
 A long time ago in the dreaming there lived a snake who didn't have any eyes. The snake slithered for hours. He found a kangaroo. The kangaroo was mean. The kangaroo broke a little stick. He threw it in the snake's eye.

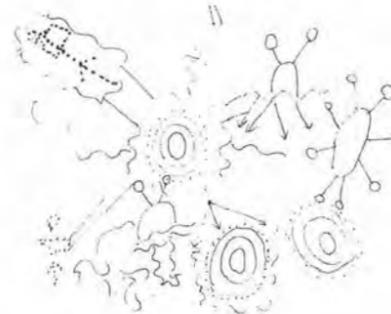

How the Echidna got his claws

by Anton Roberts
 A long long time ago there was an echidna. He came along and there was lots of trees and the first echidna grew his claws and the second echidna grew his claws. The end.

How the Wombat got to Dig

by Ryan Ward
 I'm going to tell you how the wombat got to dig. A Wombat was going along. It met a beaver cutting a tree. Suddenly, a tree fell down. It split in half. Lots of splinters went everywhere. They went in the wombat's hands and feet. Another tree fell down. The wombat was scared, he dug underground.

How the Fish got their fins

by Matthew Allanby
 The fish were at the bottom of the sea. A bit of seaweed stuck to the fish and that's how the fish got their fins.

Henry West, Isaac Woo and Samuel Keating

How the Trees got their leaves

by Sam Keating
 A long, long time ago, there were trees that didn't have any leaves. One day an aboriginal touched something green and then he touched a tree. It was magnificent. It was a lot better than the trees were before when the trees didn't have leaves.

Cameron Jeffrey, Lachlan Crowder and Edward Thwaites

How the Roosters got their feathers

by Thomas Whitton
 Some roosters had feathers and some did not. They looked everywhere but finally found some. They fell out of the bush and now they have feathers.

William Hodge

How the Fish got his fins

by Lachlan Crowder
 One day a fish had no fins. He couldn't swim. He couldn't dive but one day another fish came back. He had some leaves on his back. The leaves fell off his back and fell onto the other fish and that's how the fish got his fins.

Isaac Woo

How the Fish got their bones

by Henry West
 This story is true, it is made in the dreaming. Long, long ago there was a whale. It swam around. It swallowed a fish. One day a special fish got swallowed. It got some bones. It got all the fish some bones and that's how the fish got their bones.

How the Snake slithered

by Cam Jeffery
 Once the snake was lying. Some food went past him. He chased the food. That's how the snake slithered.

Back row: James Saunders, Samuel House, Zac Pullen, James Norris, Hugh Tyler, Emmanuel Marios, Rory Middleton
 Middle row: Mrs J Arnott (assistant), Richard Sayers, James Smith, Wilson Mure, Andrew Hay, Xavier French, Sam Hooker, David Titchen, Mrs J Smith (Teacher)
 Front row: Wills Wurf, Declan Martin, Luke Smith, Ben Savva, Nanak Narulla, Nathan Brown, Jhobin Aflatooni

I like Mr Eaves because he makes funny jokes and fun games. He's a good footy player and very kind and nice to everyone. I like him a lot. When you say "Guess what" he says "You're a donkey and I'm not".
 Emmanuel Marios

Mrs McCreary by Nanak Narulla

My favourite teacher is Mrs Reynolds. She lets us do painting and she has a nice smile and she's kind. She taught us Maths. We learnt take away and plus. Then we had a different teacher and my teacher looks like this. She had brown eyes and she had long hair and she has nice curls and she has brown hair.
 Jhobin Aflatooni

My favourite teacher is Mr Toppin. He is the owner of the school. He does lots of work in his office. He does not teach any class. He always wears a suit and tie. He has grey hair and he wears glasses.
 David Titchen

Madame Cazaly by James Saunders

Mrs Short teaches Music. We sometimes play "Here comes a blue bird" and we play different games as well. I like Mrs Short a lot. Sometimes we play bobs and statues to music. When the music stops you have to bob down or be a statue.
 Samuel House

Mr Eaves by Emmanuel Marios

On Monday and Thursday I go to French. Madame Cazaly teaches us. We always play games. Nearly every boy is naughty. Mrs Cazaly has orange hair. It's very curly. She's very, very cheerful. We never do craft. Sometimes we go to another place to learn French.
 James Saunders.

My favourite teacher is Mrs Smith because she teaches 1S. She has grey and blonde hair and she is nice to me. My best thing that we learnt was learning about Aborigines.
 Sam Hooker

My favourite teacher is Mrs McCreary because she is very nice. She teaches Grade 5. Once her class got into groups and made bridges to hold bricks and cars and people. She made the classroom for Cats. I know her because my brother is in her class.
 Nanak Narulla.

Mr Horton-Stephens is my favourite teacher. He teaches Grade 2. He takes the boys to the oval and plays soccer. This year he had a new baby in his family.
 Nathan Brown

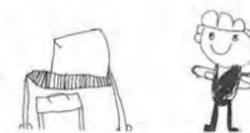

My favourite teacher is Mr Kelly and he was the Headmaster of the Junior School. On Fridays we have assembly and sometimes he talked on the microphone. Then we go back to our classrooms. He has gone to America to teach another class.
 Hugh Tyler

Mrs Smith teaches Grade 1S. She gives us paper to write different stories. Mrs Smith is nice all the time. She makes funny jokes and she tells us to get our diary books to write.
 Declan Martin

My favourite teacher is Miss Gieselmen because we did activities and she taught Prep G and she is funny. We did activities and they were nice. I have a picture at home that I did in Prep. It is a tree with a ladder near it. It is on my wall in my bedroom.
 Ben Savva

Miss Brewster teaches philosophy and she takes classes to Library. She gives us a card and there's four squares, two are wrong and two are right. After we have solved our problem we need to tell Miss Brewster. She has gold hair and sometimes she wears a red jacket and black trousers. She reads us books and she wears black shoes. My favourite books are King Kong and the Drodedy and the Three Little Pigs and Little Red Riding Hood.
 Andrew Hay

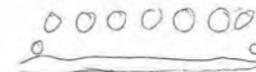

Mrs Short by Samuel House

Mr Wirtz teaches PE. I like stuck in the mud and kings castle and dodge ball. Sometimes we go to the oval and the pool and the basketball court and have fun.
 James Norris

Miss Brewster by Andrew Hay

My favourite teacher is Father John. He teaches Chapel. In Chapel he teaches us hymns and we say prayers. He wears a white coat, which is called a cassock, and he wears a rope around his cassock.
 Xavier French

Father John by Xavier French

Mr Wirtz by James Norris

My favourite teacher is Miss Gottschalk because she will teach Jock. She has brown hair and it is long. She teaches Kindergarten. I think Jock will love it because he is looking forward to coming to school.
 Wilson Mure

My favourite teacher is Mr Barrenger, he teaches Grade 6. He teaches my brother and he is a very good teacher. He has some chickens and he likes his chickens. Every day he collects crusts from the boys to feed his chickens.
 Richard Sayers

Class Two H

Back row: Matthew Huizing, Jimmy Waldron, Angus Harvey, James Roberts-Thomson, Ben Richmond, Rodney Tennick, Cameron Burnett, Nathan Holloway. Teacher: Marc Horton-Stephens
 Middle row: Luke Knight, Harrison King, Michael Titchen, Gus Howe, Andrew Isles, William Mollross, Ben Pearce, Luke Jones
 Front row: Tim Underwood, Benjamin Ridgers, Nicholas Cannell, Tim Kiddle, Samuel Graves, Andy Buchanan, Guy Swan, Shervin Aflatooni

"Can't come to school today..."

Dear Mr H-S

Benjamin can't come to school today because he is fighting a huge fire-breathing dragon. It is bigger than the biggest building in Hobart and Benjamin has a tiny sword. Benjamin said, "I don't think I can go to school tomorrow Mum".

From Nina McCorqudale

Tim Underwood

Dear Mr H-S

Luke can't come to school today because Ash pulled him into the TV. He is trying to get out of the TV show. He saw a Muk doing a body slam on a Bellsprout. He is out of the TV now.

Thankyou, Mrs Knight

Dear Mr H-S

Angus can't come to school today because he was scootering home with a girl I have never seen before and went over the Tasman Bridge. The middle of the bridge collapsed and Angus fell into the water. The rescue team are still trying to find him. He should be back soon because the girl is helping. She is a world-class diver.

Mr Harvey

Dear Mr H-S

Samuel can't go to school because he ate everything at home. He must be grounded for one day. He will be cleaning up his room, changing nappies and ironing his clothes.

Thankyou, Mrs Graves

Dear Mr H-S

Nicholas can't come to school today because he hasn't come home since yesterday. I am worried he is lost. He has no money or food. I just can't find him. Is he at school? If he is just tick the bottom of the page.

Oh, my poor boy.

Thankyou, Stephanie

Rodney Tennick, Nicholas Cannell, William Mollross, Ben Pearce and Angus Harvey

Dear Mr H-S

Harrison can't come to school. He found some Pokeballs and Master balls and Ultra balls and lots of Pokemon. He is training to be a Pokemon master. He has to go to the Pokemon League in Japan.

J King

Jimmy Waldron

Dear Mr H-S

Cameron can't come to school today because he turned back a clock. I think he went into the dinosaur age? I haven't seen him in hours. I've searched everywhere in the house but I can't find him.

Thankyou, Mrs Burnett

Matthew Huizing, Michael Titchen and Cameron Burnett

Dear Mr H-S

Ben can't come to school today because he was fishing at the shack and a piranha swallowed his line and bit him on the knee. We rushed him to hospital to get the fish off. He is still being looked after.

Mrs Bronwyn Richmond

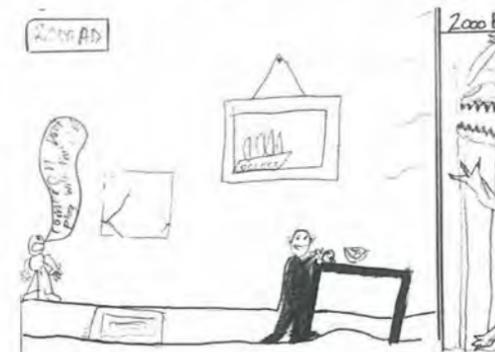

Guy Swan, Andrew Isles, Jimmy Waldron, Shervin Aflatooni

Dear Mr H-S

Guy can't come to school because a toucan ate him. He will be back tomorrow when the toucan spits him out. I will put a dummy in the toucan's beak to stop it eating him.

Thankyou, Mrs Swan

Cameron Burnett

Nathan Burnett

Dear Mr H-S

Gus can't come to school today because a snake scared him into the pool. He tried very hard to get out but couldn't. So we called the police, they didn't do anything, all they did was eat donuts. So we called the fire brigade, all they did was talk. So we called the Olympic swimmers, all they did was swim. So finally, we called the search and rescue and they saved him. He can't come to school because he is still tired from all the swimming.

Mrs Howe

Dear Mr H-S

Timothy can't come to school today because he is trapped in a very deep hole and we can't get him out. He is trying to dig his way out with a very strong shovel. We tried to pull him out with a rope, that didn't work. My daughter said, "lets try a very long ladder". So we got a long ladder and put it down the hole, the hole was too deep. It will take Tim all night to climb out of the hole.

Mrs Underwood

Tim Kiddle, Harrison King, Tim Underwood and Andy Buchanan

Dear Mr H-S

My poor son can't come to school today because he went to McDonalds to make a massive hamburger and it has taken him all day to make. It has mustard, lettuce and some meat.

Thankyou, Mr Aflatooni

James Roberts-Thompson

Dear Mr H-S

James can't come to school because yesterday a very speedy rocket ship machine scooped our house off the ground and instantly dropped it on the moon. We are up here trying to find a way to get back down to Earth. James used a heavy machine to drop this letter off this morning and I hope someone will pick it up and deliver it to Hutchins. If you have any ideas can you please send them up?

Thankyou, Anne Egan

Dear Mr H-S

Jimmy can't come to school today because a bear jumped out of its cave and scratched him on the neck. When the bear scratched his neck Jimmy's head turned red and he held his neck and ran like mad. At the moment he is at the Hobart Hospital. Doctor Waldron says lots of smoke is coming out of his nose.

Thankyou, Mrs Waldron
 ps The doctors have big black noses.

'The pride of performance is not in winning but in a job well done'

This has been one of the many thoughts discussed by the Junior School boys this year. As each boy comes to Hutchins he is challenged to get involved and to do his best.

The year 2000 has been a very busy and productive one during which each boy has been presented with a great range of opportunities to grow and to be challenged. I have been very proud as I have watched many of them take the plunge, do things they have not done before, strive to achieve their goals, take on tasks which were new and challenging. A job well done!

An area of focus this year has been looking towards the welfare of others, giving service to and making life a little easier for those less fortunate. In this the boys have done very well. They have enthusiastically and unselfishly supported many worthy causes. It has been very gratifying to witness their concern, willingness to help, and generosity towards those in need, whether internationally or closer to home. Another job well done!

With the centenary of federation approaching a further focus for the year was the blessing of being Australian. The Olympic games have come and gone. They engendered a tremendous sense of national pride; an overwhelming sense of belonging to a nation. I am sure the boys have felt, along with us all, a wonderful feeling of being part of the best nation on Earth. Speech Night for Junior School was a celebration of Australia and of being Australian. It was a wonderful conclusion to an excellent year.

A staff of committed and dedicated people is essential in achieving a successful school year. The staff of the Hutchins Junior School are gold medal winners in this area. It has been my privilege to know them and work beside them. Their support has been tremendous, as has the generous and constant support of the parent body.

To all who make up the Hutchins Junior School – boys, staff and parents, my congratulations to all on a job well done. Be proud of your achievements.

*Derek Woolley
Head of Junior School*

Boys in the Junior School were once again encouraged to participate in our extensive and exciting sports program during 2000. The tireless work of the Junior School staff and many of our parent volunteers has enabled boys to be involved in many various sporting opportunities.

Swimming kicked off the year with House Trials beginning in February. The House Carnival was a most enjoyable day with all boys participating in at least three events. Buckland were successful in taking away the G Barclay Cup at the conclusion of the carnival. Twenty-three students represented Hutchins at our Interschool Carnival and once again we were able to demonstrate our strength in the pool by performing well in all individual events and winning all relays.

The winter sport season was extended this year due to the length of Term 2 and boys were offered the choices of Soccer, Australian Rules Football and Minkey/Hockey. Once again Soccer was our most popular sport for the winter season. This year the captain of each team was asked to submit a match report following their game, detailing the good and not so good aspects of play. This was designed to challenge the boys thinking in the importance of enjoying the game and looking at the experience of playing, and not at the end result.

The Junior School Cross Country was once again held at Dru Point with a forced postponement taking place due to unsatisfactory weather conditions. When we finally were able to run the event, we were fortunate to have chosen most favourable conditions and the day was a positive and fun experience for all. Once again Buckland were successful in obtaining most points on the day.

The Junior School Winter Sports day was also postponed, and held over until the following week. Boys were able to make a choice from the three winter sports offered and represent their house in that sport. The day was a great success and Buckland managed to once again score very well in all three sports making it very difficult for any other houses to challenge them for winners of the Cock House Cup for 2000.

Boys were involved in many other extra sports throughout the year. Included in these were Twilight Cricket, Indoor Cricket, Basketball and Friday night Flippaball with combined Hutchins/Collegiate teams.

It has been a most impressive year in sport for the Junior School with many boys choosing to commit a great deal of time to it. Many have shown great development in leadership and sportsmanship and all have improved their skills and fitness in all sports in which they have participated.

*Mr Andrew Wirtz
Junior School Sports Co-ordinator*

Class Three C

Back row: Jaryd Tacey, Cameron Willis, Andrew Bourke, Ross Giblin
 Middle Row: William Heath, Benjamyn Schneider, Cale Hodson, Matthew de Hoog, Duncan Lamond, Charles Holmes, Bodane Hatten, Miss Nicole Casimaty
 Front row: Daniel Jones, Darren Freese, Dougal Middleton, Robb Macmillan, Ben Lodder, Peter Woddworth, Luke Tucker, Chester Like. Inset: Jordan Sen

Highlights of Class 3C, 2000

This year I have enjoyed Harry Potter. Miss Casimaty and Mrs Salter have been reading it to us. I think Harry Potter is the best book I have read.
 Charlie Holmes

My highlight was when we went to Par Avion at Cambridge Airport. At Par Avion Mr Salter showed us around the control tower and a Cessna. In the control tower we saw a plane land.
 Daniel Jones

My highlight of the year was Minkey with Mr Horton-Stephens. Mr Horton-Stephens was funny and cool. We nearly won all our games, but two teams beat us. I had a great time.
 Darren Freese

My highlight of the year 2000 was Miss Casimaty as a teacher. Miss Casimaty gave us lots of merits. I liked Miss Casimaty a lot. She took us for Minkey training lots of the time and taught us some new skills. Miss Casimaty was one of my best teachers.
 Dougal Middleton

This year I really enjoyed handball. It is a fun sport and I like to be king. You have to try and get people out. It is fun because I like to play my friends.
 Cale Hodson

We enjoyed having a look in the control tower at the airport

Throughout the year one of the things I really enjoyed was doing music. At the start of the year we learnt to play the recorder. Later on we did violin. I was in Mrs Short's group.
 Duncan Lamond

My favourite thing in class 3C was PE with Mr Wirtz. My favourite sport was footy with the class. I also enjoyed running to practice for the cross country. PE was really fun with Mr Wirtz.
 William Heath

My favourite thing in 3C was making books. We made a joke book and a camp at Port Arthur book. I really enjoyed making rhyming books for the Kinders too.
 Jaryd Tacey

Andrew Bourke, Cameron Willis and Matthew de Hoog with their mining machines

In 3C the Tasmanian animal project was my highlight of the year. My Tasmanian animal was the common wombat. We went to the library and found facts using books, videos and the Internet. This project was very interesting.
 Ben Schneider

Robb Macmillan (3C) and Luke Wilson (4K) with Luke & Alex Tucker's uncle Wayne and his Olympic torch

The thing I enjoyed most this year was camp at Port Arthur. It was fantastic! My favourite parts were when we made a bonfire and went for a night walk. I loved 3C's camp at Port Arthur.
 Ross Giblin

Robb Macmillan, Cameron Willis, Jordan McCreary and Ross Giblin enjoyed a swim at Stewart's Bay

My highlight of the year was Carnival of the Animals. Mrs Short and Mrs Clark were very good conductors because they showed us when to come in to the song. My favourite song was the dinosaur one.
 Luke Tucker

The best thing I did was going over to the Senior School Science Lab. Mr McCammon showed us really cool science experiments. We had to wear glasses to protect our eyes.
 Matthew De Hoog

My highlight of the year was camp. We went to Port Arthur. My favourite part at camp was when we went on the night walk. I also liked the Tasman Arch.
 Chester Like

Cameron Willis, Robb Macmillan, Daniel Jones and Mr Bob Willis are trying to find magnetite

The best thing which happened in 3C was Luke's uncle, Wayne Davey, coming to show us his Olympic torch. He ran in the Torch Relay. Robb Macmillan got to hold Wayne's torch. It was fun!
 Bodane Hatten

During the year Class 3C did lots of fun things. I really enjoyed all the Maths tests we had. I also enjoyed French and all of the songs.
 Robb Macmillan

The best thing I did was the Mining Technology Project, because we had to make a mining vehicle. It was really interesting. I made a truck.
 Cameron Willis

My highlight of the year 2000 was art with Mrs Bratt. She taught us how to draw frogs and clowns.
 Andy Bourke

My highlight of the year 2000 was playing soccer. My friends were Daniel, Andrew, Cale and Ben. Soccer is fun. You have to concentrate in soccer. I think soccer is the best thing to do.
 Jordan Sen

My favourite part of Year 3 was our excursion to the Mining and Minerals Centre. There was a place where you had a plate and you put it in the water to find rocks. There was an underground mine too.
 Peter Woodworth

Class Four C

Back row: Gabe Monachetti, Benn Butterworth, Thomas Nesbitt, Wills Thompson, Patrick Holmes, Lachlan Glass, Chris Walch, Mrs Collis
 Front row: Henry Young, Daniel Port, Chris Watson, Daniel Hocking, Daniel Bower, Mitchell Dwyer, Edward Guiler, Jack Knight
 Absent: Mike Pearson, Piran Reitze

Daniel Bower beachcombing on camp

Rock climbing on camp: Mike Pearson, Daniel Port, Daniel Hocking, Mitchell Dwyer

Gabe Monachetti all wrapped up by the snake-man

OLYMPICS

I would have like to be Andrew Gaze because he was the player of the tournament with the most points and assists.

Piran Reitze

I would like to go in the marathon which is 42 kms like Steve Monaghetti. I came 21st in Tasmania so I probably won't make it but I'll give it my best shot.

Wills Thompson

I would like to be in the men's 400m relay. I would like to be in it because they won. They beat the Americans the first time. I feel sorry for Ian Thorpe because the media are saying mean things about him because he didn't win a gold medal in one race.

Daniel Hocking

SPECIAL EVENTS

On Tuesday we went to see the Queen. We had to wait a long time until we saw her. Jack gave her some flowers.
 Edward Guiler

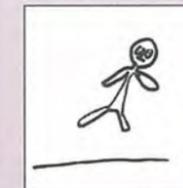

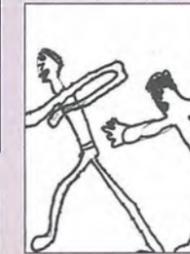

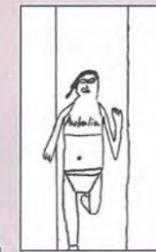

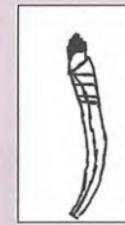

When we did Carnival of the Animals. I was very nervous. I was one of the narrators. I was doing Barnyard Frenzy. I was very embarrassed. I was acting in "Donkey Songs are best forgotten."
 Chris Walch

Yesterday someone came in to talk about road safety. We learnt to stop, look, listen and think and how to cross the road correctly. Wearing a helmet could save your life. We learnt a lot.
 Mitchell Dwyer

On camp I liked rock climbing, Mr Stewart, the history, bush walking. I liked sleeping, the night games and Mr Fearon.
 Patrick Holmes

On Wednesday we went to a magic show called Hocus Pocus and he was really funny! He did super stuff funny stuff. He got two people and did a funny thing making one have a high pitched voice. It was funny.
 Daniel Port

On Friday last week we did our last performance of Carnivals of the Animals. What I liked about Carnivals of the Animals that it was fun in some ways and what I didn't like about it was the donkey boys had to be the donkeys' butts.

Thinking And Feeling

I just love playing soccer. I would be so bored if a person didn't invent soccer. Sailing makes me happy. I like nearly everything that's on water, in air and on snow.
 Jack Knight

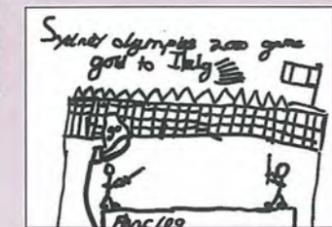

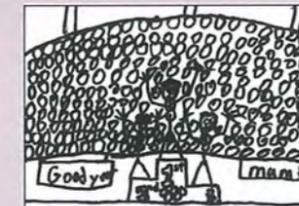

If I could go in a time machine I would go to Vietnam when the war was on so I could save some people from dying, then it would change people's minds about being in the army
 Mike Pearson

I like golf because it is a good opportunity to get outside. My favourite players are Tiger Woods and Carrie Webb. Dad is a member of Kingston Beach Golf Club. I can beat dad on the first hole.
 Tom Nesbitt

If I was leader I would be a good and fair leader because I would give money to the poor and put fair prices on food and drinks. I wouldn't make new taxes unless they were better than the one people had before. Every year I would have a big fiesta for all the people. We would have a huge feast. Also I would get homes for the homeless and I would supply transport for everyone free.
 Lachlan Glass

I would like friends to tell me the good things and the bad things about me but not the really bad in case I get upset.
 Daniel Bower

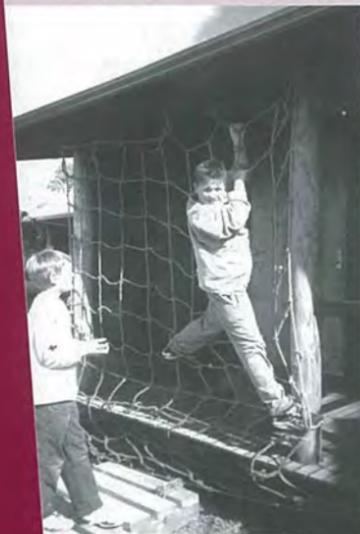

Girls get a better life because they get their way all the time. Boys get into trouble and girls don't and that's why I think girls get a better life.
 Benn Butterworth

Class Four K

Back row: Tim Green, James Creak, Alastair Glass
 Middle row: Geoffrey Wicks, William Tremayne, Jordan Gugger, Sebastain Bender, Alex Tucker, Luke Wilson, Mitchell Springer, Mrs Knight
 Front row: Eddie Manfield, James Hay, Jeremy Yung, Daniel Ling, Aayush Gupta, Jordan Rattle, Andrew Douglas. Absent: Tedman Chau

We had a great time at camp!

Blue and White days.

Going to the beach is fun.
 Picnics on white sand.
 Watching white waves crashing
 Onto white sand.
 Blue skies, white clouds.
 Cricketers wearing white clothes.
 Blue and white days.
 James Creak.

People lying down in deep, white sand
 Watching boats rock back and forward on big, steep waves.
 People diving in clear, blue oceans watching the underbelly
 Of a great white shark floating overhead.
 Tim Green.

Above a white, sandy beach a white sea eagle
 Glides over-head in a crisp, blue sky.
 Soaring over white caps,
 Lands in foam and flies away.
 Blue and white day.
 Eddie Manfield.

Polar bear walking through snow.
 Icebergs floating in blue seas.
 White mountain tops against blue skies.
 White frothy hot chocolate to warm up.
 Blue and white day.
 Mitchell Springer.

Stars are for those who lift their eyes,
 Whose minds have lots and lots of tries.
 How they strive to reach their goals,
 Climbing the tops of knowledge poles,
 When at night they will see the stars,
 Hanging off the slippery bars.
 Alex Tucker.

Willow pattern Haiku
 Tedman Chau

Willow Pattern Haiku

Koong se was so rich
 Koong se ran away with Chang
 They turned into doves.
 Andrew Douglas

Chang rescued Koong se
 Koong se had children
 Koong se got married to Chang
 Koong se and Chang were happy
 They lived together
 They turned into doves
 William Tremayne

If I could be any animal I could for a day, I would
 be an eagle because then I could fly high in the
 sky and live in the mountains and watch the sun
 set and see the stars at night. I'd have good eye-
 sight and it would be easy to catch food.
 Aayush Gupta.

Catchment areas

As water runs down the mountains and hills it collects oil, rubbish and of lots of different things. The water in the ocean will be dark and dirty and it can kill sea animals and we won't be swimming in the sea and we will be drinking dirty water. So don't just stand there, do something to help the environment!

Go and pick up rubbish, fix your car so oil won't leak out of it. Put a hedge around your garden and stop littering. We can all help the environment to be clean at all times.

Jeremy Yung.

A catchment is an area of land surrounded by hills and mountains where water runs to the lowest point. On the way it can pick up lots of things that people put in it to pollute it. If people didn't do this, our water would be much cleaner and it would be a better place to swim and play in. Remember, always clean up after yourself.

Geoffrey Wicks

When fishermen are fishing, their lines can get snagged so they cut the line. That is bad. We have a wonderful environment, let's keep it that way.
 James Hay.

If it is hot go for a picnic but after, you have to clean up because the wind can blow the rubbish into the catchment. Take it to the nearest rubbish bin or take it home and put it in the rubbish bin there, or just recycle it. It is very simple to do this.

Sebastian Bender.

Many little rivers start at the top of Mount Wellington and they intercept into a catchment that runs into the Hobart Rivulet. Pollution gets in, stuff from outside toilets, soil and pesticides, you should plant a hedge to stop that. Oil, rubbish and plastic goes in the river and can kill animals. When it comes to some factories, they are the worst. They let in heaps of pollution and chemicals. People swim in nice sparkling water. They won't want to swim in yellow, red and brown water. Would you?

Luke Wilson

Oil spills sometimes get on the penguins and other land and sea animals. Also birds sometimes get caught in those sorts of situations and it gets on their wings and they can't fly because they get so sticky that they can't move.

Jordan Rattle.

An extract from "My Life As A Coin"

I started off in a big gold mine and I was covered in dust. I looked just like a piece of gravel but I had a little shine.
 A chap started jumping up and down screaming,
 "Eureka! Gold at last! Yes! Yes! Yes!"
 Then two other chaps popped up and started hitting me with a big metal thing. I think it is called a pick.
 I was knocked unconscious by the hitting on my head.
 They must have got me out and put me in a dark sack ...
 Jamie Bastias-Perez

Southport Camp

Surfing.

Smashing, white water.
 Waves
 Like
 Huge sea monsters.
 Churning, curling, twisting, drilling.
 Body boards flying sky high.
 Bodies aching from the strain
 Of catching wave after wave ...

Table Tennis.

Sitting on bench for hours.
 Getting out straight away.
 Mishits, rallies, serves, lets.
 Illegal volleys, taking turns.
 Swapping sides, learning rules.
 "Ball abuse!"
 Crushed ball.

Food.

Breakfast
 Coco-pops, orange juice, toast and Nutrigrain.
 I kept going back again and again.
 Tea
 "Spag Bog", steak, chips and blackberry crumble.
 It was enough to make my stomach rumble.
 Supper
 Chocolate milk, biscuits, marshmallows.
 Woke up in the night from moocow bellows.

Story Endings

(Story Beginning)

It was a dark night and the wind was blowing gently as I made my way along the riverbank. I was late for an appointment in town so I started to run. As I passed under the old railway bridge a high-pitched noise brought me to a sudden halt. I turned quickly to see.....

...the eight o'clock express train. It carriages seemed to be on fire. If I hadn't known better I would have thought that the blue paintwork belonged to Engine 16, the high speed electric train that caught on fire in the summer of '94. On that night everyone sitting on its seats had been killed and the train had been destroyed. Could it really happen again?

Nathan Cosgrove

...a fat old space monster who seemed to come from nowhere. It scared me out of my wits and I yelled out for help. There was no response so I started to run. He was gaining on me so I headed for an old building. The door banged loudly as I ran through and hid behind a cupboard. I waited, hoping he wouldn't find me.

Christopher Lamond

...a UFO! It made me stop dead still. I couldn't move my mouth to say anything or to shout for help. It appeared like a fried egg, sunny-side up, but with different coloured flashing lights. I approached, one small step at a time. Some stairs came out the side and extended to the ground. Suddenly an alien popped out and started to speak.

Jackson Swain

Sailing in the sun

Ready to make his move

Aliens

Arguments

"Talk about a cheek!" yelled Jackson. "These petrol prices are killing me!"

"Sorry sir, but we have to make some profit" replied the attendant nervously.

"Profit! This is criminal!" insisted Jackson, so red in the face that you would have expected to see steam coming out of his ears.

"We will have to close down if we don't get something out of our sales" suggested the attendant, becoming a bit more confident.

Jack Tronson

"This food is disgusting!" bellowed Alistair to the head steward on the plane.

"I'm sorry sir," the steward replied. "But that's all we have got."

"Well take it away immediately and bring me a coke instead!" yelled Alistair down the aisle.

"Yes sir, certainly sir," came the response.

"Why is it taking so long for one silly coke?" screamed Alistair.

"Here sir and thank you for your cooperation."

Alistair Chong

Antarctic Poetry

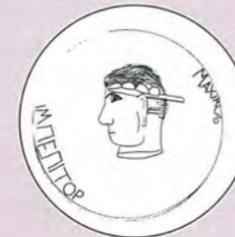

*Freezing cold
Seals dawdle
Penguins waddle
The white desert
As deep as caves
Death lies near
Sickness
Comes
Floating giants
Age is old
Nature calls
Nowhere to be seen
The big white home.
Seton Lewis*

*Floating giants
A mile deep they are still here
Bases isolate
Warm inside
Nature next to you
Water as cold as ice
Suddenly a big hole
Falling down
Early explorers faced the worst
Happened long ago
Remote from anywhere
1000's of kilometers.
James Kirkland*

*Lonely and cold
Deep and dark
Seals swimming.
Casey, Davis and Mawson
Bottom of the deep world
Transparent, clear water
Dry as a desert can be
People snuggled in clothes
Cold and white as can be
Falling, giant white ice
Dry as a desert can be
Snowing snow.
Cyton Tong*

*An isolated place
Snow-white country
No nuclear testing
Alive, animals roam the land
Scott's party died on
Toboggan slopes
Amundsen reached
The south pole first
Packs of whales come each year
Red melons so they can be seen
Rocks of ice in the ground or sea
At the bottom of the world
Wonderful country.

I Am You Are We Are Australian

We have a good education and great wildlife. We can enjoy the beautiful landscapes.
 Harjeevan

The Church at Port Arthur 1836
 Angus Ashton

I like being Australian because of all the nice people, all the beautiful places, all the interesting things and the easy transport.
 Jonathan

It means no wars, lots of schools and jobs you can

try. It has really got everything. In Tasmania it has the deep rain forests. In Victoria it has got the tall buildings. In the Northern Territory there is the hot desert and it has also got the Gold Coast which is probably the best place you could go. My mum likes the outback.
 Alistair

To be Australian is to be free. To be Australian is to be me. Being Australian means a lot to us because we are proud to be thee. Australians are young. Australians are bold and we are independent so we don't have to do as we are told. We are a democracy so we have a right to speak out. Australia means freedom, independence, scenery, bush, land, wildlife and ME!
 Sam

To be Australian is really cool because it is not polluted like a lot of other countries and there are no wars. It has beautiful scenery.
 Elliott

To be Australian means I can breathe fresh air. To be Australian means I can swim in clean beaches. I can walk outside at night and feel safe.
 Patrick

Bass and Flinders 1796
 William Chandler

It's cool being Australian because in most places there isn't much pollution. There are lots of forests and lots of places to sit down and have a rest. Overseas there are lots of cars so it is noisy. That is why I like being Australian.
 Ross

Sydney early 1800s
 Elliott Davies

It means I can be free. I speak the English language. I can go to school. I can breathe natural air. We have a government. I love Australia because of the beautiful wildlife.

Awesome places.
 Utterly cool.
 Scenery that attracts tourists.
 Trees that are tall.
 Really spectacular.
 Ayers Rock.
 Lovely animals.
 I love Australia!
 Aussie, Aussie, Aussie! Oi, oi, oi!
 Luke

Coat of Arms Australia
 Thomas Slugocki

Australia is the greatest place in the world to live. We get to go to school and have clean air and water and beautiful landscapes. There are no wars or violence in Australia. We are lucky to be Australians.
 Ian

I like being Australian because I am free. We have clean water, beautiful wildlife and landscapes that take your breath away. I am proud to be Australian.
 Damien

Ned Kelly 1880
 Jack Beardsley

It means that I am free of war. It means to be free. We have a large and prosperous land where we can escape from the business of life.

Benjamin Jones

It means living in the country with the most beautiful scenery and landscapes, the country with the most open spaces. It is also the country in which everyone has equal rights.
 David

I'm proud to be Australian because it is a happy place. There is no war and it is a peaceful place to be. There are lots of places to visit and everybody is trustworthy. We can go to school. We can be free.
 Toby Burgess

I am proud to be Australian. There is no disease. We have plenty of food and fresh water. We are a rich country. We have a lot of big businesses.
 Drew

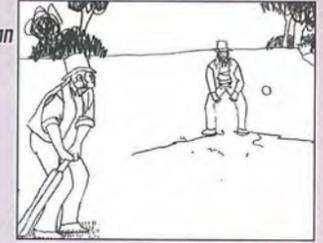

Being Australian means being free, a land with no worries, no wars, no pollution and clean air. Being Australian means good beer and good times. Being Australian means being in the best continent in the world.
 James

What does it mean to be Australian?

I think it's a great privilege to be an Aussie because of 4 things. No wars, clean air, fresh water and beautiful scenery.
 Jack

I like being an Aussie because of the raising of the Aboriginal flag on Aboriginal day. It also means to be free with no violence.
 Benjamin Newby

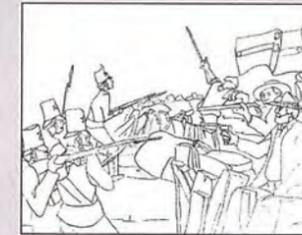

The reason I am proud to be an Australian is because of our friendship between us. Just being Australian is special because it makes you feel good. When Australians work together we can do anything. I am so proud to be Australian.

 Front row: Alastair Sayers, Nik Harvey, Matthew Morris, Harry More, Nick Coleman, Alastair Jevtic, Charlie Gard, Ken Pang

Hills of Maria

Mary, go search the hills of Maria, for the child
 has gone wandering again.
 You know his favourite place, the old miller's
 cottage
 Where a circle of stones crowns the hill.
 You can see the sea and watch the waves break
 on the beach below.
 He looks for the ship that will bring back his
 parents.
 His heart is ice for the love of his mother and
 support of his father.
 When the boy was a baby his parents did die a
 terrible death of drowning.
 The boy stands on that windswept hill and waits
 for his parents to come home.
 Lachlan McDonald

The Convict Days

The reeds like whips on your legs
 The waves like guards knocking you over
 The water like cold winter nights
 The rustling of leaves like convicts walking to
 dinner.
 Zach Johnston

The Reservoir

A reflective pool, a home of peace.
 White barked gums standing guard
 Over a silent place.
 Lush green of the dew-covered eucalypts
 Leaning over the water inspiring our
 Minds and thoughts.
 Reeds waving in silent motion with the
 Ever expanding ripples of the
 Harmonious reservoir.

The Millers Cottage on Maria Island by Adam Brooks

Reflections

I was very pleased to get into the semi-final of the
 Nestlé writing competition.
 Matt Morris
 I found the Maria Island camp to be one of my most
 enjoyable experiences.
 Michael Ashby

One of the best things about 6B was making the
 catamarans in Tech.
 Harry More

I enjoyed the Maths Olympiad because they were
 challenging.
 Mark Fenton

I found learning how to make picture frames very
 interesting.
 Russell Fowler

I had fun learning to cook pikelets with Mrs Jevtic.
 Alastair Sayers

I enjoyed the Canberra/Melbourne Trip.
 Charles Gard

I really enjoyed playing in Mr Barringer's
 footy team.
 Adam Wertheimer

6L at the Painted Cliffs, Maria Island, in May

"We saw a little Fairy Penguin and had a small snack!"

On Tuesday 16 May, 6L started off to Maria Island. We arrived at the ferry and spent about 45 minutes loading all our bags. At 10:30am the ferry left. When we got to Maria Island we loaded all the bags onto these big trolleys and wheeled them to Darlington, settled into our cabins and started the walk to the Fossil Cliffs. At the Fossil Cliffs we saw a little Fairy Penguin and had a small snack and walked back to Darlington.

On the second day we got our daypacks ready and started the long walk up Mount Bishop and Clerk. It was a long and tiring walk but it was worth it because of the view at the top, it was amazing! For some reason the walk back didn't seem as long as the walk up. When we got back we had some break time. On day three we did some semaphore and orienteering exercises. We walked to the Painted Cliffs - they were amazing. After the Painted Cliffs walk we went back to Darlington. In the evening, we walked to the Oast House: there was a full moon and it was a beautiful night. On the last day we started packing up and saying goodbye to Maria Island. It had been an enjoyable experience that I will never forget.

Jacob Wilson

The Commissariat Store, Maria Island, by Edward Finnis

Year 2000 has been busy, exciting and enjoyable for Year 6L. Our class work has been varied in topic, with assignments including circles, air, symmetry, Australian geography, Maria Island, world geography, government and 2D/3D shapes. We have enjoyed visiting places such as Cadbury, the Mining and Minerals Centre, watching the Olympic torch relay and watching Collegiate's "The Flame", amongst others. We enjoyed a terrific camp on Maria Island, allowing us to get to know one-another a little better. Some of us visited Canberra and Melbourne on the mainland tour in October. At the conclusion of Term 1 we farewelled James Hart, and at the beginning of Term 2 welcomed Nicholas Young into our class. We have come a long way since February, making new friends, learning many new ideas and concepts and enjoying it all along the way.

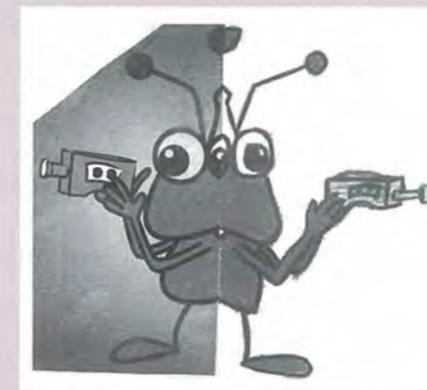

Mr Michael Ludeke

Boys on top of Mt Bishop and Clerk

Cartoon by Grant Ashbarry

Symmetrical design by Jarrod Brelis

Silence

I looked in the corridor, the dim light made it hard to see
 but I saw the old man fixing something.
 I also saw the door halfway between the old man and me it was slightly open.
 I crept up to the door as quietly as I could and looked through it I couldn't see anything
 but I thought I heard a noise.
 I needed to make a decision and fast,
 The decision was made for me the old man started getting up, I quickly and quietly
 opened the door and had a look around there was a woman ironing clothes only six
 metres away from me I looked around the room I saw toys scattered everywhere I saw
 a basketball a doll and a toy boat it was a mess clothes and junk everywhere.
 I saw my target,
 I quietly made my way to it, I got there without any sound I wrapped my hands around
 the target and was about to make my get away when
 "Get your fingers off me lollies!!!" My mum yelled as she stopped ironing and turned
 to face me.
 Just then my dad came in from fixing the broken power point.
 They had found me,
 I was caught,
 I was busted.

Class Six T/M

Top row: Samuel Blackaby, James Meredith, Stuart Atkins, Saleh Sultan, Alex Harvey, Tom Clark, Jacob Cook
 Middle row: Jeremy Upton, Edward Couper, Jono Hookway, Samuel Burnett, Alistair Green, Nicholas Andrewartha, Benjamin Shadforth, Mrs Melissa Terry
 Bottom row: Harold McIntyre, Nicholas Robson Priest, Daniel Cosgrove, Zachary O'Hara, John Taylor, Oliver Illingworth, Nicholas Murton, Rhys Miles

My highlight for 2000 was when we played soccer. We won all of our games.
 Nick Murton

Watercolour and Paint on card
 Alistair Green

I loved it when Mrs Terry took us to Cadburys. There was heaps of samples to do and we got loads of samples.
 Thomas Clark

My highlight was the 'Cats' performance. I starred as The Phantom and had a great time.
 John Taylor

My 2000 highlights were the excursions which included Cadburys, Boyer, McDonalds and The Energy Center.
 Alistair Green

My favourite highlight was when I went in the Middle School Swimming Carnival. It was fun to compete against the older people.
 Zac O'Hara

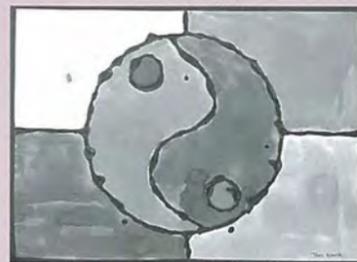

The best highlight for me was winning the hockey grand final against St Virgil's. It was a close and nail biting game but in the end we were never challenged.
 Oliver Illingworth

At first I thought Mrs Terry would be really strict but she wasn't and she took us on heaps of excursions that were really exciting.
 Stuart Atkins

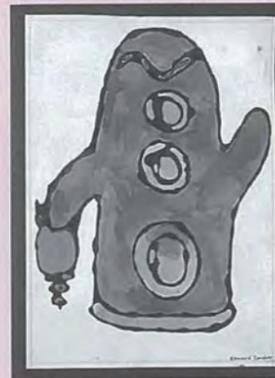

The best thing about this year was making heaps of good friends.
 Samuel Burnett

This year has been really good for a first one. I liked the excursions and all of the new friends I have made.
 Jono Hookway

My best highlight was when we climbed Bishop and Clerk on the Maria Island Camp. It was such a relief to reach the top and the view was fantastic.
 Nathan Clark

Watercolour and Paint on card
 Tom Clark

Watercolour and Paint on card
 Edward Couper

Watercolour and Paint on card
 Harold McIntyre

My highlight of 2000 was going to the Olympics. I got to see the swimming, athletics and soccer. It was an experience I'll never forget.
 Nick Stebbins

My biggest highlight was going to Maria Island where we climbed Bishop and Clerk.
 Sam Blackaby

My favourite highlights were the excursions, especially the Cadburys one because of all the chocolates.
 Saleh Sultan

My highlight was getting a new teacher who is heaps of fun.
 Rhys Miles

The best thing that happened this year was becoming a Junior School Leader and getting to host Open Day. I have always wanted to be a JSL, Open Day was just a bonus.
 Ben Shadforth

My favourite highlight was the Maria Island Camp. I got to know the people in my class. Some were annoying, fun, adventurous, boring, sick!
 Nick Robson-Priest

Mrs Terry chose me for 'Murder under the microscope'. I worked so hard; she was so proud she gave me a family-sized chocolate. It didn't last long.
 Edward Couper

The Maria Island trip was my highlight. I liked the new features and walls and the view at the top of Bishop and Clerk was very scary.
 Jeremy Upton

The excursion to Cadburys was exciting we got sick on chocolate but also got to learn about how chocolate was made.
 Nick Andrewartha

Camp was great. We played lots of night games such as Spotlight!
 Daniel Cosgrove

On the Maria Camp I patted a Possum a different colour to the others.

Harold McIntyre

We had so much fun at camp. Mrs Terry came in with her nightie on. It was so funny.

Jacob Cook

My highlight was 'Cats'. I really enjoyed the costumes and makeup.

Alex Harvey

Some of the 6TM students' self-portraits using pencil illustrations and photo cutouts

Another 'Ordinary' Year in Middle School

Middle School has completed its 42nd year in fine style. After the dramatic physical and less obvious changes of the last three years, it was good to have a 'steady-as-she-goes' year, with a full enrolment of cheerful youngsters and a staff team demonstrating increasingly specialized skills at the Middle School level, working together towards good outcomes.

Once again, numerous Middle School boys earned academic distinctions in National competitions, competed with enthusiasm in sport and other co-curricular areas, staged plays, made music, computed, designed, excelled, laughed and learnt. Yes, it was another 'ordinary' year. The written accounts which follow, from Year Heads Janet Waters and Chris French, detail the wealth of achievements by our boys in a huge range of enterprises. I commend these reports to your reading. These are only the visible tips of the icebergs of 'ordinary' achievements. Underpinning these are the efforts by more than 200 boys on a day to day basis, simply trying their best. This largely unseen body of effort, by boys and staff, constitute the real gains in this 'ordinary' year.

teaching from her recent residence in that country, and Matthew Sayers whose multi-skilled approach saw him not only teaching a variety of subjects but also producing the Year 7 play 'Robin Hood' with great flair. James McLeod rejoined us in the middle of the year from a spell of teaching in the USA, replacing Curtis Smith who returned to the States.

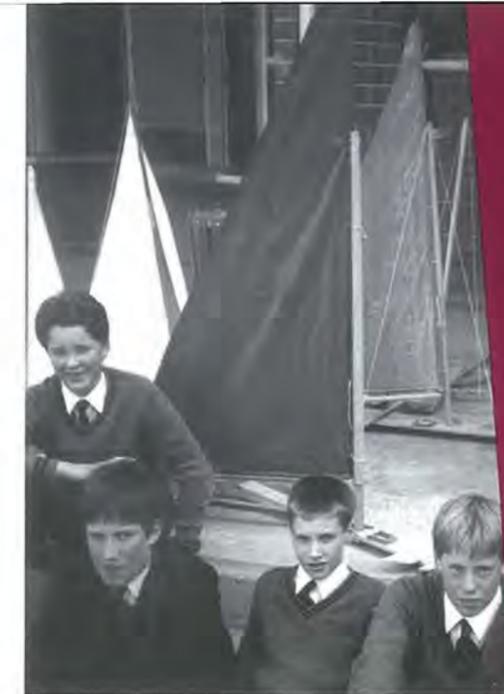

Leadership in Middle School is vested in the two Year Heads, and I would want to move a huge vote of thanks to both Mrs Waters and Mr French for their quietly effective and hard-working efforts over the entire year. Much of their work is unseen, requiring many hours of thinking, of planning and of working one-on-one with boys and staff. We are all in their debt.

As part of the larger school, Middle School has again enjoyed dedicated and total support, direction and encouragement from the Headmaster, Mr Toppin. If anything, he has spent a greater proportion of his time with us this year, teaching nearly half of the Year 8 boys how to construct their own web sites in what has proved one of our more popular choices of electives. Similarly, Mr Irons has always had time, in between his onerous responsibilities as both Head of Senior School and Deputy Head, to give advice, support and encouragement to Middle School staff and boys.

In keeping with our practice of extending the program each year in ways which enable boys to develop more broadly, 2000 saw the introduction of Inter-House Theatre Sports. Old Boy Simon Martin trained the teams and under the expert oversight of Michelle Weeding the competition proved a popular spectacle for the Mini-School and a worthwhile educational exercise for some 50 boys.

Cooperative programs with Collegiate were also popular and two full days were devoted to joint games, one day hosted at Hutchins and the other at Collegiate. Lyn Ramsdale from Collegiate and Chris French carried the weight of the complex organization for these days. The input of the Prefects was felt, especially through the efforts of James Laird, in the leadership training and peer mediation programs, as well as in a more general way around the grounds at sporting events. I too would want to pay tribute, as Mr French has done in his report, to the efforts of the Middle School Council. Their good work has been made all that more effective by the support they have had from their peers, and the training they undertook in their own time.

Mr Dear's quietly effective work behind the scenes has again been a feature of this 'ordinary' year. Whether taking the Independent Learning unit for Year 8 boys who want help with planning and study methods, running Peer Leadership camps, organizing peer mediation sessions, encouraging struggling students or working with staff, his influence in his third year as School Counsellor continues to increase in significance and value. Similarly, the quietly effective work of both our Chaplain Fr John

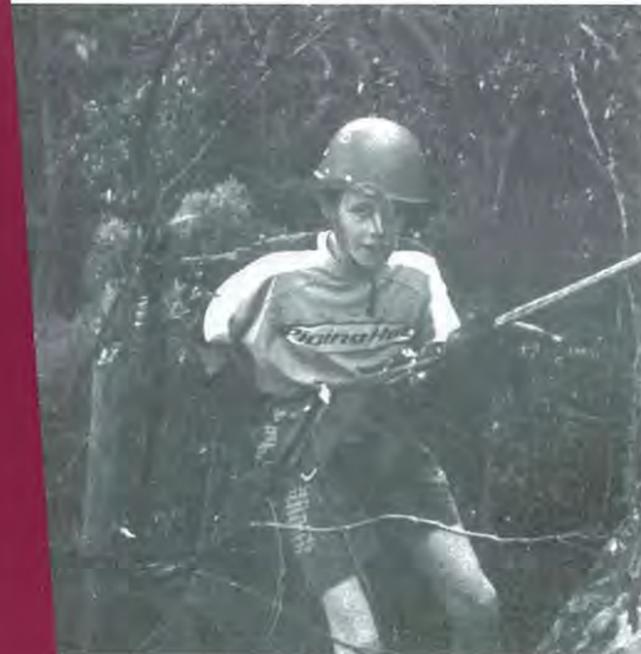

Land sailors: Julian Sayers, Joshua Parker, Cameron McCulloch and Jack Viney

Goodwin and our Academic Coordinator Rob McCammon has contributed constantly to the climate and progress of the Mini-School.

We are fortunate to have this staff team. We are fortunate to have so many committed boys with which to work. We've had another 'ordinary' year.

R A Morton
Head of Middle School

On the staff front, Ken Kingston was welcomed back after a year of interesting experiences travelling the world. Two new members of staff began the year with us – Jill Britton who brought extensive first-hand knowledge of France to her French

Year Seven

The first year of the new millennium has seen 104 young men very successfully launched into the first year of their Middle School life, and I congratulate them on their results, thank them for their wonderful contributions to the year group and wish them well as they move into Year 8.

It has been a happy year. The four classes, each with a healthy mix of old and new boys, rapidly formed into cheerful, lively and hardworking groups under the guidance of their tutors: Ian Addison, Jill Britton, Matthew Sayers and Anna Cazaly. A notable feature of the year group has been the very real support and encouragement the boys have given to each other in their many endeavours; the environment thus created has been one in which it has been a pleasure to work.

As we come to expect, the year has been filled with opportunities for the boys to stimulate and challenge their minds and bodies, as well as to have a great deal of fun. The curriculum is interesting and engaging, targeting the special needs of adolescent boys, while the extra-curricular program offers a host of possibilities to students looking for experiences beyond the classroom.

Highlights – and there are many – include the Year 7 camps at Southport, SWAP days, House sports carnivals, House Music and Theatre Sports competitions, activities days with Collegiate, the integrated theme on 'Food' and the excellent assembly which brought it to a conclusion, the School Fair, the socials, the Father-Son breakfast, the Middle School Concert, 'Robin Hood', the Boat Race and watching both the Olympic and the Paralympic Torch relays pass by.

With so much on offer, and with such a committed group of boys, it is hardly surprising that there have been many outstanding achievements during the year. It would be impossible to list every one of these, but what follows celebrates some of the best of Year 7 2000.

Leadership

Class captains: Ramanan Daniel, Hamish McGregor, Jeff Hunter, Sean Healey, Nick Evans, Charlie Mycroft, Craig Irons, Bromley Farquhar, Jack Viney, Tristan Giblin and Charles Stoessiger carried out their duties with energy and commitment.

Peer Leadership Camp: Tom Ryan, Colin Brain, Chris Holmes, Damien Templar, Jack Viney, Peter Mulcahy, Alex Balding, Alex Perndt, Nick Evans, Rory Ware, Martin Baker, Mitchell Traill, Alex Bender, Brad Pearson and Chris Cox participated in the camp organised and run by Mr Alan Dear in August at 'Orana' at Roches Beach.

Performing Arts

'Robin Hood' was produced by Mr Matthew Sayers, and was performed early in Term 2 to enthusiastic audiences. The cast included Ramanan Daniel, Sam Forbes, Mathew Bradley, David Port, Nathan Street, Jack Viney, Robert Jubb, Sean Healey, Tom Friend, Mitchell Traill, Stephen Beer, Erik Pohl, Craig Irons, Ian Mitchell, Dennis Ng, Nick Backhaus, Jill Britton, Charlie Mycroft, Aaron Brown, Alex Dance, Nick Evans, Chris Cox, David Owens and James Cazaly, as well as a support crew who worked backstage.

Debating: The Hutchins D team reached the semi finals in this year's inter-schools competition. Members were Craig Irons, Erik Pohl, Tim Jones, Chris Holmes, Michael Underwood, Sam Forbes and Andrew Carolan.

Eisteddfods: Ramanan Daniel (piano), Chris Bury (guitar) and Joseph Werner-Hickey (vocal) all won awards in the Eisteddfods this year.

Poetry and Prose: Craig Irons, with his stirring performance of 'Dulce et Decorum est' by Wilfred Owen was the joint winner of the Junior section with Matthew Street of Year 8. Sam Forbes, Chris Holmes and Andrew Carolan were among the finalists.

'Oliver': In the Gilbert and Sullivan Society production, Joseph Werner-Hickey shared the role of Oliver and Nick Verhelst was a member of Fagin's gang.

Swing Band: Year 7 members were Yaro Sakov, Ramanan Daniel, Tim Jones, Nick Bostock, David Port and Robert Beadle.

Chapel Choir: Andrew Carolan, Ramanan Daniel and Sam Forbes.

Senior School Orchestra: Erik Pohl.

Academic Competitions

Australian Science Competition: High Distinction awards were achieved by Andrew Volkman and Tim Jones. Distinctions went to Tom Leworthy, Yaro Sakov, Michael Bamford, Andrew Carolan, Alex Dance, Nick Evans, Sam Forbes, Tom Ryan, Robert Sim, Nick Verhelst and Ash Winter.

Australian Chemistry Competition: Andrew Carolan and Tim Jones came equal first in the State, with Tom Leworthy third. High Distinction awards went to Charles Thomson, Alex Perndt, Alex Balding, Raj Narulla, James Cazaly and Yaro Sakov. George Finch received a Distinction.

Australian English Competition: Tim Jones and Tom Leworthy were awarded High Distinctions. Andrew Carolan, Tom Chan, George Finch, Sam Forbes, Craig Irons, Raj Narulla, Alex Perndt, Tom Ryan, Yaro Sakov, Robert Sim and Andy Volkman received Distinctions.

Maths Relay: Alex Balding, Robert Blakesley, Ramanan Daniel, Dennis Ng, Yaro Sakov, Tim Jones, Andrew Carolan and Andy Volkman made up the two teams who participated in this event.

Alliance Francaise: Third prize went to Christopher Cox in the Verse Speaking section.

The Gateways Workshops: Participants included Raj Narulla, Tom Leworthy, Tim Jones, Tom Friend, Andrew Carolan, Tom Ryan and James Perkins.

Hutchins Short Story and Poetry Writing Competition: Andrew Carolan won the Junior Section with a story was entitled 'My Cave'.

Fellowship of Australian Writers – Young Writers Competition: Tim Jones was the State runner up with his story 'Fleeing the Invaders'.

Sport

Swimming: The Interschool team consisted of Zac Bereznicki, Michael Bamford, Jack Viney, Michael Egan, Jesse O'Hara, Stephen Beer and David Owens. Michael Egan won a bronze medal in the Pacific School Swimming Championships.

Middle School Health Run: In the Under 12 event, Michael Egan came first, Mitchell Traill was second and Will Keyes third. Sean Healey came third in the Under 13 race.

Athletics: Zac Bereznicki, Jesse O'Hara, James Downie, Craig Irons and Stephen Beer made the school team.

Sailing: William Keyes and Stewart Wells (Year 10) came third in the International Points National School Team sailing Championships at Geelong.

Tennis: Zac Bereznicki and Damien Templar were both in the State tennis squad as well as playing in Division 1 for the school. Damien Templar won the 14 and Under Southern Hardcourt Championships.

Other: Michael Egan, Scott Nichols and Tom Friend played in the Southern Region Football Team. Jeff Hunter came 4th in the Australian Junior Motorcross Championships.

Awards

The following boys were rewarded for their achievements, effort and commitment with Merit Certificates in End of Term Assemblies.

Term 1: Tim Jones, Tom Ryan, Andy Volkman, Robert Beadle, Craig Irons, Mathew Bradley, Tom Hung, Jamie Downie, David Chapman, Alex Dance, Ramanan Daniel, Tom Leworthy, Nick Slugocki, Chris Bury, David Owens, Luke Burgess, Aaron Brown, Chris Cox, Charles Stoessiger, Jeff Hunter.

Term 2: Nick Smith, Bromley Farquhar, Sam Forbes, Chris Holmes, Ian Mitchell, James Rice, Nick Evans, Charlie Mycroft, David Ward, Peter Mulcahy, Andrew Carolan, Sam Howe, Jack Viney, Cameron McCulloch, Dennis Ng, Alex Bender, Jesse O'Hara, Nathan Street, Stephen Eddington.

Colours: Thirty-four Year 7 boys received their Braid during the year.

Mrs J Waters
Head of Year 7

Year Seven

Sleep

I sat on the bank of a gentle stream, listening to its quiet undisturbed tune. Cool mountain water played across smooth stones. I felt the soft grass on my back and the cool gentle breeze on my face as the sun warmed my tired eyes. My eyelids felt heavier and heavier as I breathed in harmony with the trickling stream. My thoughts slowed down as I enjoyed the peace of the gentle water. Slowly my legs sank deep, deep down into the grass. To the small rising and falling of my chest, my body relaxed as it sank into the soft grass beneath me and I slowly sank, becoming one with the land. Lying there in the grass, I slowly, gently, peacefully fell asleep.

Andrew Bennett, 8KKI

The Seaside

The sea is a hurricane,
Destruction left in its path.
The beach is a pizza
Littered with pepperoni people.
The waves are graceful buildings,
Towering high above.

John Dale Hove, 8Kki

The Storm

The storm was armed
With all its weapons
As the hail stabbed me
In the back.
Trapped inside the blistering storm
Was a life sentence from the gods.

Robert Sim, 7ACa

Heroes

He holds his sword high
Ready for anything
His army, tense before the battle,
Is given new strength and hope
By the sight of their leader.
He is high on his horse
Clad in silver armour,
Sword glinting in the sunlight.
He gives the sign
And the army surges forward
As one.
Those who watched the battle
Say he moved like the wind
And his sword struck like lightning.
But still,
Defeat overpowered them like a wave.
They may have lost
But it didn't matter.
They were the true heroes.

Raj Narulla, 7IAd

Wind

It was a howling wind
Raging wind
Angry wind
That stampeded through the
Urban streets that day.
Lightning flashed
And flashed
And flashed
No thunder was heard
Only the awful sound
Of the screaming wind.

Yaro Sakov, 7ACa

A Perfect Moment

Staring
Into the cool, glassy water
I saw a fish swim by
Its scales dappled by the sunrise.
It left no mark,
Not even a ripple.
You wouldn't have known it had been there.
Perfection.

Tim Jones, 7IAd

An Ocean

As we trudged along the path, our only motivation was the knowledge that the end was near.

Then, as we moved closer, something changed. The crackling of the leaves and the light filtering through the trees had been mixed with an amazing touch. We all knew what it was. A sea breeze.

If we could have sprinted with the 10 kg packs on our backs after walking for two hours, we would have. As I stepped out of the trees I was dumbfounded.

'Look at that!' I said to no-one in particular. A great expanse of blue was swept out before me. It looked like a fantasy world, except I was truly there. My heart sped up. I wondered what it would be like to simply walk to the edge and step off. To slip and fall, way, way down until you were plunged into the cold, icy waters of the Southern Ocean.

The feeling there was overwhelming; this great expanse was so large and foreign. I told myself I would never forget that day. I don't think I will.

Andrew Carolan, 7ACa.

Gunshot

I was walking through the middle of town on a hot sticky summer's day. The sun had just gone down and a cool breeze had begun to blow from the south. The street lamps flickered on, lighting up the entire street in their dim white light. All around me was silence, except for the occasional rustle of a cat or a dog in a rubbish bin. The whole place was deserted. We had cleared a perimeter of five blocks around the city centre, an anti-government extremist group had threatened to blow up downtown unless the government bent to their wishes.

Out of nowhere came two brightly painted blue and white helicopters. They circled overhead, making an enormous racket and sending all the rubbish on the street below into mad circles. I shielded my eyes from the debris. When they had gone I resumed my patrol.

Not long after a gunshot echoed from one of the office windows. The noise bounced off all the walls, tightly packed as they were, making it impossible to judge where the shot had come from. I took cover behind an upturned rubbish bin. Pulling my gun from its holster, I flicked off the safety catch and cocked it, scanning the street for any sign of movement.

Then I heard it; a shot rang out from behind me, hitting me in the left shoulder. Pain and nausea swept over me like a tidal wave. I stumbled away from my hiding place, my vision blurring and my energy sapping with every step, as I tried to stay on my feet. I fell to the ground moments before a huge volley of bullets cascaded from all sides.

My death, and the incidents involved in it, was shown in surround sound on my big colour TV. Gee the graphics on my dreamcast are excellent.

Ronan Fenton, 8Kki

The Health Run

When the gun went I heard a stampede of what sounded like a hundred horses running off into the distance. I kept my pace fairly slow at the start and tried to keep the leader in sight. As I went around the back of the pine trees I accidentally tripped over my own feet. The side of my leg was covered in dirt, but I hopped up and started to run again. I ran and ran, and finally I was on to the last lap. I passed all the Houses lined up urging everyone on. As I went around the oval for the second time my legs felt like jelly and I was slowing down a bit. Oh great! Just what I needed... a big hill. I only just managed to reach the top, but going down was a lot easier. I ran around the back of the pine trees again, seeing the finishing line about four hundred metres away. I picked up the pace a bit and managed to pass three or four

people on the way. I turned the last corner with the finishing line only seventy metres away – but it didn't seem to be coming to me, it felt as though it was moving further away. Finally I managed to lunge myself over the line and walked up to the table to record my placing. I felt relieved and proud to finish the race without stopping, and to finish in the top thirty.

Joshua Parker, 7ACa.

The Olympic Games

He waits, muscles taut, eyes focussed only on his lane
Receiving the baton, he explodes from a standing start
Heart pounding, he launches himself at the finish
He increases his speed and pulls away
Almost there, he starts to slow
Suddenly he contorts in agony
Falls to the track
Writhing in pain
Carried off
Destroyed.

Tim Jones, 7IAd

The Javelin Thrower

Tense, nervous, the athlete prepares to take his javelin throw.
The crowd cheering, waving and cheering, waiting, watching, hoping ...
The athlete runs desperately, shooting like an arrow.
He takes his throw – it goes long,
Soaring and spinning, higher and higher.
The crowd is screaming hysterically.
It dips and lands.
He has won!
Gold medal,
Victory.

Andrew Volkman, 7IAd.

Year 7ACA - 2000

Year 7MSA - 2000

Year 7IAD - 2000

Year Eight

The Year Eights have had a very successful Year 2000. They have been actively involved in all areas of school life and their academic reports reflect a committed and responsible attitude towards their studies.

First term got off to a flying start with a record 80 boys participating in the leadership program. They participated in training evenings and weekend camps to gain the skills required to be effective leaders for students in Kindergarten to Year 8. The boys applied their leadership talents in many areas of school life including Early Learning Centre (ELC), After School Care, ELC Lunchtime Assistance Duty program, lunchtime activities, Big Brother Programs and in general Middle School responsibilities. By the end of Term 2 the Year Eights had clocked up 995 hours of service! Special thanks go James Laird and his team of Prefects who assisted the Year Eights with their leadership training and programs. Their contact and participation within the Middle School has been a highlight this year.

The emphasis in Term 2 was the Year 8 camps on the East Coast. These camps tested the boys' stamina, leadership and tolerance towards others and they passed with flying colours. Mr Stewart's leadership and preparation ensured a great time was had by all but it was a relief to stop at Triabunna for the take-away lunch on the way home! Another highlight was the Staff versus Students Football game on the WMO. The staff fielded a very strong team but the students were too good on the day and won by 4 points. The students were led by Ronan Fenton, Ben Fergusson and Isaac Bennett. The coach of the staff team, Mr Barringer, must be commended for his efforts in making the team a competitive one! We hope to make this event an annual one.

This Year Group has been a friendly and cooperative one. They have demonstrated pride in their school and their peer relationships have been friendly and caring. They have many talents that will be extended in future years, ensuring future success that will do themselves and the school proud. There have been many highlights in sport, House competitions, academic studies, extra-curric-

ular pursuits, leadership and service. I have made an attempt to list some of these below.

On behalf of the Tutors, I extend my best wishes to the boys in the future and we thank them for their contributions to the life of Middle School.

Below is a smorgasboard of just some of the achievements from the Year Group this year:

- David Calder was selected as an Olympic Torch Escort Runner
- 35 boys were awarded their TCW Middle School Colours
- Michael Andrews won the 50, 100, 200, 400, 800 metres in the House Athletics Carnival and set a new record in the Triple Jump
- Matthew Street was part of the highly successful drama production on the Little Shop of Horrors – he controlled the plant from inside!
- Nicholas Enman was invaluable as a member of the backstage crew for Little Shop of Horrors
- The following boys were elected to the Middle School Council: Jethro Wishink, Jared Sheppard, Tom Coyle, Ronan Fenton, Richard Gard, Joshua Phillips, Toby Mestitz, Matthew Street, Huw Nestor, Dylan Viney, and Matthew Graver
- Joshua Phillips did an outstanding job as the Middle School World Vision 40 Hour Famine Coordinator
- The Middle School Soccer 'A' team won their second consecutive premiership.
- Great performances in the House Cross Country came from Tom Ayliffe (1st U13), Matthew Graver (2nd U13), Clifford Ohara (1st U14), Richard

Burbury (2nd U14) and Martin Mulcahy (3rd U14)

- Matthew Lister was selected in the State Tennis team
- Ben Coughlan, Jeremy Parker, Jonathon Manning and Robert Tilt were invited to participate in the Gateways Workshop held at Hutchins
- James Gordon, Sam Kirby-Fahey, Robert Tilt and David Creak were selected in the State Rugby Team
- Chris Alomes and Sam Stove were selected for the Hutchins/ Collegiate School of Performing Arts. Chris is also a member of the Conservatorium of Music
- Clifford O'Hara was a member of the record-breaking House Swimming relay team
- The Year 8 Water Polo team were Premiership winners
- The Year 8 Hockey team won their 3rd consecutive Premiership
- The U13 Quad Scull won the Head of the River and the members included Tom Ayliffe, Alex Hunnibell, Charles Fish and Liam Houston
- Chris Quinn and Alex Hunnibell achieved 100 Manual Merits by August!
- 15 boys earned their Middle School Service Award by the end of Term 2: Nicholas Enman, Charles Fish, Joshua Phillips, Nicholas Gregory, Ben Sheehan, Tom Coyle, Gwydion Jones, Jared Sheppard, Jared Wilson, Matthew Bowditch, Sam Button, Ronan Fenton, Alex Humphrey, Greg Otto and Bobby Perry
- High Distinction Awards in the various academic competitions were earned by Phillip Cracknell, Justin Sanderson, Simon Foster, Ronan Fenton, Dylan Viney, Matthew Wilson, Jared Sheppard and Charles Spiegel
- James Jubb was selected in the State U15 cricket squad and for the school he achieved the highest individual batting score of 97. It was a shame about the infamous run out! James also took 5 wickets for 19 runs bowling against Friends.
- The Hutchins Black Cricket Team

won their Premiership

- The U14 Quad Scull won the Head of the River, the crew consisting of David Creak, Robert Tilt, Jeremy Parker and Sam Stove
- House Captains for 2000 were David Creak (Thorold), Richard Gard (Buckland), Charles Fish (School) and Ronan Fenton (Stephens)
- Tim Boys broke the U14 Long Jump record at the MS House Athletics
- James McCreary won the U14 House Javelin
- Hamish Hall broke the 25 metres Butterfly record at the MS House Swimming. Hamish was also selected in the Southern Hockey Team
- 8CBE won the infamous Boat Race at the end of Term 2
- Charles Fish broke the U14 High Jump record at the MS Athletics. Edward Ashbolt also jumped higher than the previous record
- Shamim Samedani passed AMEB Grade 4 on the piano
- Nick Graney did a sensational job playing the lead role of Oliver in 'Oliver' at the Theatre Royal. His singing and acting ability won him critical acclaim in the media! Nick also appeared in 'Les Miserables' later in the year
- Lars Becker continued to represent Tasmania well in Squash and had a successful Nationals campaign
- Peter Eland was 1st in the Monologue and Duologue at the Clarence Eisteddford
- Ronan Fenton came first in the State Mathematics and Chemistry competitions – an outstanding achievement!

- Nick Graney has been accepted in the School of Performing Arts for Drama in 2001
- Ben Fergusson was selected in the Southern Tasmanian Football team
- John Dale Hové was a member of the premierships water polo and soccer teams and also a member of the winning U14 State Swimming Relay team
- Alex Humphrey was a member of winning Tennis Pennant team
- The Year 8 Table Tennis Team won their Premiership
- Clifford O'Hara won the Tasmanian Short Course Championship for the 100 metres Freestyle
- Michael Chapman continued to destroy all opponents before him on the badminton court.

Middle School Council

After the Year 8 leadership training program, boys were given time up until Easter to earn a nomination to the Student Council by demonstrating a committed attitude towards school and organising activities for others. Six boys were originally appointed and five others were added to the Council throughout the year. The Council met on Friday fortnights after school for an hour to organise the weeks ahead.

The purpose of the Council was to make sure that all Middle School activities ran smoothly throughout the year and that their peers' wishes and concerns were

Artwork by Guy Roberts Gr8

Artwork by Robert Tilt Gr8

acted upon. The Council members were allocated special areas of responsibilities and they included:

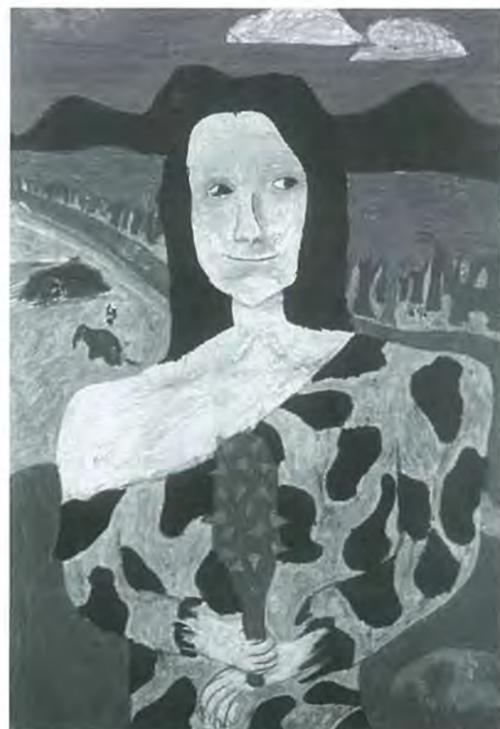

- Student SRC – Tom Coyle
- Sports Reporting – Matthew Street, Toby Mestitz, Jethro Wishink, Matthew Graver
- Assemblies – Jared Sheppard, Huw Nestor
- Middle School Newsletter – Dylan Viney, Jared Sheppard
- Lunchtime Activities – Matthew Street, Huw Nestor, Jethro Wishink, Ronan Fenton, Richard Gard
- Academics – Dylan Viney
- World Vision Coordinator – Joshua Phillips

All boys performed their tasks well and some of their achievements are listed below:

- Middle School Newsletter was published three times
- Feedback to improve Diaries was given to the Senior School SRC
- Lunchtime Activities included Tug Of War, Skateboard display, 3 v 3 Basketball, Student v Staff Basketball and Football games, Debating, Toporama, Soccer Shootouts for MS and JS, Indoor Soccer for MS and JS, Table Tennis tournament and Handball competitions

Artwork by Liam Houston Gr8

Artwork by Richard Gard Gr8

- Year 8 camps were evaluated and information was passed to Mr Morton and Mr Stewart; all comments were couched very positively
- A Bike Survey for the Hobart Council was completed
- A Middle School Sponsorship Child was organised and every Tutor Group has been raising money through fundraising activities to support Roldolfo in El Salvador
- Sport summaries were produced on the sports boards to inform MS of our sporting successes
- A canteen survey was completed to get opinions on how it could be improved.
- New sports gear for lunchtime was organised
- A two-hour training evening for the Council was arranged to create an Academic Certificate that rewards academic effort in the classroom on a regular basis – it is hoped that this will be in operation from the start of 2001
- Tutor Groups' SRC representatives met on a regular basis with Tom Coyle to discuss ways of improving the Middle School
- Middle School Assemblies were organised
- Members acted as Ushers for Open Day and Grandparents' Day
- The Council members did extra leadership training on how to run meetings effectively.

It has been a busy year for all the Council members and they are to be congratulated on giving up so much of their time to assist the teaching staff and in providing service for their peers.

"Education of the whole person is so vital"

The Olympic Year has come and gone - what a fantastic focus that was for all of us! The event made me proud to be an Australian. The organisation and spirit of support for our athletes, including the para-olympians was extraordinary. It proved conclusively that Australia could organise this event better than any other nation has in the past. We face those same challenges in keeping Hutchins at the forefront of education in Australia. We need to have the confidence in ourselves to educate boys to take up the challenge of competing on the world stage. The education of the whole person is so vital here.

I will provide a very brief summary of some of the many activities our boys have been involved in...

Overseas exchange schemes and working holidays are very popular. Many boys want to spend a year overseas before commencing their tertiary studies. Tim Warren, Charles Blundell, Samuel Nichols, James Jenkins, Matthew Banks and Michael Gozzi have all been selected as exchange students for next year. James Laird will spend six months as a GAP student at the Bangkok Patana School in Thailand.

Matthew Wertheimer and Simon Foster at Bucks House Athletics

Scott Wells had a chance to visit Edinburgh in Scotland as a member of the Australian Athletics team at the World Youth Games. He received a silver medal for the 4 x 100m and is now ranked eighth in the Commonwealth for the 100 metres.

Our national winning Australian Schools Web team consisting of David Townsend, Arthur Pitman, Charles Blundell, Peter Bardenhagen and Nicholas Bester won the AFR Australian Internet Awards. Why not visit our Hutchins Website to view their hard work?

Blake and Beaven O'Connor have had a good year in Judo. They both competed in the 2000 Oceania International Judo Tournament in Sydney. Beaven won a gold medal and Blake won a bronze medal. Beaven came first in the National U20 Judo titles and Blake came third in the National titles.

Arthur Pitman, our Dux in 2000, won the state finals in the Tasmanian Lions Youth of the Year Quest 2000. Christopher Jones won the Eduart Multimedia Award for his Research Investigation on "Removing Oil from Water" in the 2000 Tasmanian Science Talent Search.

Alex Thompson was a volunteer at the rowing during the Olympic Games in Sydney and provided great assistance not only to the English rowers but to others with whom he came in daily contact. Joe Aston was a delegate to the International Youth Parliament 2000. Joe is one of two delegates representing Australia. Richard Charlton (Year 12) gained an Award in the Ilford "Symmetry" Photographic competition. Jamie McLoughlin won a prestigious Short Story Writing Competition.

Alasdair Edwards, Alex Reid and Perry Brown

Ben Robinson represented Tasmania in the National Schools Orienteering Championships. He has also been presented with a Queen's Scout award. Simon Enman was presented with his Bronze Duke of Edinburgh Award during the year.

Our sailors too have been very busy. Hutchins won the Schools Sailing Regatta and represented the State in the Team Sailing National Championships where we placed third. Matthew Banks together with crew of Trent Strickland and Victoria Banks won the Australian 12-foot Cadet Championship held in Hobart.

Sam Madden qualified to compete in the Short-Course World Cup Swimming Championships in December. He broke six Tasmanian records at the national titles. Scott Wells, Andrew Dawson, Sam Madden and Joe Pemberton represented us at the 6th Pacific School Games.

It was great to win the Head of the River for the twenty-third (out of 42) time since the boys' Eights were introduced in 1959. James Murdoch stroked the crew. We also won the prestigious Aggregate Trophy again.

Stuart Ecob, our First XV Rugby captain, was selected in the Australia B Schools team after the National Championships in Brisbane. Ben Crosswell continues to impress on the soccer field being selected to represent Australia at the Under 17 level.

James Cameron is now the best under 17 competition rock climber in Australia. There are now more and more boys competing in this demanding sport.

Australian Rules football had a great year with the First and Second XVIII winning their respective Premiership. The First XVIII had the rare distinction of going through a season unbeaten. Xavier Goc played in the State U16 Football team.

Jon-Ho Chan, Andrew Twin and Isuru Amarasena (all Year 10) came first in the Tasmanian Titration competition. This team also won the Spaghetti Bridge Building Competition at University Open Day.

Richard Griggs won both the boys 16-17 years and the Open Junior trophy at the Ben Lomond Ski races. Matthew Holmes and Ben Walter have been highly successful in their Go-Kart racing. Both have won State Titles.

Michael Shaw, Eric Daniel, Toby Ekins, Sarah Hewer (Collegiate) won the Australian Institute of Physics Quiz. This is the third year in a row that a Hutchins team has won the Quiz.

Shaun King has completed his National Umpiring Accreditation Scheme Course with boundary umpiring in Australian Rules. Will we soon see him in action at the MCG?

At the Awards Assembly the Headmaster presented Honour Badges to Matthew Banks (for Caps in Cricket, Hockey and Sailing), Thomas Gibson (for Caps in Athletics, Australian Rules, Rowing and Swimming), James Jenkins (for Caps in Athletics, Australian Rules and Cricket), Benjamin Robinson (for Caps in Music - Instrumental, Orienteering and Rugby), Simon Taylor (for Caps in Australian Rules, Basketball and Rowing) and Alex Thomson (for Caps in Athletics, Australian Rules, Cricket and Water Polo).

Finally Stephen's House won The WJ Gerlach Cock House Shield and House Flag for the second year in a row. At a special moment in this year's Speech Night, the Stephen Gumley Shield for Cock House Academic Effort was presented to Scott Wells, the Captain of Thorold House by Dr Gumley, in whose honour the shield is named, and who flew from Melbourne to make the presentation.

Mr B Irons
Head of Senior School

Singing the Leavers' Song

Director of Studies Report

1999 Leavers

Last year was a very good year for academic achievement with some of our best results at a state level. 94 percent of the 1999 leavers qualified for university entrance. This says a lot about the hard work and success of our weaker and middle level ability boys, particularly when one compares it to the previous year when the percentage qualifying for university entrance was 86.8. As the school push on academics builds, we are seeing a reduction in low scores and a higher number of boys who achieve solid middle level scores.

Two Hutchins boys achieved the equivalent of perfect Tertiary Entrance Scores of 100. Matthew Woolley deserves a very special mention. He is the first Tasmanian student to gain a TER of 100 in year 11 and again in year 12. His Interstate transfer Index (ITI) was the highest possible at 99.95. Aaron Buckland was very close behind Matthew with an ITI of 99.90. Hutchins had two students in the top six in the state.

We are proud of the achievements of all our leavers but we particularly congratulate those who gained Tasmania University Scholarships: Matthew Woolley, Tasmania National Undergraduate Scholarship in Engineering (valued at \$10,000 per year for 4 years), Gregory Steedman, Yr 12 leaver 1998 Deloitte Touche Tohmatsu Tasmania University Scholarship in Commerce (valued at \$2,500 per year for 3 years), and Adam Abdul-Rahman won the Thompson & Brett Scholarship in Engineering (valued at \$2000 for his final year in Engineering).

Philip Bender, who you'll remember won the now historical 'Trust Bank' scholarship last year, has continued his success with an astonishing list of university prizes:

1999: Australian Society of Certified Practising Accountants Prize for academic excellence in the 2nd year;
1999: TCCI Prize for best performance in Economics for Business;
1999: PricewaterhouseCoopers Prize in Accounting for academic excellence in 2nd year Accounting;
1999: Sir Herbert Nicholls Common Law Prize for greatest proficiency in both Torts and Contracts;
1999: Butterworths Prize for the highest marks for Contract, he was placed on the Dean's Roll of Excellence for 1999.

Chris Line won the Thomas Normoyle Prize for proficiency in First Year Engineering. Adam Eijdenberg and Martin Matthews won a M J Rees Prize for First Year Information Systems.

Many outstanding individual results amongst the 1999 leavers complemented Matthew Woolley and Aaron Buckland's perfect scores of 100. The number of boys who gained scores in the 90s increased last year - these are also exceptional students (I have listed them in descending order): Nathan Moore, Alistair Kan, Michael Ashbolt, Mark Alcock, Christopher Halse-Rogers, Tim Starkey, Bice Dibley, James Field, Grant Miller, Sebastian Carr, William Whitehouse and James Walker. Some 23% of boys studying pretertiary subjects obtained the highest award of Outstanding Achievement, while 63% obtained a High Achievement or better. We offer our congratulations to all these boys.

We are also proud of our 1999 year 11 boys, particularly those recognised by a University of Tasmania Certificate of Achievement: Mathew Baldwin, Nicholas Champion, Richard Charlton, Richard Clark, Eric Daniel, Robert Howell, James Murdoch, Arthur Pitman, Oscar Potter, Michael Shaw and Nicholas Starkey.

The strength of last years results are illustrated by the number of perfect Outstanding Achievements scores of 20 and their spread across 16 subjects:

Accounting	1	Art, Craft and Design	1
Biology	4	Chemistry	8
Economics	2	English	5
English Literature	3	Environmental Science	1
French	3	Legal Studies	1
Mathematics Applied	3	Mathematics Stage 2	2
Music Advanced	2	Music Performance	1
Physical Science	5	Physics	8

Curriculum Developments This Year

2000 has been a very active year for curriculum review and development. Work continues on 'integrated studies' in the Middle School. Significant staff development was conducted at the beginning of the year on supporting 'gifted and talented' boys. The Centre for Excellence now runs a major Gifted and Talented Program that not only provides for our boys but also included a number of sessions for the members of Gateways.

Literacy

The Literacy Committee, under the vigorous leadership of Mr Wells, continues to address the literacy needs of our boys. This year we were among one of the first independent schools in Tasmania to participate in the Commonwealth Literacy Benchmark test. The data supplied from this test will help the School better assess and assist the progress of boys throughout their school years.

Studies continue to show that reading remains a vital key to lifting literacy levels. As such Hutchins will be introducing the DEAR programme to all boys in Grade 9 in 2001. 'Drop Everything And Read' sets aside a formal 20 minute period in the school day for boys in Grade 9 to read material of their own choice.

Revitalizing years 9 and 10

A group of staff, under the enterprising leadership of Mr Symons, have been exploring ways in which we might revitalise our Years 9 & 10 curriculum. National evidence (supported by our boys) suggests

some disaffection with these years of schooling. For some it is alienation, for too many it can be underachievement.

The group is taking a wide range of views into account. This includes considering the School's mission statement, the Adelaide declaration on the purposes of schooling, input from mainland schools, the desires of our professional teachers and committed parents and, just as importantly, the needs of the boys. It involves addressing some fundamental questions. What emphasis do we place on: language and communication, on enterprise and vocational education, on developing a global perspective, on connecting with the wider community, on valuing personal expression in the creative and performing arts, on the value of adolescent physical and mental health?

K to 10 Curriculum Reviews

This year we completed extensive reviews of curriculum content from Kindergarten to Year 10 in the faculties of Science and in Modern Languages. The purpose was to ensure continuity of experience for boys across these years. We want to avoid needless repetition of content and ensure a progressive build-up of skills and knowledge. Some particularly valuable work was put into developing a new Early Learning Centre program in science. My thanks go to Mr Smith (Science) and Mr Wilson (Modern Languages) for their leadership of this work.

PE & Health

Mr Young went on sabbatical leave to the United States of America where he studied Physical Education programs with particular reference to health. As a result of his leadership The Tasmanian Secondary Assessment Board have adopted the Hutchins Health and PE Program as a model for the development of these health and physical education subjects across the state.

Information Technology

There were significant developments during the year in IT and network management services. The Internet connectivity improved with increased bandwidth. The Hutchins community can now 'dial in' to access the school's Intranet and Library catalogues via the School's Intranet website. A new website has been developed for implementation at the start of the new academic year. The IT Committee included the two Student IT Committee Leaders, David Townsend and Arthur Pitman. It met twice each term to review policies, budget planning and projects in progress.

The Middle School Lab and the Senior School NT Lab were upgraded; and PCs in Junior School classrooms were increased or upgraded. The Boarding House, Gym, and Chapel received network connections and existing connections.

Plans for a new 'state of the art' multimedia teaching and learning facility - a Centre for Computer Arts - were developed during the year as a forthcoming major works program in the Senior School. This project involves industry partnerships in electronic and communication technologies to enhance learning opportunities and vocational pathways, and to donate hardware, software or other curriculum resources.

In close co-operation with Collegiate, the implementation of the new library software assists the integration of IT into teaching and learning and helping students use appropriate information handling skills for digital library services. Teachers' professional development in IT focused on requirements for teaching and learning online, or delivering aspects of the school's curriculum resources after hours to students' homes and the wider Hutchins community.

Three major IT strategic directions for 2001 involve an upgrade to the academic database for assessment and reporting; the introduction of the Certificate II course in Interactive Arts - Multimedia; and the installation of the Telstra managed EduNet services for managing student email and safe Internet services. The EduNet project will enable the boys to have greater involvement in deciding which global information or online educational services are available on their desktops, or instrumental to their independent and lifelong learning as well as their course achievement. I am grateful to Mrs Abel, who is driving the IT changes in the school, for her knowledge and commitment.

SRC

Oscar Potter, the Chairman of the SRC Curriculum Executive has reported elsewhere in Virtus so I won't repeat him here. However, I would like to acknowledge his exceptional leadership this year. He chaired a weekly meeting of four committees: Learning Programs, Activities, Clubs and societies and Educational Review - each of which managed a rich program of school events. In addition, he and the other committee members assisted with numerous school events including the Open Day and the Fair. Oscar and Arthur Pitman managed this year's Scholars Conference. Its success was directly due to their leadership. They gave a particularly good talk to the scholars on personal development and academic development.

Peter Hodge
Director of Studies

"We enjoyed the year"

Enjoy? Our house can definitely look back on 2000 and say: "We enjoyed the year!" We achieved so much through hard work, but had a great time doing it. It wasn't just sporting events that Steves got heavily involved in, but cultural, community and academic pursuits as well.

The Year 9s

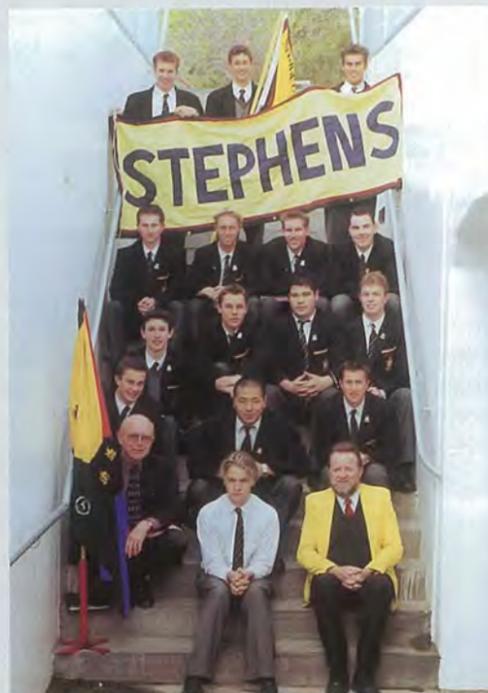

The year 9s started off their first year in senior school well, making an enthusiastic contribution to the success of Stephens. They began in style at the swimming carnival, which was Jacob Britten's highlight of the year. During the year, many boys took part in victorious sporting teams, such as Stuart Arnold in his Soccer premiership and Andrew Sheppard acquiring the Squash medal. Nathan Jones was delighted to play Seconds Tennis, as was David Powell in making the Athletics team.

Jonathon Cook took pleasure in being a youth envoy for the Federation celebration while Cameron Stuart and David Salter were happy with their good reports. Others drew satisfaction from individual subjects: Karl Woisetschlager and Hakiran Narulla passed their Drama exam as did Stuart Foley a Maths test and Jonathan Mison achieved high marks in English. While Jack Madden took out the U15 Cross-Country, Tom Mills and Michael Bowman were very glad to finish.

Many people were able to join in the fun of the festival this year and Rob Abell, Nick Summers and Coel Bender were no exception. Matthew Mulchay gave a great performance in House Drama, as did Mark Toppin in House Music and Adam Hill in Theatre Sports. Simon Enman had a great time doing the lighting for the house play. Piers Symons liked Winter Sports Day. Guy Crichton took great part in the house cheering while Nathan Brooks just enjoyed the whole atmosphere of Stephens House, as did Andrew Dawson in tutor with Mr Burch.

The Year 10s

The Year 10s were very satisfied with their efforts at the sporting carnivals this year. The swimming brought many boys glory, such as Monty Hutchins, Sam Madden, Ben Creese, Sam McMillan and David Johnson. In Cross Country Jay Long, Tom Stove and John Morey were happy with their performances.

House Executive 2000

Back row: Tom Gibson, Shaun Wallbank, Alex Thompson

Row 4: Alex Deane, Finn Dorney, James Jenkins, Andrew McCann

Row 3: Andrew Browne, Hugh Brolsma, James Laird, Richard Griggs.

Row 2: Andrew Summers, Jamie Shearing, Robert Catchpole.

Front row: Mr Stacey, Peter Cerny, Mr McQueen

Summer Sports Day saw several house members triumph including Stewart Wells in Sailing and Hugh Griggs in Basketball. The house formal lunch was popular especially for James Baker and James Harrison. Then Winter Sports Day and again James Toppin and Alex Finnis won their House Football match. Ben Dermoudy was thrilled with his membership of the Second XVIII premiership squad.

Celebrating the Olympic torch relay was the year's high point for Joel Sorrentino, Sean Le Rossignol and John Cambell. Andrew Deane and Robert Knight were members of the First Soccer team which made it to the state final. Adrian Clarke and Tom Giblin took out their Hockey premiership.

More great performances came from Hugh Miller in House Drama and Richard Salter in House Music. Jesse Plumb liked the House

Whip's cartwheels at Athletics while John Cooper was happy to see a great turnout for the Head of the River. Edouard Kelly took great pride in simply seeing other members of the house do their best.

The Year 11s

The Year 11s have begun to take on some responsible roles this year and have managed very well. Again the House Festival was popular with this group, with James Troon, Chris Wagner, James Porter, Alex Tozer and Matt Gardner enjoying the entire week.

Others especially liked the different events: for example Harry Pugsley enjoyed the music section and Mark Kramer, Jeremy Behrakis and Marcus Jones took delight in the formal lunch. Mathew Jackman and Alasdair Grenness were also fans of the Whip's cartwheels at the Athletics while others, such as Pryderi Jones, John Andrews and Ed Moase, did their best on the track.

Davis Halvorsen was happy with his effort at Rugby's "King of the Mountain", as was Josh Marsh when Steves won House Basketball. Adam Foster gave a sterling show at the Touch Rugby competition on Winter Sports' day. More success came when Anthony Kelsall captained the Seconds Tennis to the state final.

Other individual highlights came from Cameron Burgess in his First XVIII state final win, Mark Playle in his First Soccer debut state final, James Eddington coming second

Art at our House festival

Simon Enman enjoys the formal fun lunch

in the schools' Climbing competition and David Roberts finishing first in his Body-Boarding competition. Rodney Smith liked the Cross Country and footballers Charles Schreuder, Brent Commene and Blair Browning contributed to the house team that won for the third consecutive year. Patrick Harradine simply enjoyed tutor periods with Mr Smith.

Ben Taylor enjoyed House Cricket and Joe Aston was delighted with the band's performance in House Music. Rowan Ashby and Felix Blackler put on a marvellous show in House Drama and Hugh Richardson shared in the fun as an audience member for his highlight of the year.

The Year 12s

In our final year, the Year 12s will be left with a real feeling of accomplishment as we succeeded in areas of expertise and experienced some new activities.

Luke Sorrentino won his Second XVIII state final with a similar result for Rhys Long and James

Row 7: John Andrews, Paul Orlowski, Cameron Burgess, Rowan Ashby, Blair Browning, David Halvorsen, Alasdair Grenness, Peter Bardenhagen, James Murdoch, Hugh Miller, Mathew Jackman, Anthony Kelsall, Arthur Pitman
 Row 6: George Friend, Rohan Clifford, Hugh Richardson, Alex Finnis, Simon Enman, Sam Fitzgerald, Charles Schreuder, Derek Flakelar, Ben Taylor, Liam Nichols, Harry Pugsley, Andrew Graeme-Evans, Guy Crichton, James Harrison, James Eddington
 Row 5: Rhys Long, Scott Lovell, Hugh Griggs, Sam Madden, Piers Symons, Coel Bender, Stewart Wells, Josh Marsh, David Roberts, Matthew Gardner, Jay Long, James Toppin, Alex Deane, John Campbell, John Cooper, Ben Creese, James Stoessiger
 Row 4: Nathan Jones, Matthew Mulchay, Mark Toppin, Edouard Kelly, James Troon, Pryderi Jones, David Johnson, Patrick Harradine, Tom Stove, Felix Blackler, Mark Playle, Jonathon Cook, Jack Madden, Rodney Smith, Chris Wagner, Alex Tozer, Harkiran Narulla, Jonathan Mison
 Row 3: Mr T Turbet, Robert Knight, Richard Charlton, Robin Abell, Edward Moase, Andrew Dawson, Michael Bowman, Tom Giblin, Karl Woisetchlager, Marcus Ashley-Jones, James Baker, James Porter, Ben Dermoudy, Stuart Arnold, Sam McMillan, Adrian Clark, Stuart Foley, Mr R Stacey
 Row 2: Mrs J Abell, Nick Summers, Adam Hill, David Salter, Tom Mills, Stuart Ecob, John Morey, Sean Le Rossignol, Joel Sorrentino, Richard Salter, Cameron Stuart, Jeremy Behrakis, Andrew Sheppard, Jacob Britten, Nathan Brooks, Mr B Burch
 Front row: Mr H Smith, Andrew McCann, Robert Catchpole, Andrew Browne, Richard Griggs, James Jenkins, James Laird, Finn Dorney, Mr I McQueen (Housemaster), Jamie Shearing, Hugh Brolsma, Andrew Summers, Alex Thomson, Peter Cerny, Tom Gibson, Shaun Wallbank, Mrs A. Smithies
 Absent: Alex Deane (House Captain), Luke Sorrentino, Jesse Plumb, Brent Commane, John Eland, Monty Hutchins, David Powell, Joseph Aston, Ben Tallboys, Marc Kramer, Adam Foster.

Jenkins in the First XVIII. Other footballers such as Alex Thomson, Tom Gibson and Richard Griggs enjoyed the House Footy on Winter Sports Day. Sam Fitzgerald captained the House Tennis team to victory while Hugh Brolsma's favourite part of the year was tutor time with Mr Burch.

Jamie Shearing showed off his handstand antics at House Rugby and James Laird did a wonderful job as House Drama director. Stuart Ecob's special occasion was competing in the Australian Schoolboys Rugby team and James Murdoch was ecstatic with his Head of the River win. More house members fond of the festival week of celebration were Peter Cerny, Paul Orlowski, Andrew Browne, Peter Bardenhagen and Arthur Pitman. Robert Catchpole took part in the kind gesture of filling Mr McQueen's office with balloons. Derek Flakelar felt good to finish off the year well in academics and George Friend captained the House Cricket team to victory. Rohan Clifford ran well for the house in Athletics.

Liam Nichols and James Stoessiger represented the house well in Surfing, as did captains Finn Dorney in Sailing and Ben Tallboys in Chess. House Music, thanks to Scott Lovell, sounded fantastic. At the Cross Country, Andrew McCann ran a gutsy race for his last time. Richard Charlton captured superb photos of the life of the house again this year. Lively support came from Andrew Summers at the Athletics. For House Soccer Andrew Graeme-Evans organised a good team which came out on top. Like many, our House Captain Alex Deane could not decide on his highlight of the year, relishing in all of it. The guidance of him and the executive provided an exciting and eventful year. As Whip, I hope I brought enthusiasm, determination and a sense of humour.

To be a Stephens House boy means one can be proud of the dedication other members demonstrate through stretching the limits of their talent and sheer persistence. Our achievements are made possible by the combination of a pleasant group of young gentlemen with an excellent crew of staff. To create a productive atmosphere must be a difficult task and we appreciate the exceptional help available to us.

Shaun Wallbank
House Whip

Housemaster's Report

Next year I take up the position of Head of Middle School. As I look back over nine years as Steves Housemaster, I feel immensely grateful to have been able to work with so many delightful boys and such dedicated, professional and caring tutors. Mr Starkey, the in-coming Housemaster, is a very lucky man.

I R McQueen

The House Rugby team

"Activities that combined both family and friends"

Thorold House has had a great year in 2000. Our goals for the year were to continue strongly with academics and to focus primarily on the Cock House Shield.

This year saw the retirement of long-time serving House Master, Mr Overton. He has touched many people's hearts with his generosity, care and friendliness. He was a great man to work with and I can't thank him enough for his time and friendliness towards me.

Throughout the year Thorold enjoyed many activities that combined both family and friends. An example of this was the very enjoyable family chapel service that was conducted mid year.

a superior event that integrated all sections of the school.

Another enjoyable and well-organised activity this year was the K-12 assembly organised and run by several year 12 students. This was a superior event that integrated all sections of the school.

The Cock House competition started off well with a good result in the Swimming. Our luck changed, however, as the year progressed. This slow start is now a known tradition in Thorold House. We fought on throughout

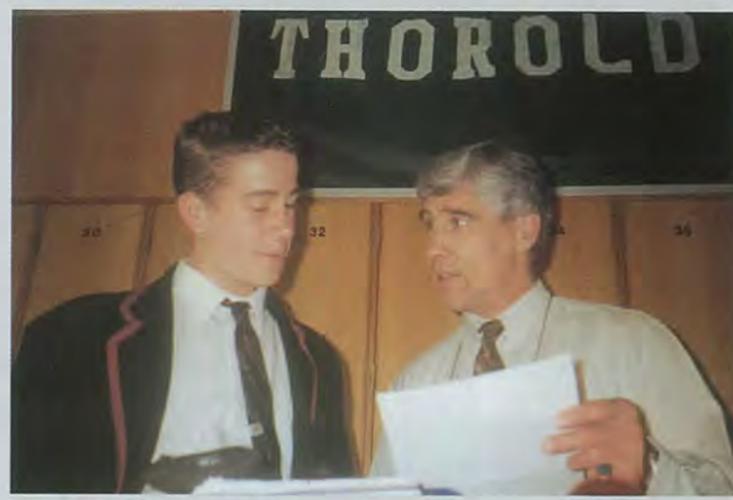

Thorold House Executive

the year knowing our strongest events, namely Athletics, Cross Country and Drama, were to follow. We were successful in winning the Cross Country. Mid-year results showed that we were third, behind Buckland and Steves. Throughout the year Steves proved to be very competitive with their strong sporting teams. Because of a late run at the line, winning Drama, Athletics and Debating, Thorold was successful in gaining a second place in the Cock House. The winning performances were achieved only because of a total house effort.

At the start of Term 2, Thorold saw the induction of our new Housemaster, Mr McLeod, who rejoined Hutchins after spending a year away on exchange in Texas, USA. He has settled into the job superbly, filling the very big shoes left by Mr Overton.

As House Captain I would like to thank the House executive for their tireless work throughout the year in deciding on various matters regarding the House. I would also like to thank this year's House Prefects, and Vice-Captain Eric Daniel for their outstanding work. A special thanks goes also to Mr Overton and Mr McLeod, the two housemasters with whom I have worked closely this year.

Scott Wells
Thorold House Captain

Tim Gillam talks with Mr Webber

Year 12 leaders sing their farewell song to the final Thorold assembly

"A House that cares"

Ten years of distinguished leadership of Thorold House by Mr Overton concluded at the end of first term. A highly respected Housemaster, Mr Overton was particularly admired for his detailed knowledge of every student in Thorold House and for his sincere and extensive counselling skills. Under his guidance and leadership Thorold House has flourished and been left in excellent shape: 'A House that cares'.

In second term I was extremely pleased to be taking on the position of Housemaster on my return from a year on a teacher exchange. My 18 years with both the middle and senior schools at Hutchins, and my year's experience at the St

participating both in school life and within the wider community

Mark's School of Texas, have prepared me well for the challenges of the position.

Thorold House students have been participating both in school life and within the wider community: from flag bearers at the Mariners' Service to Mr Wells' tutor group introducing plate smashing at the fair. Patrick Durkin was a member of the Tasmanian Student Representative Council, being well prepared by the RMn Friday current affairs discussions.

This year we welcomed into the House Anthony Cox and Loc-Kay Tam, and we farewelled Thomas Hepp, Gregory Parker and Adam Kean. In Term 2, Richard Hentschel returned to Germany after a one year stay. His farewell speech to senior school assembly was very well received.

Scott Wells in his report has given details of the Cock House competition. I was pleased to observe many of those competitions being keenly contested by Thorold students. I was greatly impressed by the spirit with which this was done.

High achievers on the sporting front

On the sporting front, we had a number of high achievers.

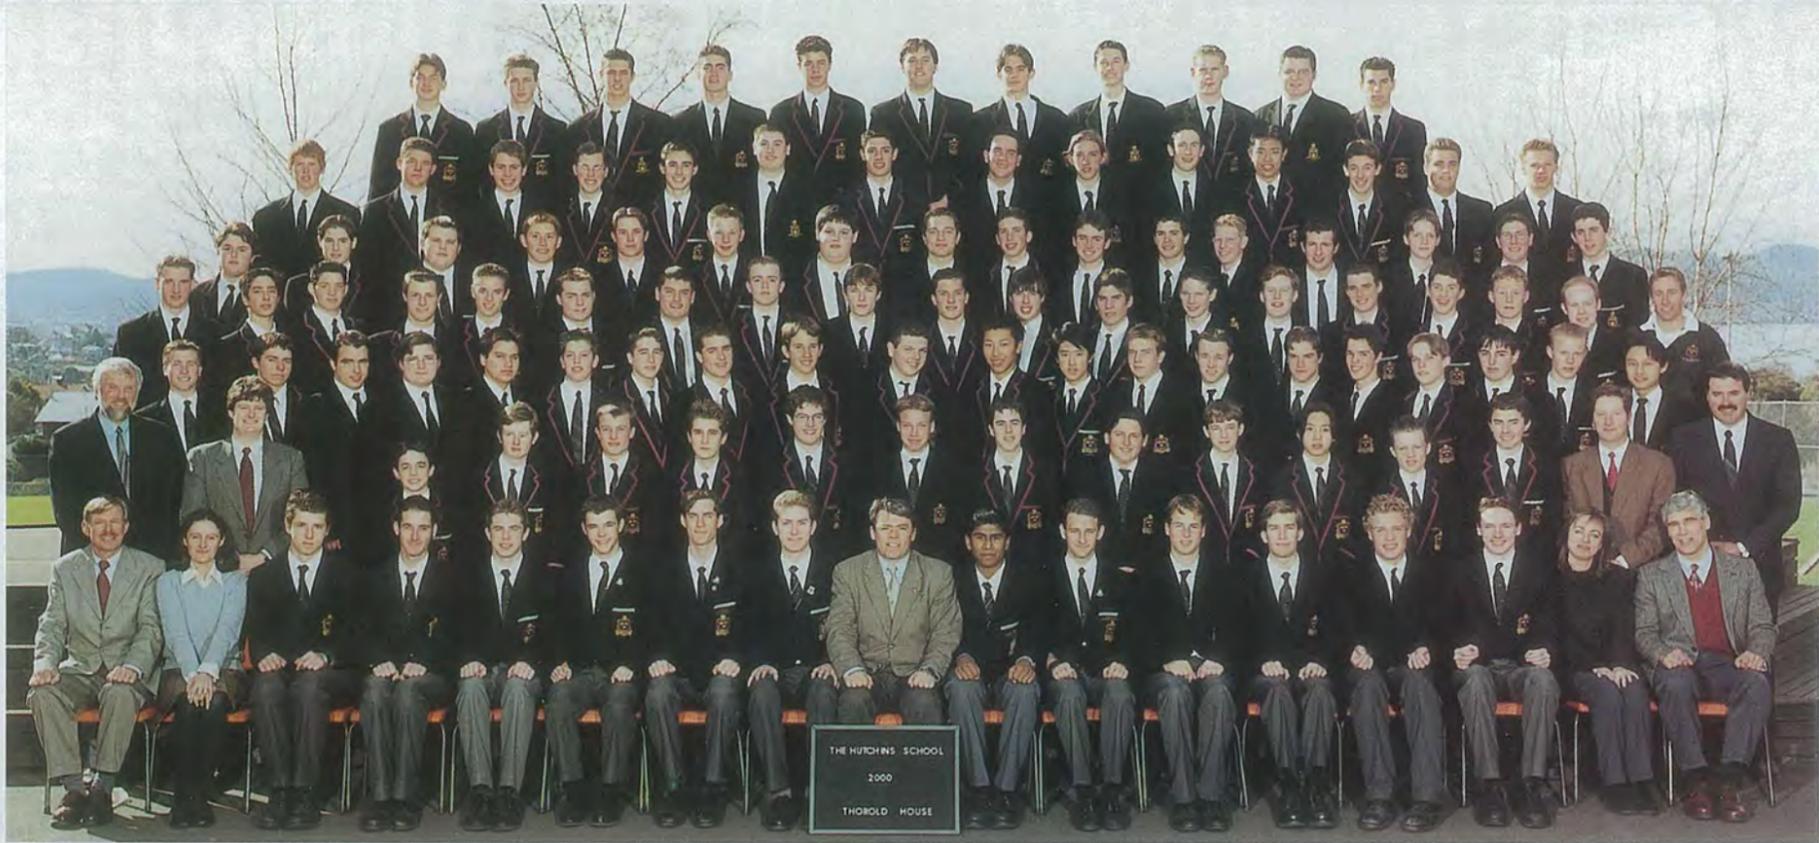

Scott Wells won a silver medal as an Australian team member for Track and Field at the Commonwealth Youth Games in Edinburgh, Scotland. Bevan and Blake O'Connor were named in the Australian Junior Judo team to compete in Tunisia, after their success at the National championships. James Cameron won the National Open Rockclimbing Championship. Richard Headlam was Captain of the State U18 Hockey Team, Nathan Young was a state team member of the Junior Ten Pin Bowling Team, and Paul Ancher was a member of the U17 State Cricket Squad.

The major awards for Thorold House, the Richard Hewson Award and the Tom Kibbey Award, were won by Richard Chopping and Joel Saunders respectively. A Housemaster's prize was awarded to David Bell. Anniversary ties were received by Anthony Bastick, Joel Saunders, Robert Howell, David Bell and Nicholas Dodd.

A huge variety of experiences and talents of students, teachers and visitors were shared

Throughout the year the tutor groups organised house assemblies. A huge variety of experiences and talents of students, teachers and visitors were shared with the House, and these times were highly valued by staff and students.

One House Tutor, Dr Jim, went on long service leave, travelling to the US and France. While he was sorely missed, his absence did provide us with the opportunity to welcome Mrs Kellie Robinson and students found her to be a caring and interested teacher. A highlight of her time with us was her address to Chapel when she talked of her faith and her search for peace.

Row 7: Lewis Halliday, Matthew Drury, Joe Pemberton, Sam Halliday, Jonathan Haynes, Tim Cooper, William Ward, Samuel Harvey, Oliver Mellers, Liam Chivers, Adam Kilby

 Row 2: Mr M Calder, Mr K Moore, Jonathon Manning, Alex Halse-Rogers, Sam Perkins, Liam Coyle, Andrew Twin, Jeremy Inglis, Ben McKay, Alex McMaster, Drew Latham, Lok-Kay Tam, Alex Menzie, Gareth Servant, Mr B Wells, Mr R Servant
 Front row: Mr P Hodge, Mrs K Robinson, Nick Dodd, Nick Randall, Nick Starkey, Jamie McLoughlin, Michael Gozzi, Oscar Potter, Mr J McLeod (Housemaster), Eric Daniel, Trent Strickland, Richard Headlam, David Bell, Johnny Tremayne, Michael Shaw, Mrs T Werner, Mr A Webber
 Absent: Scott Wells (House Captain), Richard Chopping, Beavan O'Connor, Blake O'Connor, Nathaniel Symmons, Ben Crosswell, Matthew Holmes, Ben Morrison, Nicholas Watson

Sadly, Thorold farewells a wonderful group of leavers. As well as the grade 12s, Adam Batchelor from year ten and Winston West and Anthony Cox from year nine are leaving at the end of the year.

issues of honesty and academic rigour
 I would like to congratulate the house prefects for their many achievements and initiatives and for their raising of issues of honesty and academic rigour in the House. I also wish to speak in appreciation of the House Executive. Those students were dedicated to the house, they showed imagination in their ideas, and they were always ready to support the house prefects when a call came for their assistance.

his call for them to participate in house activities, irrespective of their chances of winning, was a message heeded
 Scott Wells has been a tremendous House Captain who showed great leadership ability as well as sensitivity, good humour and understanding. He commanded the respect of the students and his call for them to participate in house activities, irrespective of their chances of winning, was a message heeded more and more as the year progressed. At the same time, he himself achieved in many areas. As House Captain he performed all his tasks with excellence, including one not normally necessary; that is, the task of breaking in a new Housemaster.

My thanks go to the tutors for their care and dedication and I congratulate the house for its many achievements. Some of these are marked by tangible signs but others are the intangible achievements that are reflected in the great spirit of the house.

"A sea of red cheering"

When I shook the hand of Mr Millhouse as Captain of Buckland House at the beginning of the year, I never dreamt this would be the final year in Bucks for both of us! As many chapters are drawing to a close (the Year 2000, my time as House Captain and "Millie"'s as House Master), it is the time to reflect on the successes of 2000.

Unfortunately, it is not with over-indulgent pride that we cast our eyes over the Cock House Honour Board (this year we finished a triumphant third!). Yet despite this, the spirit and emotion of Buckland 2000 has made it a great year! At every event throughout the year this spirit was evident, regardless of the weather, or our position. Perhaps this was exemplified by Tim Warren at the House Swimming with his renditions of "A bee bop ba loo ba" or perhaps it was a sea of red cheering our victorious tug-of-war teams to their devastating wins at House Athletics.

Maybe to see saturated levels of house spirit would entail attending Summer Sports Day where we won the table tennis, and did well in sailing and basketball, and finished the day a creditable third. This was followed up equally well with Winter Sports Day with gallant efforts displayed at Kingborough in volleyball and badminton.

Unfortunately, during Term 2 a large percentage of the House came down with a dreadful virus, which seemed to conveniently coincide with Cross-Country. Needless to say, we didn't demolish the

Grant Burdon, Alex Reid, Stuart Hall, Pat Sherwood and Stephen Blakesly

opposition as previously hoped. House Drama saw us placed fourth, due to a controversial decision by, above all, an adjudicator who was an ex-Buckland boy - I emphasise the word "ex"! Nevertheless, we bounced back at Chess being narrowly defeated by the superior cunningness of School.

There are so many individuals that need to be congratulated, thanked and worshipped for their tireless approach to the House. It is the worker bees that build the nest and the 2000 Buckland Army certainly epitomized this. In particular, I would like to congratulate Tim Warren and Chris Morey on winning the prestigious Waratah Award. I would also like to thank all sporting captains and member of the House Executive. Winning Cock House isn't everything!

What gave all members of Bucks the biggest amount of satisfaction this year was being able to raise \$500 for the Kathmandu Eye Hospital. Thanks also must go to the wonderful, organized and efficient House Prefects who have fulfilled each of their portfolios amicably. My two biggest thanks go to Bryce Taplin, who was fantastic with his ability to keep Mr Millhouse and myself pointed in the right direction.

Finally, to a truly great man who has given absolutely everything to this House and has contributed so much more to many people's development than he will ever know - Millie, you're the best and Bucks is forever indebted to you!

Matthew Banks
Buckland House Captain

Housemaster's Report

This has once again been a memorable year and as it is my last year as Housemaster of Buckland House I reflect upon the year with a certain degree of sadness. Having served as Housemaster of the best house at Hutchins for nine years I have seen many changes take place.

What I believe has been the most significant change has taken place over the past few years: Housemasters are now free to pursue their most important task, and that is the pastoral care of students. Whilst winning the Cock House or being the house that have the most barbeques may be important, we should not lose track of what our house system is all about, and that is making sure that a student's life at school is memorable and successful. I like to think that has been the case with boys who have been in Buckland. Bucks has a huge amount of spirit and I ask that that tradition be maintained.

I am sure my colleague Mr Young will take on the role as Housemaster with enthusiasm. And, I am sure Buckland boys will again see many changes. As I move to being Head of Science I will be carefully looking on with interest. I wish everyone in Buckland House future success. It has been an honour to have been Housemaster.

Matthew Wertheimer and Simon Foster at Bucks House Athletics

9/12 The

Our Tutor Group has performed well this year in a wide variety of activities. We have participated in sports, including cricket, football, soccer, rock climbing, tennis, hockey, table tennis, volleyball and basketball. We also participated in many extra-curricular activities. As well as going on the many climbing camps, Nick Perndt was involved in many drama productions throughout the school, and along

Stephen Blakesly, Alex Reid, Alex Polegaj, Damian French and Chris Jones

Alasdair Edwards, Alex Reid and Perry Brown

Bucks House Rugby Team 2000:
Richard Morgan,
Perry Brown, Caleb Lang, Alasdair Edwards and Alex Reid

with many other boys from our Tutor Group, was involved in the Little Shop of Horrors production. Hugh Thomson and Dean Rollins were in the Senior School Orchestra and also participated in the Maths Relay. Many boys have achieved high results in national competitions. A new experience for us was the Year 9 exams in the second week of Term 3. All boys coped really well and produced some outstanding results under pressure. Thanks to Mr Herbert for being a great tutor this year.

9/12 SHi

This year, 9Shi has excelled in and out of the classroom. Under the experienced watchful eye of Mr Hickey, we have had both a successful and enjoyable year. We welcomed Mr Winkle in Term 2, who was a student teacher studying Art. Perry Brown once again showed his grace in rugby, leading his team into the semi-final. Charles Cunningham represented the school at the Sailing Nationals. Matt Wertheimer captained the Sandy Bay Lions, and Ben Jackson was in his team. Matt was selected in the Southern Tasmanian Football try-outs, but unfortunately broke his ankle. Matt was also in the U15 squad, along with Alex Farmer and David Peterson. David and Alex also won the U15 doubles. David Peterson played hockey for the school and also for the southern state team. Patrick McMullen played hockey and also was in the successful U14 squad. David Sauer came second in the Cross Country.

Bucks at the House Cross Country

Bucks victorious 9/10, Tug of War 2000

10PCr

The year has been quite rewarding for 10PCr, highlighted by some of the following achievements. Tobias Ekins was a member of the Hutchins Swing Band, a House Prefect and was selected in the First Hockey and Tennis teams. Alistair French was also a Prefect. Isuru Amarasena was a member of the IT Committee. Mark Jessen was a member of the winning Table Tennis team in Term 1 and a member of the Badminton team. Joseph Chan was a member of the First Division Twilight Tennis team. The class had the following basketball players that competed in the Term 1 roster: Stephen Blakesley, Matthew How, Paul Hussey, Rob O'Connor and Grant Burdon. The team came second in the southern schools roster. Ryan Perry was a Year 10 Leader and made the Seconds Football team. Stuart Hall was a member of the A Hockey team. David Hicks was a member of the Orchestra. Caleb Lang made the First XV Rugby team, and Alex Polegaj was the leading goalscorer for the U16 Soccer team.

Richard Morgan, Joe Barker, Mr Wilson (stretching) and Alex Reid at Bucks House Rugby

10Ahy

2000 has been a very successful year for 10Ahy, under the tutorship of Mr Hyland and help from the year 12 supervisors Jason Siu and Mathew Baldwin. 10Ahy were involved in a lot of tutor activities throughout the year, which included Go-karting and pizza video/DVD lunches. Everybody participated in some activity whether it was in the tutor room or chapel. Academically our class achieved many awards and excellent results consistently throughout the year. Personal achievements during the year included Alex Reed making the First V, Patrick Sherwood and Bill Barnard's involvement in House Drama, and Josh Crossin playing in the Second XVIII's victorious team.

House Captain's Report

Over the past three years, School House has had difficulty putting points on the board in the Cock House competition. Last year there were signs of improvement and this year's contingent of Year 12s have worked to further improve our standing, with considerable success. Our voices have confirmed the tradition of leading the way in the stands, always supporting our participants on the track, field or in the pool. In addition, our minds collectively have been more focused in the classroom.

At the beginning of the year, School House was not aiming to blitz the other houses on the sporting field, but simply to do things right. If each and every boy did his best in everything he undertook, the personal benefit and satisfaction would outweigh the material plaque named 'Cock House'. The pride that each 'blue boy' carried on his chest was unmatched by the other houses. I congratulate the boys on all that has been achieved and hope that it continues to develop next year. We have savoured our victories, including Orienteering, Golf, Cross Country, Chess and more recently Music. Irrespective of where we have finished, team performances, such as those exemplified in the U16 and Open 5000m, have been excellent.

"personal benefit and satisfaction would outweigh the material..."

Life within the house does not focus solely on the Cock House competition. This year we have enjoyed many pleasurable activities, all designed to bring us closer together and to provide important avenues for the development of responsibilities and inter-personal skills, so important in life after leaving school. The house has enjoyed pizza, quiz & end-of-year lunches (special thanks to the leadership of Adam Jones), organized 'Macca' lunches for the younger grades as well as contributing significantly to the School Fair.

We have also raised money for worthy causes through donations & participation in doorknocks. Hopefully this will continue to expand into wider community service in the future.

Another important area where improvement has been forthcoming has been in academic effort. One facet within School House that helped us achieve this was the introduction of cross-age tutor groups where more older boys have assumed greater responsibilities for younger students, assisting with tutoring and advice regarding courses. This has also encouraged a stronger sense of unity across all ages, which our house motto - 'united and working together' - challenges us to nurture and develop.

Finally, I would like to thank the executive for their dedicated service - and the Year 12s, especially, for their contribution. It was a very rewarding and happy year. The tutors, Ms Schafferius and Mr Rae, also deserve thanks for their tireless work in getting through such a busy year.

*Michael Nicholas
House Captain*

Housemaster's Report

The collective student commitment to ensuring meaningful and respected relationships between students and staff this year has been greatly appreciated. Communication has been the key and may it continue. Michael Nicholas has provided outstanding leadership. He has been well supported by Richard Clark and the Executive body who have provided dedicated, efficient and very loyal leadership. The Year 12 and younger students have all contributed very positively to what has been a very successful year. Once again, the tutors have provided excellent leadership, genuine care and guidance.

"the importance of education, good study habits and the values of trust and honesty for fulfilment in life"

Two staff members will be leaving us. Mr Walsh retires after a long association with the house. He has given terrific service, always stressing to his students the importance of education, good study habits and the values of trust and honesty for fulfilment in life. We wish him a relaxed and rewarding retirement. Mr Young will also be taking a year's leave of absence. We extend our best wishes to him and trust he will return refreshed. Finally, I thank all members for their contribution and support and wish the house continued growth and success next year when Mr Webber takes over as Housemaster.

"Life... is just not the same!"

Hairy Marge was a male (very male!) actor often on TV. She was large and occupied a floral dress, and sported hairy legs and a hairy face. Everything about her was rough. Marge was part of the advertising campaign for the New Zealand Dairy Board's promotion of butter. In one of the ads, a small boy steals downstairs at midnight to raid the pantry. He turns to the fridge for the butter, but when he opens it, there sits a grimacing Marge with the lid off a tub of margarine, and the boy screams in fright and Marge says the only words she ever says in these ads – "Na – it's just not the same!"

Margarine is a poor imitation of the real thing, so the Dairy Board says.

In a less hairy way, Chapel and Religious Education at this school says the same thing, although not about butter. Life without the spiritual dimension is a pale imitation of what life should be. Choosing to live without commitment to Jesus, is "just not the same."

The Chapel is a place different from others in the school. It is a place where boys and staff can come to listen to the Word of God, find some peace in busy lives and give attention to the still, small voice. Candles are lit as symbols of prayer and hope; and music is played to sooth the savage Marge within.

Our Chapel has been made more special by the art works that have come to us this year. Banners have softened the walls, as well as paintings. One superb, large banner representing the Holy Spirit was commissioned by a parent, Mrs Roberts, and made by her church group. A large leadlight window has almost been completed to be free-standing behind the altar, and plans are well underway to leadlight the upper windows. I thank all those who have been involved.

Without the contribution of many helpers, our Chapel would not be the same. Many boys have taken part in the services – ringing the bell, lighting the candles, carrying the processional cross and candles, reading, writing prayers, playing music and even preaching. Senior boys in School House have been encouraged to give their honest reflection on the readings at each house service; and several boys and staff from other houses have presented testimonies of faith, and looked at the faith through their experience. I thank David Bell and Anders Marchant for automating the large screen used for hymns and videos; and I thank Chapel Warden Alex Reed, and all housemasters and tutors, for their excellent support.

In the last week of Term Two we were fortunate to have with us the Revd Dr Bill Lawton who spoke of his experiences living and sharing the Gospel in Sydney's Kings Cross. He challenged us all with Gospel issues of social justice.

Hutchins without Chapel would be a diminished school, and life without a focus on Jesus would get from hairy Marge the response "Na – it's just not the same".

Boys from 2H performing at the ELC Christmas Concert

Burbury House

"...tightly-knit community"

The year 2000 has seen many developments both structurally and physically within Burbury House. Everybody got to know one another better due to smaller numbers, which strengthened the community as a whole. The year twelve group demonstrated how leadership strength within the house can lead the way for a good year in all areas. Greater interaction between boys and masters through tutor group activities and within the general life of the house ensured a tightly-knit community. This along with such a good-natured community within Burbury House, 2000 looked to be one for goals to be set and achieved, and that we did. The community as a whole excelled throughout the school both academically and in sports. It has been the first time in many years that Burbury House has stood out academically within the school, reflecting the positive attitude of the members of the house.

In sport, the year 2000 presented many marvels to be remembered for years to come. We had representatives in some huge team and individual performances - the greatest representation of the House for some years. Significant involvements were in the following areas: First XVIII State Premiers, First XV Rugby runner-up premiers, First XI Cricket Runner up premiers, First and Second VIII rowing, just to name a few. There were also other significant achievements not only in sport but co-curricular activities like house drama, house music and youth parliament. Such a wide range of achievements signifies the strength and involvement of the house this year.

This year also saw structural changes made to Burbury House, making it a more pleasant and attractive place to live in. Renovations to one of the dormitories saw a new dimension arise in the standard of living. This new dormitory signifies a confident and positive outlook for the future of the boarding house, with further plans for renovations to take place during the Christmas holidays.

Director's Report

There is much that we can look back on from this year and take a great deal of pride. It has been a very successful year indeed. In academics, drama, sports, music and leadership members of this community have performed at the highest standard in so many fields and disciplines. In First teams in Australian Rules Football, Cricket, Rowing, Soccer, Hockey, Rugby the boarding house could boast representation. On Speech Night members of the boarding house claimed four separate academic prizes, along with two character and achievement awards. Members of the boarding house won prizes at state level for poetry as well as business planning. Within Music and Drama, Debating and Design and Technology members of the community have excelled. Prizes and premierships are important. What is more important is the integrity and vigour with which members of this community pursue their talents and interests. This may result in awards and recognition, as enjoyed above. It has resulted in a real sense of respect - for self and community - which is the real reward for such commitment.

The manner in which members of this community have set about such attainment has been most impressive. We have been a caring and supportive community. We have been an enterprising and achieving community. The culture and feel of the boarding house has been excellent. This is something that all members of the community can all take pride in. The contribution made by our seniors has been excellent. Under the leadership of Hugh Ellis, Simon Taylor and Adam Jones, the seniors have discharged their responsibilities admirably. The goodwill evidenced by all members of the community has been excellent and bodes well for future years. It is a proud boast that they can make within the school - we are boarders and we get things done!

The big news of the year was the refurbishment of dorm III, by a team of builders during Term 1 holidays. The make-over was almost total. In what was a model for the future refurbishment of other dormitories, two rooms have been created on the river side of the dormitory. A spacious dormitory was created internally. Two large skylights were situated to provide light and space. Twelve metres of curtains were provided to allow for privacy as well as facilitate openness. The internal colour scheme was chosen to provide a light and bright atmosphere. A communal work bench has also been situated within the dormitory. Senior students were consulted throughout the design process and had a great deal of input in relation to the fixtures and fittings within the living and working spaces. With the new design we can boast some of the best facilities available. The refurbishment of another dormitory and the installation of a networked computer facility during the end of year break will further enhance the environment.

Finally, I would like to thank both the parents and staff who contributed so much to the boarding house. The Burbury House Support Group is the parent body of the community. During the year Mr Bill Webster concluded his term as its President. Mrs Sarah Nicholas was elected President of the Support Group and Mrs Pip Allwright was elected Secretary. Mrs Stephanie Burbury remains the Treasurer of the Support Group. It has been a particularly hard working Support Group this year. During the term of office the Support Group organised two Fair Auctions, a Cocktail Party and catered for a very successful Old Boys luncheon. I would like to express my thanks to all members of the executive and parents who assisted their efforts during the year.

I would also like to express my gratitude to the staff of the community. Their efforts in the interests in the students have been exceptional. How have they contributed? Consider this: rockclimbing, pizza nights, Put/Put golf, Plimsoll Gallery, Mt Wellington, Nutgrove, Movies, Moonah 'Rock and Bowl', an in-house cinema, Quiz Nights. These were each 'above-and-beyond' the call, and only in term 1! They have been a quite remarkable team and I along with the rest of the community am deeply indebted for their efforts.

Alan Morley
Director of Boarding

"...the integrity and vigour with which members of this community pursue their talents and interests."

Mr Web 2000

www.hutchins.tas.edu.au/mrweb/index.html

Our award winning web design team, Mr Web, has enjoyed further success in 2000. With two new members the boys have enjoyed being the National Winners of the Senior Secondary Australian Schools Web Challenge. The national competition draws students from many schools across Australia and provides challenging tasks which give ample opportunity for entrants to exercise comprehensive skills and knowledge.

This year's theme was 'Time Travellers', providing our boys with an excellent opportunity to develop a site that reflects strongly the historical aspects of our school. 'The Hutchins Chronicle' is a very functional site with a well-defined interface that resembles that of an old newspaper. The current web-based technology has allowed the Chronicle to not only deliver text but also full audio-visual content, online purchasing and a fully-functional message board for Old Boys to establish communication links.

Both the Web Challenge and the Hutchins Foundation sent the team to Sydney in September to participate in the prize giving celebration. A substantial computer package and other pieces of hardware and software were presented to our school. David Townsend, Arthur Pitman, Peter Bardenhagen, Charles Blundell and Nicholas Bester all agree they have participated in a most valuable experience. They are to be congratulated on both their individual contributions and group work.

Support for the group is always a valuable component to success. Thankyou to all who supported the boys, especially Mrs Jill Abell & Mr Andrew Short.

Mr Kent Moore

"Pak, Flights and BuBus"

Indonesian Trip

During the May-June holidays this year a group of 16 intrepid travellers headed off for two weeks holiday in Indonesia. We were to visit the islands of Bali and Java. We had an early departure from Hobart before catching our Garuda flight to Bali. The flight took about six hours. We had left Hobart in the middle of winter and were just about floored when we disembarked at Bali - hot and humid!

Pak got us organised and into the bus for our first destination, the village of Mas in southern Bali. We were to spend four days here. During our stay we went up to the markets of Ubud, had batik-making lessons and learned how to woodcarve, to cook some Balinese dishes and to wedgy Sam Nichols!

We missed our flight to Yogyakarta, Central Java, (thanks Pak!) so we had a tour of the cliffside Ulu Watu Temple and finally headed off to Yogya eight hours late. We had six days in this city. It is a mixture of very traditional ways and modern things like shopping malls and Maccas. We visited the Sultan's Palace, Water Palace and two ancient temples where we were mobbed by loads of school girls who had just finished their school year! We had lots of rides in becaks (pedicabs), local buses and taxis, went to the silver-making part of town and were invited to lunch by one of the boy's fathers.

We were sad to leave Yogya, but were looking forward to Kuta beach. We arrived late at night, settled into the hotel and got ready

Hutchins School group at Prambanan Temple, Central Java.

for the onslaught the next day. Pak gave us the day off to look around. Most headed off to the beach for a surf or to the shops to find those 'bargains'. It was overwhelming! We did a couple of tours, seeing one of the volcanoes, the Barong dance and sacred caves, temples and springs.

Two weeks later we were on our way back. I definitely recommend the trip to anyone in grade 9 or up, it's a real experience! Our thanks go to Pak Wilson, Bu Cook and Bu Cazaly.

Karl Walker

Performing Arts

The choirs, bands and orchestras have represented the school on many occasions throughout the year and remain an integral part of the school co-curricular program.

Music at Hutchins

The Big Band really came of age at Speech Night this year. The boys in this group always display excellent musicianship and never fail to deliver. The band also performed at the School Fair, Agfest and Jazz in the Quad.

The Chapel Choir was invited to sing at Choralfest 2000 in Melbourne, Australia's most prestigious choir festival. It sang services in St David's Cathedral, St Georges in Battery Point, Holy Trinity in North Hobart, and in our own Chapel at school. Other performances included The International Underwater Hockey opening, the Theatre Royal, a carols service at Meadowbank Vineyard, the enthronement of Tasmania's new Bishop and Evensong at St Paul's Cathedral, Melbourne.

The Orchestra continues to grow and this year performed superbly in it's official capacity of providing music for Awards Assembly and Speech Night. The String Ensemble again produced excellent results at the various eisteddfods in Hobart with first prizes in their sections.

House Drama

The School of Performing Arts was introduced to Hutchins this year. This innovative program enables boys to devote more time to their studies in Music, Drama and Dance. Boys involved in the first year of this program have performed regularly in their chosen field.

Alex Howard (jazz piano) has been in great demand providing music for a variety of occasions from background music at evening dinners to a sensational duet performance with Ian Pearce at Jazz in the Quad.

The School of Performing Arts

Peter and William Clarke continue to impress their audiences with solo and duet performances on violin. They also take their wonderful music to the streets of Salamanca to show their prowess to the locals and tourists alike.

William Hewer has stamped his mark with his solo performances and ensemble skills on cello. Sam Stove has taken on a leadership role in the saxophone section of the Big Band and has established a reputation for his solo and band work and Alex Cooper has become an integral component of the dance course offered by Collegiate.

The boys in the SPA have been exposed to a wide variety of experiences throughout the year. Attending concerts by visiting artists, expert tuition from the best tutors available and being constantly challenged to perform at their best are just some things the new boys to the program next year have to look forward too.

Buckland House drama

Thorold House drama

Yet another busy year has been completed in the Drama Department. We have seen the staging of five major productions across the Middle and Senior School, as well as the introduction of a Middle School House Theatre Sports competition for cock house points. The highly popular House Drama Competition continued with great success and

Drama

a number of boys have competed in drama eisteddfods, also with success. We have seen the staging of *The Three Musketeers*, an adapted version of Alexandre Dumas' famous story; *Running Riot*, a comical farce aptly staged prior to The Olympics; and *The Outlaw Robin Hood*, admirably presented by the Year 7s who attacked the play with enthusiasm. Who could forget our major undertaking of presenting *Little Shop of Horrors* at the Playhouse in August. *Death and The Maiden* by Ariel Dorfman, was staged by the Year 12 Performance class and our final production for the year was presented by Year 8 students with their version of the old classic *Scrooge*.

Without the support of past students, staff and parents the quantity and quality of work would not be possible. Many of our past students have been returning to offer their assistance with the staging of shows and running workshops. I am excited about the ever-increasing interest in drama and am equally impressed by the enthusiasm displayed by all the production students.

Next year will see some changes in this department with the appointment of a new drama teacher to take over the full-time load and I will be returning on a part-time basis. With more staffing the Drama Department can only continue to thrive and produce works of excellence.

Death and the Maiden: Erin Martin, Nick Dodd and James Laird

Death and the Maiden: Erin Martin and James Laird

Death and the Maiden

Performed by the Year 12 Performance Class, the time was the present and the place was a country that could be Chile but could be any country that has given itself over to a democratic government just after a long period of dictatorship. In this dark drama, Paulina Escobar takes vengeance into her own hands after she has

a chance encounter with the doctor who imprisoned and tortured her fifteen years before.

I commend the class for presenting this play with maturity and creativity - an interesting shift to see James Laird totally helpless and Nick Dodd playing the role of mediator. To their credit the performances were excellent.

The Three Musketeers: James Laird, Nick Dodd and Sam Heaven

Death and the Maiden: Nick Dodd

Robin Hood

Robin Hood: Hugh Miller and Ben McKay

During second term a group of about thirty Year 7 boys took part in presenting *The Outlaw Robin Hood*, a play based on the story of the legendary folk hero. After numerous audition sessions, the cast threw themselves into their rehearsals and worked hard at memorising their lines from what was a very demanding script. That hard work paid off with two wonderfully polished performances and judging by the responses of those who attended, mirth and merriment was had by all. Indeed it was a play full of love, honour, betrayal and conflict with a number of humorous action sequences thrown in for good measure. Playgoers were heard to say: "I'm glad I came, I enjoyed it thoroughly" "I felt like I was right there fighting with them" "Looks like we have some talented performances to look forward to in the future" Needless to say, the boys were thrilled with the opportunity to perform for others and were looking forward to their next production.

Little Shop of Horrors

Staged at The Playhouse theatre in August, it was a musical extravaganza starring a collection of Hutchins and Collegiate students. This was the largest undertaking the Creative Arts Faculty have embarked upon since the early '80s. With approximately 30 boys involved, 16 girls and a number of staff, the shows were a great success - performing to full houses on each of the five nights.

No-one will forget the excellent performances. To name them all would be impossible and I would surely leave someone out. Needless to say that we witnessed the pooling of our vast creative talent in this school and I was honoured to be involved with such a creative cast who made the production their own and the dedicated crew who tirelessly worked to achieve a smooth running show. Thank you to all involved - staff and students alike.

*M Weeding
Director of Drama*

Running Riot

I was in a very happy production of this play some years ago and thought it would be fun to do with the students this year.

Running Riot

Our cast of Claire Trethewey, Patrick Sherwood, Rhian Jeffes, John Campbell, Hugh Miller, Liz Clark, Benjamin Mackay, Clair Fraser and Tom Volkman worked very well together. They were supported superbly by the crew of Karl Woisetschlager, Monty Hutchins and Nick Perndt, led by James Troon as stage manager. The Stephens House Year 11s deserve special mention for their pre-production and front-of-house work.

The result was a genuinely funny play and an enjoyable experience for all involved. Our only slightly negative note was a surprisingly small audience on our second night.

Being involved with all these enthusiastic young people made me glad that I had decided to revisit the play.

Little Shop of Horrors: Bill Barnard and the Plant

Little Shop of Horrors: Mushnik and Son: Charlie Pohl and Billy Barnard

Little Shop of Horrors: Chorus Number

"Debating is truly flourishing..."

The Hutchins School Literary and Debating Society had an enormously successful year, though failing to attain any finals victories in the inter-school debating rosters. The Senior D Team, comprised of James Laird, Richard Clark, Nick Starkey, Eric Daniel and Toby Ekins, battled unsuccessfully against old enemy Collegiate in the semi-final. A heated and at times hilarious debate resulted in

Hutchins narrowly losing, a loss aided by severe time penalties. To add insult to

Literary & Debating Society

injury Hutchins hosted the Grand Final and was forced to hand over the Southern Independent Schools Debating Trophy to Collegiate who "only just lost to Hutchins last year" (Collegiate parent).

For the first time Hutchins entered a team in the Tasmanian Debating Union roster. The team (consisting of Jamie Shearing, Arthur Pitman, Oscar Potter, Richard Charlton and Richard Chopping) campaigned hard through the year but missed out on qualifying for the Grand Final by one speaker point. However, Hutchins continued to prove its strength at the state level with Richard Charlton captaining the state team in Melbourne in August.

For the second time, Hutchins debated against Melbourne's Trinity Grammar in what has become an all-out war in football, soccer, hockey and debating. Hutchins won the debating 2-1 and lost the informal/formal dinner debate in which Hutchins had to argue 'against' sport in a hall full of sportsmen!

The anniversary debates were also a great success. Old boys Marc Evenhuis, Lucas Plumb and Miles Rochford managed to outwit and out-humour the students. A special shield has been created to commemorate the past 51 years of Old Boys versus Students debates as well as for recording all future battles. Student pride was restored when the staff received their annual humiliation in a cleaner yet wittier than usual debate chaired by Mr Michael Hodgman. Again a sleeping audience ignored Mr Morley, and new-comers Mrs Cook and Mr Wells were

offered as staff sacrifices to the students. In contrast David Townsend, James Mundy and Jamie Shearing attracted all the laughs and most of the votes from the audience.

Star debater Arthur Pitman won the Tasmanian section of The Lions Youth of the Year Quest and competed in a round Australia trip. Hutchins further continued the tradition of excellence in public speaking with Matthew Mulcahy being runner-up in the State Junior Final of the Rostrum Voice of Youth Public Speaking Competition. Joe Aston won the Senior Section of the Southern Regional Final.

There were four very successful Poetry and Prose in Performance evenings organised by the society, in association with the English Faculty. The final was judged by Dr Rose Gaby, lecturer in English at the University of Tasmania. Winners were Rowan Ashby (Senior), Matthew Mulcahy (Intermediate) and Matthew Sheet and Craig Irons (Junior).

Debating is truly flourishing at Hutchins, a fact exemplified by the involvement of Junior School boys in debating and by the large number of teams involved in inter-school debating at all levels. The Society is extremely grateful to all the coaches and to Mrs McQuilkin who has organised all literary and debating functions this year, including coaching the TDU team, and co-ordinating inter-school and intra-school debating and public-speaking competitions.

A Sporting Life

Badminton

Hutchins has experienced a varied season this year in badminton, obtaining a mixed bag of results at the conclusion of the 2000 season. In the High Schools Roster, Hutchins entered four teams: one in the Year 7 roster, one in the Year 9A roster, and a team in both the 10A and 10B rosters. Hutchins also entered five teams in the College Roster: two in the A division and three in the B division.

*Back Row: Alex Tozer, Anthony Kelsall, Philip
Freeman. Front Row: Richard Clark, Mr P Starkey,
Nicholas Starkey (Captain).*

The **Year 7 team**, led by Craig Irons, played very well all season winning a large percentage of games and their semi-final, but were unlucky to be beaten in the preliminary final in a close match. The **Year 9A team**, led by Phil Morey, played competitively during the year but unfortunately could not capitalise on good performances. The **Year 10B team**, led by Anders Marchant, battled hard all season but was unable to match the strength of the opposition teams. The team finished sixth in their roster.

The **Year 10A team**, led by Mark Jessen and bolstered by the inclusion of Michael Chapman from Year 8, had the most successful season out of all the junior Hutchins teams. Placing either first or second on the ladder at every stage of the competition, the team flew into the grand final in top spot. Unfortunately, their opposition got the better of them in a thrilling match, leaving the Year 10s as runners-up. In the **High School Championships** Michael Chapman made a clean sweep of the Year 8 division, winning the singles, doubles and mixed doubles trophies.

In the College B roster, the three Hutchins teams put up a gallant fight against strong opposition teams, a number of which should have been playing in the A Division roster. Although inexperienced, **the fifths**, captained by Robert Miller, tried their best throughout the season, finishing eighth out of the eight teams. Also putting in a gallant effort, **the fourths**, captained by David Bell, played with dedication the entire season. Unfortunately, they too lacked experience, which led to their placing seventh. **The thirds**, captained by Luke Lamont, showed that they could still be competitive against more skilled opposition, with the occasional win over the top-ranked Guilford Young College teams. However, the team could not capitalise on good performances, going down to a Guilford team in the semis, placing them fourth.

In the College A roster, Hutchins achieved their most successful result in competition history, with the first and second teams obtaining a brilliant one-two finish. **The firsts**, captained by Nick Starkey who, with Phil Freeman, provided the experience and, combined with the enthusiasm of Alex Tozer, Anthony Kelsall and Richard Clark, dominated throughout the season winning every match by a considerable margin. **The seconds**, captained by Anthony Bastick, gave the firsts their closest matches of the season and achieved the best result ever for a Hutchins seconds team, losing to the firsts in the grand final by a respectable margin.

Hutchins dominated in the **College Championships**, winning all possible titles: Nick Starkey won the singles and mixed doubles trophies; Richard Clark and Anthony Bastick teamed up to win the doubles trophy and Anthony also took out the singles plate.

This year, the students retained **The Broken Racquet Trophy**, beating the staff by one point. The first team was awarded the shield for the most successful badminton team, having won their grand final. Thanks must go to Mr Sayers, Mr Berndt, Ms Schafferius and Mr Starkey for coaching the teams.

*Nick Starkey
Badminton Co-captain*

Football

First XVIII

The First XVIII enjoyed a stellar season, progressing through their roster undefeated and into the grand final. Included in those wins were victories over the Clarence and North Hobart B teams in the statewide under 18 roster. This represented a unique and very successful cooperative venture with the Northern Bombers. It provided clear evidence that the squad could compete at the SWL under 18 level as well as showing that novel coalitions could secure unique opportunities and pathways for the players.

The only defeat experienced by the team was at the hands of the Hutchins Old Scholars team during the now traditional mid-season practice match. In that match we got off to a flying start against a team replete with a number of quality Old Boys senior players. The Palfreyman clan were well represented with Adam, Richard and Sam each strong contributors. The Old Boys were able to overcome a forty-three point deficit at quarter time and secure a seven point victory in the dying moments of the game. James Burbury, Lucas Gorringer, Robert Lowth and Aaron Hogan were other strong contributors for the Old Boys.

The SATIS statewide Grand Final was held on Saturday 19 August at the War Memorial Oval. Members of the Hutchins community turned out in large numbers to sup-

Simon Taylor, Co-captain First XVIII, awaits the presentation of the Premiership Shield

port the team as they strived for the ultimate prize. They were able to secure an emphatic victory over Launceston Church Grammar School and cap what had been a stellar year. Co-Captains Tom Gibson and Simon Taylor can feel very proud of their efforts. The 'Roy Barnett' Best and Fairest award went to Simon Taylor, with the runner up being James Jenkins. The 'Luke Watchorn' award went to Michael Nicholas.

Second XVIII

The Second XVIII recorded stirring victories in the last two rounds of the season, forcing a passage into the semi-final and a playoff against Guilford Young College for a place in the grand final against Launceston College. In the penultimate round, the team travelled to Launceston and recorded a one point victory over Launceston Church Grammar School who had been undefeated during the season. In the final round, the team scored an emphatic victory over St Patricks College, capping a remarkable turnaround during the season. The improvement enjoyed by the team is a tribute the efforts of their coach, Mr Andrew Jones, and the leadership provided by James Burbury and Luke Sorrentino. The semi-final against Guilford Young College was played on Saturday 12 August at the War Memorial Oval. Trailing all day, the Second XVIII snatched victory and a place in the grand final with a goal with less than a minute to play. The grand final saw a superbly-disciplined team effort producing a clear cut victory over Launceston Church Grammar School for the competition premiership.

Tom Walker dispossesses an opponent, watched by Corey Willis and Ryan Perry during the Second XVIII Grand Final

Junior Football

Junior football has undergone something of a transformation within the school. At the start of the season, The Hutchins Lions teams and the Sandy Bay teams were merged and played season 2000 as the Sandy Bay Lions. The amalgamation of a community based club

The Firsts XVIII complete the War Cry after their Grand Final victory

with that of a school-based club was a bold initiative. The close proximity of the two clubs; the close connection between the two clubs; and the combined resources of the two clubs gave them an anticipation of a very successful partnership.

It has proved a great success for both the school and Sandy Bay. Three teams were fielded within the Southern Tasmania Junior Football League – under 13, under 14 and under 15. Each of the team coaches has had a significant connection with both the school and Sandy Bay.

Mr Phil Kingston coached the under 13 team. The team progressed through the elimination final and into a qualifying final. Unfortunately, they were denied a position in the grand final by a very slender margin. Mr Adam Palfreyman coached the under 14 team. During the season the team recorded five victories. Throughout they were competitive and have established a sound basis for a successful future.

Mr Grant Jackson and Mr Bruce Coles coached the under 15 team. During the year the team developed in both skill and stature, recording some excellent results. They secured the double chance, which was called upon after dropping their first final against Claremont. They played off against Dominic in an Elimination Final. Unfortunately, they too missed out on a grand final position by less than a goal.

Importantly, the ethos of the club has been supportive and educational, thanks largely to the work done by Mr Ian Anderson who is both President of the Sandy Bay Junior Football Club and President of the Southern Tasmanian Junior Football League. His efforts have rendered excellent service to the school and the future of football within it.

Alan Morley
Director of Football

James Jenkins snaps, watched by Matthew During

The Sandy Bay Lions

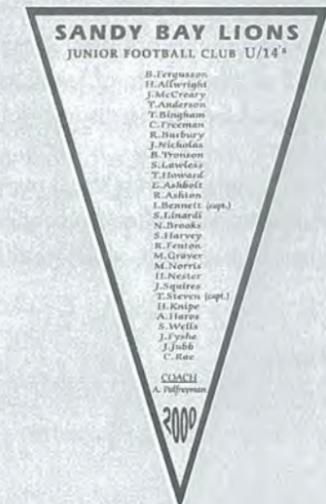

The 2000 Season saw the launch of the 'Sandy Bay Lions' following the merging of The Hutchins Lions and the Sandy Bay Junior Seagulls. By all measures, this initiative was a resounding success, both on and off the field, and we are extremely well positioned to capitalise on this in the coming years.

Strong teams were fielded in all age groups from the Under 8s through to the Under 15s, with over 50% of players coming from The Hutchins School. A rather unique feature of our Youth Age Teams (Under 13s, 14s and 15s) was that each of our coaches played both First XVIII football for Hutchins and Senior football for Sandy Bay - I refer of course to Phil Kingston, Adam Palfreyman and Grant Jackson.

Our Club has become one of the largest Junior Football Clubs in Tasmania, and it is appropriate to pay tribute to the many parents who assist so ably in a variety of ways during the Season. Our new club jumpers are a blend of both Hutchins and Sandy Bay colours and certainly provide us with a distinctive 'on field look'.

I would also like to acknowledge the tremendous support we have received from the Hutchins Old Boys Football Club in recent years, and we look forward to building on this relationship in the years ahead.

Ian Anderson
Club President

Rugby

The First XV Rugby team had a slow start to the year. It was like driving a ride-on mower up a wet hill, when the team didn't make the finals in the pre-season 10-a-side competition. After this upset we refocused and increased training with our goals set on a 7-a-side tournament in Victoria. The 10-man squad that went to Melbourne and competed in this competition did extremely well and finishing equal third out of the 16 teams involved. This achievement boosted our confidence and helped increase our skills.

During the season we had both success and difficulties with injuries and lost games. However the team came into form at the right time for the King of the Mountain match against Hobart College. We won convincingly, retaining the King of the Mountain trophy as we have done since its creation.

We ended up finishing second on the roster and made it to the semi-finals. Here we had a loss in the first semi-final to Taroona, a team we had not been able to beat all year. But we beat Glenorchy in the second semi and won the right to play in the grand final. Here we played magnificent rugby

Back row: Tim Green, David Halvorsen, Caleb Lang, Will Bignell, Nick Chapman.

Middle row: Lou Edwards, David Alcock, Rohan Clifford, Matthew Finlayson, Hugh Brotsma, Adam Jones.

Front row: Joe Barker, Nicholas Starkey, James Laird, Mr A Webber, Stuart Ecob, Ben Robinson, Chris Morey

ing spirit. Special thanks and congratulations go to Ian Wilson, Hugh Brotsam, Will Headlam, and Giles for returning after their last season and to the prize-winners: Best back Stuart Ecob, Best forward Ben Robinson, Best club man Will Headlam, and Most improved Adam Jones.

No team can do well without its coaches. We would like to thank Mr Andy Westbrook, Mr Richard Stackpool and Mr Webber, who did the laps, the runs and the tackling practice with us, and for their experience, time and inspiration.

James Laird
Captain of Rugby

for the first twenty minutes. We then struck disaster when Stuart Ecob (Southern Australian under 18 representative and our half-back) was carried off the field on a stretcher. The back line was totally re-organized and the team took a long time to re-adjust. Our lead was lost despite a furious display of attacking rugby in the last 20 minutes, losing the match 12-8, literally trying to cross the opponents try line.

Congratulations go to the whole team for their hard work and fight-

Royal (or Real) Tennis

Throughout the year Senior School boys have again enjoyed the opportunity to experience this rather unique and ancient sport. What a pity it was not an exhibition sport for the Sydney 2000 Olympics!

Debate has raged about the name of the game that we have known as Royal Tennis for many years. Henry VIII can probably be blamed for this, and the attempt to hold onto something regal in the colonies meant that the 'royal' name held on. Many names are used around the world, from Jeu de Paume, Le Jeu de Courte Paume, Court Tennis, to just Tennis [as the 'other' form of tennis is really a modern day corruption of the 'real thing']. The Hobart Tennis Club has decided to go back to the appropriate title Real Tennis.

Every Tuesday afternoon a small number of boys has pitted their wits and racquet/ball skills against the challenge of the court, the traditional equipment and the seemingly strange rules. It is likened to chess, a game of guile and strategy, not just the serve, smash, volley and lob of the other tennis. Long may the traditional continue at Hutchins.

Ray Stacey
MIC (Real) Tennis

Orienteering

This year has seen a mixture of successes and disappointments in orienteering. In first term we had two boys, Charles Meaburn and Lee Andrewartha, coming second and third respectively in the men's medium course for the summer roster. Also in first term boys competed in both the Southern and State Schools Orienteering Championships. In the Southern Schools Championships held at Mt Nelson, outstanding performances came from Nick Andrewartha winning primary boys; Matthew Mulcahy second in M14A; Lee Andrewartha second in M16A; Ben Andrewartha third in MOpenA; and Ben Robinson second in MOpenA.

The State Schools Championships, held at Royal George in the Fingal Valley, was also a mixture of success and disappointment. Ben Robinson won MOpenA with Matthew Jackman coming third, and in M16A Lee Andrewartha came third. Finally thanks must go to Mrs Headlam for her hard work and organization, which has again lead to a fun-filled year of orienteering.

Ben Robinson
Captain of Orienteering

Rowing

This season was the most successful in recent years at Hutchins. The depth of our rowing talent was outstanding with our crews winning every first division race at the Head of the River Regatta. The club was once again guided by the inspirational efforts of Cameron Crichton as head coach, who led the First Eight to many victories throughout the season, including the third Head of the River victory in his three years as head coach.

Early in the season the First Eight yet again showed promise whilst competing in club events, winning the Junior Eights and the Senior B Eights at the State Championships Regatta. It was then decided that due to their form the First Eight Squad should attend the National Championships Regatta at the new Olympic course at Penrith. At this regatta the crew was successful in reaching the semi-finals in the Schoolboy Eights and was successful in winning a bronze in the Mens Junior Eights. Following the return to the local school roster the Eight finished third to Guilford and Friends in the State Schools Championships. The scene was set for an exciting Head of the River, with Guilford the favourites for the first time in many years. However it was no surprise to supporters that after the Tasmanian Schools Championships, the First Eight bounced back and answered the challenge. We convincingly won the Head of the River for the third consecutive season. Much of the First Eight's success this season must be attributed to the continuing support and guidance by Lance Morrisby as

Back row: Matthew Bowditch (yr 8), Joshua Tomlin (yr 11), Matthew Sloane (yr 11), Matthew Jackman, Gregor Otto. Front row: Peter Middleton (yr 12), Mrs Margaret Headlam, Benjamin Robinson (yr 12) (captain)

assistant coach and Bill Webster as crew manager; along with the constant support by parents and supporters.

The Junior Age Groups enjoyed similar successes and followed in the form of the Firsts, with all age-groups producing winning combinations. The Under 13s, coached by Mr Bill Ayliffe, went through the season undefeated; while the Under 14s coached by Mr Roger More, Mr Keith Stove and Mr Terry Kirby-Fahey performed outstandingly as well. They also finished their season with several Head of the River wins. Mr John Clennett and Mr Damien Egan coached an outstanding squad to many Under 15 wins, while the Under 16 age group, defeated in the Tasmanian Schools Championships by Launceston Grammar, came back in a great tussle to win at the Head of the River.

This season demonstrated how rowing at Hutchins continues to bring out the true spirit and character in the school. The Hutchins spirit has never been more evident than on the riverbank of Lake Barrington at the Head of the River in 2000, where some 400 strong supporters rallied in force to demonstrate to the rest of the rowing community what a great school and competitive rowing club we are.

Tim Fish
Master-in-charge, Rowing

Basketball

Hutchins Basketball once again established high standards of play and sportsmanship over all three terms. Eight teams in Term 1, two teams in Term 2 and six teams in Term 3 were entered over the year in three separate associations. Their successes were many with younger teams continuing to develop their skills and knowledge of the game.

Open

In the College Division of the SBA two teams were entered in Term 1. College A led by Captain of Basketball, Lou Edwards, struggled and with the efforts of younger players particularly forwards Corey Wills, Josh Marsh and Sam Halliday, and more experienced guards Lou Edwards and Ki Han, the team won its semi final against Rosny B.

Although beaten in the Grand Final by Rosny A, the match demonstrated the team's strong potential and its outstanding endeavour. The College B side led by Adoni Astrinakis also showed strong effort and improving skills without many wins.

For the SATIS competition in Term 2 and 3, new recruits were discovered and retained: namely Ben Taylor, Sam Harvey and centre, top scorer and rebounder Simon Taylor. Year 9 forward Aston Wills also made the starting squad. The new look team won important games and ultimately took the SATIS Basketball Shield.

Highlights were two powerful wins over Friends, two successful close struggles against Claremont and a great return match against Elizabeth. Although Rosny and GYC were too experienced and strong our efforts produced close results and we were rewarded with the Shield for the Best Independent School.

Few will forget the rebounding, scoring and blocked shots by Simon Taylor, the driving and shooting of Sam Halliday, Josh Marsh and Ki Han,

three pointers from young Aston Wills, and the superb play-making skills of Lou Edwards. You practiced hard, you improved, you strove and faced many challenges, you never gave up and ultimately you succeeded. Well done!

Simon Taylor and Ben Taylor in rebounding training

Year 10

Mr Fishburn reports that the skill improvement, commitment and gradual understanding of team roles in the squad all combined to produce a strong group. The team were grand finalists in Term 1, semi-finalists in the Southern High School Tournament after narrowly winning all round robin matches, and although struggling third term with injuries should come back and be a force. Guards Grant Burdon and Alex Reid, forwards Stephen Blakesley, Simon Hall, and James Toppin all adapted to their roles and produced very good basketball particularly during the tournament.

Year 9

Mr Toppin in Term 2 and Mr Fishburn in Term 1 report strong effort and improvement. In Term 1 the Year 9 squad in the same division as Year 10 lost to the Hutchins 10s in the semifinal and although struggling in Term 3 due to injuries and service in other squads, they currently look a force to be contended with. Guards Tony Wan and Jonathon Cook, forward Sam Muskett, and First V player and centre Aston Wills, all developed together as a strong combination.

Year 8

Coach Mr Turbett praises the efforts and developing skills of guards Isaac Bennett and Toby Mestitz, forward Ed Ashbolt and centre and rebounder David Calder. Their contribution produced many close wins, and as their experience and confidence grow, so will their successes. Their efforts in the Year 8/7 High School Tournament bode well for the future.

Corey Wills and Sam Halliday await instructions

Year 7

The Year 7 team coached by Dr Ludwig, although not finding much success with many victories, played with commendable spirit and endeavour. Names such as James Faulkner, Mitchell Traill, Ashley Winter and Sean Healey will be important in future as they improve skills and gain experience.

Finally special thanks must go to all coaches, staff and students, to Mr Hoskins for his extraordinary support as referee and administrator and to all the parents and supporters over the year who helped with bench duties (particularly Mrs Wills), provided transport and paid for drinks. You are the backbone of this sport and the reason for our continuing success!

Mr M Fishburn
Master-in-Charge of Basketball

Back row: C Wills, S Taylor, B Taylor, A Wills, S Harvey
Front row: K Han, L Edwards (Captain), J Marsh, Mr M Fishburn (Coach)
Kneeling: S Halliday

Waterpolo

Overall this was yet another successful season for Hutchins waterpolo.

The year 7/8 boys had a very satisfying season. With a blend of youth and experience, the boys were good enough to win every game, including a convincing grand final win over Friends. They swam, shot and basically played better than any other team in the competition. In what was truly a team effort, all boys contributed and the early morning training sessions were keenly anticipated by all. Thanks must go to coaches Sam Halliday and Alex Thomson, whose knowledge and experience as senior Firsts players was extremely well conveyed to the boys.

The year 9/10 team had a season of mixed results, only sporadically demonstrating what they were really capable of. Despite being inconsistent, their ability was well respected by the other teams who knew what they were capable of on their day. The boys finished third at the end of the season and have taken away with them a number of learning experiences that augurs well for the future. These boys were an enjoyable team to coach - look out for this team in two years.

The Firsts team for 2000 was an unknown power at the beginning of the season. Early on, however, we made it known that we were not going to be taken lightly, easily defeating our first opponent 11 - 0. The season continued in this trend with the team suffering only 1 loss and 1 draw. The grand final was a close game until half time, at which point the Firsts lifted the standard, with Guilford unable to keep up the pace. Hutchins went on to win 6 - 4 making this the fourth year in a row that the school has won the John Whitehouse Shield for College waterpolo.

Thanks must go to our coach, Scott Wilson. With his knowledge of the game he was an inspiration to the team - but he was also a member of the Firsts team four years ago that began the strong tradition of waterpolo at Hutchins.

Nathaniel Symmons
Captain of Waterpolo

Hockey

Season 2000 has been among our most consistent with all secondary teams being very competitive in their respective grades.

First XI

Our top side enjoyed a relatively successful season, competing right at the top end of the Open Division roster. Final roster points at the top of the ladder were Friends on 17, GYC 16 and Hutchins 15 with Hobart, Rosny and Elizabeth well back.

This season the Firsts Squad included seven Year 12s, all of whom have now completed several years of excellent service to Hutchins Hockey. The Year 12s were co-captains Matthew Banks and Richard Headlam, Robert Catchpole, Toby Ekins, Jamie McLoughlin, Guy Russell and Michael Shaw. Other regular members of the side were Ben Creese, Alasdair Grenness, Peter Ayliffe, Andrew Morrisby, Alistair Addison, Jeremy Inglis and Sam Calvert.

Staff members Messrs Ian Addison and James McLeod, and Hutchins parent and experienced club coach Mr Rob Mollross, provided coaching this season.

Second XI

This team appeared likely to miss the finals, but developed to the point where they drew with top team and eventual premiers Friends in the semi final. A core group of players, lead by Captain Trent Strickland and Vice-Captain David Townsend, were responsible for a tenacious effort throughout the season. The efforts of First XI player Jamie McLoughlin towards the organization and coaching of this team were much appreciated.

Hutchins A

A team of our best Year 10s and 9s not in the Firsts was pitted against the best opposition at high school level in southern Tasmania. This team finally brought to an end a long run of St Virgils' premierships in this grade. This close knit group continued their run of success, this time under the guidance of Old Boy and club A Grade player Devakar Epari. A spirited and highly competitive Grand Final was very well won by our boys, a just reward for the efforts of the players, coach and Manager John Ancher.

Team B

Unfortunately a number of drawn games saw them narrowly miss the finals after making a promising start to the season. It was frustrating for players and coach Mr Anthony Hyland not to convert several close matches into wins.

Back row: Mr James McLeod, Robert Catchpole, Jeremy Inglis, Sam Calvert, Jamie McLoughlin, Guy Russell, Ben Creese, Mr Ian Addison
Front row: Peter Ayliffe, Alistair Addison, Matthew Banks & Richard Headlam (co-captains), Alasdair Grenness, Toby Ekins, Michael Shaw. Absent: Andrew Morrisby

Team C

Parent Mr Ken Walsh continued working with a team of Year 9s, many of whom have been together since their Junior School days. A premiership was nearly ours when, on Grand Final day, Friends made a late charge to snatch the title from us.

Team D

Father John Goodwin lead his team of Year 8 and 9 boys through a very successful roster season. After winning the majority of games, they were disappointed to narrowly lose a semi to Calvin.

Team E

Coached by Mr Andrew Short, this strong group of Year 8s reproduced their 1999 premiership form with another supreme effort. Despite unavailabilities due to injury and other factors, the team bonded very well to outlast New Town and all others in a very competitive grade. Most members of this team have now completed three successive school premierships.

Team F

Our Year 7s, although small in number this year, were big on spirit and blended very successfully to make the grand final. Highlights of the season were the nailbiting wins against Friends and St Virgils. Although we lowered our colours to the powerful New Town side on Grand Final day, our boys can be well pleased with the improvement made under their coach Richard Headlam.

In season 2000 we had plenty of field players to cover our entry of eight secondary teams. Providing experienced goalkeepers for all teams was initially quite a problem that

was never completely solved. We appreciated the efforts of experienced 'keepers Ben Creese, David Townsend, Alasdair Edwards and Nick Gregory, while first time 'keepers Nick Warren, Zac Davis and Hamish McGregor performed outstandingly given their previous lack of experience. Hopefully they will continue in these roles.

A number of individuals achieved representative status. Richard Headlam (U18), Guy Russell (U18) and Alistair Addison (U17) played for Tasmania in interstate tournaments, while Ben Creese, Adrian Clark, David Peterson, Will Priestley, Stuart and Hamish Hall, Harkiran Narulla and Richard Gard were selected to play in the Intrastate Under 15 competition. Matthew Banks continued his development as an umpire by attending the interstate tournament for U16 women in Melbourne.

As well as acknowledging the sterling efforts of all coaches, the teams were also greatly assisted by the umpiring efforts of a number of senior boys and a small group of parents. Particular thanks go to Mr Scott Harvey and Mrs Anna Cazaly for their contribution as regular team representatives for Teams B and F respectively.

As always the overall parent group provided tremendous support for all teams.

Having farewelled stalwart hockey people from our staff in each of the previous two years, it was a pleasant change to regain the services of an outstanding contributor to our hockey program. Mr James McLeod made a welcome return in Term 2 following his year's exchange in the USA.

Mr I Addison
Acting MIC Hockey

Back row: Sam Macmillan, James Seddon, Sam Madden, Adam Kilby, Jack Madden, George Croft
Third row: Clifford O'Hara, Nick Stebbins, Jesse O'Hara, Andrew Egan, Joe Pemberton
Second row: Richard Gard, Jack Viney, Hamish Hall, Michael Egan, Stephen Beer
Front row: Nathaniel Symmons, Sam Halliday, Tom Gibson, Mr Steve Morris (Coach)

In the competition swimming events, such as the Jackson State Age Swimming Championships, several of these Hutchins boys from Years 3-10 were medallists. Some senior swimmers represented their clubs with many record-breaking events at local carnivals. Some gained national experience at the National Age Championships in Perth in April, and the Sydney Pacific School Games 2000 at Homebush in May.

Congratulations to the team and their thanks to the dedication and experience of Coach, Mr Steve Morris.

Mrs J Abell
Co-ordinator, Hutchins Swimming

Swimming

Hutchins has had another outstanding year with record-breaking results at every swim event, including the Middle School and Senior School House Swimming Carnivals as well as the statewide inter-school events. At the State SATIS Carnival, Hutchins won all three trophies possible as it has done for the last three years - Junior Boys, College Boys and Aggregate Boys. The sensational results included record breaking swims in the Boys U16 4x50m Medley Relay, Boys U16 Backstroke, Boys U16 100m Freestyle, Boys U15 100m Freestyle, Boys U15 Freestyle Relay and the Boys U12 50m Freestyle Relay.

Record-breaking swimmers were N Symmons (Captain of Swimming), T Gibson, M Gardner, S Halliday and P Cerny [Open]; S Madden, G Croft, S McMillan, J Seddon [U16]; J Pemberton, A Kilby, A Egan, J Madden [U15]; H Hall, J Hove, R Gard [U14]; J O'Hara, J Viney, Z Bereznicki, S Beer [U13]; and M Egan, C Gard, N Stebbins and Z O'Hara [U12].

Soccer

First XI

A young but skilful First XI soccer team for 2000 enjoyed a great start to the season with comfortable wins over all of the three northern schools. However this run came to an end with the commencement of the southern roster with a first up loss to The Friends School. In spite of this, the Hutchins School spirit came out and we were able to defeat the very organised team from Guilford Young College the following week. Due to injuries to some of our essential players and our young Joey, Ben Crosswell, enjoying a tough competition at the Nationals, we lost our next two games.

We were under extreme pressure, as our dream of making the State Final would be over. We now needed to win our last two games by a margin of 8 goals to nil. It was up to our leaders to take control of this team and with the arrival of Ben Crosswell back into the side we liked our chances. Firstly we disposed of GYC beating them 5-0 in a very physical affair. Then came our greatest challenge, Friends. They had the mental advantage over us, as they had previously beaten us both times, but we were determined to beat them. We started the game well with a goal from Crosswell after just 10 seconds of play and we continued to lift, ending the first half two goals up. The second half, unlike the first, was very even, and the score line remained unchanged for most of the half, until the brilliance of Masaaki Kon assured us of a place in the final scoring two goals within the last five minutes. We lost key player Andrew Deane before the start of the state final due to illness. We dominated the match throughout, creating many opportunities and hitting the woodwork on numerous occasions. Unfortunately we did not put our chances away and in the second half of extra time, Launceston Church Grammar clinched the title with the only goal of the game.

Special thanks must go to Mr Hoskins for leading us into the state final this year. His inspirational words of wisdom on and off the ground were instrumental to our success as a team this year. Also congratulations must go to Ben Crosswell and John Andrews on jointly winning the Michael J Davis trophy for the best and fairest player in the First XI soccer team.

[Report by Finn Dorney]

Back row: David Webber, Robert Knight, William Kay, Samuel Harvey, Masaaki Kon, John Andrews, Mark Playle, Nick Meredith
Front row: Andrew Graeme-Evans, Ben Crosswell, Mr David Hoskins, Finn Dorney, Andrew Deane, Brett Hasell, Andrew Summers

Second XI

This year's Second XI soccer team, coached by Rowan Dix, started off the season with round robin matches against Launceston teams. Although some of the squad was inexperienced we managed to give the northern teams some tough competition. After these matches the seconds played only in a southern-based roster, against Friends and two teams from GYC. Although the Second XI squad was uncertain at times due to players being drafted for the Firsts, we managed to have several tough and very competitive games against GYC and Friends. Unfortunately we did not manage to get into the state final, due to GYC's domination in the southern roster. Through the year there were many good efforts from the squad members and the season was a fun and enjoyable learning experience.

[Report by Alistair French]

Under 16

This season has been very successful and the side developed their skills enormously under the leadership of Mr Moase. There was a large squad, which made things difficult for the coach. Some of the players from last year's second squad were amongst the best players in the team this year. At the start of our last game of the season we were leading the league by two points. A draw would have given us the title. Unfortunately we were not able to keep out a very good team from the Kingborough Soccer club who beat us and clinched the title by one point. We ended up with members of the team being in the top goal scorers: Nick Meredith and Alex Polegaj with 15, and Sam McMillan with 14. We only lost two of our total of 15 games. The whole team would like to thank the coach Mr Moase for helping us out this season. His words of wisdom have inspired and brought us through many a tough situation during the season.

[Report by William McGregor]

Back row: Mat Limb, Drew Latham, Tom Volkman, Alexander Polegaj, Luke Bowden, Andrew Simmons, Christopher Johnston, Rowan Oliver
Front row: Billy Barnard, Jesse Plumb, Brandon Servant, Mr Hume Moase, William McGregor, Ben McKay

Under 15 Black

The Under 15 side this year had a very enjoyable season. While many of the players were out for weeks at a time, the side kept on striving for the best result. We showed the opposition that we were one of the many talented sides within the competition, and that with close upsets and narrow margin losses, at the end of the season, the team should have been happy with the result. Thanks must go to Masaaki Kon and Robert Knight who helped us whenever they could, as they played most of their matches for the First XI. As always we can never forget our best mate and favourite coach Grant Hildyard who is always there to help our soccer skills and always take it to a new level. Thanks.

[Report by Andrew Egan, Captain]

Under 15 Magenta

Throughout the season, the under 15 Magenta soccer team played with a great deal of enthusiasm. Although we did not win many matches, we enjoyed playing every game. Throughout the season we improved our soccer skills and teamwork. We had the guidance of Mr Shaw and Mr Hoskins as our coaches. The goalkeepers, Paul Howard and Sam Perkins, were well tested throughout the season, keeping the score down in all of our games. The defence line - Mark Toppin, Charles Cunningham, Nick Summers, Simon Foster and Tristan Rogers - were also able to hold off the attacking teams. The midfielders - Nick Perndt, James Ashbolt, Stuart Foley and Sean Freeze - had one of the hardest jobs on the field, having to help the forwards and the defence. The forward line - Christo Johnson, Hargit Mahindroo, Robby Abell, Jorge Burgess Lowe and John Campbell - were able to lead us to victories on some occasions.

Under 14 Black

This year was again a successful one for the Under 14 Black team, winning the league for the second year in a row and letting in fewer goals than any other team in the competition. There were new players to the team this year in Josh Phillips and Ben Backhaus, who played towards the end of the year. The team is indebted to Carlos Souza for coaching us and to Mr Lister and Mr Street in particular for their help on match days. The team had an enjoyable season and produced many excellent performances against club teams.

[Report by Alex Menzie]

Under 14 Magenta

This season has been a tremendous one for the Under 14 Magenta side, recording few losses and draws, with some superb victories. With a fiery forward line that was able to beat opposition defenders with good dribbling skills, a mag-

Back row: Joshua Phillips, Stuart Arnold, Christopher Quinn, Matthew Lister, Ben Morrison, Charles Fish
Front row: Alex Menzie, Matthew Street, Jethro Wishink, Jared Sheppard, Michael Andrews, John Hore

nificent midfield and a brilliant back line, our team had a great year! Even on a couple of times when we were short of numbers, we still managed to hold on for a draw. We usually had three reserves and the teamwork was excellent. Tom Waters and Miles Thorold-Smith, leavers from last year, did a great job in coaching us. No matter how often they had to put up with us (or we had to put up with them!) we got through and became a better team. The team will miss their company, as it was the best that anyone in the team had experienced!

[Report by Matthew Mulcahy]

Under 13 Black

This season has had its ups and downs but our coach James McCulloch, a leaver from last year, was great. He taught us to play as a team rather than a group of individuals and was always encouraging us from the side in a quiet way. Through the season we all started to improve our individual skills and James has been a great coach. We played in the Division One roster against club sides and really enjoyed the challenge.

[Report by Michael Egan]

Under 13 Division 3

The school fielded two even sides in the under 13 division three roster. Chris Hamnett, a leaver from last year and joint coaches, Mark Playle and Shaun Dalwood, coached the teams. The teams were evenly matched which showed in the results when we played each other. The two teams performed very well, in some cases playing against the best teams from other clubs. They both finished in the middle of the table and learned a lot from their experience.

David Hoskins
Master-in-charge, Soccer

Sailing

Hutchins had a very successful year in sailing.

On Tuesday afternoons, from the Sandy Bay Sailing Club, a number of boys experienced sailing for the first time. We hope that these boys will continue on with the sport and perhaps join a sailing club this summer.

Josh Phillips sailing his boat in the School Regatta, April 2000

Our more experienced sailors competed in the **Schools Team Sailing Championship** also held at the Sandy Bay Sailing Club on Tuesday afternoon. Hutchins entered two teams: our 'Magenta' Team made up of mainly Senior School boys and our 'Black' Team which was mainly Middle School boys. Our teams finished first and second in Term 1 and the 'Black' Team was second in Term 3.

House Sailing again proved to be a popular event with over 30 boys involved. 'Pacer' dinghies were used in an event run by Mr Starkey. Stephens House, containing a number of our top team sailors, finished a clear first. Buckland finished second, Thorold third and School a competitive fourth.

In early April Hutchins competed in **two major regattas**, the first one being the State Team Sailing Championship held at the Montrose

Bay Sailing Club. In extremely light and variable winds with strong tides our two teams did a magnificent job to finish first and third.

The second major event, the Schools Regatta, was held the following weekend, again at the Sandy Bay Sailing Club. This is a big regatta based on getting as many sailors as possible involved, both boys and girls, from as many schools as possible around the state. Sailors use their own boats, which can become a handicapper's nightmare. Fortunately, Mr Broom Knoop handles all of the technical details with expertise. Our teams were very successful, finishing first and third. Two of our new sailors from the Junior School did very well in Sabots.

Mr Irons surveying the lack of wind at Montrose Bay, State Team Sailing Championship, Montrose Bay, April 2000

In July, Hutchins represented Tasmania at the International Paints **Secondary Schools Teams Racing Championships** in Victoria. The event was held on Corio Bay out of the Royal Geelong Yacht Club and was contested by Victoria, Queensland, New South Wales, South Australia, Western Australia and Tasmania. The first team-sailing team had undergone a hard fought selection series in April which earned us the title of State All Schools Teams Racing Champions and enabled us to travel

Back row: Will Keyes, Charles Cunningham, Stewart Wells, Drew Latham. Front row: Matthew Banks (co-captain), Marcus Jones, Finn Dorney (co-captain)

to Victoria. The team spent the next few months in intensive training with long hours of preparation both on and off the water, and by early July, we were confident we were sending the strongest and most talented team ever to contest the Nationals.

But what is teams sailing? Well, it is a little like a cross between 3-on-3 basketball, orienteering and chess. It is arguably the most complex racing in terms of the application of the rules of the sport. Two teams of 3 are placed upon a small box-shape course which takes about 20 minutes to complete. The aim is to position your boat in whatever manner possible to benefit your team and hinder your opponents as greatly as you can. A team wins by having the least points lost. Points are deducted from a team depending on the position of their boats as they eventually cross the line. A team total of eleven points or less wins the race.

This year's team comprised of Finn Dorney, Marcus Jones, Stewart Wells and I as the skippers. Our crews

Stewart Wells and Marcus Jones

were Drew Latham, Charles Cunningham and Will Keyes. The team performed extremely well over the course of the week, clearly the second-best team on the water.

Unfortunately, in Victoria at this time of the year, as with many places in Australia, we experienced very fickle winds. Geelong provided light and variable winds and for a team that was best suited for heavy winds, the conditions were not ideal. Nevertheless, we were still extremely competitive and held second place throughout the week.

Due to the light winds, the format of the championships was changed and we were only required to win one race of our last four and we would be guaranteed a place in the final. However, the winds dropped further and we were unable to win some easy races. This relegated us to third position behind Queensland and South Australia. Hence we missed the final and finished the competition technically third but we felt we deserved second.

On the whole the event was a success and this year's team was one of the most successful ever. Thanks must go especially to Mr McCammon for taking us away to the championships and helping to manage and control us for the entire week. Next year looks to be even bigger and better, and with the nationals being held in Hobart, next year promises to be the most efficiently run and most successful championships for Tasmania ever.

Matthew Banks
Co-Captain of Sailing

"I destroy my enemy by making him my friend"

Tennis

First Tennis

The First Tennis team were runners-up for the second year in a row in the state final. The team - consisting of William Ward, William Priestly, Joel Bevin and Sam Fitzgerald - had mixed success during the season. They convincingly won the southern roster, remaining unbeaten throughout the season. As a result of this our team earned a place in the state final with Scotch Oakburn.

After our impressive southern roster we thought that this would be a good chance for us to regain the state premiership, last won by Hutchins in 1996. However, it turned out that we were not match-hardened enough. Our hopes soon were dashed on the day of the final as we lost both the opening doubles matches. Our opponents were more consistent than expected and our lack of close game experience in the seasonal roster could have been a factor on the day. The final result was a 2 - 4 sets loss.

Our team would like to thank both Mr Crofts and Mr Chalmers for their continued support and the many hours they have put in for the team this season.

William Ward
Captain of Tennis

Second Tennis

The Hutchins Seconds continued the good showing of Hutchins Seconds in state finals, achieving a fine draw against St Patricks College in Launceston. The Hutchins Seconds team of Nathan Jones, Anthony Kelsall, Robert Easther, Mark Playle and Matthew Lister (reserve) had a very good season. The majority of the southern roster matches were won convincingly. The state final, however, proved to be a far higher standard of tennis.

The team arrived in Launceston at 9-30am ready to play St Patricks College who hadn't been in a state seconds final previously. Feeling pretty confident, the team strode out onto the court. The first doubles (Nathan and Anthony) was lost in three long sets. The second doubles (Robert and Mark) was won in two sets. With the final evenly balanced the result rested on the singles performance of both teams. Hutchins shared the singles, with Anthony and Mark winning their matches. This left both sides with equal numbers of rubbers won on the day and therefore the match was declared a draw.

Thanks to all our fill-ins for the roster matches, especially Matthew who travelled all the way to Launceston and did not get a game.

Anthony Kelsall

Back row: William Ward (Captain), Sam Fitzgerald
Front row: Joel Bevin, Mr Petercrofts, William Priestley

Volleyball

First Volleyball Team

We started the season strongly and confidently with a mix of old and experienced players as well as new-comers to the game. Throughout the season the mighty Firsts were unstoppable, losing just two games during the roster season. The only challenge came from a strong Calvin side. One of our losses was credited to this side and the other a shock loss to the Seconds. Heading into the semi-finals our team was brimming with confidence and looking forward to what should have been an easy win over a weak Friends team. Unfortunately our team was plagued with illness and injury at the wrong time and our lineup for the match didn't include our captain and vice-captain. Nevertheless we performed valiantly, snatching one set and saving seven match points before losing the eighth. The team consisted of Paul Orłowski (Captain), Tim Warren (Vice-Captain), Luke Sypkes (Captain of Volleyball), Nathan How, Chris Wagner, Justin Vincent, Damien French and Ben Andrewartha.

We would like to extend our sincere thanks, as well as the team's gratitude, to Mr Rod Scott who has coached us for many years now and who's experience has helped us greatly, and also to Mr Hodge who not only organised Hutchins Volleyball but also ran the entire roster.

Report by Luke Sypkes and Paul Orłowski

Back row: Justin Vincent, Mr Hodge, Tim Warren
Front row: Damien French, Luke Sypkes (Captain), Nathan How.
Absent: Ben Andrewartha, Paul Orłowski, Chris Wagner.

Second Volleyball Team

We had an enjoyable but regrettably unsuccessful season this year. Our only victory was a spirited win over the Firsts, but many other close games took place. A widespread improvement took place in all members of the team, with notable performances by Robert Howell and Jason Sui who played consistently well for us.

Report by Ben Tallboys

Thirds Volleyball Team

We had a challenging season this year, with most of the opposition more experienced than our relatively new and inexperienced team. Absences plagued the team for much of the season, and we finished with heaps of wins (0) and not many losses (10). Despite disappointing statistics our team and individual skills developed steadily over the season, and by the end of the season we were playing with few absences and heaps more effort and spirit. It was unfortunate that we hadn't peaked earlier, as we came off some disappointing losses and near wins. The team consisted of Tom O'Connor (Captain), Richard Hamilton (Vice-Captain), Kim Eijdenberg, Jason Ewen, Adam Kean, Sam Nichols, John Weeding and Stuart Barnes.

Report by Tom O'Connor

9/10 Magenta Team

Our season was regrettably not very successful, winning just three games all season, but much improvement and potential was shown. Among our most aggressive and successful team members were Jon Ho Chan and Philip Downham. Our team consisted of Mathew How (Captain), Hayden Farquhar (Vice-Captain), Coel Bender, James Middleton, Josh Mulcahy, Jack Burbury and Philip Downham. Our final standing on the ladder was fifth. Special thanks go to Luke Sypkes and Mr Hodge for coaching us this season.

Report by Mathew How

9/10 Gold Team

Our season started off slowly because of a lack of experience within the team but progressively improved to an impressive level. With a great performance by Zen Miles, Simon Hall, Damien French and Tim Cooper we advanced to the semi-final. Despite a spirited effort we were beaten convincingly in this match. Our team finished third on the ladder. Thanks go to Paul Orłowski, Ms Robinson and Mr Hodge for all their help during the season.

Report by Damien French

Yr 7/8 Team

This team played in the Junior Boys' roster at Moonah and had a reasonably successful year, winning about half their matches and ending the season in third place. Captain Andrew Collien organised the team with care, and particularly good performances were regularly produced by Andrew Carolan and Damian Templar.

*Peter Hodge
MIC Volleyball*

Table Tennis

In Term 1 four teams from Grades 11 and 12 entered the adult roster. The most successful teams were Hutchins 1 and 4. The best-performed individual players were Arthur Pitman, Jason Siu, David Bell and Brandon Servant.

In the Grade 7 to 10 competition we had had a most successful season winning all three divisions. Hutchins 1 (Mark Jessen, Tim Carolan, Hugh Thomson and Alex Halse-Rogers) won Division 1. Tim Carolan was undefeated all season and was later selected to represent the State. Hutchins 6 (Matthew Wilson, Lars Becker, Stav Zavros and Nick Kimble) won Division 2. Lars Becker was the best player here with a 94% winning rate. Hutchins 7 (Tim Jones, Joseph Werner-Hickey and Rory Ware) won Division 3. Tim Jones, with 91%, was the best player.

In Term 3 Hutchins 1 were runners-up to Calvin. Mark Jessen was the best-performed player - 73%. Hutchins 4 were runners up in Division 2. Lars Becker (88%) and Tim Jones (86%) were the better players. Hutchins 7 (Tom Leworthy, Alex Perndt and Rory Ware) was our most successful team, winning Division 3. Alex Perndt was the outstanding player with a 100% winning rate.

Surfing

The 2000 season has seen the Hutchins surfing team continue its success at a state level. We managed to have eight finalists in the state surfing championships, held in excellent conditions at Clifton beach in April.

Shaun Wallbank surfed well and was a strong contender for the open College division. Our body-boarders also dominated the open body-board rounds, and Geoffrey Swan narrowly missed a medal in the finals.

The most pleasing aspect of the season was the larger number of junior surfers starting the sport. We have an eager and determined Year 8 crew who will undoubtedly produce our future stars.

*Ken Kingston
MIC Surfing*

Mr A Herbert, Duncan Forbes (Captain), Joel Bevin, James Harrison

Hugh Thompson, Mark Jessen, Ms Jodie Schafferius, Tim Cardan

Back row: Chris Button, Sam Morris, Liam Nichols, Geoffrey Swan
Middle row: Lou Edwards, Shaun Wallbank, David Roberts, Hugh Richardson, Fraser Johnston
Front row: Adam Clark, Nicholas Ernest. Coaches: Mr Kingston, Mr McCammon, Mr Hyland

Squash

The year was one of development - success for our young players is just "round the corner". The top team of three entered in A grade had no Year 12 students, and included James Harrison (Year 10) who represented Tasmania at the National Schools Championship in Perth. He was accompanied in Perth by fellow A grader Lars Becker (Year 8)! This "building" year saw two teams contest B grade, and four teams in C grade - all the C graders being drawn from Years 7 & 8. The future looks bright.

*Mr A Herbert
MIC Squash*

Cricket

First XI

The Hutchins First XI Cricket team had a very successful 2000 season, winning three of the four trophies on offer. In the season opener we were able to defeat The Peninsula School from Melbourne in the highly prized "Boot Match", being victorious by 70 runs. Malcolm Page was awarded the David Brammall Medal for man of the match after his record-breaking innings of 213.

Back row: Greg Irons, Alex Tozer, Matthew Drury, Charles Schreuder, Rober Howell (Scorer), Andrew Jacket
Front row: Malcolm Page, Matthew Banks, James Jenkins (Captain), Mr Barrie Irons, Alex Thomson (Vice-Captain), John Tremayne, Brent Commane
Absent: George Friend

After two strong wins each over Friends and Guilford Young, we took out the Southern Premiership. Wins against Scotch Oakburn, Launceston Grammar and St Patricks secured the State Minor Premiership, going through undefeated.

In a disappointing State Final, our finest display of bowling and fielding went unrewarded as Launceston Grammar posted a formidable 299 on the first day. Despite a brilliant 72 by John Tremayne we were only able to manage 167 in reply.

James Jenkins won the Richardson Award and Malcolm Page won both the bowling and batting averages.

On behalf of the team I would like to thank Robert Howell for the sacrifices he has made throughout the season in his job as scorer.

I would also like to thank Mr Irons for the job that he did as coach of the First XI. His wisdom, energy and constant support were an inspiration to every player in the side, without which our success may never have been realised.

Second XI

The second eleven had a successful season in 2000. After some thrilling games against Guilford Young, we progressed to the state final, where we narrowly lost to St Patricks College. All players were a credit to themselves and performed very well.

Junior Cricket

This season was remarkable, with six of our eight teams winning premierships. Special mention must be made of the Hutchins Junior team. This team consisted of Year Six

boys who were playing against older boys in the Year 7/8 competition. Not only were they competitive – they won the premiership. Our two other teams in the Year 7/8 competition won their respective rosters too. At Year 8/9 level, our teams finished second and third in their rosters. Our two Year 9/10 teams showed their supremacy by winning their premierships, while our Year 10 team also won its premiership.

While success isn't everything, it does show that we are training and preparing well, and have good team spirit. With the quality and dedication of our junior cricketers, cricket at Hutchins is indeed in good hands.

Mike Calder
Master in Charge of Cricket

Year 7/8 Cricket Report

This season was a great success for the Hutchins Lions team. We did not lose a game. All the team worked hard, and never let us down. Marvellous fielding really helped us to get to the top, with spectacular performances by Matthew Fisher in batting and bowling, and our new opening bowler John Barnes who was awesome with pace and a lot of bounce. Special thanks are due to Mr Young for coaching us.
