Board of Management Chairman's Report

2002 has been another pleasingly successful year for Hutchins. We have exceeded our predictions in respect of student numbers and it is particularly pleasing to note that Early Learning Centre numbers continue to grow.

Harvey Gibson
Chairman

The Board of Management consisting of Andrew Ashbolt, David Catchpole, Rob Clark, Andrew Downie, Nick Heath, Elizabeth Hope, Ian Johnston and Peter Shelley have provided outstanding support and counsel to myself and the Principal during the year and I thank them all for their contribution.

Development of school facilities has continued during the year with the following projects completed:

- **Boarding House Dormitory upgrade**
- **refurbishment of Art Rooms**
- **completion of an additional teaching area in the Early Learning Centre, and**
- **upgrade of Southport Outdoor Education facilities.**

We look forward to a full Outdoor Education program recommencing in 2003.

The new Music School project is proceeding according to plan and will be available for use at the start of 2003. The recently approved budget for 2003 includes the following projects:

- **redevelopment of the existing Junior School and Music School**
- **landscaping and sun protection for the Senior School quadrangle**
- **resurfacing of artificial grass tennis courts, and**
- **refurbishment of the Centre for Excellence.**

Significant contributions will be made to the Quadrangle and Tennis Court projects by the Parents' Association and the Hutchins Tennis Club – this serves to emphasise the enormous contribution made to the school by our many volunteers.

On behalf of the Board I wish to thank all of you who have helped the school in whatever volunteer capacity during the year because without you we would not be able to offer the standard of facilities and activities which are currently or will in the future be available to our students.

In keeping with the Board's emphasis on strategic planning and future directions for Hutchins we have asked the Principal to focus on the following in 2003:

- **continuing the emphasis on establishing strategic alliances**
- **refinement of the marketing strategy for the school based on appropriate research and consultation**
- **revitalisation of Years 9 and 10, and**
- **to monitor, create and refine the measurement of academic achievement.**

On behalf of the Board I would like to thank the Principal, senior management, the teaching staff and support staff for their efforts in 2002 – their commitment to the boys and their education is outstanding and much appreciated.

Harvey Gibson
Chairman

From the Principal

2002 has been a year in which some firmly held assumptions about our world have been questioned. It has been an unsettling year.

September 11, 2001 continues to reverberate; the United States stock market has headed steadily downwards; Israel and Palestine have experienced heightened conflict; and white farmers have been expelled from their farms in Zimbabwe. There is a sense of impending conflict which was heightened by the bomb blast in Bali.

Closer to home, Incat, Tasmania's world famous fast catamaran builder, was placed in the hands of an administrator. On the positive side, real estate values in Tasmania have increased markedly in some areas, as the attractions of Tasmania are discovered by those from the mainland and overseas.

To capture the sense of 2002 is to understand the unsettling nature of overseas events. At the time of writing, there are major unanswered questions: will the USA go to war against Iraq? Can Israel and Palestine work through their differences?

In Tasmania, Incat's difficulties have been unsettling. This has been countered in part by the improvement in house prices and the Government's decision to purchase two cross channel ferries has boosted confidence.

But what has this to do with Hutchins and education?

There is a pressing need for students who are facing this new, more uncertain world to have an understanding of the people, processes and forces currently shaping our world.

An understanding of history, causation, logic, fact and opinion are crucial skills that need to be inculcated. I hope that the current curriculum is ensuring that such skills are being learnt.

In my reading of school histories, I have a sense that sometimes the success of a school is measured both by new buildings and enrolments increasing.

At Hutchins, yet another building programme has occurred: extensions to the Stephen Hay Memorial Park at Southport, and the commencement of construction of the new Music School. This latest new building, which incorporates the house in which the Centre for Excellence had been operating, means moving the Centre for Excellence to the old Year 3 and 4 classrooms and Years 3 and 4 to the old music block. The next stage of development is to remodel Junior School, which will occur as soon as funds permit.

The decline in enrolments has temporarily halted, which has eased a little the financial pressure on the school. Given the decline in school age students in Tasmania, we can be pleased with this.

Rather than measure the school's success by buildings and enrolments, I would prefer to look at measures like the quality of teaching and learning occurring in the school, the values being inculcated, the happiness of the Hutchins community and the feelings of achievement of each of our students.

On those measures, I feel we have achieved well and this is due to the dedication of the Hutchins community, whose focus has been the boys.

Staff, Board of Management, parents, friends and old boys, thank you for your commitment. We remain a strong, positive, vibrant school with a sense of purpose.

In a time of uncertainty, Hutchins continues to be a source of stability and excellence.

W D Toppin

The New Music School

Centre for Excellence

**"A master can tell you what he expects of you.
A teacher, though, awakens your own expectations"**

The Centre for Excellence in 2002 saw many students' "awakening their own expectations" and becoming independent learners. Our remedial program fosters an attitude of ownership for one's learning, which is reflected in the optional electives offered from Year 8 to Year 10. We were pleased to welcome Mrs Diana Williams to the team and have valued her calming influence with the Year 9 and 10 students. Mrs Williams has contributed to the program with her psychologist's perspective to learning, and is able to offer individual counselling to students. Her position has now been extended to full time and she looks forward to working with Year 6 and Middle School students in 2003.

Mr Ken Kingston has continued his Middle School focus and enjoys working with the boys who have shown dedication to their learning. A most successful unit of work covering Critical Literacy included the sharing and writing of recipes, which were celebrated with a seafood feast. Mr Kingston will continue working with the year 8 Literacy Lifeboat class during 2003 and forms an integral member of the Centre Team.

The ELC and Junior School program continue a commitment to early intervention and remediation. The standardised testing program, together with teacher and parent observations, ensures that students who may require additional support are identified and offered assistance. We are fortunate to have Wendy Sakul and Penny Brown concentrating in this work as they have significant experience and expertise in remediation and working with small groups. Their work is supported and enhanced through the volunteer parents who so generously give time to the Macquarie Reading Program. This work is vital and much appreciated.

Dedicated and highly skilled teacher assistants have assisted several individual students in class. Belinda Cousens and Amanda Thomson bring a professional approach to their work and have been wonderful assets to the learning program.

We look forward to expanding our programs when we move to our new Centre For Excellence in 2003. This move will see the ESL classes operating from the Centre under the direction of Jaqi King.

We were pleased to welcome Cath Hogan back to conduct the Gifted and Talented program in the ELC during 2002. The Hutchins School has been instrumental in bringing professional development in Gifted and Talented Education to the state and hosted sessions for teachers and parents conducted by Dr Katherine Hoekman of the UNSW. A great emphasis in 2002 was on professional learning for Middle School Staff.

Gifted and talented educational practices are good educational practices for all children and an effective gifted education program cannot exist solely as a pull-out program. Every class at Hutchins ought to be an 'opportunity class' and that is our aim in supporting students and staff.

This year the Future Problem Solving Team from Middle School were invited to attend the national finals in Melbourne in October. This is a challenging program that involves higher order thinking skills together with communication and teamwork at a high level.

The Centre is always a busy place – however we welcome parents and other interested people from The Hutchins community to visit us at any time and thanks to the many people who support our work.

Staff Farewells

Ray Stacey

Ray began his teaching career in New South Wales in 1969 and specialised in the field of careers from 1978, coming to Tasmania in 1990. He joined the staff of Collegiate and Hutchins School in 1992, becoming full time at Hutchins in 1994.

Ray has certainly had a full and active time both within Hutchins and tirelessly promoting the many and varied aspects of Careers Education inside and outside the school. In addition Ray has organised many functions for the school from Subject Choice Nights to Anniversary Lunches.

As a member of the Stephens House team for his entire life at Hutchins, Ray was a valued tutor before taking on the role as House Administrator. In this role he provided valuable assistance to both the heads of house he served with, from accounting through organising fun lunches, to writing out lists for house teams.

Whilst not an avid sportsman himself, we should not forget Ray's commitment to Real Tennis – over the years he encouraged many boys to be challenged by this unique game.

His reputation as a Careers Counsellor extends well outside the school. Ray was awarded Life Membership of the Australian Association of Career Counsellors. He has ensured that his knowledge has been kept up to date through attendances at local and national conferences. During his time as an active member of AACC he has convened two national conferences at Wrest Point Conference Centre. He has a very well established network both in the business world and amongst other Career Counsellors. Over the years Ray represented the Association of Independent Schools of Tasmania on various committees including the Careers Expo (including the inaugural committee) and the Work Experience Advisory Committee. Many boys have benefited from his expertise and his desire to see them succeed. He always maintained his commitment to boys, encouraging them to follow their dreams and to write their own stories, even to make 'his-story'.

As times changed, so did Ray's role expand. He became responsible for coordinating VET courses, a thankless task that involved a great deal of record keeping and follow up, liaising between teachers, government bodies and AIST.

While the time of Ray's resignation and retirement was not as he would have liked, we support him fully in his decision and wish him the best of health for the future.

W D Toppin
Principal

Peter Hodge

Peter was appointed to the staff in 1991, coming to Hutchins from the State Education Department. He had been a school Principal and had worked with the University of Tasmania.

Peter has encouraged boys to learn independence and self-management by providing them with

opportunities to make decisions about their learning. During his time at Hutchins he has increased subject choices and expanded the level of trust extended to boys. In the TCE transition, Hutchins moved from offering less than forty subjects in Year 11/12 to over eighty.

The role of Director of Studies is a busy one including compliance with TASSAB procedures, where appropriate subjects are selected, examinations conducted, academic awards and prizes are determined, and timetables are delivered to 700 students.

Peter has always tried to improve procedures: he streamlined the system of reporting and assessing, managed the introduction of computerised reporting and introduced new timetabling software now adopted by all three co-operating schools.

He has been a passionate advocate of improving teaching and learning at Hutchins. His knowledge of current curriculum trends and research has always been matched by critical reflection of the likely benefits of the new. He has never simply accepted something different as being better but rather has probed the possibilities of change when he has been convinced of the benefits.

Peter has involved himself in many aspects of school life. He established the SRC Curriculum Executive to provide leadership opportunities in curriculum management. An annual favourite event has been his SRC Leavers' Funny Hat Barbecue. He has sung with the Chapel Choir at many Anniversary Services. He contributed some watercolour paintings to the Fair Art Exhibition. He has been the Master in Charge of Volleyball for twelve years.

Peter, who is a Lieutenant Colonel in the Australian Army, leaves us to work at the Land Warfare Development Centre on the mainland. I thank him for his contribution to Hutchins, for his professionalism, his enthusiasm and his innovative ideas that have added so much to the life of the School.

W D Toppin

Obituary

Arnold Kenneth Wertheimer

1924 - 2001

Arnold Wertheimer attended Hutchins from 1933 until 1940. He passed the Intermediate Examination in 1938 and the Leaving Examination in 1940. While in Senior School he was awarded the Newcastle Scholarship.

During his time at Hutchins, Arnold was a member of the Magazine Committee and a Corporal in the Cadets. He was also actively involved in sport, being awarded Second Colours in both Athletics and Football.

Arnold's considerable contribution to Hutchins continued after his school years. In 1961 he was appointed to the Board of Management and completed a term of ten years, including three years as Board Chairman from 1969-1971.

In 1942 Mr Wertheimer enlisted in the Royal Australian Navy and saw active service on HMAS Castlemaine during World War II. After the war he continued to serve in the Naval Reserve for 40 years, rising to Commander and Naval Officer Commanding Reserves in Tasmania for ten years.

Arnold was actively involved in Hobart business and community life. He was the honorary Naval Aide de Camp to Tasmanian governors Sir Hugh Binney and Sir Ronald Cross, and was awarded membership of the Royal Victorian Order.

He was a chartered accountant and senior partner of Wise, Lord and Ferguson until becoming Manager of the Australian Stock Exchange in

Hobart until his retirement in 1990. He was director of several companies, including Mercantile Mutual, National Mutual and D J Motors. He was also a board member of Associated Securities Limited, State Chairman of the Australian Institute of Chartered Accountants, a long standing director of 7HO, and a board member of Tasmanian Television Ltd until its 1983 takeover.

Outside the board room, Mr Wertheimer was a past president of the Royal Hobart Bowls Club and the Australian Corvettes Association.

Both sons and seven grandsons have all attended Hutchins.

He is survived by his wife Norma and children Roslyn (Lamprill), Michael, Christine (Dorrington) and John and nine grandchildren.

W D Toppin
Principal

Staff Movements

The following **new staff members were appointed during 2002** to replace those who left at the end of last year or during the current year:

John Ancher	Alumni Officer
Penny Brown	Centre for Excellence
Nicholas Browne	English
Lee Burman	Kindergarten
Scott Cashion	Music
Lisa di Venuto	Junior School Sports Administrator
Sophie Edwards	Junior School
Sarah Fielding	Early Learning Centre
Rosalind Goodsell	ESL
Matthew Groves	Junior School
Susan Hall	School Shop
Cameron Hudson	Mathematics
Alison Illingworth	Drama
Nina Jones	Laboratory Technician
Kathryn Kerstan	Performing Arts Secretary
Nicole Parums	Library Technician
Diana Williams	Special Education

We welcome these new staff members into the Hutchins family and wish them all a very happy and fulfilling time at the school. We also welcomed back from leave of absence Mr Stephen Smith (Junior School).

Several other **staff joined us on limited term contracts** to assist in the absence of staff who were on leave:

Dennis Blachford	Librarian
Robin Barnes	Economics and Business
Louise Bradshaw	Music
Penny Brown	Centre for Excellence
Kirsty Butler	Art
Laurel Carland	Careers Counselling
Kyler Culver	Boarding House
Tim Dale	Physical Education
Alison Farmer	English
Rupert French	Careers Counselling
Marian Jakins	Music
Caroline Johnston	Early Learning Centre
Marjorie Lorraine	French & SOSE

Philip Quaile	English
Kellie Robinson	Mathematics
Michael Shelley	Music
Liz Thomson	English
Steve Tolbert	Indonesian

To the **Boarding House** we welcomed **resident masters** Kyler Culver (from the United States), Jonathan McGuffie, Patrick O'Halloran and Daniel Wiley.

We thank them for their contribution to the school and wish them every success in the future.

During the year **a number of staff resigned** to take up positions elsewhere, while others left us at the end of the year:

Barbara Carolan	Performing Arts Secretary
Nicholas Eaves	Early Learning Centre
Alison Gottschalk	Kindergarten
Marcus Halls	Design and Technology
Peter Hodge	Director of Studies
Alan Morley	Director of Boarding
Nicole Parums	Library Technician
Ann Reimer	Development Officer
Andrew Short	Alumni Officer
Ray Stacey	Careers Counsellor
Stuart Young	Mathematics

We thank them for their dedicated service to the school and wish them every success in the future.

This year Ms Michelle Weeding was appointed Head of Performing Arts and Ms Theresa Werner was appointed Head of English. Mr Michael Conacher assumed the role of Middle School Sportsmaster, Mrs Robyn Collis moved from Junior School to Middle School and Mr Andrew Stewart relinquished his role as Director of Outdoor Education and resumed his role as English teacher. In Term 2 while Mr McQueen was on long service leave Mrs Janet Waters was Acting Head of Middle School and Mr Matthew Sayers was Acting Head of Year 7. Also in Term 2 while Mr Symons was on long service leave, Ms Jodie Schafferius was Acting Head of the Faculty of Business and Enterprise.

Then & Now

HUTCHINS IN 1902

100 years ago, in the immediate aftermath of Federation, the school was situated in Macquarie Street, in a purpose-built neo-gothic schoolhouse commissioned by the Church of England in 1847.

Hutchins had its problems in 1902, and influential figures connected with the school believed the difficulties to be insurmountable. They thought that like other notable private schools of the period – Queen's College, Horton College and Officer College – Hutchins would be forced to close. Indeed, it appears fortuitous rather than calculated that Hutchins survived the early 1900s.

THE BOER WAR, 1899-1902

The war in South Africa, pitting the forces of the British Empire against the Boer settlers, ended in 1902. South Africa as a nation emerged from the conflict in which the Boers persevered with great bravery against the odds, winning international respect. Tasmania sent 836 men and 781 horses. 390 Australians lost their lives, including 19 Tasmanians. Over the course of the war, 49 Hutchins Old Boys enlisted.

In an extraordinary coincidence, two Hutchins Old Boys won the first Victoria Crosses ever awarded to Australian soldiers, within hours of one another at separate theatres of war on 1 September 1900. Lieutenant Guy Wylly and Private John Bisdee both carried out acts of supreme gallantry under enemy fire without consideration for their personal safety. The Victoria Cross is the highest British or Commonwealth military honour that can be awarded to service personnel on active duty.

It is difficult to imagine the impact of the Boer War on Hutchins in 1902. There are always financial consequences of a national war effort.

A BATTLE FOR SURVIVAL

The Headmaster in 1902 was H H "Mickey" Anderson, an Englishman who came from a strong Baptist missionary tradition. He arrived in Tasmania at the age of 33 following a stint in India where he had been Principal of a Hindu College and Rector of a Calcutta High School. "Mickey"

Anderson was appointed Headmaster of Hutchins in 1892. He inherited a school of sound financial standing with 130 pupils, including 20 boarders. In the worst year of his stewardship, the enrolment dropped to 20. In 1905 there was one boarder and the School was almost bankrupt.

There were several reasons for Hutchins' decline during the Anderson years, not all of them within the Headmaster's control, although he is reported to have had certain 'personality difficulties'. Perhaps these inter-personal shortcomings precipitated his conflict with staff and his fall-out with the Trustees, the Bishop and the Diocesan Council. No doubt the greatest disadvantage to general prosperity in the 1890s was the nation-wide depression – "Mickey" should not be accused of bringing that about.

There is scant information from press coverage of events involving Hutchins during the Anderson years, with 1902 notable for the almost total lack of reportage. One rare highlight was the Southern Football Premiership, with Hutchins victorious over Buckland School by 104 points.

In 1902, Major G A Gurney was in his second year as Co-Principal of Hutchins. Why Gurney had been appointed is unclear though his involvement in the position was clearly advantageous. Hutchins' stocks rose while he was there and fell off when he left, to co-found King's Grammar School in 1903.

Just 54 boys were enrolled in 1902. At the prize giving, the Bishop was critical of Hutchins' success at Mathematics in the public exams. As an Oxford man, he believed that the Classics should be in the educational ascendancy. He wanted to see emphasis placed on an all-round education and he hoped that an esprit de corps would develop soon at Hutchins to mirror that found at the public schools of England.

Anderson found himself constantly battling poverty. As Headmaster, he was expected to repair and maintain school property, and pay staff from the income he derived from fees. Falling enrolments equalled a plummeting income. There was no school endowment fund in 1902. As well, the Head paid rent of 60 pounds to the Trustees for his house, and it was customary for Headmasters at Hutchins to provide the Newcastle Scholarships for four boys, an amount of around 50 pounds, out of their own pocket. Add the cost of bringing up a family of ten children and it can be appreciated that "Mickey" Anderson operated in circumstances of financial stricture. The Church, struggling to deal with the impact of the depression on its own income base, did not come to his aid.

Hutchins 100 years ago was heading towards oblivion. At no time in its history since has it faced such pressure to close. It might be said that "Mickey" Anderson guided his school through its darkest hours. There is equal evidence to suggest that he was the principal cause of the crisis.

John Ancher
Archivist

Material sourced from Geoffrey Stephens' book THE HUTCHINS SCHOOL, Macquarie Street Years 1846-1965 has provided most background information for the above article.

Parents' Association

The year 2002 saw something of a reduced involvement by parents in the Association. It is therefore perhaps timely to revisit the aims and purpose of the Association in the life of the school.

Membership of the Hutchins Parents' Association is automatic for all parents of the school and we encourage everyone to attend our meetings. The emphasis of the Association's meetings is on providing a forum where the parents as a body can provide feedback to the Principal on issues of concern and in turn the Principal can report back on activities and issues taking place around the school, in a relaxed and informal atmosphere. The Principal and the Director of Development attend the Association's meetings as representatives of the school, and fundraising activities are also discussed. On occasions a guest speaker is invited to address the meeting to speak on a topic of interest to parents.

Our main fundraising activity in 2002 was the annual School Fair. This year the Fair was held in April and we were blessed with a balmy autumn evening in which the aromas of a variety of exotic food stalls mingled with the dulcet tones of the school social held in the Auditorium. Over \$23,000 was raised from the generous school community and their friends. Thankyou to all who attended.

Other fundraising activities conducted throughout 2002 included catering at various school functions, such as the grandparent's morning teas, and operating the second hand clothing pool. Profits from the operation of the tuckshops run by the Spotless Group are also directed to the Parents' Association and any help provided by parents assisting in the tuckshops means a more profitable operation and a direct financial benefit to the Parents Association. Thankyou to all the parents who have helped as volunteers in the tuckshops in 2002.

This year we organised a very successful Fathers' Dinner held at the Royal Yacht Club of Tasmania and a cocktail evening held at the Principal's home. Last year a successful Mothers' Dinner was held and another is planned for 2003.

Monies raised by the Parents' Association are directed back to the school by financing projects selected by the Association and approved by the school. In the last five years the Association has contributed over \$280,000 to school improvements spread among the various campuses. In the year 2002 the Association pledged \$100,000 to be paid in instalments over the following three years for improvements to the Senior School quadrangle.

Unfortunately the Southern Mothers' Group disbanded in 2002, and the support they have provided for the Association over the years will be greatly missed. It is disappointing that the network of contacts and friendships will no longer be available through this group.

I would like to thank the hard working committee without whose involvement the Parents' Association would not function – in particular Vice-president Lyn Sayers, Secretary Andrew Nesbitt, Carmel Fenton, Rowena Ransley, Jenny Middleton, Sally Gumley, Rob Owens, Peter Illingworth and all on the Fair Committee.

In summary, I urge you all to actively support the Parents' Association in the future to ensure it remains a robust body filling an important place in the school community.

The Hutchins Foundation

The Hutchins Foundation Ltd and the School Development Office are very closely linked, using at times the same staff, the same volunteers and the same offices. However, the functions of each organisation are quite different.

The Hutchins Foundation is the school's major fund-raising organisation and has been in operation since 1977. It has the responsibility for raising large sums of money for new buildings and for ensuring the future stability of the school through the Endowment Fund. Much of the almost ten million dollars in the Endowment Fund has come from bequests received from old boys and others in the last thirty years and from the earnings that these invested funds have created. The Annual Appeal, which this year raised over \$32,000, is a crucial element of the Foundation's fund raising work. Various sections within the Foundation are charged with the promotion of bequests, with the planning of special fund-raising events, and with the careful investment of all funds raised.

The Development Office, on the other hand, assists the school by working closely with Old Boys, with the Parents' Association, and in managing all marketing and public relations functions throughout the school. The Development Office also coordinates events such as Anniversary Week, Speech Night, the New Parents' Dinner and tours of the school for visiting old boys and prospective new parents.

Significant events through the year have been the Old Boys' reunions, Jazz 'n' the Boyz, marketing activities locally and internationally, The Hutchins Art Prize 2002 and the activities of the various Foundation Committees.

Old Boys and Archives

Although we were sorry to see old boy Andrew Short (former Archivist and Alumni Officer) leave Hutchins to follow a musical career internationally, we were very pleased to welcome to the position John Ancher, whose three sons have attended Hutchins. During the year Old Boys' reunions have been held in Melbourne, Brisbane, Sydney, Hobart and Launceston. A major survey of old boys wishes with regards to the reunion program has been included in the final edition for 2002 of the school and Old Boys' newsletter Magenta and Black.

A major redevelopment of the Nettlefold Library and the Olga Braham Gallery has resulted in a slightly smaller display space for the archives, but a much larger storage area. The archives are an invaluable resource for the school, housing documents, historical artefacts, furniture and works of art dating back to the first day of Hutchins' existence. Old Boys and current students frequently use the resource to trace family histories or to gain a glimpse of life as it was in times gone by.

Music

An important part of the school's life is seen in the many musical and dramatic performances through the year. Major productions such as Thark and The Killing and Chilling of My Annabel Lee are complemented by productions in Middle

School, Junior School and the ELC. Music at all levels is enjoyed in mini-concerts and at assemblies, but the huge production of Jazz 'n' the Boyz was of special significance to the school and to this report, as it drew heavily upon the assistance of the Foundation's Programs & Projects Committee. A three-course meal and wines were enjoyed by almost two hundred guests in the recently refurbished Terence Butler Auditorium, while some of the school's top performers joined well-known professional singers and musicians from around the state. Tickets for the evening sold out several days in advance and standing room was found for a few latecomers.

Marketing

The decline in Tasmania's school-aged population has not been as severe as predicted several years ago, but it is still a key element in forward planning. To counter the effects of declining local enrolments, Hutchins has been engaged in significant marketing activities on the local, national and international arenas.

Sam Stove at the Jazz 'n' the Boyz concert

Our Open Day, the very popular Principal's Seminars, the public concerts and soirées, the School Fair and other events help boost the school's image locally. For interstate parents, our website is an important marketing tool and the interstate Old Boys dinners are advertised in the relevant newspapers – once again boosting the school's image.

Internationally, we have established links with many countries in South East Asia and have worked hard to develop new links with Vietnam, Germany and Brazil. The Director of Development is often envied by his colleagues as he goes to exotic parts of the world to visit education counsellors and to brief their staff on Hutchins and Tasmania, but the glamour of sitting for ninety minutes in a Bangkok taxi whose air conditioning has failed, and trying to battle the usual traffic jams, is the reality. Hutchins has always had a small number of international students but in 2002 the boys from all over the world represent not only a very important cultural and social addition to the school, but are also generating a significant level of our total revenue.

The Hutchins Art Prize

The Art Prize, founded and funded by the Foundation, is an important event not only in the school year but in the national art calendar as well. It has grown by almost 400% since the first Art Prize in 1996 and

entries are regularly received from every state and territory of Australia and from other Pacific Rim countries.

His Excellency Sir Guy Green, Governor of Tasmania, is now patron of the prize, and the new Chief Judge is Mrs Akky Van Ogtrop, Director of the Sydney Biennial Works on Paper Fair. The Finalists Exhibition at The Long Gallery Salamanca Place fulfils several functions. Firstly, the Gala Opening cocktail party enables the school to acknowledge the work of so many volunteers and helpers. The event also demonstrates to boys studying art that their work and their interests are important and valuable. Finally, the exhibition welcomes almost 2,000 visitors to a Hutchins event – it is therefore important in marketing.

The Foundation

2002 marks the Silver Anniversary of The Hutchins Foundation. Mr Andrew Kemp, the sole remaining signatory to the Articles and Memorandum of Association, has maintained his interest in the work of the Foundation and is still Chairman of the Allocations and Investments Committee. As with any organisation, new members are always needed to give a fresh approach and to give new ideas. The A&I Committee is pleased to welcome Messrs Michael Muller, Charles Brothers and Jeff Halliday to the Committee.

The Programs and Projects Committee welcomes new members Mrs Deborah Rose and Mr Bruce House. We are also pleased to welcome Mrs Jenny Inglis, for many years a leading light in the school Parents' Association, as the new Vice-president of the Foundation. She will assume the Presidency when the current President, Mrs Di Troon, steps down. All members of the committees are provided in the School Directory.

Continued work on the promotion of bequests to the school, a dinner auction and other events planned for 2003, and continued close monitoring of the Foundation's investments will see the Hutchins Foundation continue to grow and continue to assist the school.

Conclusion

I wish to pay tribute to the staff in the Foundation and Development Office: Pam Daly, Ann Reimer (whose resignation we sadly received earlier this year), Louise Young, Don Camm, John Ancher and Kyler Culver, a GAP student from the USA who has been of great assistance in the Archives.

The Foundation and the Hutchins Development Office are a little like Pandora's Box – when the door to the office area is opened one never quite knows what will come out: mass mailings of invitations to special events, Golf Day score cards, art works packaged ready for transportation to a gallery, special stationery for a Grandparents' Day, piles of pre-loved books and items for the Fair's "Trash and Treasure" stall, or even huge piles of receipts acknowledging people's generosity during the Annual Appeal. All make life in the Development Office exciting, hectic, challenging – and great fun!

Christopher Hall
Director of Development

Chaplain

Is my confession music to your ears?

Let me set the scene. It's lunchtime on a sunny day, and I am sitting on the grass outside the Chapel with two students. These are the ones who responded to my call for interested people to come and choose new hymns/songs for use in the Diary and in the new Chapel song-book.

One of the students, a faithful lad whose taste in liturgical music I find quite scary, says: "Your music does not connect with young people. You are failing us in your role as Chaplain by not giving us that [ie the music that he liked]".

There it was – out in the open, and as plain as a Hillsong lyric. I was the perpetrator of not just one-off failure, but of systematic and gross violation of young people's musical tastes. I confess to exposing boys to hymns that have some depth [Mr Overton forced me at this point to add the words "according to me"] and some of which are, horror of horrors, over five years old! I have been assisted in this failing by some charitable musicians along the way – although I'd like to have had even more!

Looking back, I suppose that my leaning to musical neglect could only be kept secret for so long, but now that I've been exposed I may as well make a full and frank admission of my other shortcomings too.

1. It is true that a number of Year 7 students were injured in their first Chapel service of the year. I was preaching about Jesus in the wilderness and Satan coming to tempt him, when the Crown-of-thorns-cum-Holy-Spirit-dove decoration fell from the ceiling on to the heads of the boys. Though one was sent by ambulance to hospital, no lasting injury was sustained. The evidence that pointed to my involvement in this "attack-of-boys-by-ceiling plot" was only ever circumstantial.

2. I have visited indigestion and dismay upon the Boarding community (and with the compliance of Mr Morley, I must add)! Once a fortnight, I have inflicted upon the boarders an after-dinner mint the size of a night service. Longing to do prep, they have been forced against their wills over to the Chapel to light candles, be still, listen, sing (that music again!) and worship God. On a non-Chapel evening the horror escalated when I even drew blood! It happened one night after dinner, when teaching a group the

There is nothing to hear up here. It is quiet, silent. It is a place to pray to God.

rudiments of lead-lighting. It was hoped that out of this initial group, several would be interested in helping with the leadlight project in the Chapel. One boy ended up with two decent gashes in his hand, another with a burnt finger, and all of us seemed to be showered with fragments of glass. Amidst the shards and the blood there was an agreement that we should do this more often.

3. I confess to leading boys off the straight and narrow of Nelson Road by taking them to the synagogue; the Mission to Seafarers; Millington's Funeral Home; the Pugin Exhibition at the Museum; up the mountain, and even on a boat in the middle of a gale. All of

this forms part of a complex pattern of behaviour that only a psychiatrist could understand.

4. Of course, there was the demanding of money too. I admit using my position to obtain money and food with intent. But, I was not alone. I had accomplices – many generous people who gave their time to raise money for the Lent Appeal and Amnesty International, and who willingly contributed to the Anglicare Appeal for Christmas food. I confess to preventing boys from bringing goods that had passed their "best before" date, and from bringing baked beans! Ugh! I may be guilty of abject failure, musically and otherwise, but the giving of baked beans to poor people at Christmas is in a different league. That's like cruelty "on the neighbouring syllabus", as we say!

In Melbourne Cup week, I also confess to betting in Chapel! Three boys and a housemaster (what a great title for a film!) bet \$5 each towards the food appeal, that I would not wear a Bob-the-Builder hat throughout a service. They obviously didn't know me, and it was like taking sweets from babies (which I also enjoy doing!).

5. Most serious of all shortcomings, however, lie in failing to succumb to the gloom and despair of the world. In ugly contrast to this, I have tried to proclaim that faithfulness is more important than success; and to challenge the community to live lives of joy and sparkle, mindful of responsibilities given to us by God. Moreover, I was caught not only playing hymns that were over five years old but telling stories that were thousands of years old, about Jesus who rose from the dead and is alive today!

I confess to all these short-comings, but in my defence I must say that I did not act alone! I had great help, and I have great hopes that many others will continue to join me in some of the failings I have mentioned. It's much more fun that way!

John Goodwin
Chaplain

Senior Prefect

Overawed, I sat in Mr Toppin's office for my first official day as Senior Prefect. It was here that I found out, to my surprise, that in around an hour's time Dave Webber and I would chair a meeting with the prefects to discuss what our goals should be for the year. These prefects were my friends, so to be put 'in charge' of them was very daunting. I then discovered that I would also be addressing the new boys and their parents later that afternoon. Now I'm not very good at doing things at short notice – I panic and get very agitated – so as you can imagine this first day was getting quite overwhelming. I practised my 30-second welcome for over an hour, and I still remember getting up and forcing out each word in front of just a few people, wringing my hands in anxiety; I wanted this year to go just right.

I tried to be the perfect Head Prefect: someone who was able to say the right things, do everything and be everywhere. My first term was spent worrying if I was doing enough or whether I was as good a leader as previous Head Prefects. It was only after going through the entire year that I realised that I could never be that "perfect leader". In fact, through my fellow prefects and leavers I saw that there are no perfect leaders. Each prefect had his own personality that provided a different slant on issues and problems. They all had their strengths and weaknesses and, by working with them during the year, I learnt that there is no perfect mould to fit into. Some of the prefects spent hours just talking and playing with the younger boys, while others spent most of their lunchtimes and early mornings going to meetings in order to run important events. When there were problems with individual boys, I knew that there was always someone who could relate to the boy and help him with any difficulties that he had. Each person's contributions were valuable.

One aspect of leadership that I find important is learning from past experiences. You can understand all about life in theory –

BACK ROW: William Kay, Andrew Deane, Alexander Polegaj, George Bignell, Benjamin Groom, Thomas Stove, Richard Ellis, Joshua Lambert, John Cooper
FRONT ROW: Matthew Drury, William Calvert, Jonathan Haynes, Mr W Toppin (Principal), Mr B Irons (Deputy Principal), Thomas Volkman, Michael Brothers
ABSENT: Patrick Sherwood, David Webber

however, by undergoing experiences such as friendships, pain, suffering and joy, a more mature understanding and appreciation of life is attained. I believe that we have learnt a lot this year, becoming a close group of friends and experiencing what it is like to become an adult, and to have responsibilities.

Being a prefect and being in Year 12 is an experience that I will never forget. I don't think that there was any "right way" to do it. I still get nervous when I'm told I have to do a welcome, just as many of the leavers and prefects still have their own weaknesses that they struggle with. However, we have changed over the year, and in doing so, I believe we have grown as people. It is said that we are shaped by our experiences: I would like to thank Hutchins, and specifically Mr Rae, Mr Irons and Mr Toppin for their constant support, encouragement and guidance and for providing us with this incredible experience.

Jono Haynes
Senior Prefect

Culture Prefects

A committee was made up of four House Prefects as a new 2002 initiative, devised by Jaqi King, coordinator of ESL.

These boys were: Robert Knight (Stephens), Ryan Perry (Buckland), Benjamin McKay (Thorold) and George Croft (School). Most houses chose to adopt a particular region of the world to focus their cultural interest on. School concentrated on Australia, Asia and the Pacific; Stephens adopted the Americas; while Thorold chose to look at Europe and Africa.

Each house held numerous cultural events throughout the course of the year. Some examples of these were School's Culture Quiz; Thorold's sponsorship of an African orphan; Stephen's Fiji appeal; and Buckland's Culture Week.

However, by far the biggest event on the Culture Committee's calendar in 2002 was the Anniversary lunch. Past years have seen this lunch being comprised of finger food brought in by all the boys. But this year saw a totally new approach to one of the most important dates during Anniversary week. Each boy from Years 9 to 12 brought in a specific donation or a monetary donation for perishable goods. Tim Last, Simon Hall, a catering student and Ms King prepared dishes from the far reaches of the globe. Culinary delights ranged from African curry and couscous, Thai Chicken Curry, lasagne, Burritos and traditional aussie snags, onion and tomato sauce.

The whole concept of a Culture Committee in 2002 was a successful one. Each of the members would like to see the initiative continued and built upon by future students as a way to celebrate and value the diverse cultures within our Hutchins community.

2002 SRC Report

The main goal of the SRC for 2002 was to revamp the executive ready for an improved operation next year. The restructuring of portfolios required a considerable amount of time and effort, and the school can look forward to a streamlined approach in the future. The boys who held positions this year have been successful in organising and carrying out a variety of activities and events.

General Secretary

The General Secretary for 2002 was Hayden Farquhar. As well as attending executive meetings on tuesday and thursday mornings, Hayden had the huge task of organising the Forty-Hour Famine, which he completed with great success.

Curriculum Executive:

Curriculum

Mark Toppin and Pekko Mahakitsiri have had the opportunity to organise many entertaining guest speakers, as well as running a very successful Subject Expo and Speakers Forum.

Learning Programs

Lewis Halliday and Tom Chang have run several programs, which have been a great success – these include a Study Skills Program, Advanced Drivers Course and Advanced Reading Course.

Clubs and Societies

Clubs and Societies Day and the Buskers Festival were the two main events Hugh Thomson and Lee Andrewartha organised this year. Both ran smoothly with positive results.

Activities

Rob Easter and Pat McMullen have successfully run many entertaining events around the school this year. These include 3-on-3 basketball, Torporama, Year 9 House Challenge, Beep Fest, and Battle of the Bands. Each of these activities has been well supported by the student body.

Administration Executive:

Community Service

This portfolio has been one of the busiest all year. It has organised many fundraisers for charities such as the

Deafness Foundation (Butterflies), World Vision, Save the Children, Royal Guide Dogs for the Blind and Camp Quality. As well as this, Alex Farmer and Jonathan Manning have created a new fundraising activity called 'The Big Event'. They are hoping this fundraiser will become an annual Inter House Competition.

Student Welfare

Simon Enman and Henry Knipe have played the role of improving the link between the Senior and Junior School.

Publications

Alex Menzie and Jack Madden have had a steady year producing posters for the other portfolios as well as the student population. They have also produced the SRC Bulletin.

Socials

James Walsh and Jonathon Cook have done an outstanding job running each of the socials at Hutchins this year. They have also attended all of the socials at our co-operating schools.

The SRC has also made several suggestions to the school about issues raised by the students. These include: a bell in the gym, a map of co-operating schools in the diary, placing an ideas box in the library, placing new shades in the quadrangle, a sports equipment borrowing system and placing a commemorative plaque on the WMO. The success of the SRC is due to the duties completed by each portfolio member as the SRC strives to improve life around the school and local community.

Thankyou to Ben Groom (Academic Prefect), Mr Peter Hodge and Ms Jodie Schafferius for their administration, and thank you to all portfolio holders for their hard work and contributions over the past year. Good luck for 2003.

Matthew Drury
SRC President

Absent: Mr Peter Hodge

Junior School & Early Learning Centre

This year in the ELC and Junior School we have tried to celebrate all that the students have achieved, individually and collectively. Celebrating each boy's talents and individual learning styles. Recognizing that as well as equipping children with a sound educational grounding we also as a school want to nurture all aspects of the child's development, challenging them in a variety of contexts and areas so they can discover their own uniqueness.

There have been many opportunities for the boys to participate in a variety of programs and the list is long. Along with varieties of class achievements there have been some excellent results in various state and national arenas. In the World of Trivia competition we had four teams enter. The Year 3, 5 and 6 teams all came second in the grand final with the Year 6 team missing out on first place by half a point! In the Australasian schools competitions we scored numerous high distinctions, distinctions and credits in mathematics, science and English. Angus Ware received a gold medal for attaining first place in the state for English and Dougal Middleton received a gold medal for being first in the state for mathematics.

Our primary teachers have also been recognized for their contribution to excellence.

Mr Dean Docking and Miss Nicole Casimaty were nominated for the National Excellence in Teaching Awards.

Musically the children's horizons were broadened with Soirées, Assemblies, Choirs, Eisteddfods and Instrumental programs and the excellent musical production of Pirates, Parrots and Penguins.

All boys participated in swimming, cross country, athletics, winter and summer sports and many boys were chosen in regional and state representative teams. There were specialized clinics in cricket, football, basketball, tennis, rugby league and rugby union. The introduction of the 'Learn to Swim' program from Year 1 - 4 (an intensive two-week program incorporating water familiarization, stroke technique, stroke correction and water safety) proved to be a successful initiative with Collegiate and we look forward to continuing that next year.

ROW 3: Gary Prebble, Stephen Smith, Margaret Headlam, Marc Horton-Stephens, Nicholas Eaves, Matthew Groves, Robert Lade.
ROW 2: Alison Gottschalk, Rebecca Clemons, Sarah Fielding, Sophie Edwards, Scott Marriott, Nicole Casimaty, Lisa Di Venuto, Caroline McCreary.
FRONT: Beth Bamford, Patricia Knight, Judy Smith, Jenny Brewster, Dean Docking, Robin Short, Lesley Salter.

The boys were involved in many charity fundraisers, stimulating class programs, excursions and extra curricular clubs such as Photography, Chess, Debating and Double Helix to name but a few. Not forgetting the Canberra/Melbourne trip and Poetry and Prose nights. For the first time we were involved in community arts projects such as the Hobart Fringe Festival and 'Taste of Tasmania.' Our first foray into dance was also very successful and the boys gave a spectacular and polished performance in the Wakakiri Dance

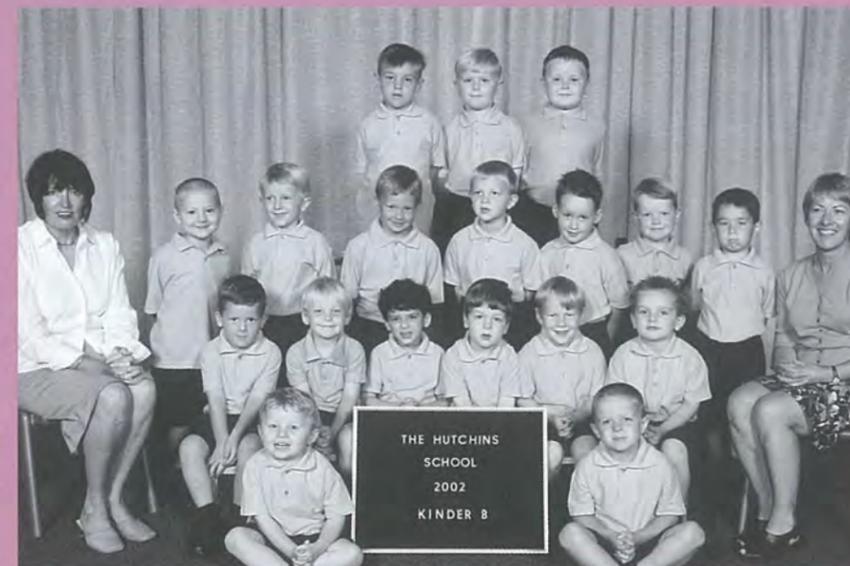

Eisteddfod receiving 2 prizes and being nominated for the state finals.

As is evident this year has been an exciting one. Thanks must go to the staff for their inspiration, dedication, professionalism and humour. They consistently go above and beyond the call of duty. Thanks must also go to the parents for the many ways that they have supported their children's learning. Last but not least thanks must go to the boys for 'having a go' and participating in so many activities. Hopefully we have managed to engender in them a love of learning.

As William Yeats said "Education is not the filling of the pail but the lighting of the flame".

FRONT: Ian Fulton, Jock Mure, Sanchit Paul, Brayden Pennicott

Max is being the king of the wild things. When Max was with the wild things he learnt not to be bad like chasing the dog and he learnt that he should listen to his mum.

James Thompson

Max is leaving the wild things because he is lonely and he wants some love from his mum. His dinner was waiting for him when he got home.

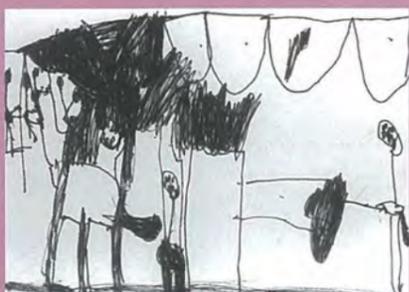

Matthew Molloy

The wild things are dancing and the king of the wild things is dancing too. When they are asleep the king of the wild things is going to leave.

Jock Mure

Where the Wild Things are...

When Max got sent to his room because he was not doing the right thing. He dreamt that a forest was growing in his bedroom and he walked through the forest and came to the sea where a boat was waiting for him.

Brayden Pennicott

Max went to the land of the wild things because he got sent to his room because he was being naughty. Max got tired from the things that he did with the monsters and he decided to go home.

Benjamin Robinson

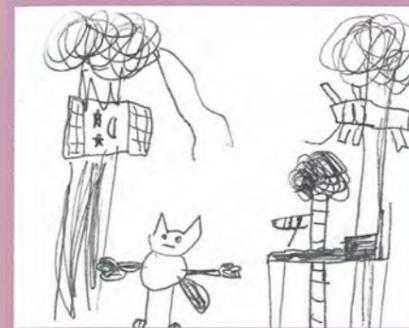

Max is going to the land of the wild things. He sailed away in a wooden boat that had his name on it. He met a dragon on the way.

Sanchit Paul

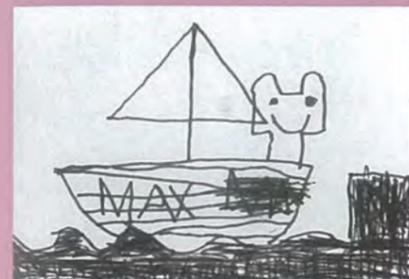

Max is going to where the wild things live and it took him one year and twenty weeks and a day to get there. I think that Max thought it was going to be fun, but it wasn't and he wanted to go home because no one loved him as much as his mum.

Alexander Bessell

Max's bedroom turned into a jungle and lots of vines were hanging from the ceiling. Then Max dreamed of a land of monsters and this land wasn't as good as Earth. First Max was happy there, but in the end he was sad because no one loved him as much as his mum did.

Nicholas Evans

Max was in his private boat and he was sailing to the land of the wild things. He was dreaming about being with the wild things and having a wild rumpus.

Jonathan Francis-Smith

The wild things made Max the king because he was the wildest of them all. When the wild things were sleeping he went to the boat and the wild things found him and they didn't want him to go because he was the king of the "wildnest".

Ned Howe

Max is going to the land of the wild things. They made him king of all the wild things and they had a wild rumpus. Then Max was lonely and he sent the wild things to bed without any dinner.

William Terry

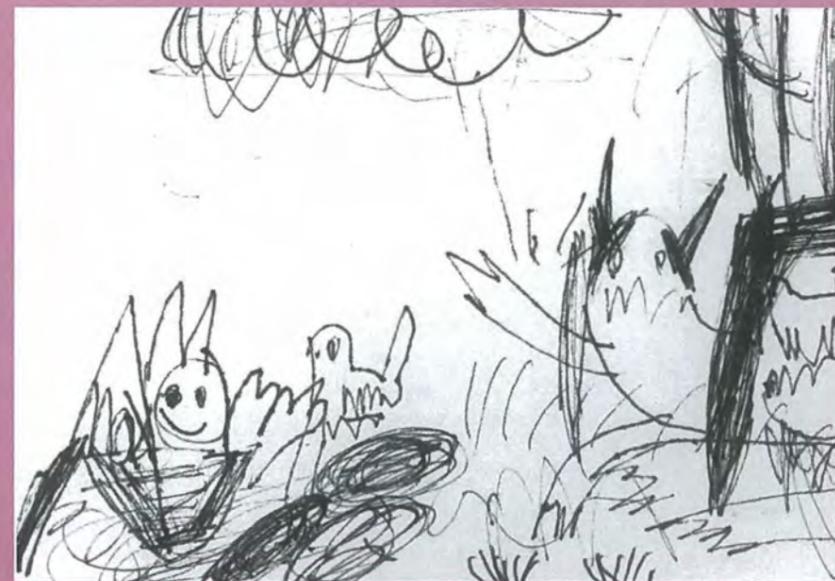

Max was sent to bed because he was not being nice. Next he started dreaming that he was in a forest with tall trees and a river with a private boat for him he sailed away to where the wild things lived. Max hypnotised the wild things and they made him king of the wild things.

Andrew Mackay

Max is talking to one of the wild things about going home and they wanted him to be the king of the wild things because he did magic tricks. He didn't stay with the wild things because he missed his mum. It took him over a year and in an out of a night and a day to get home again.

Jack Pereira

Max is leaving the place where the wild things live because he was getting bored being the king of the wild things. They were trying to make him stay because they thought he was wilder than them.

Ian Fulton

ROW 2: Mrs Judy Smith (Teacher), Thomas Sonneveld, Peter Eastment, Roman Mykytowycz, Henry Garrett, Duncan Kelly, James Sonneveld, Mrs Janet Arnott (Teacher's Assistant)

FRONT: Jack Lowrie, Oscar Wyatt, Harry Mander, Hirannya Karunadasa, Dylan Mayne

Fantastic Mr Fox

I liked the part of "Fantastic Mr Fox" where he goes down to the cellar and gets lots of cider. Rat gets drunk because he drinks too much cider.

Zach Chandler

I liked it when Fantastic Mr Fox invited all the animals to a big feast. After he was finished eating he did two big burps.

Jordan Colles

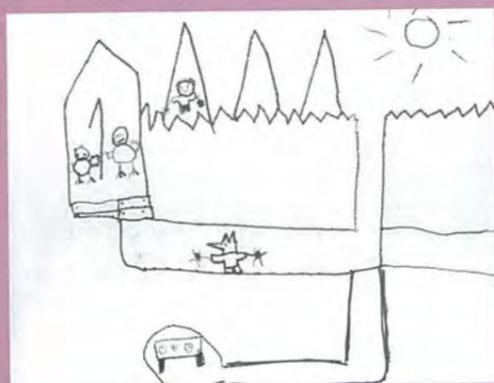

Zach Chandler

Once there were three farmers called Boggis, Bunce and Bean. They tried to kill Fantastic Mr Fox and his family but they didn't. Mr Fox got his tail shot off so he decided to dig underground so they couldn't kill him. He built an underground home for him and Badger, Rabbit, Mole and Weasel and their families. His plan was to dig and dig to find their storehouses and steal some chickens, geese, bacon, ham and cider for a big feast.

Henry Garrett

Cameron Tennick

Henry Garrett

Roman Mykytowycza

Fantastic Mr Fox dug a big hole underground so Boggis and Bunce and Bean couldn't shoot him. He went along the tunnel to Number One Chook Shed and killed three chooks. Then he went along to the Duck shed and killed about four ducks. Then he went to Bean's house and got the cider.

Peter Eastment

Six foxes were living in a big underground hole. Every night Mr Fox would go to steal some chickens, geese, ducks and other things from Boggis, Bunce and Bean. One day the three farmers were very, very, very angry because they were losing lots of their farm properties so they went straight to the hill to dig up Mr Fox and his five other foxes. The three farmers decided to camp around the big hole that they dug.

Nathaniel Griffiths

Harry Mander

My favourite part of Fantastic Mr Fox was when the hill looked like half of the hill had been chipped off. Bunce and Boggis and Bean did it with machines that had shovels on them.

Harry Mander

My favourite part of Fantastic Mr Fox was when Mr Fox with his babies and Mum dug underground because the farmers were trying to shoot them. They found cider.

Dylan Mayne

In one part of the story of Fantastic Mr Fox Boggis, Bunce and Bean thought Fantastic Mr Fox was still in the huge hole that they had made chasing him, starving. But he was digging tunnels under their houses and digging up and every time he dug up he found one of their storerooms. He found chickens, turkeys and cider. Then he went back to his huge hole and had a big feast with all of his friends.

Roman Mykytowycz

Duncan Kelly

Fantastic Mr Fox and his little foxes and the badger and all his other friends dug to get some food to have a feast.

Cameron Tennick

Fantastic Mr Fox dug all the way to Chicken House Number One and then he went to Bunce's Storehouse Number Two. Then Fantastic Mr Fox went to Bean's Cellar and he got some cider.

Oscar Wyatt

I liked it when they had the big feast. They had chickens, cider, and hens for the feast. Mr Fox invited Mrs Mole and Mr Mole and their children. He asked the Rabbit family and all his children.

Mitchell Haines

My favourite part of Fantastic Mr Fox was when Badger and Mr Fox and the littlest fox were rolling the bottles of cider to Mrs Fox because they were going to have a big feast.

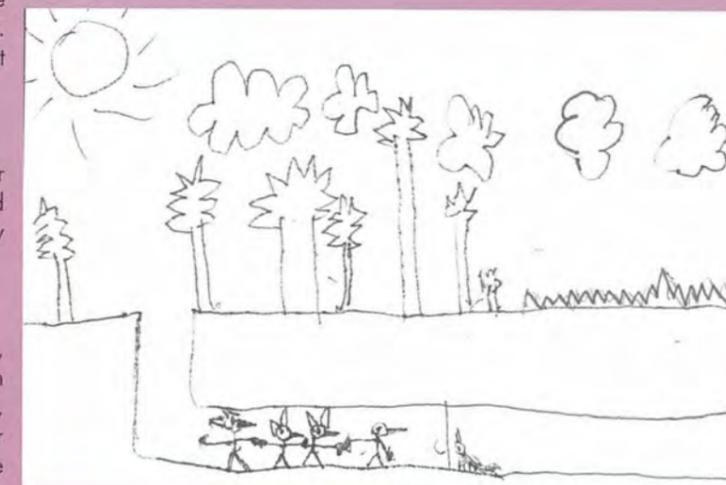

Hirannya Karunadasa

My favourite bit was when Mr Fox and the littlest fox and Badger were pushing the cider cans. I liked that part because it was funny to imagine how they would do it.

Duncan Kelly

Fantastic Mr Fox got lots of chickens and he ate them. He dug the hole when the tractors were trying to get him. In Chicken House Number One there were lots of chickens. He got turkeys from the second house. There was cider in the third house.

Jack Lowrie

Oscar Wyatt

I like the part when Fantastic Mr Fox and the mum and everybody else had the feast. They had chickens and geese and ham and carrots to eat. They had cider to drink. The cider was so big they got drunk.

James Sonneveld

Mr Fox and the fox dug and dug because they were going to Number One Chicken House. They were going there because they were hungry. They found some geese and they plucked the feathers off. They got some bottles of cider to drink. They had a big feast.

Thomas Sonneveld

Nathaniel Griffiths

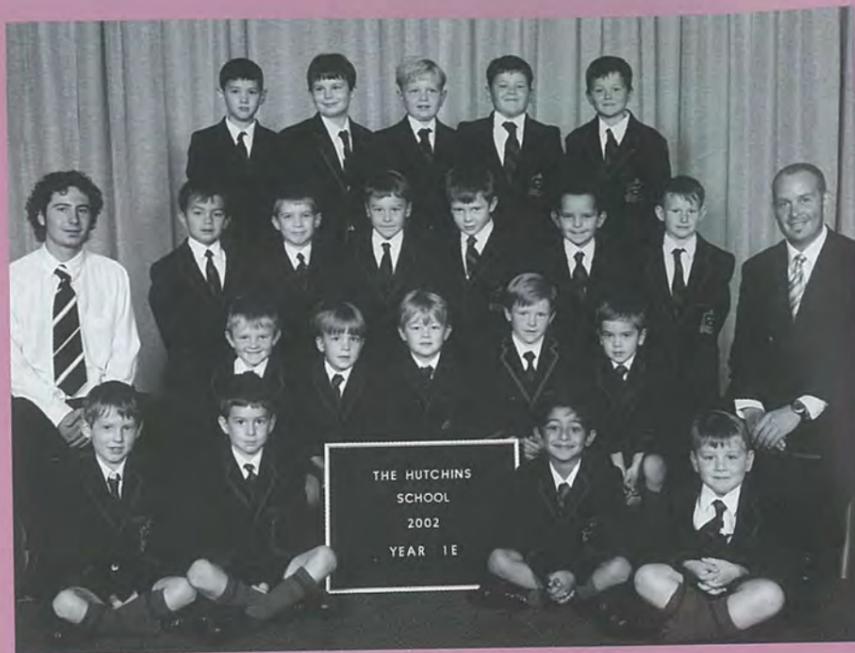

Class One E

ROW 4: Harrison Woo, Joshua Jarvie, Caleb Fife, Dimitri Ross, Ryan Neal

ROW 3: Mr James Young (Teacher's Assistant), Edward Burrows-Cheng, Nick Sakov, Daniel Luck, Samuel Goodwin, Elijah Kilby, Harry Bouchier, Mr Nick Eaves (Teacher)

ROW 2: Samuel Worsley, Timothy Craig, Henry Forbes-Smith, Brendan Hay, James Gruber

FRONT: Alexander Gall, David Marshall, Roshan Karri, Samuel Harley

Long, long ago there was two brothers and they had long beaks. They got speared and they turned into crocodiles.

That's how crocodiles became.

Rosha

The snakes went underground and the snake went through the magic soil. Then he got his scales.

That's how the snakes got their scales.

Samuel

Long, long ago crocodiles became people.

Suddenly, some dust came up.

They became people.

That's how crocodiles became people.

Dimitri

Long, long ago there were only dinosaurs and they became extinct.

How did they get their arms?

Because they were bananas, and they bit a magic rock.

That's how the dinosaurs got their arms.

Henry

How the koalas got to climb.

Long, long ago they went in the cave and they learned how to climb.

That's how the koalas learned to climb.

Alexander

How snakes learned to slither.

Snakes slithered along on the ground with little legs then they went underground.

Then they came back up from under the ground.

Then they laid eggs, baby snakes grow into bigger snakes.

That's how the snakes learned to slither.

Caleb

Daniel Luck

James Gruber

Edward Burrows-Cheng

How the dinosaurs got their teeth. Dinosaurs grew their teeth and they can eat.

When he was a baby he grew his teeth.

He crawled through magic sand.

That's how the dinosaurs got their teeth.

Sam W

How the zebra got their stripes.

A Zebra was thirsty. The Zebra found a magic pond then the Zebra began to drink the pond.

When the Zebra drank the pond the Zebra got stripes.

Nick

How the animals got their teeth.

They grew through their gums or they trod on a magic rock.

That's how the animals got their teeth.

Brendan

How animals got their teeth.

Long, long ago animals didn't have teeth.

One animal had an owner and the magical sand gave him his teeth.

That's how the animals got their teeth.

Josh

How crocodiles became.

Long, long ago there were crocodiles. This is how the crocodiles got their skin.

The crocodiles went in the magic dust. That's how the crocodiles got their skin.

ROW 2: Sean Willis, Jhobin Aflatooni, Yuki Tambara, William Lord, Edward Heath, Manoli Marios

FRONT: Mrs Nicole Casimaty (Teacher), Alan Rushworth, Lachlan Smith, Nicholas Rowell, Bon Macmillan, Daniel Souza, Mrs Amanda Thomson (Teacher's Assistant)

ABSENT: Aden Byrne

When I am older I...

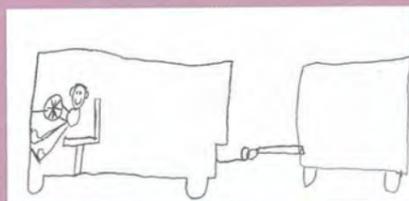

When I am older I would like to be a famous cricketer. I would like to play for Australia and be like Shane Warne.
Sean Willis

When I am older I want to be a famous soccer player or football player.
William Lord

When I am older I want to be a diver in the Navy. I want to fix boats and dive down really deep.
Bon Macmillan

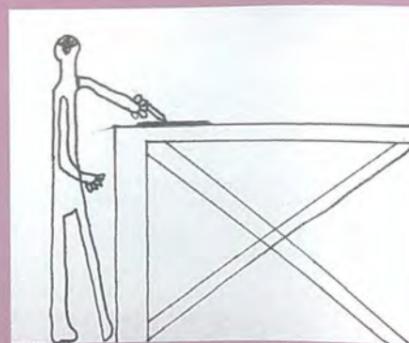

When I am older I would like to be a truck driver. I want to drive really big trucks.
Aden Byrne

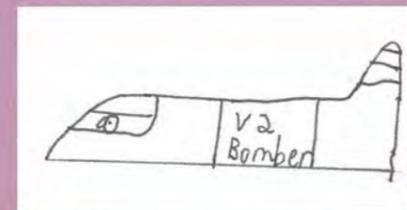

When I am older I want to be a scientist. I would like to do chemistry.
Jhobin Aflatooni

When I am older I want to be a doctor. I want to help sick people, especially children.
Daniel Souza

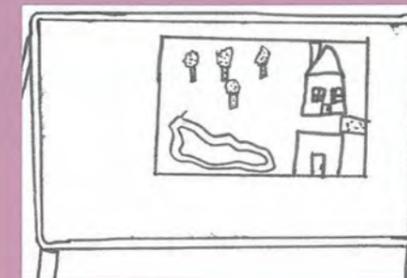

When I am older I might like to be an artist, but I'm not sure.
Nicholas Rowell

When I am older I want to be a pilot in the Army.
Martin van Velden

When I am older I want to be an archaeologist.
Mitchell Tan

When I am older I would like to be an architect and design really cool houses for people to live in.
Alan Rushworth

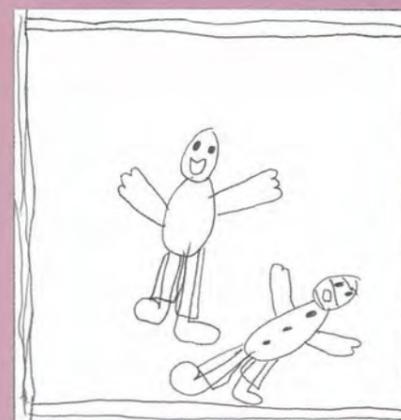

When I am older I'm not sure what I'll do, because it's a long way away!
Lachlan Smith

When I am older I want to be an ice-hockey player because it's so much fun.
Angus Tihem

When I am older I want to be a vet and save animals.
Edward Heath

When I am older I want to be a wrestler. You get to do all these wicked moves.
Huw Green

When I am older I want to be really good at karate and I also want to be a police officer.
Manoli Marios

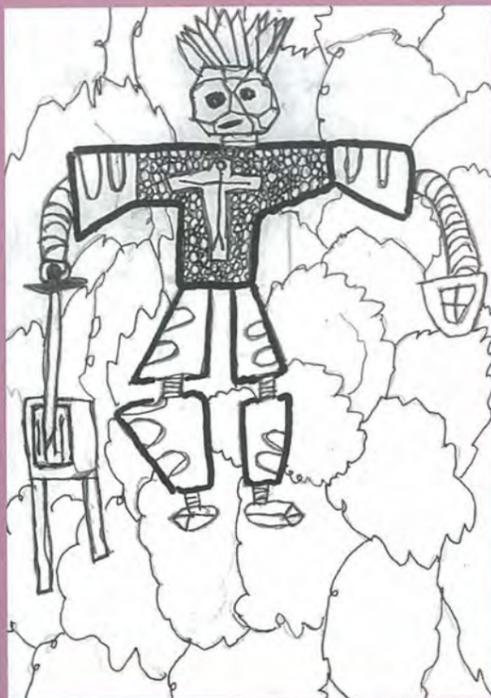

When I am older I would like to be a heart surgeon like my dad.
Yuki Tambara

Snow
Silent, soft snow.
Six sided, mountains, clouds, patterns, unique.
Falling, melting, crunching, throwing,
Soft snow is so silent,
Silent, soft snow.

Devastating But True
Hurricane,
Short, big, long, grey,
Twisting, hurling, wild, windy,
It was a tragic, destructive storm,
Hurricane.

Stormy Night
Storm clouds are gathering,
Crashing, booming, thudding, banging,
Loud, windy, grey, bright, scary,
Storm clouds are gathering.

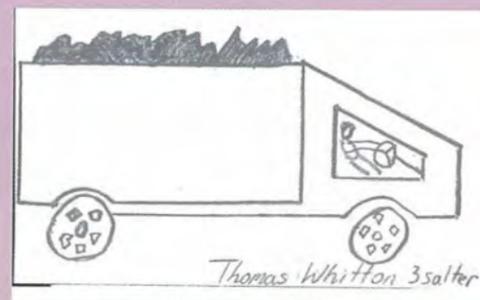

Richard and Nathan transform for the Book Week Assembly

James shares his mining machine with pride

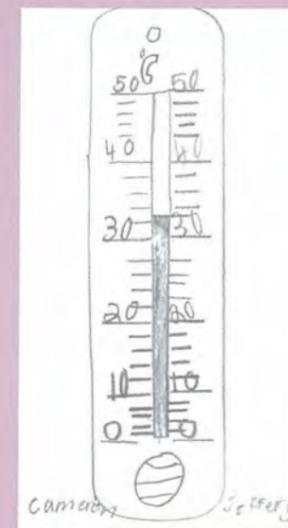

We love books and had great fun celebrating Book Week

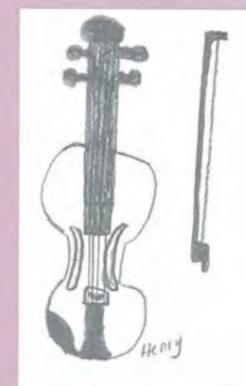

Having Fun In 3Sa

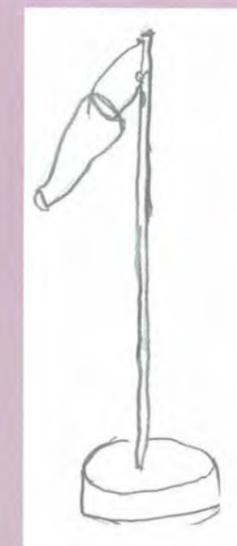

Designing, drawing, daring to 'have a go',
Making mining machines,
Watching the weather,
Having fun.
Tackling tables,
Thrashing out T.H.R.A.S.S.
Spelling with Sparkle,
What a great year!
Creating convict scenes,
Making moving models,
Rocking on the recorder,
Having fun.
Scattering scary skeletons,
Testing throbbing thermometers,
Counting, calculating,
What a great year!

Being courteous, 'please' and 'thank you'
all the time,
Creating sparkling sugar crystals,
Vibrating vicious violins,
Having fun.
Enjoying exciting excursions,
Learning from lots of speakers.
Weaving wonderful mats,
What a great year!
Dodging dodge balls,
Rocking reading with our Prep buddies,
Sewing, stitching and sticking our pencil cases,
Singing songs at Speech Night,
Having fun.
Helping,
Caring,
Having a smashing, dashing, time.
What a great year!

Worm cake

Ingredients:

600 worms
6 litres of Nicos rain
1 squished maggot mash
human snot
2 cups of Hirannyas sick
1 cup of Tim guts

10 hearts

Alien snot
human eyeballs
Alien guts
Mr smiths underpants

Procedure:

Mash the 600worms until gooey. Then put in the

squished maggot mash. After put it in the oven for 1 hour till crispy. Then put in the 6 litres of nicos brain. Then put in the human snot. After that put in 2 cups of Hirannyas sick.

Waruna

Aboriginal Work

A kangaroo went walking to get food and I killed the kangaroo, with two spears at the river. Then I found people footsteps around the river. Then I went back to the cave carrying the kangaroo.

William

Little James got his digging stick and started to dig while David went hunting with his boomerang and spear. He could see a kangaroo and throw his spear and boomerang. He got the kangaroo and took the kangaroo to the cave. He put the kangaroo in the cave. He got attacked and he throw a spear.

David

Ryan

Me and my friend went to a cave and it was ranig out side. Then we went to the well and on the way we saw a kangaroo and I got him with my spear and went to the well. We made some friends and we had to go home and we got home at 12 o'clock at night.

Wilson

Me and my friends were sitting around a fire. I looked at the water hole. Three kangaroos appeared. We snuk up to it. We threw for spears. We only got three. James appeared with one. It jumped off James shoulder. Get it. My friend jumped out of the cave. We got it. We ate the one that ran away. So it wont do that again.

Jake

Fantastic Mr Fox

The door opened. "Fox. fox" I screamed. I fainted. An egg came out, it hit Mr Fox on the head. I got out unconsciousness. The foxes were having a drink. Mr Fox pointed three chickens out. I said fire and every chicken shot an egg. It was too late. Jake, Alex, Waruna were gone and tonnes of blood where they were sitting and the other parts of the room were covered with fried eggs.

Sam K

The door opened and I saw a pair of eyes and a huge pair of teeth. Then out popped a fox. He ran around and got three fat chickens. They were my friends. Then he

killed them. He went to have a drink of water from our drink bowl and then shut the door and went away.

Toby

The door opened. Six foxes popped out and they looked at me and they grabbed the chicken right next to me and I said "he's a murderer" in a chicken voice. Then grabbed two more chickens. I felt angry. I tried to punch him but they were too fast and went down the door.

Hugh

Small foxes

Fast

James F-S

Nifty Narratives

The Return of the Demon

I woke up to another great sunny day and another great adventure. I opened my small notebook. At the top I wrote "James the name and detectives my game" boy Wilson and I are going to have fun today. I got dressed in my blue jeans, my green top and of course my Barbie doll underwear. Hopefully Wilson hasn't slept in like he

always does. There was a knock at the door "Come in" I said, the door opened. At first I was shocked, Wilson was standing there with his dogs Grace and Tinkerbelle. But this wasn't strange. I checked my watch 5.30am, I was amazed the dogs were awake, well the sooner the better. I nicked two apples, grabbed the spades and dug a hole so deep that we could see Hell. I climbed down into Hell. There were so many devils but no Demon. We went to the demon court and guess what we found? The Demon was standing there with his pet devil. When he saw us he yelled "I will destroy you all", he started chasing us. We ran so fast my pants fell off! I was running with my undies on. (At least they didn't fall off!) Suddenly the demons stopped running, he was looking at my undies. Then I realized the answer: he didn't like Barbie dolls. He ran away. We kept running all the way home, up the stairs and into my bedroom. That all happened a month ago. Now I am ready for another adventure. THE END... Wrong. The ground began to rumble... to be continued

James W

Sticky Wicky House

On 87th July in Sticky Wicky land it was always raining at midnight - 11.30pm. And the temperature was -9 degrees C. Or -264 degrees F. And things were freezing fast but Sticky Wicky house doesn't freeze. But no-one actually ate anything. So they bought food and threw it at Sticky Wicky house to make it freeze. Inside Stick Wicky house it was a debacle and every narrow path and lots of bats make Sticky Wicky house hard to remember your way back and everyone went in Sticky Wicky house and died and tubes went flying out with blood and their blood was white. There was a wobbly person, the others were spinning.

Roman M

Jungle baby

In the middle of the African jungle in a small hut made out of strong bamboo Jungle baby was playing his PS2. The Jungle baby herd a lach coming from outside the door. Jungle baby knew this lach too well, ye black eye and his two bozo sidekicks Jonny B and Kenny P Jungle baby grabbed his bottle full of super power for smacking villains on the head with a club milk and his club. Just as he got his vine whip, black eye Jonny, Kenny charged in, smack, bam, slam, kick, crack, raboom. Jonny, Kenny and Black eye were lying on the floor knocked out and beaten up. Hours went by until they became conscious again they got up and as soon as they saw Jungle baby they fled in fear. So once again Jungle baby saves the African jungle from Black eye, Jonny B and Kenny P so in the morning our hero paid hid friends a little visit in the African jail!!!

Rory

Super Boy

Hi. My name is "Superboy". I save the world. And I am on a mission to save the world. It looks like Mr Ned has invented a new evil character called chunk. I am going to save the world. It's time to use my smelly sock. He fell down. There was an earthquake. I saved the world.

Lachlan

The Fighter Pilots two

Once there three people named Nicholas, Sam and Jake, called the Fighter Pilots. But a long time ago there were problems between France and Great Britain. They were bombing each other, because it was too hard to stop the bombing. They called in the fighter pilots from Tasmania to help stop the bombing. They warned both countries to stop bombing each other or they would bomb all their planes and bunkers. They would no longer be able to bomb each other because they had no bombs or weapons. Great Britain and France did not listen to the fighter pilots so the fighter pilots had to carry out their threat. For once there was peace between Great Britain and France and the bombing was over.

Nick D-L

Bad Neighbours

In the forest there lived a guinea pig and a fox. The guinea pig lived under a log and the fox lived in a den. This is how the story begins.

One fine morning guinea pig was walking and suddenly everything went quiet and fox leapt out of the bushes and said "Prepare to die." Then guinea pig said "Well let's see if you can catch me?" So fox began to chase guinea pig but gionea pig leapt under his log and he went to the back and he was safe for now. He went to his emergency hole with his friend rabbit and they went to sleep. Men will be back at his manhole. Fox was still waiting for guinea pig but guinea pig crept up behind him with a pin and plunged it up his bottom. Fox lived next door but he got such a shock that he ran far, far, far, far away and he was never seen again.

Alex K-K

One night Roman was in the den when he heard a howl. It was ...Lachie the most fearsome wolf in the world. "Quick" cried Roman "into the den". Quickly all of them went into the den. They decided to make a trap for Lachie. When Lachie came he fell into the trap. He was trapped in a tunnel. And as far as I know he is still there.

Highlights of Year 4

My highlights for Year 4 are the Technology Challenge. That was fun because we could do any model we wanted to. I liked Winter Sports Day and Athletics, they were fun because I like soccer and running.

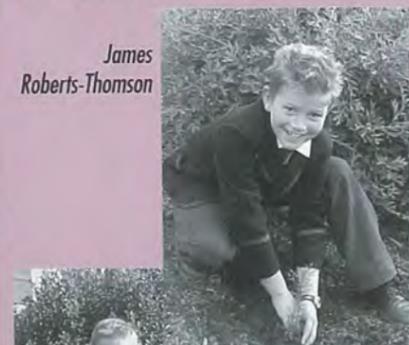

Luke Chamberlain

Drawing by Luke Knight

I liked the Tie-dying at Mount Nelson. The 4K clock looks great on the wall. When Year 4 planted trees I felt good. My best thing this year was the Frog project.

Nic Venettacci

James Roberts-Thomson

Richard Pearce

I like Year 4 because you do lots of art, sport and do lots of assignments.

Lucas Hind

Drawing by Tim Underwood

In Year 4 I enjoyed Snow Bright because I was the main character, Snow Bright. I also enjoyed Poetry and Prose. My poem was Jabberwocky.

Richard Pearce

Drawing by Cameron Burnett

When I came to Year 4 I liked the Poetry and Prose, but my favourite thing was the Snow Bright play. I was the axeman. It was fun. I also liked Bike Ed as it was fun going through the University. Cooking was awesome – baking cookies and cup cakes. My subjects that I like are Maths and Science.

Cameron Burnett

Benjamin Ridgers

Drawing by Michael Healy

I really liked the Energy Centre. There was a man called David who showed us around. My Dad came in and talked to us about the Energy Centre and we watched a movie. Another highlight was the Soiree – I played "Holiday".

Michael Titchen

I enjoyed walking down the Rivulet and cooking. We made Kiss biscuits and Tim, the chef, made blueberry muffins. I liked making the class clock, I did more than any other kid.

Harrison King

Drawing by Harry Vines

Cameron Cooks Chocolate Crunchy Cookies Cautiously.

People Perform Poems Perfectly.

Cool Class Clock Counts Clicks Constantly.

Tim Travelled To Tea-Tree To Tackle Trees.

Three most important things...

In Year 4, the three most important things I have learnt about the environment are:

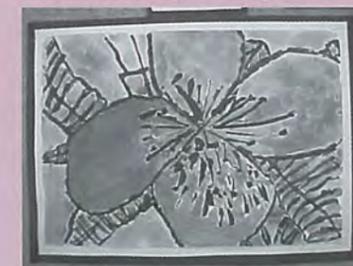

- Frogs are the barometer of the environment.
- Water is the most precious thing on Earth and only .05% is fresh running water.
- We should only take what we need from the environment. The environment is our life and if we wreck it, we wreck our life.

Three things our class can do:

- Try to re-cycle as much paper as possible.
- Stop littering.
- Plant more trees.

Three things we can do at home:

- Use less water for cleaning our teeth, take shorter showers and do less hosing.
- Use natural pesticides and less detergents.
- Wash our cars on the grass.

Sam Gardner

Christmas Story

I love Christmas. It's a time where our family gets together and sings Christmas carols under a tree. I also enjoy the presents. Then I remember why we have Christmas.

2002 years ago Mary lived in the city of Nazareth. She was engaged to the village carpenter, Joseph. One day the king ordered everyone to go to the town where they were born. So Mary and Joseph set off for Bethlehem. The journey took several days. When they arrived in Bethlehem, the streets were crowded. They knocked on lots of doors but every inn was full. Though, one kind innkeeper did lead them to his stable and they took it. Mary's baby was also very nearly due. That night Jesus was born and Mary wrapped him in cloths. He was laid in a manger with the ox and the ass watching.

On the hills outside Bethlehem, three shepherds were lying, when something suddenly happened. An angel appeared and told them some wonderful news. "In Bethlehem the son of God is born" said the angel. So the shepherds travelled to Bethlehem and found Jesus lying in a manger. Meanwhile, the three wise men were walking towards Bethlehem carrying Gold, *Frankincense and *Myrrh for the newborn Jesus.

Now on the 25th of December we celebrate the birthday of Jesus, Christmas.

James Roberts-Thomson

sketch of Cascade Brewery
Nicholas Venettacci

Taste of Tasmania

4K were involved again this year in the Taste of Tasmania and the Summer Festival. We made two tie-dyed ceiling banners and painted these colourful characters which are to be found around the wharf.

Class 5C

BACK ROW: Jordan Sen, Lewis Stadler, Marcus Davies, Sam Hookway, David Mulcahy, Sam Stanton, Andrew Bourke, Jack Pitt

FRONT ROW: Ben Baynes, Kensho Tambara, Sean Chamberlain, Peter Whitley, Miss Rebecca Clemons (Teacher), Daniel Jones, Jack Boon, Christoph Speer, Jeremy Blin

Ben Cross joined us in term 3

Wakakirri boys with Phyllis Diller the dragon

Max Howe, Sam Hookway and Marcus Davies

Andy Bourke as Austin Powers

David Mulcahy ready to dance in the Wakakirri

Kensho Tambara and Jeremy Blin enjoy the autumn leaves in Launceston City Park

Christoph Speer, Lewis Stadler and Jack Boon are monkeys at the monkey enclosure

Jack Pitt and Jordan Sen in Launceston City Park

David Mulcahy, Sam Hookway and Jack Boon at the Hobart Cenotaph

My favourite subject this year is Art. It has been really fun. I liked going to Cadbury and Launceston.

Jordan Sen

The highlight of my year was the Wakakirri. It was fun. I loved it when it was time for the fire dancers. I also enjoyed Science, especially making soda bomb rockets.

Andy Bourke

This year my favourite thing would have to be the Wakakirri. I thought the night at the DEC was cool. I was the head of the dragon. I have some really good friends including Jeremy, Sean and Lewis.

Jack Pitt

My highlights of the year were the socials with Collegiate and the Wakakirri.

Jack Boon

The highlight of my year in 5C was the Wakakirri. I had fun playing the role of Dr Evil and working as a team. I think Jo was really nice and good at dancing.

Lewis Stadler

My favourite aspects of this year were the Wakakirri and the excursion to Cadbury. I thought Miss Clemons was going to rip my hair out when she was styling it with sugar and water for the Wakakirri!

Jeremy Blin

The highlights of the year for me were using the computer, Art and being in a class with my friends.

Ben Baynes

I enjoyed sport this year because I think that I have really improved my skills. I also loved going to Launceston with my friends and having fun together.

Daniel Jones

This year I really enjoyed having all my friends in my class, we had a lot of fun. My favourite subject was Maths. I learned lots of things I didn't know.

Sam Hookway

I liked Wakakirri. It was fun competing against other schools. I want to go and do it again!

Peter Whitley

The highlight of year 5 would have to be Cadburys and Wakakirri. They were both really fun! My favourite subject was PE; I enjoy getting outside.

Marcus Davies

The subject that I liked most was Science because the activities were fun. The most special event of the year was the Wakakirri. I liked to play handball with my friends every lunchtime.

Sam Stanton

I really enjoyed being in a class with lots of my friends. My favourite subject was PE because I enjoy being outside. The highlights of the year were Wakakirri, the Launceston trip and going on the Cadbury tour.

David Mulcahy

I loved...cracking up with Lewis at lunch...doing Art with Mr Hickey ...having socials with the girls.

Christoph Speer

The highlight of the year for me was the Wakakirri when I crept out from under the bed at the DEC. My favourite subject was Art (I also liked holidays and Fridays!).

Kensho Tambara

My favourite subject was Music. The highlight of the year for me was the Cadbury excursion. The chocolates were delicious!

Ben Cross

The highlight of my year was the Wakakirri. I was extremely nervous, but it was a good experience. I also liked playing with my friends.

Sean Chamberlain

Written work

Christoph has applied for a job with Nicholas Deliveries as a junior delivery assistant:

Attn: Santa
Nicholas Deliveries
North Pole

Dear Sir,
I wish to apply to be your junior delivery assistant, I saw the advertisement in the paper last night. I have some special powers such as teleportation and I'm small and quick. I can squeeze under doors. I am a happy, friendly and joyful person. My recent jobs included being a present wrapper at wrapping 'r' us. I enjoy listening to Christmas carols all year long and I don't mind the cold. Please consider me for this position.
Yours sincerely,
Mr Wrap.

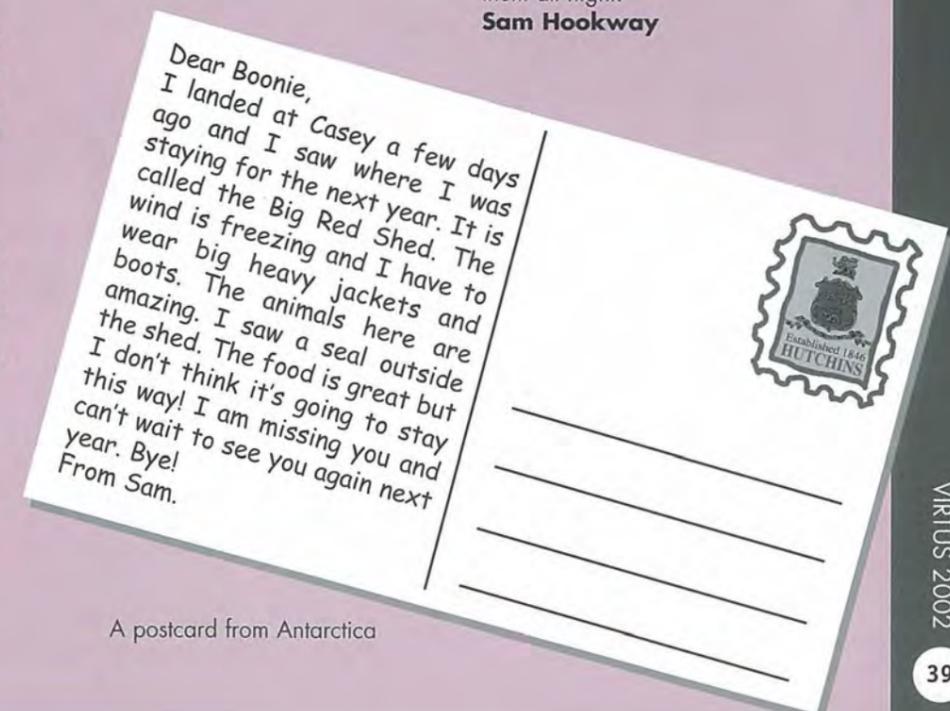

Chocolate
Cadburys
Hazelnut whirls
Orange creams
Crunchie bars
Oreo
Liquorice coated with chocolate
After dinner mints
Turkish delight
Easter eggs
Andy Bourke

Bush
Vast lands, deserted bush, humid weather.
Wild animals.
Crystal clear water,
pristine wilderness, untouched properties.
Timid creatures creep in the dry hot sticky air.
Lapping sea, sand, beach.
Squawking birds,
sticky sap through coloured trees.
Sam Stanton

Humid climate, hot and moist.
Strange creatures crawling out of the scrub.
Trees, sticky sap is annoying like the hot air.
Ben Baynes

Mr Cadbury, Mr Cadbury,
Your chocolate is delish.
Rich and creamy, nutty too,
I think I'll have a taste for you.
I'm in heaven, it's melting in my mouth.
Give me some more or I think I'll pass out!

Mr Cadbury, Mr Cadbury,
I'm sure it won't go to waste.
Soft ones, hard ones, anyone you like.
Just place them out the back so I can eat them all night!

A postcard from Antarctica

Class 5D

INSET: Dougal Middleton

BACK ROW: Ross Giblin, Jordan McCreary, James Powell, Sam Hunn, Cameron Willis, Cale Hodson, Eswaren Appavoo, Ian Underwood, Mr Dean Docking (Teacher)

FRONT ROW: Angus Ware, Samuel Allender, Darren Freese, Matthew de Hoog, Bodane Hatten, Luke Tucker, Zac Galpin, Robb Macmillan, Edward Pascoe

ANTARCTICA

On 20 June 2002, 5D went on a visit to Salamanca Square where members of the Antarctic Division had a set up an interactive display of the equipment they use in Antarctica. It was an interesting experience. We were able to dress up in their clothes (they were really warm and cosy). We also listened to a discussion of communications and tried out the vehicles that they use.

On the 11 July we also went to the Antarctic Division in Kingston. We got to sit on skidoos and look at the models of the Australian bases. We also looked at the stuffed penguins, seals and huskies. They were great trips!!!

Edward Pascoe & Sam Allender

WAKAKIRRI

Year 5 entered in the Wakakirri story dance competition for the first time ever. We performed our item about heroes. Everyone practised hard and in the end made it to the national competition. We won awards for 'Best Make-up' and 'Drama'.

Mrs McCreary made nearly all of the costumes which included toys, spooky characters, fire dancers and super-heroes. A boy, called Chris, was afraid of the dark but after being shown all of the different types of heroes realised that he could be a hero by believing in himself. Some of the dance sequences were difficult to learn but looked spectacular.

Angus Ware & Darren Freese

OUR LAUNCESTON ADVENTURE

Our journey started on the 8th May. We visited Oatlands where we split into groups. One group went to the Hospital, another to a local store and a third group went to the old mill. We were looking at the difference between city and country living. We

also stopped at Ross and explored the old buildings and the old graveyard. In Launceston we visited the Gorge, the Museum and Planetarium, City Park and Woodys Skate Centre. We visited Launceston Grammar and many boys were billeted with boys from Grammar. On the journey home we spent a few hours at 'Woolmers', an old country estate.

Dougal Middleton & Robb Macmillan

THE FIRST FLEET

During Term 3 we studied The First Fleet. We each were given the name of a convict to research. Using the school's masterfile and the internet, we gathered information about our convict and then told his story. Our work included a cover page with hyperlinks to several other pages that provided information about the ship he was on, difficulties that were faced, Arthur Phillip, Reverend Johnson and the original conditions in England that lead to the organisation of The First Fleet. The convicts we studied were John Powers and Joseph Bishop.

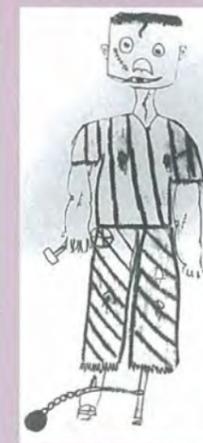

Cameron Willis & Bodane Hatten

Sam Hunn

Edward Pascoe

Ross Giblin

Zac Galpin

His eyes were dreary like he hadn't had a good nights rest for a long time. He was part of a chain gang. He lifted the pick and dropped it on to the rock. Chips of rock flew in all directions. His hair was like a ruffled up old bird's nest and his face carried a look of guilt including a frown that could turn a person to stone. His clothes were like old rags. Tattoos spread all over his arms like a mass of burns. When he walked he moved slowly, his body hung low, like an old cow carrying a heavy load of bricks.

Matthew de Hoog

He looked tired and sad as he stood there, clamped into the old stocks. His clothes looked like rags from off the kitchen sink. They were covered with fruit and vegetable stains from the rubbish thrown at him. 'Help me! Help me!' he kept on crying. He had the appearance of a fifty year old man and his eyes looked as if they had seen too much. He had been in the stocks for three hours and his body was sagging as if sleep wasn't far away. The despair on his face was unbelievable. Then I saw in his side the bloodied scar where someone had stabbed him.

Jordan McCreary

The convict is at court. Gloomy scars cover his left cheek. His hair is as messy as a mop. He falls to his knees, begging to be let go. He is as tall as a giant and there is a tattoo on his right shoulder. The charge is murder and he now feels hopeless and neglected.

Ian Underwood

He is in a dark gloomy court with a hammer that he hates, because it might sentence him to death. He is a sad sight with a wrinkled face from no sleep. His head is covered with reckless hair. He stands, bent like a boomerang and his face is covered with an expression that suggests that there is no reason for life. He slides instead of walks and he has scars on his thighs and carries paper bags that he found on the streets.

Sam Hunn

Look Out World, Here We Come

James Buchanan
I want to be a lawyer so I can help people in trouble.

Ben
My future will hopefully be like my dad - a father and a good husband. Hopefully I will make it into the airforce because I like aeroplanes.

Max Hutchins
I would like to become part of the SWAT team because they face danger but are trained to stay safe.

Charlie
I would like to be a masseur because I'm really good at massaging people. I could be a physiotherapist and work with professional players on the circuit.

Max Howe
I really want to work for Nintendo because I'd earn a lot of money and I think I would enjoy the job.

Andrew
My future is to go to University and study to be an architect. I would also like to play AFL.

Gary
I would like to become a health inspector or a professional boxer because it would be easy to be an inspector and boxing would keep me fit and I'd make lots of money.

James Onn
I want to sail around the world when I'm older in a Volvo 60. I also want to have a good house and many other things so I guess I'll have to work hard.

William
My future job I hope will be an architect because they get to design things.

Peter
I would like to become an environmental lawyer because I like animals and I like debating.

Freddie
In the future I want to ski for Australia, get a medal and be proud to represent my country.

Rodney
I want to be a runner because you get sponsored to do something you really enjoy and you get to see the world and become famous.

Hugh
I want to be a singer or an actor because I like both of them and enjoy performing.

Jaryd
I want to be a famous fisherman because I enjoy it.

Robert
My dream job is to become a comedian because I like making people laugh.

Laurence
I want to make a video-making studio because I have an imagination that suits the job.

Freddie
My hero is Zali Steggal because I think she is a great skier and a nice person. She tries hard to meet her goals.

Peter
My hero is my dog because she is always there when there is nothing to do.

William
My hero is Andy Griffiths because he writes cool and funny books.

James Onn
My hero is my dad because he is always nice to me and hardly ever gets crabby.

Gary
My hero is my dog Jerry. Whenever I hurt myself Jerry always comes over to see if I am alright.

Andrew
My hero would have to be Justin Blumfield because he has had a few knee injuries but he has still kept playing on for the Essendon football club.

Max Howe
My hero is my cat because he saved me from Gizmo and is always there for me.

Charlie
My hero is my auntie. She is a lawyer who tries to stand up for the right of others. It would be a hard job.

Max Hutchins
Anthony Koutafides is my hero because he is in the best team in the AFL - the Blues. He is a great player.

Ben
My hero is my dad. He always gives me sound advice and we are nearly always on good terms. Some other reasons are we always help each other, he tries to be understanding and he is always a very loving dad.

James Buchanan
My hero is my mum because she cooks for me and always buys me things. She cares for me.

Max Howe
I have really got better at my spelling and maths. I am now doing much harder maths and I am reading more complicated books. I'm better at tennis too. I have improved my serves and returns. I have made a lot of new friends.

Freddie
I started Hutchins in the second week of third term. It was hard because I was starting at a new school with new rules and it was so much BIGGER! I am enjoying it and everyone is being very helpful in trying to settle me in.

James Onn
This year I have really enjoyed being a participant in Wakakirri. I loved being under the lights in front of the whole large audience. I felt a little nervous at first but then I got over it. I enjoyed getting my face painted. It looked awesome!

Jaryd
This year the most exciting thing was going to Launceston. My billet was nice and we went to the Casino for tea. My billet had three dogs and a very big backyard. I have improved on my spelling and enjoyed year 5.

Peter
This year I have really improved in my English and reading. I can now spell advanced words. I have really enjoyed the excursions this year, especially Cadburys as we got free chocolate.

Charlie
My favourite part of the year was Cadburys. I was fun with all that chocolate to taste. But the highlight of the year was getting better at maths. I also enjoyed going to Launceston and to Woody's Rollerworld.

Hugh
This year I have made new friends and I understand fractions much better. I learned how to organise my assignments and my work to help me get things done on time. I have really improved in everything. I have really enjoyed Year 5.

Robert
My favourite parts of the year were Launceston and Wakakirri. In Launceston I stayed with a boy called Nick. We went to the suspension bridge and to the monkey park. I liked Wakakirri because it was a group activity and we all joined in.

Heroes

Robert
My hero is my mum because she takes the place of my dad as well and comforts me when I'm sad.

Jaryd
My hero is my pet because he cheers me up.

Rodney
My dog Copper is my hero because he sleeps on my bed at night and keeps me safe.

How We Have Improved

Rodney
I've really enjoyed my first year at Hutchins because I have made some new friends. I liked the Wakakirri and Pirates, Parrots and Penguins performances. I also really enjoyed our Launceston excursion because we saw lots of interesting things. I think I have really improved on my reading and the speed of my maths.

Andrew
This year I am enjoying school more. I am improving in my school work, especially my handwriting and maths. I am going to Canberra for athletics. The events I am in are the 100 metres, discus, relay and long jump. I hope to improve on my best times.

William
This year I have improved in spelling and I can now decode words more easily than before. I enjoyed the Wakakirri heaps because of all the cool and groovy moves and dancing on a big stage. I have also improved my hockey with hitting and shooting goals. I have also improved in my maths with fractions work.

Ben
The best thing that happened to me this year was going to Launceston as it was very cool and never boring. Another thing we did was Wakakirri which I'm happy about as we made it into the top three and we are hoping to win the state final and then the Australian final. We also went to Cadburys at Claremont for a tour around the factory. It was fun and there were always a few chocolates to sample on the way around.

Max Hutchins
The year I have enjoyed doing Wakakirri because I liked all of the on stage work and getting into the finals. I enjoyed making the costumes and listening to the music. I really liked working with Jo who was helping with our performance.

Gary
This year I have enjoyed going on all the excursions. We went to Cadburys, an Antarctic display at Salamanca Place and Launceston. We got to stay with a billet in Launceston. It was my first time. The Antarctic exhibitions were so realistic as they were taken by people who had worked in Antarctica. I improved the neatness of my work which I'm pretty pleased about.

Class 5M

Back Row: William Heath, Benjamyn Schneider, Rodney Hind, Max Howe, Jaryd Tacey, James Buchanan, Andrew Brocklehurst, Mrs Caroline McCreary (Teacher)

The object of true education is to make people not merely do the right things, but to enjoy them; not merely industrious, but to love industry; not merely learned, but to love knowledge; not merely pure, but to love purity; not merely just, but to hunger and thirst after justice.

John Rushton

About Us

I have a very vivid imagination and I like to be left alone.

Laurence

I am generous and I help people to the best of my abilities. I try to stick up for people and I always do my best.

Ben

I'm humorous and enthusiastic about things I do. I'm reliable and do large jobs (as long as I get paid). I'm helpful and always help out with the small jobs around my house, but I don't expect to get paid for these! I'm a good friend to have because I'm understanding and I stick up for my friends.

Max Hutchins

I'm good at sports and always try hard. I'm conscientious about my work. I join in and try to include others. I've got lots of pets. My dad has a veterinary clinic. Caring for pets makes me a responsible person because they depend on me.

Charlie

I am a good friend to have because I try to help my friends. I'm funny and stand up for my friends.

Max Howe

I'm a humorous person around my friends. I like helping people if I can. I'm a pretty sporty person with team sports. I love playing soccer and Aussie rules.

Andrew

I'm a nice person because I give to the poor at Chapel. I own lots of pets and treat them well because pet owners are reliable and caring. I am enthusiastic about everything I do.

Gary

I am generous and I like running and sailing. I'm always on time and I'm always on the ball. I like school and I like work. I am enthusiastic.

James Onn

I am a kind person and a good friend. I don't bully. I like my friends. I am funny and I like my pets. I am a caring person.

William

I am kind. I take care of my dog. I am funny. I finish what I start.

Peter

I am kind (sometimes). I stand up for people (sometimes). I love animals. I am a good friend (sometimes). I enjoy having fun and I try to join in. I am hard working (sometimes). I enjoy working at home without getting paid and having fun with my family.

Freddie

I'm humorous and generous. I like reading and playing my computer.

Robert

I am a caring, generous person. I like learning foreign languages and sports like soccer and cricket. I am also funny, on the ball and enthusiastic. I stick around when people are in doubt.

Yianni

I am a good person because I play with my friends when they are bored.

Jaryd

I'm a good friend because I'm funny and I don't hurt people. I'm always nice to my friends.

James Buchanan

I am kind, generous and reliable. I am a good friend to have because you can always count on me. I am good at sport.

Rodney

I'm a good person. I'm very humorous and I'm really generous. I have good friends. I stick up for them and they stick up for me so I guess you could say I'm reliable.

The Suit Case

At the bottom of the bed
 In a colourful red
 It is waiting

Socks, shirts, jumpers
 Pants, shoes, bathers
 Fight their way in.

Too little, too big
 Too heavy, too light
 What is missing?

Proud and neat.
 Show off its new tag.
 Down the belt it goes.

London, Paris, Bangkok, New York.
 Here I come.
Thibaud Pavlovic-Hobba

part of the web and slapped the spider a few times, then flew off. The spider waved its palps at me, vowing revenge. GEEZ I love my wings! Him, I feel a tad on the peckish side. Maybe there's some garbage lying around! C'mon, nose, lock-on..... BULLS EYE! Dog turd! Okay, here's the bit I don't like.

Sticky Fingers, which is where I'm headed right now. It's got some really good rotten ice-cream there. Hey, look! Some kid spilt his ice cream on the ground, and my friends Fergus, Filbert, and Phoebe are there! "Hey, guys, howzit goin'?" I yell. "Fine thanks!" says Fergy. I walk over to the ice-cream. "It's Strawberry," says Filb. My favourite! I'm just about to empty my stomach onto it, when I remember it's ice-cream - I don't have to! Slurp! Suck! SLUURRRRRRRRRRP! "It's good, isn't it?" says Pheeb. Splot! That's weird! Why'd she just implode? SPLOT! That's Fergy gone too! SPLOT! Now Filb's gone to that great dumpster in the sky! Some maniac with a newspaper is swatting us. MANIAC WITH A NEWSPA... SPLOT!

Moose and Goose

Liam Street

One day there was a moose called Moose and his arch nemesis a goose called Goose. Moose loves to drink juice in his caboose while making a noose to catch the goose. If ever Goose tries to steal the juice from Moose while he's in his caboose. And sure enough, Goose came to try to steal Moose's juice, but Moose got the noose and hung Goose from the roof of the caboose. Now, Moose does not have to worry about Goose stealing juice from the caboose!

A Bug's Life

Josh Smart

"Bzzzzzz" an annoying fly was bzzzzzzing around. I quietly waited, hidden on the branch unknown to the fly waiting for it to fall into my trap. "Bzzzuz." Yes the fly flew into the web which I took hours making. All that hard

A Bug's Life

(does not plagiarise any Disney productions whatsoever)

Suck! Suck! Suck! Slurp! Slurp! Slurp! YAAAAAWWWWWN! Geez, I must've been a pupa for 4 weeks! Oh, has the story already started? Sorry, I didn't get the time as a pupa. Allow me to introduce myself. My name is Frederico the Fly. Now then, my wings must be dry by now! Suck! What? Nuthin'. Maybe..... SUCK! Ah, shoot! I have to wait for my wings to dry...

Aaaaaahhhh, HOOOOOOIIIIIIYOK! Er, I HATE fly eating habits! BLUUUUURRRRRRRRRRR! Ah, we have to chuck on our food, THEN eat it! Oh, must be soft enough now! SLUUUUUUUCK! Ah, nothing like Sir Reverence for luncheon!

Hanging With Pals

Flies are very social insects. It's not uncommon to find us hanging around cat food, dead animals, or rotten fruit. Or, in this case, the dumpster behind

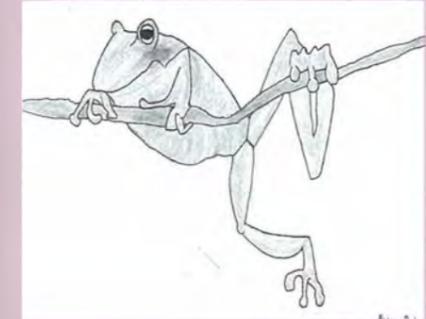

The Thrill of the Hunt

I struggled to free myself from the spider's web. The eight-legged monster slowly crawled towards me. "HELP ME!" I cried. "HEEEEEELP, MEEEEEEE!" The spider lunged in for the kill. "SUCKER!" I yelled. I jumped off the not-so-sticky

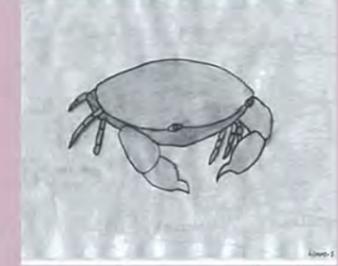

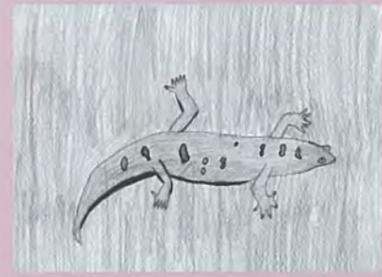

work finally paid off. I crawl down to paralyze my victim but I didn't see the giant coming towards me with a fly swat and a very mean look on his face. He lifted the swat and hesitated while a shiver ran down his spine. I saw him out of my eight eyes and I ran for it. He came after me and I swerved to the left. A boot came down just where I was. I went left, right and left again. I looked around and saw a garden I quickly ran

Luke Moore

in. I came across Sir Richard Head, a ladybird with a broken wing. I quickly gobbled him up. I ran inside the house and I saw a Scorpion called Catherine A Taco. I introduced myself as Mr Redips Cabder. Catherine A Taco was pleased to make a new friend so she invited me back to

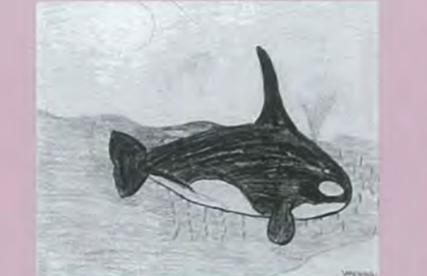

her nest. I met Catherine's husband Noiprocs. Over dinner we discussed the scorpions problems. "My child is up there in that jar" Noiprocs said as he pointed with his tail

William Clark

Alex Brettingham-Moore

Sam Edwards

aaaaain the direction of the table. "We need to get him out of there," Catherine finished his sentence. Catherine and Noiprocs started crying. Between sobs Catherine gasped, "We're going to bed." During the night I did the thing I was best at. I started weaving a long rope of cobwebs. In the morning Catherine and Noiprocs looked out of their nest and saw me with

one leg stuck under a jar which had fallen off the table. They looked in the jar and gasped. In the jar was...nothing. "Where's Nignits?" Noiprocs asked. "Nignits?" I asked. "Our son", Catherine said. "Very nourishing" I said, as I gobbled them up.

Andrew Douglas

Patrick Mulcahy

Negotiated Study on Helping Younger Students

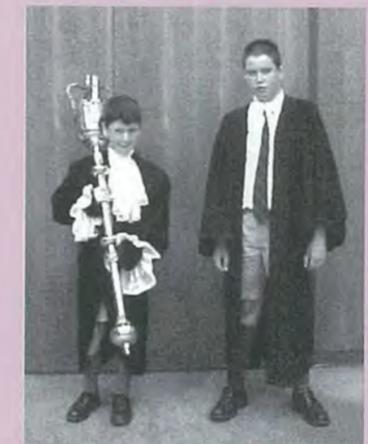

1. It is important to help young people because they need guidance and help from people with more experience. We can also help them grow up, develop and have fun with them.
2. Some students can get help from the Early Learning Centre, sometimes senior students come to the Junior School to help. I go and play with younger people at recess.
3. The teachers would like older students to help with outdoor games, reading, work, board games and playing with younger students.

Hugh Burridge

Canberra/Melbourne 2002

On the Canberra/Melbourne trip we had a great time. The AIS was the best – we got to do all these cool sport-related activities: golf, rowing, cricket, rugby and much more. We also got to go to Questacon. We got to do some “freaky” activities like the 6.7 metre free fall and the roller coaster simulator. In Melbourne we went to the Imax and Aquarium, and the MCG. Our billets were really nice and kind. We got to go out to tea and shopping. When we went shopping we went to the Nike shop and to Surf shops. All up we had a great time. In the end it was all over we said goodbye. We got to the airport thinking we enjoyed the whole trip. We have to say this was the best excursion ever!

Luke Sonners and Alex Quinn

Tom Driver and Hugo Hardy at Parliament House in Canberra

On Tuesday the 5th of November four teachers and 48 boys set out on a life-changing trip. The things we enjoyed the most were Questacon and the Australian Institute of Sport. The things we really liked about the AIS were the hands-on activities: rock climbing, the rowing machines and the skiing game. At Questacon the main attractions were the 6.7m free-fall slide and the roller coaster, as well as some other interesting things.

On the 7th of November the group left Canberra for Melbourne. The things we liked about Melbourne were the MSG, Imax and the Melbourne aquarium. At Imax we saw a 3D movie called “Space Station”. It was pretty good. The Melbourne aquarium was awesome, there were heaps of different fish, and people diving with the sharks.

Alex Stebbins and Daniel Ling

“We are the Boys of 6M” computer collage

Luke Sonners, enjoying his disgusting “Mad Drink”

Reflections on 2002

I remember the first day like it was yesterday. The sun was out, the heaters were on and we were boiling hot, not to mention the smell.

Chris Broinowski

My first day in Year 6, I was both nervous and excited. We were the only Year 6 class in the Middle School building.

Chris Walch

This year we went to Canberra and Melbourne. It was a lot of fun. We saw all the touristy things and stayed in a Motel in Canberra. We were billeted in Melbourne by Ivanhoe Grammar.

Hugo Hardy

When I had my first day, I was nervous. I knew I would have to try and make new friends. I had fun that day.

Brady Harrison

Daniel Ling on the beam at the AIS

First Day impressions

On the first day there was too much work.

Ryan Fitton

On the first day of school we got a lot more homework than ever before. Mr Marriott was OK.

Alex Stebbins

On the first day it was strange. With all new people and a new place, not to mention the Boarding House. Gee. I liked it!

Luke Sonners

My first day in year six was a bit scary. I was about to meet my new teacher and class mates.

Jarrold Castle

On my first day this year, I thought that we had the best class. This was mainly because most of my friends were in it. A lot of my other friends were not in my class, so I had to make some new friends.

Thomas Allwright

Poems

Betty and her Spaghetti

There was a girl named Betty,
Who loved making spaghetti?
She opened a shop,
And cooked for her Pop.
He ate the spaghetti and said,
“What a yummy meal for my tummy!”

Sam Chan

What Went Wrong?

Was it the acidity?
Was it the alkalinity?
Over feed or under feed
We’re now swimming into infinity

Too much sunlight or not enough
Algae bloom might have led to our doom

Did someone rattle our tank?
And sent a tsunami wave
Or was the music too loud?

Tom Driver

Dancing

Twirling and whirling around the floor,
Desperately hoping for a really good score.

Our feet are tired, our toes very sore,
We cannot wait to dance out the door.

They said it...

I had a fun year. I think I have improved in lots of areas...Pirates, Parrots and Penguins was excellent. I did a really good job in that.

Sebastian Bender

...the assignments were sort of hard but we finally got them done!

Chris Rushworth

We got special privileges like being able to make air-powered rockets and other stuff like that...I have really enjoyed my year.

Benn Butterworth

6L Tiger

Grade 6 has been a great year. I've learnt new things and made new friends.

James Hay

This year has been full of surprises!

Jordan Rattle

Mr Lade was an easy teacher to get along with...although him barracking for Collingwood didn't help!

Wills Thompson

Year 6 was nothing like I expected...I don't want to give too much away to the year 5s. They will just have to wait and see what's in store!

Rhys Escott

My Thoughts on Space Travel

I thought that space travel was a waste of time and money. I mean, why spend billions of dollars every year when we could be feeding starving children all over the world?

After doing some research on the subject I found out that 400 years ago there was once was a scientist who was an inventor. A Count found out about this and gave him a little bit of his money every week so he could do more research on his inventions. The Count's subjects complained that he was wasting his money and that the Count should give his money to feed them. But the Count was giving a lot of his money to them and only a small amount to the inventor. It turned out that the inventor invented the microscope, which has since saved millions of lives. It is the same in space travel. The American Government only spends about 1% of their money on space travel and they do spend most of it on such things as Health, Education, Transportation, Defence and Welfare. By spending a small amount of their money on space travel many beneficial things are happening - such as the development of better kitchen appliances, farm equipment, sewing machines, radios, ships and aeroplanes, weather forecasting and storm warning, communications and better medical instruments - all of which are aiding in everyday life. If countries were having a race to Mars it would be better than being at war against each other.

I would not like to go into space because I would get home sick, it would take too long to get there and it would be dangerous. On the other hand it would be fun. I could see some amazing things and I wouldn't have to clean up my room!

Sebastian Bender

Fireworks by **Sean Bradley**

I looked up at the sky and what did I see?
I saw a gigantic Pyramid staring back down at me

The moment I saw them all scattered around me
The history of the place was plain to see

For they were built with blood, sweat and tears
By thousands of slaves over many, many years

Imagine the load each man had to carry
Severe punishment was dealt if they were to tarry

The boiling heat, the yellow sand
Was all created by God's own hand

What an imposing triangular form they all are
Tourists come from near and far

How amazing, some Pyramids are over 4,000 years old
But, most of them still stand strong and bold

All that constructing had to be done in one big hit
Although, it had to be done very carefully, bit by bit

Egypt, Pharaohs, Pyramids, what history they bring
An exciting country to discover all the magic within.

Tim Green 6L

The Pinnacle of Terror

In Term 3 our class was lucky enough to participate in the Pinnacle of Terror. It was a mobile motivation program, which gave our class the opportunity to step out of our comfort zone and do five unimaginable thrillers. These thrillers were called...

Step of Fear - where you climbed a wobbly ladder and tried to reach the top hanging on for your life. This was safe of course: you had to put on a harness, as with all the thrillers.

The High Wire - this thriller was to simulate walking on a tight rope and do some balancing acts like lying on the wire. It was harder than you think (trust us).

The Rock Wall - you guessed it: you climbed up a wall with plastic rocks on it.

Abseiling - this was an easy activity but there was a catch... the height. When you looked up to the top of the wall it didn't seem that high but when you were on the top and you looked down it was a completely different story! And last but not least...

The Leap of Faith - no... not a trick on a skateboard but something very similar. You had to jump off a platform (7 metres high) and grab a bar 2 metres in front of you. If you missed (as most people did) you were lowered to the ground in the safety harness.

An Open Letter to the Students of Middle School

30 November 02

Dear all,

Even when you read this letter for the first time, your year in our Middle School will already be just a collection of memories. As the years roll by, many of those memories will grow fainter and fainter. The purpose of this letter is to help keep a few important memories fresh for you.

Dane Windhurst

Of course, for each of you, your tutor will always be remembered for their thoughtfulness and for the time they took to make your tutor group special. Mr Morrisby and his unstoppable sense of humour; Mr McCammon with his enthusiasm for your own individual stories; Mr Hyland and his generous organisation of group excursions; Mr Conacher for his friendly, gentlemanly manner; and Mr Morris for his unpretentious ease will remain in the memories of those who were in Year 8.

Being dive-bombed

It's not just the Year 8s, however, who can take delight in the memories of those academic extension afternoons organised by Mr Morrisby, or of those science lessons so imaginatively presented by Mr McCammon. What memories some boys must have of their

School House Soccer Team

swimming successes or their time in Europe thanks to Mr Morris! Sporting memories are always a treasure for many boys. As you indulge in such memories, it should occur to you that they were made possible by Mr Conacher's meticulous administration. Staff and students alike will smile at the memories of proceeding innocently across the megaquad only to be viciously dive-bombed by one of Mr Hyland's flying machines.

David Cartwright

followed up their every concern. Members of 7IAd will look back on a year of blood and eyes and cactus under Mr Addison's compassionate leadership. For his group, Mr Sayers will be remembered for all the good humour he displayed as he expended so much time and energy on their behalf.

Just hanging around - David Ransley, Sam Dowson, Jeremy Court, Dave Windhurst

Blood, Eyes & Cactus

As you read this letter, you Year 7 boys will also be fondly remembering your tutor. Mrs Cazaly's group demonstrated their gratitude for all her kindnesses by presenting her with their "Good Wishes Tree" during her unexpected illness. These boys will also remember how conscientiously Mrs Lorraine filled in during Mrs Cazaly's absence. As soon as they see Mrs Collis's name, her boys will remember how thoroughly she

Just as for the Year 8 tutors, of course, it is not just their students who will have great memories of the individual year seven tutors. I can see the staff smiling now, as they remember that delightful lunch Mrs Cazaly prepared for us in Term 1. The rest of that afternoon seemed to move in slow motion. Those of us involved will remember our pride in not only winning the district final of the Harvey Norman spelling competition but also in how

professionally the event was organised by Mrs Collis. Hockey players throughout the entire school will have fond memories of Mr Addison's work for them and the actors, crew and audience members will always have warm memories of the two plays Mr Sayers produced.

Sheer Delight

All sorts of positive memories will flood back as you begin to think of your year Heads, but my guess is that for each year group there will be one memory of sheer delight. Those of you in Year 7 in 2002 will remember the bushwalking, the rock climbing, the picnic and all the other wonderful experiences of pastoral week. This week simply would not have happened without the initiative and sheer hard work of Mrs Waters. You need to know

The great outdoors

Back: Ben Jones, Sam Thompson, Angus Ashton, Richard Taylor
Front: Ben Samson, Adam Linardi

In the bag! Will Sexton, Leighton Beer, Jet Holloway, Daniel Hocking

Mrs Waters took on that huge task as an extra to the many things she always does for her Year 7s. Similarly there would have been no Year 8 camps without Mr Kingston and, for him too, this was an extra burden he did not need to undertake. All those memories of your time on Russell's farm would not have happened without Mr Kingston's drive and determination, getting buses and food and tents organized as well as the activities, all with the good-humoured assistance of Mr Whelan.

The Band!

A Mother in Distress

Many of you would not remember because you were never aware of the quiet, behind the scenes support the Middle School received constantly from people like Mr Dear, Mrs Bratt and Father John. However, there is one other significant memory of 2002 and your Middle School you might like me to

me in distress. Her husband had been in a car accident and he had all the family ready money and credit cards. She was shaking with emotion and pale-faced as she asked if anyone in the Middle School could lend her any money to get up to Launceston to visit her sick injured husband. Mrs Waters was also working back late but as she and I are both teachers we had no money. We remembered the \$100 note found earlier by those Year 7 boys. We gave it to the woman and we never saw her again. It had all been a "con"! Now there's a memory I won't forget in a hurry! I mention it because it still troubles me and because there is, sadly, a lesson there for all of us.

My hope is that this letter has not only rekindled these specific memories for you but that it has also brought back your own personal set of memories of these people

who cared for you and of all the staff who gave you so much during 2002 in our Middle School, and of course of your chauffeurs of that era whom you've come to realize were in fact your parents.

As I sign off, I hope, too that all your hopes and dreams are coming true for you as you read it in 2003 and re-read it in 2013 and 2023 and.....

Signed,
I R McQueen
Head of Middle School

share with you. Only a few Year 7 boys know this one. Late one afternoon, a mother of a Junior School boy came to

Year 7

2002 has been a wonderfully successful and happy year for our four Year 7 classes. Arriving in February already familiar with their tutors and classmates, the boys settled in rapidly, revealing well-established work skills and a voracious enthusiasm for sports and activities.

Instead of our normal camp program, the year started with a week of activities and challenges based on their pastoral groups, culminating in a year group picnic. The experiences shared during this week allowed boys and tutors to get to know each other thoroughly and were an important factor in the settling-in process that is a vital component of the early weeks of Year 7.

School House Soccer Team

The tutors are a major part of their charges' lives for the ensuing year. Their professionalism, the countless hours of work they put in on their boys' behalf and the care and concern they show for their students ensure the growth and happiness of each boy. Mrs Anna Cazaly, Mrs Robyn Collis, Mr Ian Addison and Mr Matthew Sayers are all outstanding tutors and I thank them from the bottom of my heart for their work and support. Mrs Alison Farmer and Mrs Marjorie Lorraine were most welcome replacements in Terms 2 and 3.

One of the many things that sets Hutchins apart is the variety and richness of the experiences we offer our students, quite apart from the normal curriculum and sports program. Let the boys themselves provide some insights ...

Pastoral Week and SWAP Day

This year we had pastoral week because we couldn't have school camp. We went to places like The Climbing Edge, the Aquatic Centre, and Mt Wellington. My favourite was The Climbing Edge because it was a challenge. It was fun going up - but not coming down!
Hayden Kitchener

SWAP Day was really excellent. We had lots of fun with the parents even though my dad got me a 'Red T' when he got an answer wrong!
Jonathan Koumos

Philosophy for Children

Philosophy was very interesting. We dealt with modern day dilemmas and discussed what could happen and how we could prevent it. I think the whole class learnt from it.
Jeremy Court

Academic Extension

Academic Extension afternoons were really interesting because we got to do things outside our normal school work and learn about things that we are interested in.
Thomas Slugocki

I liked the Academic Extension afternoon when I did sailmaking. I was fascinated with the way you have to use so many materials to make a decent sail.
Matthew Besley

Future Problem Solving was great. It helped us expand our minds and think creatively. We even made it to the National Finals in Melbourne.
Daniel Hocking

The IT Committee

During the year I found the variety of activities in the Middle School astonishing. Being on the IT Committee gave me the chance to delve into the school's vast resources in this area.
David Ransley

Sports

On Winter Sports Day I played hockey for School House and I scored the first goal of my hockey career.
Tom Calvert

The swimming carnival was good fun. It was a nice day which made it even better!
Hugh Burbury

In Term 2 we had a basketball competition which was really fun. We also had an inter-class football competition which 7MSA won and everyone had fun playing in.
Alex Willows

I went to the Cross Country this year. We need to run for a long time. Is a bit tired but is good fun.
Daniel Wong, our Foreign Correspondent

David Ransley and Saun Thompson

Performing Arts

As a member of the String Quartet I played in assemblies and at functions - and I got paid!
William Hewer

Play on Tour has been a really enjoyable subject. We made many modifications to the script, but the production has turned out outstandingly well.
Jack Beardsley

House Music was intense. All the house bands went through their songs with flying colours and the crowd cheered their houses on with great force.
Ed Morris

The Year 7 play "Slamdunk" was a really exciting and challenging experience. It was really great to be a part of it. We are travelling around Tasmania to present our play to many other schools.
Luke Ranson

I represented Stephens in Theatre Sports. It was really cool being on stage making everyone laugh, and then having everyone come up to you after, telling you that you did a good job.
Harjeevan Narulla

I loved debating this year. Great team mates and intriguing topics made it a highly enjoyable experience.
Adam Wylde-Browne

There are many extra-curricular musical activities such as jazz band, orchestra and Chapel Choir. It's a fantastic experience.
Alex Tucker

Tom Melick, Harjeevan Narulla, Adam Godleman, Clayton Tong

Integrated theme, boat race and classroom decorating

This year we spent three weeks on an ocean theme. It was absolutely great. For LOTE and SOSE we decorated the whole classroom and for English we did a fun project.
Cyton Tong

Sand Sculpture

I really enjoyed making and racing the boat (the MSA Mykenos). I worked through pastoral periods and stayed back after school to make it because it was so fun. Then we raced it against the other classes and won the race.
Matthew Spillman

We all contributed a bit of money to buy materials for the classroom decorating competition. We all spent about five pastoral periods cutting, gluing and stapling, and in the end we won! I made a body boarder, two large fish and a huge school of small fish.
Patrick Green

Chapel

Chapel started unusually when a metal dove dropped on Elliott Davies' head. Luckily things improved...
Adam Godleman

Activities with Cooperating Schools

If you enjoy two hours of music, dancing, breaking and having great fun, then socials are the place to go. We have had five this year, and all of them have been awesome.
Cyton Tong

We had two Activities Days with Collegiate. The teachers got lots of games together and then we finished with a barbeque. It's an awesome way to meet Collegiate girls.
Ben Jones

And there's always handball...

At lunch, playing handball is just as fun as school work.
Andrew Cameron

I said it was a successful and happy year. The comments above are an indication of the enjoyment the boys get out of being in Year 7; what follows is a small sample of the many academic and sporting successes that have been achieved.

Academic Competitions

Australian National Chemistry Quiz

Equal 2nd in state: David Emms and David Ransley. Alex Tucker: 7th in state

Australian Mathematics Competition

Prize: David Emms. High Distinction: David Ransley, Alex Willows, Adam Wylde-Browne

Mr Kingston's Report

Thank you to all students and staff for a wonderful year. This year group have astounded me with their maturity and leadership. I wish them well as they move into the Senior School and will watch carefully as they continue to achieve. I can really say that it has been a mighty team effort this year with pastoral staff and students working together across all facets of school life. The academic achievements this year have been impressive with many fine performances and a general improvement across the year group in Semester 2.

Middle School Literary Page

Times Square

Tim Stoklosa, the winner of this year's 'Very Short Story Competition'.

Zac looked longingly down the street, hoping to see a piece of yellow in the sea of moving steel. Finally the lit 'TAXI' sign rounded the corner above the canopy of roofs. Time was running out. The doors slammed shut and its occupants scattered into the crowds of Times Square. Zac slid out of the leather seats of the cab. He handed the driver a few greenbacks and said, 'Keep the change,' being very casual in case any chicks were watching. He walked over to the double glass doors and slipped through. The person at the front desk looked up as if she was expecting some VIP, or just bored enough to jump at the sound of the door opening. After eying Zac she suddenly lost interest and looked behind him. Zac saw her eyes widen as if they would never stop. The car bomb exploded...

Dragon

Adam Godleman

The gigantic dragon charged from its lair and let out a roar of anger, fire spewing from its huge jaws. Its small beady eyes glared back and forth, searching. The sun warmed its scaly body and illuminated the horns protruding from its head, making its ferocious, evil eyes sparkle. The dragon flicked its muscular tail, whip-like, sending mighty boulders soaring into the air and crashing back down again.

The people in the village to the west sat in their homes knowing that someone, someone with powerful sorcery, had released the malevolent dragon that they had kept imprisoned for decades.

The dragon continued on its rampage, knocking aside any tree, rock or house in its path. It grew tired but the complete hatred for its captors fuelled its terrifying energy. It eventually reached the village, catching the people unprepared. Most hid in their houses but the weak walls were no defence...

Today we walked about 11 km...."

Sniper's Heart

Lachlan McDonald

God it's cold,
For two hours I've lain here and the cold seeps through my clothes,
It penetrates my skin,
Invading my body
Like a foul plague.
For two hours I've stared down this scope.
Is he still there?
Is he staring at me through his scope?
I tighten my grip on the rifle,
It is my sole consolation.
Then,
I see it.
The muddy grey boot,
Lying at the back of the knoll.
I slowly put snow in my mouth so he doesn't see my breath,
I breathe in my nose and out my mouth,
I'm not afraid.
My eye steadies my soul,
My soul steadies my hand,
My hand steadies my gun,
I pull the trigger.
No matter what happens next
I know,
And that is all that is important.

Rest in Peace ...If You Can

William Hewer, winner of the Poetry Writing Competition

We remember the days of war but not
like those
Who were not there...

The splitting sound of machine guns
roaring
Embedded in our minds forever...

The soft muted thud of a bullet sinking
into the
Man next to me still rings in my ear from
Fifty years gone...

So remember us please for what we have
done...

And tell your son it's not that much
Fun...

Think twice...

About any idea

For some who decide badly

Have power and fear...

Rest In Peace If You Can...

Imagine

Cameron Raw

Imagine, if you would, our earth with no spite,
no hatred, no greed and no reason to fight.

A land with no famine, no sadness or war,
no pain and no illness, no rich and no poor.

A peaceful world with clean air and clean seas,
No pollution, no poaching, no cutting down of trees.

A planet of beauty and blue skies above,
of pleasure, equality and heavenly love.

This world is of course none but a thought,
For ours is a world of wars being fought.

Our history built on anger and pain,
on destruction, evil and going insane.

Our planet is one of insatiable greed,
of famine, plunder and people in need.

It's a fact of life whether we like it or not,
peace attempts are futile. We must enjoy
what we've got.

The Hunter's Game

David Emms

He looked out from the rocky outcrop,
seeing everything with unswerving attention. He waited, watching.

He saw his prey: a large man, walking unsteadily, almost drunkenly through the few copse bushes growing sparsely between the large sandstone rocks.

The watcher started moving, slowly, surely and silently down the incline in the hot, barren wasteland.

His prey stopped, suddenly, slightly shaking with fear. He looked around. Instantly the watcher stopped and started slowly to descend to the ground, his black body suit sinking into the rare cool shadows dotted around the landscape.

For a split second the watcher saw the other man's face, rugged, sunburnt and greasy with small piggy eyes looking out from fat folds of unshaven skin.

The hunted man halted his gaze near his pursuer, but saw nothing but the hot desert of Utah. He started moving again, his hunter not far behind ...

The Duke of Edinburgh Award

The Award is an exciting self-development program for young people aged between 14 and 25. There are three levels: Bronze, Silver and Gold. Each of these levels is made up of four sections: service, skills, physical recreation and expeditions.

Below is an extract from Simon Enman's journal. Simon completed his Bronze Award last year and this year is completing his Silver Award. This trip counted towards the expedition component and was completed with nine others in October.

"Fortescue Bay – The Oasis

We all rose and had brekky for a 9:00am start to walking. The weather was on and off, with the occasional shower, not cold enough for thermals, but not warm enough for t-shirt and shorts.

I found the walk out to Cape Pillar a bit boring until the view of the magnificent 250+ metre sea cliffs which dominate the Cape Pillar area. My boredom was taken away by a fantastic group of people who I was sharing this trip with.

My sleep was interrupted by almost constant fronts bringing hail and heavy rain.

The wind gradually got stronger as we got closer to Hurricane Heath and Perditiion Ponds. We had lunch at Bare Knoll, which wasn't very bare – it provided shelter from the winds. After crossing Lunchtime Creek and scrubbing

our boots so as not to spread root rot, we arrived at Perditiion Ponds. After successfully descending through the relatively tame Hurricane Heath, we went and had our first real look at the cliff. We were all really keen to get to the cliff, except Sal and Liv. Their fear of heights meant this bit of the trip would be particularly hard for them. They both ended up with their heads over the 250 metre cliff, something that I didn't think Sally would ever do.

After walking around the cliff, and getting some pretty amazing photos, we arrived at the Oasis, our camp for the second night. After having tea, we all headed off to bed as it was getting quite cold. My sleep was interrupted by almost constant fronts bringing hail and heavy rain.

Today we walked about 11 km...."

Senior School

The school year has been a settled and very productive one. In large measure this can be attributed to the leadership of the Year 12 group, headed by Jonathan Haynes (Senior Prefect), David Webber (Second Prefect) and the Prefects (both School & House). Collectively, they have provided wonderful service.

In academic areas, Tom Volkman, Jon-Ho Chan & Prasoon Ohja were awarded a Certificate of Achievement for their outstanding team performance when they came sixth in the Royal Australian Chemical Institute 2002 RACI Titration Competition. Jon-Ho Chan was also invited to participate in the UNSW 2002 CSIRO Research Scheme. Robert Easter was one of ten students selected from around the state to attend the National Youth Science Forum in Canberra. Outstanding performers in the National Chemistry Quiz at the state level included Isuru Amarasena 3rd, Ben Coughlan 3rd, and Tristan Lawrence 2nd. The following students came third in the Tasmanian Physics Quiz: Isuru Amarasena, James Baker, Jon-Ho Chan and Alex Polegaj. In the Tasmanian Schools Mathematics Competition, two boys won Outstanding Awards in the Intermediate section: Andrew Bennett and Ronan Fenton. And in the Australian Maths Competition, High Distinctions were awarded to the following Year 9 students: Andrew Carolan, Richard Gard and Yaroslav Sakov. Other significant achievements included Simon Foster's success in winning the State U16 Division of the Plan Your Own Enterprise Competition.

The School's Performing Arts programme continues to provide opportunities for boys to display their talents. Notable drama productions included 'Thark', directed by Mr Hall in Term 1, and 'Killing and Chilling my Annabel Lee', directed by Mrs Weeding in Term 3. Once again house productions of plays and music have generated considerable enthusiasm. Buckland (captained by Patrick Sherwood) won this year's House Drama, held in the re-vamped Auditorium before a very large audience. School won the very popular House Music competition, under the leadership of Heath Moore. During the May holidays the Chapel Choir successfully toured England under the leadership of Mr Symons and Mr Morris. In addition to this, the Choir has performed at a number of special

services during the year. Musicians too have been prominent at Jazz 'n' the Boyz, Battle of the Bands and the School Fair. School assemblies have proved popular as a medium for our talented musicians to perform to receptive audiences, notably Paul Bender & Alex Howard - two senior SPA students. In the keenly contested Poetry and Prose Competition, Jonathan Haynes' recital of a difficult T S Eliot poem won the Senior Division (Year 11 & 12), whilst Sam Stove (10) won the Intermediate Division (Year 9 & 10). In Public Speaking, Harkiran Narulla was selected to

The Subject Expo organized by the SRC during Term Two

represent Tasmania in the United Nations Youth Association National Conference. In Debating, Ben McKay was selected to represent the state in the National Debating Championship held in Adelaide.

A number of sporting teams performed exceptionally well, especially in Sailing, Hockey and Swimming. The Sailing squad, coached by Mr Murray Jones, Mr Ray Phillips and Mr McCammon, saw the school team (Co-captains: Drew Latham & Stewart Wells) represent Australia at the Inter-Dominion team racing series against Auckland Grammar, New Zealand. The crew went down narrowly to the Kiwi crew, 11 races to 8, one of the closest finishes at this level for many years. This was an outstanding performance. Hutchins was also well represented in the Stonehaven Cup (skipper Drew Latham, Adrian Clark and Henry Knipe). The crew won all nine races in the series, a wonderful feat. The 1st X1 Hockey team (Captain: Alistair

Addison), under the guidance of Mr McLeod and Mr Addison, went through the season undefeated, winning all trophies including the Morgan Cup (open to all school teams in the state). This was a first time achievement in 25 years. Two members of the side represented the state in the national U18 competition, namely Alistair Addison (also U21 state representative) and Ben Creese. This year's highly talented swimming team has been described as the best ever to have represented the school. Congratulations are extended to Sam Madden (Captain) and George

Croft (Vice-captain), to the team of outstanding swimmers and to Mr Morris (Coach). The team dominated the independent school competition, winning all six trophies at the State SATIS Carnival, including nine records. Outstanding performances at state level were also recorded by Joe Pemberton, George Croft (Captain of the Tasmanian Swimming team) and Hamish Hall.

Other teams to enjoy rewarding seasons included the 1st XI Cricket side (Captain: Andrew Jackett). Coached by Mr Irons, the team showing great character, and won an enthralling battle against St Patricks College in the state final. Chasing over 300 runs, in a nail-biting finish, a late wicket partnership managed to get the necessary runs for a well-deserved team victory. Andrew Jackett and Josh Lambert also won selection in the state U17 side. The 1st XV Rugby side (Captain: Alex Finnis - also a state representative) took off the final convincingly. Mr Webber once

The Subject Expo organized by the SRC during Term Two

again coached a well-drilled, focused and disciplined side to an outstanding win against Tarooma. Both code successes here reflected wonderful team discipline and a lot of hard work pre-season. In the Cock House competition, Thorold won the title for 2002 in a closely contested competition. In addition to team achievements, a number of individual sportsman achieved personal successes. A selection here include: Alex Farmer & James Baker (National Rowing Championships), Mathew Creese (National U14 slalom event in Water Skiing), Ben Walter (National Kart Championships) and Lars Becker (National Squash team).

A sense of commitment to community service continues to flourish. This year some twenty Year 9/10 students volunteered to assist in the running of the Animal Nursery over the four days of the Royal Hobart Show. Hutchins also continues to be well represented at the Mariners' Service, held annually at St Georges Church, Battery Point. Some 30 to 40 students assist at the service. The SRC has also continued its impressive work via fund-raising for worthy causes. Hayden Farquhar (11) was elected to the position of President of the Tasmanian SRC, a fine achievement for a student who gives generously of his time for others. Through the SRC, the Speakers Forum arranged for guests to address the community on relevant issues. Mr Colman, Department of Health, provided a timely address on the meningococcal infection at a time when it had direct relevance to the school. Perhaps the most notable guest in 2002 was Mr Peter Thornhill, a financial advisor who spoke to Year 11 and 12

acknowledgement. Through his efforts we have seen the beginnings of meaningful change in student culture and responsibility for facilities.

At the end of Term 2 we said farewell to our Careers Counsellor currently undergoing treatment for cancer. The school extends its very best wishes for a speedy recovery. His professional service and general contribution to the life of the school will be greatly missed. Senior staff member and Director of Studies, Mr Peter Hodge, will also be retiring. During his time in the school, he has been in charge of matters pertaining to the academic curriculum, including course choices, timetabling and importantly, links with TASSAB. Mr Hodge has also been a key organizer of academic matters as they apply to the SRC. In the co-curricular field, he has been responsible for the development of the sport of volleyball, now very popular with many students and has provided

The Subject Expo organizers

Back: Ben Groom, Robin Abell, Matthew Mulcahy, Heath Moore, Andrew Simmons, Isuru Amarasena, Sam Madden

Front: Sam McMillan, Tim Carolan, Jon-Ho Chan, Mark Toppin

We continue to cultivate carefully managed senior student involvement in some of the discipline issues of pastoral care. Through the Student Tribunal (Chairman: Richard Ellis) a number of students have benefited from the guided follow-up of senior boys. In addition, a significant number of social concerns within the student population have been dealt with effectively through guided and sensitive mediation. The efforts of Andrew Deane (Student Club Management & Fabric) deserve

invaluable organizational skills and support to many student-focused social events. We extend our very best wishes to him for the future and thank him for his valuable contribution to the School programme. Finally, I would like to thank all staff and students for their support, loyalty and contribution to what has been a very fulfilling school year.

Chris Rae
Head of Senior School

Director of Studies' Report

2001 Leavers

Our results continue to be strong with many exceptional performances. The distribution of Tasmanian Certificate of Education awards within subjects was encouraging (Satisfactory Achievement 35%, High Achievement 34% and Outstanding Achievement 18%). What pleases me even more about our scores is that they show that a large number of our weaker boys are gaining sound results. This is reflected in a comparison of Hutchins results with statewide performance: 13% of Hutchins boys were in the top 5% of scores, 42% were in the top 15% and 64% were in the top 30%.

I need to make special mention of an error in the 2001 DOS Report before discussing the individual results for 2001 – last year **Trent Strickland's** name was omitted from the list of boys who qualified in the top 5% in the state. The main purpose of the report is to give recognition to the boys who have strived so hard to achieve in Year 12. I am very conscious that these boys look for their name and official recognition of their efforts. I apologise to Trent for the disappointment this omission caused. In doing so I would like you to know that he had an outstandingly successful year at University last year being admitted to the Dean's Roll of Excellence for the Faculty of Science and Engineering.

University of Tasmania Scholarships

We are always pleased for the young men who win University Scholarships. This year...

James Porter (1st year) gained a University of Tasmania Scholarship in Engineering, **Jason Sui** (2nd year) won the Shadforth Scholarship in Commerce, and **Matthew Woolley** (3rd year) achieved two scholarships: a national undergraduate scholarship as well as the Transend University of Tasmania

Director of Studies' Honours List

This was inaugurated last year to recognise the exceptionally talented scholars of Year 11. Boys in this group gain outstanding Year 11/12 subject results but are generally not recognized on Speech Night. The Director of Studies' Honours List is restricted to those boys who achieved the top 5% of Tertiary Entrance Scores in Year 11.

I am pleased to announce that the following have been admitted to the Director of Studies' Honours List for 2001. Top of the list is **Christopher Jones** who gained a Tertiary Entrance Score of 95.7 on five pre-tertiary subjects. This is the highest recorded score of a Year 11 boy. In two subjects – Geography and Legal Studies – he gained the top score in Year 11/12, and in Mathematics he gained the second highest score. This is a truly outstanding performance. **Thomas Volkman** also gained five pre-tertiary scores, with a TER of 73.7. He was closely followed by **Ben Creese**, who had four exceptional pre-tertiary results, with a score of 72.7. Ben gained equal second score for Mathematics Stage 2. **Jonathan Haynes** also successfully studied four pre-tertiary subjects and gained the outstanding score of 67.5. Jonathan also gained the second top score for Mathematics Stage 2. Very close behind him, **Lok-Kay Tam** gained a score of 67.1, again based on exceptional results in four pre-tertiary subjects. We warmly congratulate these five boys and wish them and the others in Year 12 a very successful year.

Scholarship in Engineering. The school wishes them continuing success.

Notable Year 12 Performances

There were many outstanding individual results amongst last year's leavers. The number of boys who gained Tertiary Entrance Ratings in the 90s continues to please. Their scores place them in the top 5% in the state. I have listed them in descending order:

David Alcock, James Porter, Ian Pang, Andrew Morrisby, Jonathon De Hoog, Duncan Forbes, Adrian Kan, Alasdair Grenness, Thomas Walker, Luke Sypkes, David Roberts, Adam Foster, Brandon Servant and James Seddon.

I am sure the whole school community joins me in congratulating these boys and all our leavers on their fine results. It's worth noting that there were 27 boys who gained Inter-State Transfer Indexes in the 90s.

Exceptional subject results are listed alphabetically below:

Alistair Addison gained the top score in Health Studies

Isuru Aramasena gained the top score in Physical Sciences

William Barnard gained the top score in Drama

Paul Bender gained the top score in Music Advanced Studies

David Bennett gained the top score in Art Production

Michael Brothers gained the top score in Indonesian

Jon-Ho Chan gained the top score in Biology

James Cooper gained the top score in Dance

Alasdair Grenness & Alexander Polegaj were equal top scorers in Mathematics Stage 2

Jonathon de Hoog gained equal top score in Music Performance

Stuart Hall gained equal top score in Accounting

Joshua Lambert gained equal top score in English and highest score in Sport Science

Robert Joyce gained equal top score in both Accounting and in Information Systems

Nicholas McIvor gained equal top score in Information Systems

Charles Meaburn gained equal top score in Information Systems and highest score in Maths Applied

David Millington & Charles Pohl gained the equal top scores in Computer Graphics and Design

Heath Moore gained the top score in Audio Design

James Seddon gained equal top score in Computer Science

Luke Sypkes gained the top score in Ancient Civilizations and equal highest in Twentieth Century History

Karl Walker gained the top score in Environmental Science with **Hugh Griggs**, and

Thomas Walker gained equal top score in Design Graphics.

University Certificate of Achievement

The following boys received University of Tasmania certificates for their outstanding 2001 results:

Isuru Aramasena, James Baker, Tim Cooper, Jon-Ho Chan, Benjamin Creese, George Croft, Andrew Greenhill, Stuart Hall, Jonathan Hayes, Christopher Jones, Joshua Lambert, Charles Meaburn, Alexander Polegaj, Lok-Kay Tam and Thomas Volkman.

Curriculum Developments

Literacy

Improving literacy is an ongoing emphasis. This year activity ranged from the 'Drop Everything and Read' program in Year 9 to the conduct of national 'bench-mark literacy testing' in Years 3, 5 and 7 and the introduction of the 'First Steps Program' across the ELC and Junior School.

Teachers in the ELC and Junior School focused their professional development time this year on coming to an understanding of the First Steps program. The program provides teachers with a framework for linking assessment with teaching and learning in the four areas of literacy. These areas are oral language, reading, writing and spelling. The program was developed by the Education Department of Western Australia to provide a framework that allows teachers to identify milestones in students development (known as key indicators) and then provide suitable activities that consolidate their understanding and develop further skills. Much of the teachers' time this year was spent trialling activities and

generally becoming familiar with the program. Time was also spent on developing a common understanding of the different key indicators so that meaningful assessment information can be passed from one grade to the next.

Integrated Studies in Years 7 and 8

The inclusion of an integrated theme in the Middle School curriculum has been a successful innovation in recent years. What is it?

Essentially, it is a style of teaching and learning that focuses on one main theme or topic, which allows students to move across the traditional subject boundaries as they learn about their world. Rather than studying Ancient Egypt one lesson, algebra the next, followed by perhaps the dissection of a sheep's eye (all of which are interesting and valuable in their own right), a theme is selected which is studied and explored for two or three weeks in every area of the curriculum. The learning that takes place is rich, exciting and intense.

This year the theme selected was 'Oceans'. Boys were able to study topics as diverse as marine biology, the movement of the tides, myths and legends, exploration and migration; and the unit was enhanced by an 'Oceans' assembly at which displays were mounted by boys and by members of the community, guest speakers made presentations and a locally made surfing film was shown.

At the conclusion of the unit all classes participated in a traditional 'boat race' that engendered a lot of good-humoured rivalry and some excellent team work, both in building the boats and in racing them.

Revitalizing Years 9 and 10

This year we confirmed the model for revitalizing Years 9 and 10. Each year will be split into two semester units similar to the arrangements in Year 8. This design will considerably increase subject choice and increase boys' engagement in their learning. The model includes an expansion of the time spent at Southport. The nature and content of the semester units and the timing of their introduction are dependent upon curriculum changes occurring outside the school.

Gifted & Talented

The gifted and talented program is a real strength at Hutchins. We are now providing significant community leadership in addition to work with the Hutchins community. Mrs Jo Cook, who leads the program, has described developments this year in her Centre for Excellence Report.

Information Technology

We are very fortunate at Hutchins to have the leadership and expertise of Mrs Jill Abell in ICT. During 2001-2002

she worked with a representative Information Technology Committee (including the Student IT Leaders, Isuru Aramasena, Anders Marchant and Tim Cooper) to review the ICT Plan. Its priorities are: delivery of the school's curriculum resources 'anywhere, anytime' to the students and the wider Hutchins community, and to provide remote access to services for teaching staff. A longer-term objective is to enable curriculum delivery online to enhance students' learning outcomes.

An audit of the school's computers (desktops and laptops) – their make, processor, operating system and memory – revealed that a set number of desktops or laptops needed to be replaced in the coming budget periods as they were below the performance, storage, security and maintenance benchmarks of 128mb RAM or incompatible with the Windows 2000 operating system. We also need to increase internet bandwidth. To improve our internet speed beyond the saturated ISDN link, it is planned to investigate ADSL connection services to fit with our quota and filtering management systems in 2003.

This year we introduced the International Computer Drivers Licence (ICDL) in Senior School Year 9. It addresses core IT competencies and information skills that every student will need in order to be employable and/or participate in tertiary education.

New ways of thinking about curriculum design and implementation provided new opportunities for resource creation and inspiring interaction between students and teachers. Remote access to the Hutchins' intranet services opened up new opportunities for Hutchins students to manage their study time or learning resources. The HUTnet website at <http://info.hutchins.tas.edu.au> with its own password has become a gateway or portal to many curriculum resources and information services on the school's computer network.

As 2002 closed, a new and dynamic database-driven website developed by the school's IT Network Manager (Mr Ian McRae) and WebMaster (Mr Kent Moore) was launched. As a Centre for Online Learning, teaching staff will be adding their class notes or activities, course materials, tests, practical work,

homework or assignments sheets. Another online curriculum resource service is the *Masterfile* course management software. Integrated with the school's three online library catalogues for the Nettlefold, Stephens and Early Learning Centres, this service is progressively listing all curriculum guidelines and handbooks, all course outlines, course objectives, courses, policies, procedural guidelines, notices, timetables, newsletters, sports results, achievements and awards.

Student Representative Council

Ben Groom, the Chairman of the SRC Curriculum Executive has reported elsewhere, so I won't repeat him here. However, I do endorse his comments and commend Ben and his committee members Lee Andrewartha, Hugh Thomson, Mark Toppin, Pekko Mahakitsiri, Tom Chang, Lewis Halliday, Robert Easther and Patrick McMullen. This year's committee did a particularly good job and contributed significantly to improving academics and enriching the co-curriculum program. Ben deserves special credit for his formation of the Academic Council this year. The Council members represent some of the best brains in the school. They have been particularly helpful promoting academics and with the conduct of the Subject Expo and the Subject Fairs.

Changes to Education in Tasmania

The changes being considered for Years 9 and 10 at Hutchins are being mirrored in other Tasmanian schools and in a number of mainland states. TASSAB is reviewing its Year 9 to 12 syllabuses and re-structuring them into 8 levels with five awards to replace the existing three. They are also incorporating the Key Competencies. At the same time the Department of Education is developing a Year 7 to 10 curriculum based on five 'essential learnings': thinking, communicating, personal futures, social responsibility and world futures. Clearly there is an overlap in these developments. Professor Rosyln Arnold, the new Dean of the Faculty of Education, has been appointed by the Minister for Education to conduct a review of education from Years 9 to 12. In recent meetings we have emphasised a number of things: the importance of maintaining subject knowledge and ways of knowing, the importance of curriculum continuity from K to 12 (not just to Year 10) and, finally, ensuring appropriate certification in Year 12 so that all students can move on to appropriate further education, whether in Tasmania or on the mainland.

Year 9
It is always hard adapting to a new environment. The Year 9s this year, however, found adapting to the unfamiliar surrounds of the Senior School a relatively easy task. It was pleasing to see many involved fully in the house. Nick Slugocki, Charles Mycroft, Marris Dibley and Charles Stoessiger were all strong competitors on the tennis courts during Summer Sports Day as were Nathan Grey and Mathew Bradley on the table tennis arena. Bradley Pearson, Martin Baker and Arm Sukjit participated well at house volleyball. Robert Jubb, Richard Bowman and Julian Sayers played their part in house football with the older students. Stephen Beer along with Sean Healey, Stephen Eddington, Tom Friend and Mathew Creese had strong performances at the house athletics. The house soccer team welcomed the inclusions of Ryan Bean, Rory Ware and Carl Larzabal when they competed on Winter Sports Day. George Finch found his footing in the U14 rugby team, and Chris Cox has been a keen badminton player for Steves and Hutchins.

It was not only on the sports field that the Year 9s did well. Jack Viney performed fantastically at the house music competition. The house drama would not have been the same without the efforts of Joel Beck and Tristan Giblin. William Keyes showed great skill at sailing, competing for his house, school, Tasmania and Australia.

The house welcomed the arrival of two Thai exchange students to year 9, Boy Munchunakorn and Gap Khunlertikit. Best wishes to Charles Mycroft who is leaving and to Joel Beck who is having a year away.

Year 10

Year 10 is sometimes a phase when service to the house drops off. However, the Year 10s were able to resist the temptation to sit back and let somebody else do the work. Their commitment and participation throughout the year was marvellous. The house football team was well served by James Jubb, Ronan Fenton, and Tom Anderson. Lars Becker, Dylan Viney, Danny Toohey, Louis Alderdice and Michael Chapman were all part of the winning 9/10 house badminton team. Our successful U15 swimming team was led by John Dale Hové.

A strong commitment from Alex Green and Alex Hunnibell was made at house hockey. James Millhouse and Tawin Hengrasme played basketball while Tim Boyes, Michael Andrews and Nick Enman had fun while competing enthusiastically at the athletics track. Ben Coughlan and Matthew Wilson keenly contributed to the volleyball team. Simon Foster, Gwydion Jones and Ben Sheehan all found themselves on the orienteering circuit. Jeremy Hales delighted the spectators with the soccer ball this year and Richard Hazell did the same with a much smaller golf ball. Davys House displayed his range of skills competing in the various sports at Kingborough. Sam Stove continued to display a range of talents on the saxophone, in public speaking and rowing and rugby.

Thankyou to Josh Legg, Jethro Wishink, Simon Lu and George Gu for their contribution to the running of house athletics. Thanks also to the contribution, particularly in basketball, from Rahul Gogineni during his term at Hutchins. We wish Josh Legg, John Dale Hové and Ben Coughlan the best of luck next year and in the future.

Year 11

It was great to see the efforts of so many Year 11s making an impact in the house throughout the year.

Piers Symons, Simon Enman and Matthew Mulcahy made house drama a memorable occasion. Jack Madden won the U17 cross-country while Andrew Dawson, David Powell, Mark Toppin, Nathan Jones and Harkiran Narulla had good times up at the track. Stuart Arnold enjoyed golf, Guy Crichton rowed, and Jonathon Cook played basketball on Summer Sports Day. Prason Ojha

Nicholas Summers, Jonathan Mison and Andrew Sheppard.

Year 12

The Year 12s this year were strong leaders, showing a great ability to maintain a strong house spirit throughout the year. Jay Long was captain of the victorious house football team. Stewart Wells and Adrian Clark showed great poise on the water. Hugh Miller and John Campbell constructed a fantastic house drama performance, while John Morey, Hugh Griggs and John Cooper led the cricket side. The house athletics would not have been the same without the sustained efforts of Tom Stove, Sam McMillan, Andrew Deane and Ben Creese. Alex Finnis made an extraordinary commitment to rugby, as did Robert Knight to soccer. Tom Giblin captained the orienteering side. Monty Hutchins gave service through his audio support at many school and house events, as did Mark Kramer in a technological capacity. Sam Madden was a standout in the pool whilst James Toppin featured in music. James Baker and Richard Salter were enthusiastic competitors in rowing. The end of year cruise was a memorable occasion thanks largely to the organisation of Joel Sorrentino.

Finally, I would like to thank every member of the Stephens House community for making this year a success. In particular I would like to thank Mr Starkey and the tutors for their efforts throughout the year and the commitment they have given to the house. Best of luck for the members of the house next year and may the lion roar in 2003.

John Cooper
Stephens House Captain

"Perseverance in the face of adversity develops strength and growth"

Stewart Wells (Whip), Mr Starkey and John Cooper (Capt) with members of the House at the swimming carnival

Sean Healey, Joel Beck and Jeremy Hales putting in a good performance for Steves

captained the badminton team, Karl Woisetschlager was impressive on the hockey field, Cameron Stuart had a good day kicking the footy and Adam Hill was an imposing figure on the soccer field. Waterpolo in both the house and the school was well served by Robin Abell and Tom Mills. Our successful Kingborough teams were strongly influenced by Year 11s: in particular, Michael Bowman, David Salter,

The House Football Premiers

Andrew Deane, Tom Stove, John Morey, John Cooper and Hugh Griggs with their shades at Clifton Beach

the leadership shown by the House Executive.

These twin ideals of participation and perseverance became the nucleus of the theme for the year. Performance was added as a third component. As a house we used this as the building block for the year. I am proud of the response displayed by both individuals and the whole house. The success of our efforts were tangible in the Cock House result – a close second despite winning the least number of individual events – and leading (at the time of writing) the Stephen Gumley Shield for Academics. The trophies for swimming, athletics and football will reside with Starke the lion for a year.

Peter Starkey

From the Head of House

It is with mixed feelings that we farewell Ray Stacey at the end of Term 2. We are grateful for the assistance and counsel given to staff and students alike over many years, sorry that a valuable member of our house has departed and hopeful that retirement will bring the rest and enjoyment sought, particularly at this time of affliction. I am sure that a rich association will be maintained over the years to come.

The rest of the house felt the adversity of being a team member down. Some shouldered more of a load and all persevered when things did not go according to plan. The house spirit did not flag. I am both proud and grateful for the response and give the credit to

Hugh Griggs (K-12 student) with current Steves Kindy lions after the K-12 Assembly

John Cooper, Rob Knight, Hugh Griggs, Tom Stove, Alex Finnis and Mr Starkey at a House Night

Success in 2002

For Thorold House 2002 has been one to remember. It was with much excitement and enthusiasm that Tom took over the reins of Thorold. Our challenge was to maintain and develop the strong house spirit, encouraging valiant commitment and participation in the year's activities. Observing the younger members of the house contributing constantly and selflessly was as satisfying as completing a back-to-back victory in the Cock House competition. Success was not characterised just by stellar individual performances, although there were many of those. It was gained through supreme participation and endeavour across all age groups.

Cock House - defending the title

The competition began as it always does with a hard-fought and energy-charged swimming meet. Thorold cheering was at an all time high with whip Andrew Egan being in good voice, and performances in the pool reflecting the enthusiasm. There was domination by the strong U16 swimming age group but the eventual result came down to the open relay. Even though Thorold was defeated, the strong second place was a pleasing result. The enthusiasm, together with performances

Callum Czyn and Luke Burgess enjoying the competition

such as Jono Haynes in the butterfly, showed that Thorold was going to enjoy a year of good spirit and participation.

This spirit remained, with strong wins in tennis, rowing, sailing and cricket giving a convincing victory on Summer Sports Day. Winter Sports Day showed that it was not only Thorold that was enjoying early success. All houses in 2002 experienced encouraging commitment and achievement in many areas and Winter Sports Day emerged as one of the hardest fought Cock House competitions in many years. Thorold gained an equal second place behind an impressive Buckland performance.

Cross-country produced the most tangible example of Thorold participation, with a push for everyone to run the course. The result was a commanding victory. Music and drama saw many younger stags put their hands up and donate their talents towards producing entertaining and enjoyable performances on both occasions. Thorold gained third and fourth places respectively. Athletics brought to the fore another enthusiastic show of support, with the cheer squad remaining vocal despite the weather. Thorold gained second place.

Going into the final combined event, debating and chess, there were only three points separating all four houses, promising one of the most electrifying ends to the Cock House competition for many a year. At this stage all four houses could have won the Cock House trophy. Jon-Ho Chan's unbeatable chess team and vigorous preparation for the debating left us undefeated in the last event, so securing the Cock House Shield for 2002.

A house on the go

The Thorold executive and band of house prefects ensured many fun events and initiatives for the house throughout the year. The year was kicked off with the annual Pizza Lunch, now an institution in Thorold life. Great organisation by Nick Warren ensured that everyone enjoyed the grub and ensured that Tom's car would smell of pizza for many months to come! Ben McKay kept everyone entertained with a novel culture quiz. Another sit-down lunch in the boarding house was a fitting social occasion to end the year.

Jonathan Haynes and Paul Ancher battle for 2nd and 3rd position in House Cross Country

Thorold's own version of the World Cup – a thrilling tutor group indoor soccer tournament – was calmly coordinated by Tim Gillam. Mr Mac's tutor group eventually came out triumphant winners. The year 2002 also saw a return from the wilderness of a Thorold Newsletter, well compiled by Liam Coyle. A very slick and informative Thorold Website has been created through the talents of computer whizz Tim Gillam.

'It's fun to be an S-T-A-G'

The K-12 assembly was a great occasion, with riotous entertainment: "Stag Wars" starring Darth Venison and Luke Deerstalker. The younger members of the house were treated to a sing and dance adaptation of the Village People classic Y-M-C-A, which set new heights in both song writing and disco dancing. It also showcased the brightly coloured yet fashionably crafted Thorold Cap. Thanks go to Matt Drury who ensured that green hats were always prominent at every school event.

River dance

The Year 12s enjoyed a night out on the Cartela with members of our Collegiate sister houses Reiby and Monty. This turned into a splendid night with much unity between the houses being fostered. It is an event that will no doubt continue in the future.

A green vision is a world vision

Thorold also continued its spirit of caring in the community through continued sponsorship of Stella, our sponsor child; involvement in the Culture Committee; and giving sound contribution to the SRC's big event.

Mr McLeod speaks

Thorold is privileged to have a wonderful group of professional, dedicated and talented tutors as well as the powerful Mr Servant whose physical strength is only exceeded by his administrative abilities. The Year 12s have been committed and hard-working, with a great sense of fun. I have been impressed and pleased by the genuine interest Thorold boys show in each other, with constant interaction and care across the year groups. The loyalty and friendship throughout the house is continually evident. It is visibly manifest during big events when the Thorold spirit is epitomised in the 'Egan-ness' of the Stagaros.

House Captain - Tom Volkman

Tom Volkman speaks

It has been a privilege to lead Thorold this year. As House Captain I must thank all who made a successful year for Thorold an enjoyable one for me: the House Prefects and House Executive for their superb program of events; Mr Servant for his hard work in organising the sporting teams; the tutors for their dedication and leadership; and those younger members of the house who exceeded the call of duty throughout the year. I hope that this spirit of enthusiasm and commitment can continue next year, fostering more Thorold success in 2003.

The green badge of honour

Mr Moore has fashioned a Thorold pin to commemorate the success of the last two years. Next year it will be on the lapels of Thorold students, and will also be worn by 2002 and 2001 leavers.

Buckland House '02

Personnel 2002

This year Buckland welcomed four new tutors to the "Reds" – Mrs Diana Williams, Mrs Alison Illingworth, Mr Cameron Hudson and Mr Andrew Stewart. We also again had the pleasure of Mrs Liz Thomson who stood in for Mr Stewart during term two. Together with the experience of our established team of Mr Mike Fishburn, Mr Peter Crofts, Mr Steve Hickey and Mrs Mary-Jane Anders (administrator) we were set for another good year.

Pastoral Care

This year the house introduced the "Eight Red Rules" for the boys to develop their own characters as well as a greater appreciation of others within the school and the wider community:

Always do your Best

Be **U**nderstanding of others

Challenge yourself

Show **K**indness to others

Listen and **L**earn from others

Be **A**mbitious

Never give up

Defend those who are weaker than you

This has blended in well with the house motto "Cura personalis" (personal care) in all that we say and do.

Cock House Shield

2002 saw the Reds start the year well with strong efforts in the swimming and Summer Sports Day. This was followed by our wins in the Winter Sports Day and rock section of the

House Music. The Reds ended the year in style by taking out the most coveted House Drama trophy as well as some powerful performances in the athletics, cross-country and chess. My thanks must go to all the boys who captained and organized their respective teams throughout the year. Other areas of success were surfing, soccer,

volleyball, badminton and drama. Many boys received House Commendation Certificates for their outstanding efforts for the above throughout the year.

House Swimming

House Swimming

Special events

This year the house executive organized and managed some excellent activities and events. These included the Buckland House Family Gospel Service. Over 250 people, led by Andrew Legg and the University of Tasmania Conservatorium Gospel Choir and Band enjoyed a true Black American Gospel Service in the auditorium. We were all treated to the inspired preaching of the Vicar-General, the Reverend Canon Robert Legg. This was a fantastic night, part of the Buckland Cultural Week celebrations. Other events enjoyed this year were: numerous barbecues, pizza lunches, McDonald's lunches, bowling night with Collegiate, the "Grill", the "Egg Cup" and the wonderful efforts in raising over \$450 for Red Nose Day. Many boys volunteered their time to door knock for the Red Cross and the Royal Guide Dogs.

Awards Winners

At the final house assembly the House Patron, Mr Ian Millhouse, presented the following major house awards for 2002:

Anders Marchant - Special House Award for service to audio and lighting design

Caleb Lang - Special House Award for outstanding House Spirit

Alan Beadle - Special Head of House Award for service in organization and running of House Chapel Services

Isuru Amarasena - Special Head of House Award for service to the editor of the Waratah and the Buckland Bulletin

Billy Barnard - Special House Award for service to Performing Arts.

Major Award Winners

Waratah Awards for excellent House Loyalty, House Spirit and Service to the House: **Josh Crossin, Alex Polegaj, Josh Lambert, Paul Hussey, Stuart Hall & Pat Sherwood**

The Ian Millhouse Waratah Award for outstanding House Loyalty, Outstanding House Spirit and Outstanding Service to the House:

Pat Sherwood

Thank you ...

Pat Sherwood has been an outstanding House Captain. Pat showed impressive leadership and great organizational skills throughout the year. He commanded the respect of the house through his unwavering house spirit and loyalty. His philosophy of "do your best" inspired all from Year 9-12. Pat led by example. His efforts were especially evident in his direction of the winning House Drama production "Bouncers". Well done, Patty!

My thanks must also go to the other members of the House Cabinet, Josh Crossin and Alex Polegaj for their excellent work and leadership of the House Executive.

My sincere thanks to the house tutors for their constant care, dedication and attention throughout the year. Finally I must congratulate all the boys of Buckland for their wonderful achievements in 2002. We had some tears but plenty of cheers and the best house spirit!

House Captain's Report

2002 has been an exciting and eventful year for School House. While the success we had hoped for in the Cock House may not have come our way, the house still managed to fulfil this year's goals of commitment, participation, loyalty to the house and a determination to do our best. All 'Blue Boys' fulfilled these goals upholding the honour of the house and keeping School House's famous house spirit alive and well.

This year's Cock House competition gave many 'Blue Boys' a chance to be involved and contribute something towards the house. During the year members of school tried a range of different activities including athletics, swimming, drama, music,

'Blue Boys'

debating and academics, often discovering new talents and always striving to do their best and having fun in the process. While victories are always satisfying, it is efforts such as those of Phillip Morey in the House Swimming where, at the last minute, he took to the water for the house and gave it his best to the sound of the Blue Boys in full voice led by our whip Richard Wilkinson, that epitomise School's great spirit and willingness to have a go.

Unitas Et Praestantia, united and working together, is the motto that School House has embraced, and I believe it is a motto that sums up what School House is all about. Every member of the 'Hass' is proud of his membership and if given the choice he would choose to remain a member of School. Those lucky enough to be 'Blue Boys' feel a strong sense of belonging and pride, as they know that their mates will support them no matter what - it is this unique quality that sets School House apart.

This year School House has been served extremely well by each member of the House Executive. Each and every member put in a tremendous amount to work that was vital to the smooth running of the house. In the house assemblies, run and organised by Will Kay, we were lucky to experience a Karate display, a Break Dancing display and to listen to guest speakers such as Mr Groom and Dr Lawrence. Chris Bowditch did a tremendous job in ensuring each chapel service was organised and ran smoothly and Richard Wilkinson was fantastic in running inter-tutor competitions, with some very innovative activities. Ben Groom produced four quality house publications and the efforts of George Croft, Richard Ellis and George Bignell in organising a number of fun lunches was appreciated by all. Special mention must be made of the work done by Heath Moore. Heath had the unenviable task of preparing both House Music and House Drama - the two most demanding competitions in Cock House. It is a credit to Heath that School came first in House Music and second in House Drama.

2002 has been a year to remember for School House, thanks largely to the efforts of the House Executive and the commitment shown by School House boys. The tutors deserve many thanks for their continued support and input throughout the year, as does Ms Schafferius for her work as House Administrator. I thank Mr Webber for the incredible amount of work he has put in throughout the year. Without his huge contribution School House would not have enjoyed the success it did. Captaining School House has been an enormous challenge and privilege, but one I have thoroughly enjoyed. I would like to thank the House Executive for its support and guidance this year, along with the tutors and Mr Webber. I wish School House the best of luck for the future and may the unique spirit and unity that we have continue to thrive.

Michael Brothers

Will Kay, Richard Ellis, Michael Brothers, George Bignell, Richard Wilkinson and Corey Wills take the strain

Report from the Head of House

It has been a frenetic year and we came within an ace of winning Cock House. It was a wonderful competition and it was an exciting change to have so little separating the houses through the year. I want to congratulate all houses for the spirit that they showed and particularly to thank the other Heads of House for keeping the whole competition within sane bounds - it made the process stimulating and enjoyable.

Michael Brothers has been an outstanding Captain. He came to see me virtually every day and made sure that the staff of School House knew what was going on. He ran his executive meetings with a sureness of touch and an impressive attention to detail. He led from the front in his own sports and the boys were all impressed with his quiet authority and with his undoubted pride in his house. He did a particularly fine job looking after the boys who, at various times, felt lost or who were in need of friendship and I know Mr Halls found his advice invaluable in his Tutor Group. Thanks to Michael's hard work, we now have a group of leaders for

Tom Chang, Pekko Mahakitsiri and Yoshi Nakayama soak up the sun

each year group - I have been able to rely on the advice and hard work of these boys, especially in Term 3. Congratulations Michael and thanks for your wholehearted commitment.

Michael has already mentioned the House Executive but it would be remiss to say nothing more about its members. Will Calvert had to leave home at an unholy hour to reach our early morning meetings - these were a lot of fun as well as essential to the management of the

George Croft attempting to plant a shovel handle

School House depends to a very great extent on its tutors - staff who put in countless hours running their tutor groups, writing reports, drying tears, counselling, contacting homes, paying for forgotten lunch or bus money, umpiring for sports and so on. Sadly we will be losing three tutors this year. Marcus Halls stepped in whilst Chris Berndt was recovering and ran his tutor

Henry Ellis, Henry Knipe, Alistair Taafe, Richard Ellis and Alistair Scott take a break from fencing

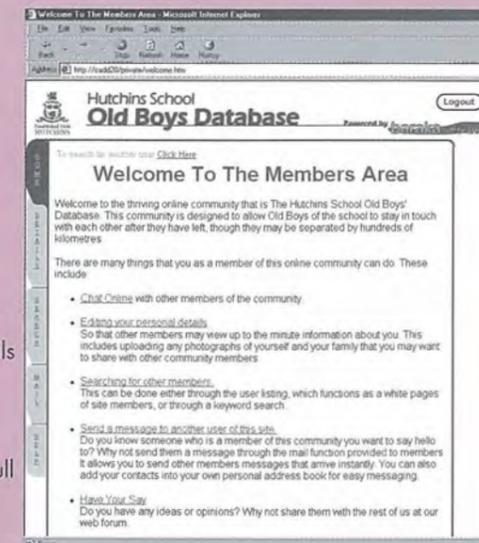

group in a warm yet efficient manner. His boys built up a close rapport with him and I came to rely on his wisdom and advice. Mr Halls went out of his way to find work to do and to help me. I shall miss him very much and wish him all the best at his next school.

assemblies where the music and the guests had been arranged, to go to chapel knowing the readers were ready and the boys' sermons prepared, to attend quizzes or a night with the Collegiate girls where the operations ran as smoothly as silk. I feel sure that the boys have benefited from the experience and I thank them for their magnificent efforts.

School House tries to build a strong sense of service in its members. Once again we gave our help in the Midlands. Summer bush fires had burnt down parts of the electrified fences on Richard and Mary Downie's property 'Greenwich'. A band of stalwarts had a fine day in glorious weather and replaced many kilometres of insulators. A party later in the year planted about five hundred trees at 'Ceres', the property of Michael and Janine Isles. The Isles have a son at Guilford and it was a valuable lesson in the Tasmanian context for boys to have to learn to work with others with whom they had been competing less than 24 hours earlier. A lot of good work was done on both days and the boys learnt a great deal about genuine country hospitality and about co-operation. We also maintained our traditional links with the country and with the old boys - thanks to Richard Downie and Tim Parsons for arranging things for us.

Pak Wilson is taking long service leave and will spend some time in Indonesia, returning early in Term 2. Pak's outrageous good humour and his warm and relaxed approach to tutoring will be greatly missed. I will miss his help around the house, especially with sport, and above all his friendship. Alan Morley, the charismatic and enigmatic leader of the band of ruffians known as AMo will be spending a year in China with his wife Alene. They will both be teaching at a school run by the Tasmanian Department of Education and will relish the challenge. Alan has a unique approach to tutoring - stirring, cajoling, humouring, challenging, mock humiliating, joking, arm-twisting, competing fiercely, yet all the while caring deeply about his boys. They, more than anyone else, will know what we are losing. The tutors and I will miss his raffish company, and his vast experience, at our staff meetings - and who will the boys go to now to help them write their sermons? Best wishes go to all three men as they leave, but welcome back to Ms Schafferius who will be a tutor next year. Welcome also to Sheree Macdonald who will be our Administrator and to Brian Burch who will be a tutor. The House is in good hands and raring to go in 2003.

Andrew Webber

IT Special Projects: Baraka – The Old Boys Online Database

Ronan Fenton and Huw Nestor worked collaboratively on a very engaging project which covered several of their subject areas, applying their skills from Australian business issues, information technology and their interests in mathematics and computer programming.

Baraka is an online interactive database for the use by the Old Boys of the Hutchins School. This versatile tool allows registered Old Boys to log in to the database from anywhere in the world and upload/edit all their personal details including images. As part of the suite visitors can access internal email, chat and forum style discussions.

In 'techie' speak the Baraka Online Database is a basic html website with a full java interface to the MySQL database. The complete package is designed to be hosted on a web server with an Apache and Jakarta Tomcat JSP-Engine web server software. The graphic user interface (GUI) is web-based for administrator and user. It is planned to be accessible in early 2003; stay in contact with the school Webmaster – kmo@hutchins.tas.edu.au

Webmaster's Report

2002 has provided more opportunity for our web services to continue to grow and develop. While the external website continues to provide a great window for the public to view our school the intranet continues to provide greater support for the curriculum and both student and school services. This year through the excellent support and development skills of Mr Ian MacRae (IT Network Manager) we have introduced active website components with dynamic content being provided by databases and ASP scripting. It has been great working with Ian to produce the Online Bulletin and our new Online Learning Website.

Credit must go to our IT Leaders from the past few years. Isuru Amarasena has encouraged me to pursue the active web content through his implementation of the discussion forums and other utilities.

The new Centre for Online Learning will complement our current resource and content manager – MASTERfile. The new active website will allow teachers to publish their curriculum widely, including links to any resource needed by the students. The great advantage for students is the ease of access (both local and remote) to their teachers, coursework and school intranet. With the addition of discussion forums and other utilities the site will grow to be a valuable part of the school's IT infrastructure. Teachers can publish their pages very easily from the web browser. Uploading text and images is a breeze – no need to master specialized web authoring software. My first priority with the site is to see teachers establishing their presence through their own pages.

The intranet now provides a whole range of links to the many school and student publications. It is easier to go there and have a look than read all about it. Get on a browser and type: <http://info.hutchins.tas.edu.au> - username: hutchins with password: magenta and 'surf' around, see what you discover. Check there regularly!

The cover stories cycle through giving those special activities some 'airplay' for all the school community to enjoy.

Thanks for support must go to our IT Leaders – Isuru Amarasena, Tim Cooper and Anders Marchant, Mrs Jill Abell (Director of Information Services) and Mr Ian MacRae (IT Network Manager).

The Director's Report

The boarding community has enjoyed another very successful year. In so many fields members of the boarding community participated with vigour and commitment and experienced real success. Amongst others achievements members of the boarding community secured:

- A Grand Final with the U13 Sandy Bay Lions
- A Grand Final with the U17 Sandy Bay Lions
- A Premiership with the First XV
- Captain of the Tasmanian U18 Rugby team
- The Liz McQuilkin Prize for Academic Dux of School House
- A School House 'Blue' award.

It has also been a great source of pride that the community has hosted two prefects – George Bignell (Captain of Burbury House), Richard Ellis (Student Tribunal) – as well as a School House Prefect (Charles Meaburn). It has been an enterprising and committed community. Evidence enough for this proposition can be found in the Speech Night Awards:

- The 'Minty' Johnson Prize for Business and Finance
- Sinclair Trust Prize for Entrepreneurship
- McDougall Prize for Legal Studies
- Harry D Hewer Memorial Prize for Accounting
- Roberts Limited Prize for Agricultural Science
- Old Boys Lodge Prize in Memory of Wynne Hay for Craftsmanship in Metal
- An Academic Merit
- An Academic Commitment and Participation award.

Each of the above awards was won by a member of the boarding house, in large part due to Charles Meaburn who experienced quite outstanding academic success this year.

Peak performance is always a strong measure of success; however, a broader criterion relates the settled and supportive life we have enjoyed as a community. It has been a community of quite remarkable goodwill. The leadership of the Year 12 group has been excellent. A corollary is the goodwill that the younger students have brought to their time in boarding. It has been a pleasant and relaxed environment in which each member of the community can pursue his true potential with confidence in the support of those by whom he is surrounded. I cannot recall a more pleasant or enjoyable year in boarding.

Traditional Boarding House

The refurbishment of the boarding house continues apace. Dorm 1 and the upper new wing were refurbished. The refurbishment plan has thus far yielded four new dormitories and a networked computer facility, along with renovated television and games rooms.

Mrs Pip Allwright concluded her term as President of the Burbury House Support Group. Mrs Anne Downie was elected President of the Support Group and Mrs Jan Burbury was elected Secretary. Mr Ron Sonners was elected the Treasurer of the Support Group. The community owes a large debt of thanks for the efforts of each of the outgoing office holders.

There was a significant shift on staff this year. We have enjoyed a very stable staff body over the last few years. At the start of the year we lost Mr Richard Stacpoole and Mr Brad Wells. Mr Tim Whelan also left the boarding house, to later take up his new position as the Director of Outdoor Education. Mr and Mrs Anthony Hyland concluded their stay in '193' at the conclusion of Term 2. This was their third year in boarding and their collective contribution to the community has been outstanding. The support and care they have provided in the junior boarding house and their tireless effortless efforts in the broader community have been greatly appreciated. Already, they have been missed.

We welcomed to the community Mr Nicholas Browne, Mr Patrick O'Halloran, along with Mr Stuart Walter. Mr Kyler Culver joined us this year as a 'Relief-Teacher-in-Residence' – an old boy from the University School in Ohio, USA. Mr Culver has very much enjoyed his stay and we have enjoyed his company. Each of them has provided outstanding service to the community. The staff, through their tuition, pastoral support, patience and enthusiasm, good humour, professionalism and commitment have provided excellent role models for the young men of the community and outstanding service to the school.

Alan Morley
Director of Boarding

Burbury House Captain's Report

Boarding in 2002 has been, in my eyes, one of the most smooth and productive years both in and out the classroom. This year academic statistics showed that boarders excelled in 2002. Now don't think we have all turned into nerds – oh no, this is definitely not the case, as many boarders have dominated on the sporting field as well as at the desk. Rugby has been an area of great pride for the community as we had the Captain

House Captain - George Bignell

of the Tasmanian U18 team as well as the younger boys getting into state sides. This year we had three members from the BH in the 1st XVIII, two members of the 1st VII, one member of the 1st orienteering team and many other boys involved in sporting activities at the 1st and 2nd level.

When I first arrived in boarding back in '96 there were only four things that ever

Burbury House

Tension mounts during the football final - ultimately won by Jonathan Nicholas and Jay Buissink (right)

crossed a boarder's mind: football, cricket, Lee Kernigan and V8s (I hope I spelt Lee's last name right or I'm a dead man!). Over my seven years in Burbury House I have seen the common boarder evolve slowly over time. Interests such as music and debating for example were practically unheard of back in Year 6. The tables have certainly turned since then as these days we have many fine musicians including arguably both the best pianist and guitarist in the school.

The boarding community no longer solely consists of farm boys from around the state and the mainland. There is a wide cultural spectrum with boys this year coming into boarding from areas such as Mainland China, Hong Kong, Japan, Africa and Bangladesh. This diversity of students was extremely

beneficial as boys could learn about other cultures and gain a perspective of what it would be like living in a foreign country. This does not go to say that we don't have our fair share of ute lovin' muck runnin' boarders...Oh no, they are definitely still there – just ask Hugh Burbury.

The boarding house cuisine has evolved from rissoles to risotto with the appointment of our new head chef Tim Last. This culinary master has provided the boys and staff with superb meals night after night. Tim has been a star in the boarding house, as have the kitchen ladies, as they have raised the food from grub to gourmet.

Overall 2002 has undoubtedly been the most enjoyable year of boarding for me, and hopefully all Year 12s. Credit to my peers, as they have been extremely helpful in providing assistance and leadership, which sustained a healthy environment for both students and staff. I must also thank all the Masters for a great year and am quite confident in saying they are the best bunch we have had in a while. Finally I thank Mr and Mrs Morley for a terrific year and I hope they have a wonderful time teaching in China next year.

Good luck to everyone.

George Bignell
Captain of Burbury House

Performing Arts

2002 has been a year of change in the Visual and Performing Arts Faculty. We have introduced new staff and taken on various new roles. With so many students pursuing the arts, we have been producing works of art and performances that are a credit to the students and staff alike. The arts are about expressing ideas and feelings. It is our aim that we help the students to discover, explore and develop ways they are able to create, make and present their work in challenging, professional and entertaining ways.

School of Performing Arts

Various students have been particularly busy developing professional work and extending their skills in their various specialist fields. All groups have had Master Classes with professionals who have been able to provide valued advice and mentoring. It is our aim that we offer extension to students who would not necessarily have this opportunity. Concerts, Eisteddfods, Recitals, Lessons and Performances have continued to play a large role in the SPA Program.

Mrs Michelle Weeding

Head of Visual and Performing Arts

Drama

We have had a varied and exciting year with each year group performing major works, and visiting artists performing to various year levels. We also welcomed Mrs Alison Illingworth into the department. It has been our aim to invite professional artists into the school to inspire our students about new ways of working in theatre. Christof the Troubadour entertained us with the history of clowning and the many skills we've come to expect of clowns. An Australian Story gave some classes the premise for creating and developing their own Australian stories. Banjo, was a moving and powerful solo performance of the life and times of Banjo Paterson and The Odyssey was a brilliant piece of total theatre that commented on identity and understanding of self and community. All year groups have undertaken the performance of scripts or group devised pieces to audiences in a professional manner. We have seen Chilling and Killing My Annabel Lee by the Year 12 performance class, Thark by the Year 11/12 drama class, The Big One by Year 9 and 10 students, a Trio of humorous Tales by the Year 8 production class and Slam Dunk the Superstar by the Year 7s. Added to this we have staged Senior School House Drama, Middle School House Drama and Middle School House Theatre Sports Competitions.

M Weeding and Ali Illingworth

Thark

In the month of May the Year 11 and 12 drama students performed the play Thark by Ben Travers – a farce that saw the play combine absurdly improbable situations, eccentric characters and broad humour, where life is complicated by several intertwined love stories, by mistaken identities and by mistaken appearances and the rumours of a ghost. Many hours were spent preparing this play and special mention must go to Mr Hall for directing the show while Mrs Weeding was away with her new daughter Ellen.

The play was the first production of the year and also the first play that some of the students had ever performed. Everyone involved put in a lot of effort into making this a successful show, which it was, with audiences having a fun time and a good laugh. Thanks must also go to Simon Enman, Nick Perndt and Stuart Woolford for stage managing, controlling the lights and the sound for the show.

John Campbell

Chilling and Killing my Annabel Lee

During October this year, the Year 12 performance class staged Chilling and Killing my Annabel Lee, a surrealist play by Aidan Fennessy. The play is about Edgar a crime writer who reinvents his past through twisted memories. He in fact is the only real character in the play as all the others are elements of himself and his former wife. The play was a great success, with many members of the community applauding the efforts of the director, Mrs Weeding, in producing a very different and interesting piece of theatre. The cast consisted of Billy Barnard, Pat Sherwood, Paige McGregor and John Campbell. We put a lot of time into getting the show ready, even spending some of the holidays rehearsing, as we only had five weeks to put it on. Thanks goes to the techies, Simon Enman and Nick Perndt, for all their hard in creating the necessary atmosphere, lighting and poster for the play.

Billy Barnard

House Drama

The house drama competition in 2002 was very interesting, all waiting until after exams to begin our rehearsals – a very stressful option for all the directors. The night approached quickly and we were all very nervous about our plays going to plan. From seeing each other's productions in the final rehearsals we all knew it was going to be a close competition. Stephens House directors felt they had the edge in the battle for the

Year 9 Camp

School Trip

School Trip to Bali – June 2002

On Monday June 3 a party of 10 people headed off for a two-week tour of Bali. The group was led by myself and consisted of Jimmy Walsh, Dave Sorell-Saunders, Hugh Thomson and students and staff from Devonport High School.

We left Hobart with a temperature of 20 degrees C and after an uneventful flight to Melbourne then onto Bali we got off to be met by a blast of 30 degree air and a high humidity. We boarded our bus for the trip to our first destination – the village of Mas in Central Bali. We stayed there four days. During this time we had cooking lessons and learned to carve wood and to make batik the traditional way. One evening we watched the Legong dance at the nearby palace.

We then headed to Candi Dasa on the east coast for three days. From there we toured to Mt Batur, Mt Agung and the mother temple of Besakih, the holy springs, the bat cave and the old court of justice. While there we also were able to snorkel straight from the beach. This first week gave everyone time to brush up their Indonesian, get to know the people and to develop our taste for the food. It also geared us up for our final week that was to be spent in Kuta.

After the relative quiet of Mas and Candi Dasa, Kuta was absolutely jumping. We settled into our hotel and then headed off to familiarize ourselves with the place. We were overwhelmed by the amount of shopping you could do and the touts who followed you along trying to sell all manner of things.

We used Kuta as a base for a number of tours along the coast and into the centre of Bali. We also got in some surfing on Kuta beach and swimming at the hotel pool.

The unfortunate and tragic events that have since unfolded in Bali have had repercussions around the world. They were, however, most keenly felt in Bali and Australia. I have been fortunate enough to study, work and travel extensively, and often in Indonesia. The events of October 12 have in no way deterred me from travelling to a country I love to visit, a country that has given me so much over a long period of time. Of course it is always the innocent that suffer the most when events such as this occur, but the human spirit is something that often surprises us all. The rebuilding has begun and I am sure our hopes and prayers are with all those who have been affected by the bombing.

Pak Rob Wilson

Besakih Temple Bali, June 2002

Back: Jimmy, Hugh, Dave

Front: Nami, Tash, Jess, Tamara (kneeling), Megan, Janice

Year 9s accompanied by Mr Whelan, visiting staff and Mr Toppin's faithful dog Washington, attended camp for a week at the renovated Southport Camp. The new classroom, shower arrangements, outside lighting, bbq and a host of other changes made the camp operate so much more smoothly. Two table tennis tables doubled the challenges and at one stage combined to form a super table.

Boys kayaked, climbed, participated in trust activities in camp and surfed. Different bushwalks were undertaken depending on the weather and interests of the groups. Adamson's Peak was the major challenge and three groups were able to climb it. A thunderstorm, mud, cramps, logs in packs, steep tracks and staff finding out they weren't getting any younger (Mr Calder, Mr Toppin and Father John) combined to make the walks memorable. The track is steep and muddy..... Other groups tackled the Ida Bay Railway and these walks produced some unexpected surprises: Southport Bluff Beach is a beautiful lunchspot. Mr Stewart's group traversed some country they may never see again!

The culinary talents of the cooks, Washington's interest in footballs, Mr Whelan's slides, concerts, the beach with little surf and some personal challenges met and fears conquered combined to make the camps a great success. Thank you to the staff who made the experience memorable.

Bill Toppin

winning spot, however, the reds and the blues managed to show them up on the night. It was very eventful, with the audience thoroughly enjoying the experience. There was some very positive feedback from all who viewed it with a deserved outcome.

Winners House Drama Competition - Buckland House
Stuart Hall, Matthew Wertheimer, Patrick Sherwood, Billy Barnard

The winners were the mighty Buckland House by three points, closely followed by School House who prevailed over Steves, with Thorold coming a strong fourth. Many thanks to Mrs Weeding for all her help and to the House Heads for all their support. It was another successful year and a great experience for all involved.

Patrick Sherwood

School House - Michael Theodore, Hayden Farquhar and Jorge Burgess-Lowe

Stevens House - Alex Finnis & Hugh Miller

Slamdunk Superstar and Nobeard the Pirate

Creations of the Middle School's very own Ian McQueen, the plays offered many laughs and giggles showcasing the wonderful acting and comedic skills of our talented Year 7 students. A number of the boys were fortunate enough to take their play on tour to many schools around the state and they played to some very receptive audiences. All in all, it was a lot of hard work but a huge amount of fun.

Matthew Sayers

The Big One

Performed over three nights this short sharp comedy - full of crazy antics, cake throwing, chases, fights and a wonderful rendition of "We are the Champions" performed by Craig Irons and the cast - proved to be a most successful and entertaining show, allowing each of the boys to explore and develop their own stereotypical characters.

Music

Anyone walking through the music department would testify as to the energy and sheer volume of students that immerse themselves in the creative programs that are offered. Mr Scott Cashion has joined the department and been working hard on the total band program. Mrs Kathryn Kerstan has joined us as the music secretary. The department has continued to produce two Senior School House Music Competitions, Battle of the Bands and Middle School House Music as well as Jazz 'n' the Boyz, SPA recitals and Thursday Night Live. We are looking forward to moving into our new soundproofed building next year.

M Weeding

Big Band

2002 has been very busy. At the start of the year the band changed its name from the "Hutchins Swing Band" to the "Hutchins Big Band". This name change was seen as important as the band was about to begin work on learning 12 brand new charts that covered many different styles including Latin Jazz, Be-Bop, Fusion and Funk-based Big Band music.

Nick Watson

The Band worked really hard to get the new charts up to performance standard for our first showcase of the year at the School Fair, and many positive comments from parents and the public about the new standard of the Band gave the boys a fresh enthusiasm about its direction and future. Our next performance was at the annual "Jazz in the Quad" concert, which for this year was renamed Jazz 'n' the Boyz.

The night was a big success and showcased all our new material in a tight, accurate, and polished performance.

S Cashion

SPA Saxophone Quartet

Claire Brolsma	Alto Sax
Sam Stove	Alto Sax
Scott Cashion	Tenor Sax
Dave Webber	Baritone Sax

2002 has been a rewarding year for the SPA Sax Quartet, with this our second year together. The initial hard work of getting to a basic standard of playing during 2001 was now behind us and we could hear how the ensemble could improve its overall musicality.

Much of the work for us this year was in preparing our repertoire for the recording of a live CD that took place at a live recital concert in the middle of October. The CD recording was a huge success with the quality and ambience of the performance captured entirely within the performance of this talented ensemble. Throughout the year the SPA Sax Quartet grew from four individual personalities, into a tight, cohesive professional sounding ensemble.

S Cashion

Scott Cashion & Sam Stove

SPA Jazz Septet

Sam Stove	Alto Sax
Alex Howard	Piano
Dave Webber	Alto Sax
Paul Bender	Bass
Scott Cashion	Tenor Sax
Nick Watson	Guitar
Matt Apted	Drums

The SPA Jazz Septet was formed as a vehicle for the advanced contemporary players involved in the SPA. The group worked quickly to learn an impressive set of charts that challenged all the members, and pushed all players to the limits of their playing abilities. Again a strong emphasis on working as a cohesive ensemble was asked of the group, with much time being used to develop as a professional sounding ensemble, the sound of which can be heard on the live recording CD that was produced by the group.

The highlight of the year for the group was attending the concert and following workshop given by the "Mick Nock Big Small Band", a professional ensemble made up of the best jazz players that Australia has to offer. The effect of seeing these musicians play was truly inspiring for the group - a great way to round off the year.

S Cashion

Art

The Art department took on some changes this year. Mrs Bratt assumed the responsibility for teaching the Matriculation years and I concentrated my efforts in the younger age groups, which I have thoroughly enjoyed. Judging by the appearance of the work, both Mrs Bratt and her students have enjoyed a rewarding and productive year.

The refurbishment of the Matric Art area has been very much appreciated. The old "decaying" space was transformed into a bright, modern looking studio space at the beginning of this year. Both staff and students alike have been inspired to make full use of the new facilities.

We have had to include extra art classes in Year 8 next year to cater for the increased pressure from student numbers wishing to do art in

Painting - Panna Seth

Hamish Hall and his "Dali / Gogh"

the Middle School. We are very grateful to Mr McQueen for his support in this matter. His understanding of the importance of the arts in the curriculum is refreshing and very welcome.

Year 9 Design is being extended into Year 10 next year. This year's Year 9 Design course was trialled to ascertain student response for this area of the curriculum. It has proven to be very strong with most boys continuing into Year 10 and many more new boys joining the course for the first time in 2003.

Mr Prebble will take over more of the primary load next year due to increases in the secondary load. Mr Prebble is very interested in art and does his own watercolours. I am aware his classes this year have really benefited and enjoyed their lessons.

Mr Steve Hickey

11/12 Art

The Matric students have responded well to a new face in their domain. They have focussed on achieving solid results in all the varied media they have explored.

Phil Wilkinson, Mark Kramer and Oliver Mellers have been guided through the year by the vast experience of Kent Moore, Leigh Steven and the art staff here. Each of these students has produced a competent creative computer-based portfolio. These boys are to be congratulated on their individual, complex, and energetic works.

Dom Walsh and Jarrod Rattle have explored 3D concepts; while others have produced sensitive insights to the exploration of technique and materials in their dramatically varying works.

We congratulate Hamish Hall (Yr 10) on his ability to work along side the Matrics and achieve outstanding results. His work skills and creative spirit have inspired us all.

All the Matric students have worked with vigour and are to be congratulated on their fine final displays. We extend our congratulations to Matt Drury on achieving the Art Academic Prize for his all round fine results. His bold, haunting display of paintings engages and challenges each of us.

English as a Second Language (ESL) Report

This year the International Club has experienced varied events such as a BBQ at Seven Mile Beach and an Easter BBQ at the Cascade Gardens. We had a combined dinner at The Malaysian Tea House and Sens Asian, with Hutchins, Collegiate, Fahan and the Friends School. Other activities between Hutchins and Collegiate have included bowling, the movies and gym activities.

The highlight of the year was an overnight trip to Port Arthur and sailing on the Lady Nelson. From these experiences together, the International Club has become more significant to students as we have learnt so much about the similarities and knowledge of each other's culture. We gave an account of our trip to Port Arthur. It is the first time ESL students have presented in an assembly. Here is the report by Panna Sethvarangkul...

PORT ARTHUR

Ms King arranged an overnight trip to Port Arthur with ESL38 students. Kyler, our American exchange teacher, and Shauna accompanied us. The purpose of this trip was to gain knowledge of the early history of Tasmania. We were all excited about the boat trip; we had to get up early as the boat left at 8:00 am in the morning. The boat was really big and classy, but what happened next was a surprise - here is an account of what happened ...

At 8:10am all ESL students went by boat to Port Arthur - at first everyone was really happy. We were all talking, listening to music and playing cards. But later on the boat jolted, people felt dizzy and vomited, so at that time on the boat the most popular place was the toilet. Everybody really hoped we would quickly finish our boat travel on time.

The boat stopped and gave our stomachs and the toilet a rest and some of us managed to look at the seal colony and a pod of dolphins passing - the rough sea had not affected them. We docked and straggled up the hill to our accommodation. We stayed at the YHA - which is a couple of stars above Southport (because toilets were closer). For the first activity we went on a tour - the guide said she would talk slowly, but even Ms King, Kyler and Shauna couldn't understand what she was saying - so we had no chance! After she had sped through the tour we went back to the 'Y' to have a BBQ lunch, but first we had to light the BBQ. This became a competition between Ms King and Kyler. Ms King was trying to outdo Kyler in the Boy Scout stakes. Kyler's BBQ was so smoky that we were surprised the fire brigade did not arrive. Ms King's BBQ was so hot that the sausages were covered in the thick crust of burnt sausage skin. So there is now a job going for the ESL Camp Master! The afternoon was spent sketching buildings around the site and finding out information about convict life. When the tour finished we went back to the 'Y'. We then built up the fire and toasted marshmallows. David invented a new dish called 'toasted wicked toffee'. He said it was hard to describe the taste, but it was great - I guess we'll have to believe him! The girls told ghost stories, the boys played cards and Ms King ran around telling us to go to sleep.

After breakfast we went to the information centre and had to research the life of a convict. It was a great trip finished off by a tour around the Peninsula's natural attractions.

THE LADY NELSON

A week later we experienced a trip on the high seas on the Lady Nelson sailing ship. Everybody was worried they would be sick. Tien tien said she felt seasick on the bus trip to the wharf!

The boat was a bit older than the previous boat. We thought it was quite special but thought it would be dangerous and the boat would rock - fortunately the water was flat and it was a warm nice day.

We had to help the crew open the sails to change the direction of the boat by pulling the various ropes. This was the first time any of the 28 students had experienced anything like this.

The boat stopped in the middle of the Derwent so that we could enjoy the view. We found out that the original Lady Nelson was built in England in 1798 before going to work in New South Wales. In 1825 after many voyages it sailed out on Feb 19 and was never sighted again, however the hull was sighted on the Isle of Barba - the ship had been plundered and burnt, and the crew killed. In 1983, it was decided by the Tasmanian Sail Training Association to build a replica. It now sails for tourists and sail training trips.

CRICKET

1st XI Cricket Report

The 1st XI played nineteen matches, including a tour to New Zealand. The Boot was won, for the sixth year in a row, by an innings and 106 runs. The climax was a fantastic last over win against St Patrick's College in the state final. The home-and-away matches against Guilford Young College and Friends for the southern premiership proved to be a tight tussle. The team lost the first match against GYC after a poor batting performance. Friends were accounted for three times with relative ease. The second match against GYC was a must-win game. At lunch we were in severe difficulties at 6 for 88. The tail wagged enabling us to creep to 154. A highly motivated team took the field and bowled GYC out for 110. Rain nearly ruined the last GYC match and our chances of making the state final. Fortunately the rain cleared at noon and we were able to dismiss GYC for a very modest 124. Paul Ancher and Andrew Jackett saw us comfortably home and into the state final against an unbeaten St Patrick's XI.

St Patrick's elected to bat but soon lost an early wicket. An injury to Matthew Drury, and Paul Ancher damaging his teeth and leg when colliding with the boundary fence, made our bowling resources a little thin. Exceptional spells from Rohan Oliver and Josh Lambert kept us in the game. St Patrick's were dismissed for 327 – a mammoth score to get on a wearing wicket in a final. We were soon in trouble at 4 for 56. This did not daunt Andrew Jackett and Stuart Hall who put on a magnificent 165 runs. Both got out just before afternoon tea, 6 for 247. St Pats had taken control again. Good innings' from Matthew Drury, Matthew Lister and Lewis Halliday enabled us to creep up on St Patrick's score. Two overs remained, 5 runs needed with 1 wicket in hand. A maiden over added to the tension; a scampered single got Matthew Drury on strike. He nudged one off his toes for a four to clinch victory. A superb win against the odds.

Highlights of the season included Andrew Jackett 181 not out against LCGS, and a 304 run partnership with Paul Ancher (189 not out) against Friends; Michael Brothers' and Stuart Hall's consistency with the bat; Josh Lambert's 6 for 10 against Friends; Matt Drury's opening spells; and Rowan Oliver's superbly controlled off spinners. Thanks to Alex Halse-Rogers for his work on the scorebook, a vital part of our team.

Awards

Richardson Award: Paul Ancher
Batting Average: Andrew Jackett 535 runs at 76.4
Bowling Average: Joshua Lambert 23 wickets at 9.3

New Zealand Tour

A highlight of the season for the 1st XI was the New Zealand Tour in January. There we played keenly-contested matches against Wellington College, Wanganui Collegiate School, St Kentigern College and Auckland Grammar. Of the six matches, we won two and lost four. The best performance came from Paul Ancher, smashing 85 against Auckland Grammar to nearly snatch the match. Andrew Jackett (65) and Stuart Hall (59 no) also scored half centuries on the tour. Some great bowling performances saw Paul Ancher, Matthew Drury and Lewis Halliday each take four wickets in an innings. On our rest days, we went white-water rafting, black-water rafting through caves, spent a memorable night at a Maori marai and had great fun with some adventure activities in Rotorua, where Matthew Bax and Paul Ancher demonstrated something about themselves by bungee jumping.

2nd XI

Under John Cooper's leadership, the Seconds entered the state final undefeated. The batting highlight was John Cooper's 106 not out against GYC, but Ryan Perry (62), Will McGregor (58), Tim Gillam (5/10) and Matthew Bax (4/14) all made great individual contributions. In the final, we were well beaten by a better St Pat's side.

Junior Teams

Another highly successful season saw three of our five teams winning premierships:

- the Year 10 team won their division, with stand-out bowling performances from Vaughan Allen (7/12), Matthew Bax (4/11 and 4/11) and Piers Symons (4/14)
- the Year 9/10 team won their division, helped by great individual performances from James Jubb (81), Matthew Lister (69), Ronan Fenton (68 no), Nick Kimble (4/0) and Daniel Alcock (4/12)
- the Year 8/9 team won their division, with great performances from Richard Bury (110 ret and 53 no), Scott Nichols (100 and 50 no), Robert Jubb (55 no and 50 ret), James Faulkner (54 no), Robert Jubb (5/23 and 4/12), and Scott Nichols (4/4)
- the Year 7/8 teams were weakened because we split them into two equal teams. However there were some commendable performances from Ross Schreuder (59), Ross Melnick (55) and Aaron Hatcher (6/29). Zac Johnston, Matthew Wilson, Daniel Cosgrove, and Oliver Illingworth each took four wickets in an innings.

RUGBY UNION

2002 saw the revival of Rugby Union at Hutchins, with teams fielding the highest ever numbers of players in all grades. This regained popularity in the sport was reflected by much success and many passionate performances.

1st XV

The outlook looked grim at the start of the season – however this was soon turned around, with many recruits coming from other codes. The team trained hard from the second week of the school year, and faced its first major challenge in Melbourne at the annual Xavier Sevens Competition. The team enjoyed mixed successes in Melbourne, playing against some of the best school teams in Victoria (many of the same players were later met playing at state level). The experience gained in Melbourne set the team up for the tough competition to be endured in the 10-a-side, and traditional 15-a-side games. After a hard fought battle with traditional foes Taroona, Hutchins came away the victors in the 10-a-side comp, winning the Alan Wicks Trophy.

The 15-a-side season was where our players really shone. In a squad with eight newcomers to the game, this would have to have been the most inexperienced team put together at this level. But inexperience was outweighed by passion, commitment and the will to achieve. This textbook attitude and team spirit was rewarded with victory in the roster competition, with Hutchins not losing a single match.

The team had to wait for three weeks before the grand final was played, due to state level commitments. However the team kept training, and stayed focussed, with grand final aspirations still clear in their minds. Played against

Taroona, who throughout the season never lost by more than five points, the grand final was Hutchins' game, running away with a 29-0 whitewash in our best performance all season.

Special congratulations must be extended to the following for club awards: Jono Haynes – best back, Alex Finnis – best forward, Pat Sherwood – most improved, David Webber – captain's award and Henry Knipe – best clubman. Congratulations also to Caleb Lang, Luke Bowden, Matthew Wertheimer, Perry Brown, David Webber and Alex Finnis for making the U18 state team. Incidentally, Alex Finnis was the captain and Perry Brown also played for the U16 state team.

Behind the success of every great team is the coaching staff; and much respect and many thanks to our coach Andrew Webber for inspirational mentoring, much guidance and friendship offered to every player. Thanks also to Phil Stary, the Backline Coach, for his expert leadership.

The U16 team, under the captaincy of Sam Kirby-Fahey, achieved a number of victories and close finishes. The U16s were once again coached by Mr Wilson, helped by several other parents. Best players throughout the season were Sam Kirby-Fahey, David Creak, Sam Stove and newcomer Daniel Bray.

The U14s had an extremely good season by winning every game. However, they narrowly lost their grand final. Good performances were put in by Nick Evans, Matt Himson, James Hume, Tom Mellick and Edward Salter.

With a strong increase in player numbers in the lower grades it appears that the future of rugby at Hutchins is in good hands.

David Webber

Soccer Report 2002

1st XI

Back: James Ashbolt, William McGregor, Grant Burdon, Alex Reid, Adrian Meredith
Front: Tom Volkman, Andrew Simmons, Tim Gillam, Robert Knight (Captain), Adam Hill, Sam McMillan, Alex Polegaj

Unity, courage and endeavour are words that depict the 1st XI Soccer team's efforts in 2002. Trainings were always varied, exciting and keenly attended with our coach Dale Itchins never ceasing to push us towards the limits of our abilities both individually and as a team. The players' commitment and spirit led us to many memorable performances and victories.

The team's keenness was frustrated throughout the season by a lack of continuity of games and training (never playing two games in consecutive weeks), ground closures, the competition level of importance, oppositions' approach to the games and the general organisation of the competition. Several eligible 1st team players turned down the privilege of being in the 1st XI and opted to play in the U16 league where they could play in a manner they were used to and had played in previous seasons with weekly games against a larger amount of teams and with better organisation. Many players believe that playing at the 1st level is an honour and something to strive for but the reward for making the 1st team this year and past years has been to play in a less prestigious competition against two or three other teams in a competition arranged with little forethought.

The team's strength this year came from the ability to play together as a team and believe in ourselves. Crowds delighted in standing in the freezing cold sleet on Mt Nelson to watch and cheer on the team as we played to the best of our ability and furthermore to enjoy ourselves.

Our coach Dale Itchins and all the players felt mixed emotions at the end of the season after victory in our final game. The Year 12 players feel their final season at Hutchins was successful to a degree but feel that so much more could have been achieved if given the chance. The competition and season fell short of the expectations of the younger members of the team and they would look forward to playing in a revised and more structured competition next year.

2nd XI

In 2002 the 2nd XI, coached by Rowan Dix, Grant Hildyard and Hume Moase, played in a SATIS competition against two GYC teams and a Friends team. The season was plagued by wash outs and opposition teams or referees not turning up to matches – disappointing, as the whole squad looked forward to playing each Monday and Friday night.

The team with much skill and experience were only able to win two games and draw one game for the season. This was mainly due to the strong GYC team. Stand out performances throughout the year came from Matthew Roach, Christopher Johnston, Ben McKay, Joseph Chan, Hugh Miller, Alan Beadle, James Cameron, Lee Andrewartha and Charles Cunningham. The goal scorers for the year were Alan Beadle (7), Matthew Roach (4), Joseph Chan (4), Ben McKay (2) and Hugh Miller (2). Although the season was short due to the lack of games, the team had an enjoyable season. Thanks to Mr Hoskins and Mr Hume Moase for helping throughout the season.

Alan Beadle

Under 16 Black

The Under 16 Black team had what was to us a disappointing year with a third place finish in the league, leaving us rueing a slow start to the year. The team didn't gel until well into the year due to many players leaving the game or making the move to the 1st XI.

Noteworthy performances, amongst others, came from Harkiran Narulla (9 goals, 7 games), Jonathan Manning (the unsung hero of our squad) and Daniel Chik (who also piled on the goals). Many thanks to Matt Irons and Rowan Dix, as well as all parents, who together made the season's great events possible.

Under 16 Magenta

The Under 16 Magenta side had a slow start to the year, drawing the first match of the season against Hobart Olympic. We then went five games without a win. But with efforts from new coach Conrad, demonstrating his skills and soccer experience, we broke through to have yet again another draw 4 – 4 against Sacred Heart. After this match we had a few more close encounters just to lose by a couple of goals. The last three games of the season proved to be the peak for us drawing to and winning our last against St Virgil's.

This year we had an unfortunate injury with Nick Graney breaking his leg in his first game with his new boots. But all the boys had a great year, have improved considerably, and are ready to give next year a real shot to make up for our start to this season.

Tim Boys

Under 15 Black

The year began with the team losing their coach of two years and several key players, but acquiring the experience of Mr Nick Browne as coach. The opening game of the season showed the lack of experience we had with each other as a team, with a 6–1 loss to Kingborough. The team put the gas on, however, and by hard work at training and great coaching we became a force to be reckoned with. The team won many games, most notably a great win against South Hobart, coming from behind at half time. The premierships came down to the last game of the season against Kingborough. We needed to win or draw to secure the premiership: after a gutsy effort on our behalf, we came out with a 1–0 loss. Many thanks to Mr Browne for being a great coach and teaching us to play some excellent football, both as a team and as individuals.

Jared Sheppard
 Captain

Under 15 Magenta

This year's season has been an interesting one. Starting out strongly, the team suffered setbacks when players were injured and out of the game for several weeks. However, with a larger squad of around eighteen players this year, we never ran out of subs which led to a good deal of interchange. Lacking a coach for many of the training sessions and games, we still managed to pull together and some of the guys showed real leadership. Overall we finished low on the ladder but everyone had a good season and we played some good soccer.

Andy Volkman

Under 14 Black

Back: Tom Harvey, Aaron Hatcher, David Buxton, Sam Crosswell, Mark Fenton, Tom Clark, Blair Spaulding, Benny Jeong, Matthew de Gouveia

Front: Matthew Wilson, Douglas Copson, Oliver Venettacci, Mr Hume Moase (Coach), Matthew Hill (Captain), Sam Sheppard, James Sauer

The U14 Black side had a great year in 2002. Following last season's premiership victory the team lost key striker Rhys Meredith and therefore had to work hard to find more avenues to goal. The season suffered another major setback when playmaker and captain Matthew "bumpy" Hill suffered an injury and was out for half the season. With some outstanding individual performances by key players – Oliver Venettacci and David Buxton who were outstanding up front; Blair Spaulding filling Matt Hill's role; and Sam Crosswell, the team's saviour in the back

line again – the surprise packet of the team was Mark Fenton who on average conceded half a goal a game, which is a marvellous feat for a young goal-keeper. With such talent in a young side it shows a lot of promise for Hutchins football in years to come.

Played 14 games, won 11, lost 1, drew 2 – another premiership victory under the boys' belts. On behalf of the team I would like to thank Mr Moase and Mr Hoskins for the tremendous time and effort they put into coaching us this season. I wish the best of luck to next year's A side and good luck to Hutchins football all-round.

Mathew de Gouveia

Under 14 Gold

The Hutchins Gold Soccer team started off the year with impressive prospects. With the brick wall defence and the shotgun attack we proved almost unstoppable... Vice-captain Hamish Saul was our only left wing and set up almost every goal. Captain Daniel Cosgrove was best and fairest and placed 4th on the goal scoring ladder. Kevin Hoffbauer - if they call Oliver Kahn the wall, then Kevin must be a titanium-reinforced 5-metre-thick concrete wall,

Soccer U15 Black

Back: Chris Bury, David Ward, Robert Beadle, Stephen Beer, Stephen Eddington, Charles Stoessiger, Sam Howe, Nat Menzie

Front: Jeff Hunter, Shamin Samedani, Jared Sheppard (Co-captain), Mr N G Browne, Jeremy Hales (Co-captain), Pete Mulcahy, Thomas Chan

with his specialty being penalties. He also received the most improved award. Nabeel Essa - if I was an opposition player I would never want to go near this bloke! Nabeel improved to be an excellent defender throughout the year. The Awesome Foursome: Samuel Burnett, Zach O'Hara, Simon Lee and James Meredith were totally indestructible when it came to defending. With the perfect match of speed and strength they often sent the attacks off trembling. AJ proved to be a key player in the attacking line and also liked to flash off those new 'nikee boots' to the opposition. Aaron Brown was the most enthusiastic player on our team. Just when the attackers thought they had us, Aaron would step in and get the ball away instantly. Will Bender, our right wing, greatly improved over the season.

We ended up the season third on the ladder. Our final was against Olympic – a fantastic match ended up with a 2–1 win. Special thanks to Tim Gillam, Mr Hoskins and Mr Hofbauer.

Under 13 Black

This season brought great victory for the U13 Blacks. Our dedicated coach, Mr Hoskins, provided us with the encouragement and persistence that enabled our team to finish second on the ladder at the end of the season. Our trainings were held on Tuesday and Thursdays after school, many of which were taken up by the seemingly complex definition of 'offside'. Each of our team members were woken early on a Saturday morning to arrive at each game, the outcome of which was unpredictable due to the dramatic change in weather for each match. But our side's performance throughout the season proved to be most satisfying, not to mention our reliable goal-keeper Rhys Miles who had a rewarding season, preventing the opposing team from scoring many goals. We all look forward to next year.

Jeremy Upton

Under 13 Magenta

The U13 Magenta team had an up and down season. We got off to a great start then towards the middle of the season we did not play as well. We ended up third on the ladder in Division Two. Special thanks to our coach David Waugh for training us and teaching us new skills.

Luke Ranson

Squash

2002 has been a year of development for squash at Hutchins. Five teams entered in the Squash Tasmania School Squash Pennant, and it was unfortunate that there were some changes because of the unexpected withdrawal of players due to injury or other commitments. John McQuillan, Jared Wilson and Patrick McQuillan were required to play above their standard and met the challenge admirably.

Squash Division A

Lars Becker, Andrew Port, Paul Howard

Lars Becker continued to set a fine example to others by his outstanding performances on the court in Division A. This year he has also been successful at STSRA Mens A1 Grade as well as local, national and international tournaments.

It has been pleasing to see Year 9 boys Matthew Bradley and Alistair Scott taking up the sport for the first time as well as those from Year 7. Division C stars this year were William Chandler, Adam Godleman and Sean Brewster. Their enthusiasm augurs well for the future.

Commitment and Participation Awards were presented to Jared Wilson, Patrick McQuillan, John McQuillan, Michael Bamford, Adam Godleman, Sean Brewster, William Chandler and Lars Becker.

Beth Bamford

Athletics

In November, the Hutchins Athletics team competed against a number of independent schools around the state, striving to maintain its high standard of performance. Due to the depth of talent within the age groups, we were able to win the Southern Boys Aggregate, Southern Senior boys and State Senior boys' trophies. This was a fantastic achievement for the team, which faced strong competition from St Virgil's, Guilford and St Pats. Winning the State Senior boys trophy was probably our finest achievement, not having won it since 1996.

Some of the more outstanding individual achievements at the State Independents were from: Matt Drury (100m), Tom Stove (1500m), the open relay (Will Kay, Jono Haynes, Ben Groom and Matt Drury), Nick Enman (shot put), Richard Burbury (800m), Jared Sheppard (100m, 200m), Andrew Dawson (90m hurdles) and the U15 relay (Craig Irons, Matt Graver, Matt Creese and Jared Sheppard).

At the conclusion of the Tasmania schools season, the Open relay team then had the opportunity to represent the school in the nationals, where it came a close second behind Westfield Sports High School from NSW.

Thanks must go to the coaches – Nick and Michael Gozzi, Bill Haley, Max Cherry and James Groom – for the time and effort in helping the boys prepare; to Jonathan Cook, who did a great job helping the team by managing the athletes on the day; and finally thanks to Mr Conacher and Mr McNamara, whose support, organization and knowledge were invaluable for our success.

Jono Haynes and Matt Drury

Co-captains of Athletics

Table Tennis

In Term 1 four teams played in the adult open roster. Hutchins 1 played in Div 1 against some of the best table tennis players in the area. Tim Carolan, Michael Li, Martin Li and George Gu alternated to play in this division and, although not winning many matches, they improved steadily as the season progressed. The Div 2 team of Mark Jessen, Andrew Carolan and Michael or Martin Li did well. The Div 3 teams had a lot of fun, with Matthew Chik the best performed.

In the Schools roster seven teams played. The Div 1 team finished second with the best performed players being Edward Bouchier and Lars Becker. In Div 2 Hutchins 2 won the final, thanks to Lang Chen, Kelvin Mok, Tom Leworthy and Carl Larzabel. Div 3 and 4 players that did best were Ken Pang, Oliver Mestitz and Elliott Davies.

In Term 3 two teams played in the Adult roster. Hutchins 1 and 2 played some very close games with Tim Carolan being the best performer in Div 1 and Andrew Carolan in Div 2. None of the teams playing in the schools roster managed to finish on top of their division. The best performed players were Charles Thomson, Shamin Samendani, Oliver Mestitz, Michael Chapman and Elliott Davies.

Competitors in the swim!

SWIMMING

It was an outstanding year for the Hutchins swimming team as they dominated the boys' events at both the southern and state SATIS swimming carnivals again, winning all six possible swimming trophies. Captain of Swimming, Samuel Madden, and Vice-captain, George Croft, provided outstanding leadership to the team.

A total of seven records were broken at the southern carnival and nine records at the state carnival. New relay records were set by the U14 medley and freestyle relay teams and also the Open medley and freestyle relay teams. Individual records were broken by Nick Stebbins (50m breaststroke), Dirk Van Velden (50m backstroke), Samuel Madden (50m breaststroke, 50m butterfly) and Joe Pemberton (100m freestyle).

Dirk Van Velden, Charles Gard, Nick Stebbins and Joe Pemberton travelled to Sydney to compete in the Australian Age Swimming Championships. Joe Pemberton won bronze in the 100m freestyle event.

The Australian Secondary School Swimming Championships were held in Darwin this year. Hamish Hall and George Croft were selected in the team with George also appointed the Tasmanian Team Captain. Benn Butterworth and Nicholas Cannell also represented Tasmania as part of the junior team in Darwin.

George Croft, Hamish Hall, Dirk Van Velden, Charles Gard and Nick Stebbins were selected in the Tasmanian Swimming Development Squad. Joe Pemberton was selected in the TIS Elite Swimming Squad. These are outstanding achievements for these boys.

The Hutchins swimming coach, Mr Steven Morris, was again a coach for the Tasmanian team at the Australian Secondary Schools Swimming Championships and coach of the Tasmanian Swimming Development Squad. The quality coaching and experience he brings to the Hutchins swimming program is invaluable to his swimmers. Mrs Jill Abell assists with the administration of the weekly swimming program and helping out at the pool.

Congratulations to Samuel Madden and George Croft for leading all members of the Hutchins swimming team to their well-deserved successes.

Jill Abell

BASKETBALL

Hutchins basketball continued to maintain high standards of play and sportsmanship over the school year. Again strong participation was evidenced by the entry of two teams from each year group (up to 10 teams) playing both terms. Some squads demonstrated remarkable progress and success on the court.

Open

In the College Division of the School Basketball Association two teams were entered in Term 1. The A squad was led by Captain of Basketball Alex Reid, experienced point guard Grant Burdon and forwards Stephen Blakesley, Corey and Aston Wills. They played with mixed success losing tough matches to Guilford Young and Rosny A but qualifying strongly for the finals.

The B side led by experienced small forwards Andrew Simmons and James Toppin, as well as enthusiastic newcomer Ryan Perry, fared not as well but gained experience for the 2nd and 3rd term SATIS competition.

The all-important SATIS roster began in second term with little to no pre-season practice as the result of team members still playing winter sport and the gym being unavailable. Hutchins had a tired start losing 3 games in a row to Guilford, Rosny and Friends. After the September break things turned around. Shots sank, strong rebounds were made, passing and dribbling lifted and determination soared during practice and matches. We won the next 5 out of 6 matches, beating Rosny by 11 points showing great defensive skills. With a 6-4 record we missed the grand final as Rosny (7-3) beat Guilford in their last match.

Strong consistent performances by centre Aston Wills both from outside and under the basket, by rebounding forwards Corey Wills and Stephen Blakesley, and by point guards and playmakers Grant Burdon and Jonathon Cook enabled us to capture 3rd spot in the competition. But who can forget the prolific scoring and rebounding by the athletic forward Simon Hall and the great driving, shooting and defensive skills of Captain Alex Reid. Well done fellas!

Year 10

Coaches Mr Warner and Mr Behrakis report considerable improvement in the Term 3 performance. With the experience of Co-captains Rahul Gogineni and Toby Mestitz playing in the Firsts, the team had excellent success winning six of the seven SBA matches. Toby and Rahul shared the point and shooting guard roles. Other positive contributors included forwards Edward Ashbolt and Jonathon Barnes. With more consistent scoring and rebounding and stronger defence, the squad was able to eke out both decisive and close victories during the competition.

Year 9

Two teams selected on ability entered the competition coached by Mr Young and Mr Toppin. The B Team struggled but considering some members were new to the sport, they performed very creditably. A major improvement in their individual skills, defence and attack was evident but poor shooting skills hampered the team's ability to score. "Enthusiastic" summarises the team's approach, with Thomas Friend an impressive rebounder. The A Team consisted of some excellent players who had their share of wins and losses. It was perhaps a frustrating season in that possession lapses have cost the team dearly whereas their defence and attack was very sound. They are developing some effective attacking plays. James Faulkner exhibited excellent handling skills and he was a penetrating attacker while James Rice's work as a forward deserves special mention.

Year 8

Mr Turbett reports that approximately 25 boys have played basketball in Year 8. The second half of the season has been greatly enhanced by the coaching of Mr Brelis and Mr Blackaby. Both volunteered their time and energy and have helped the two teams develop into competitive, fun teams to play on. The skills and the passion that has developed since September should lead on to even better teams in Year 9.

Jarrold Brelis, Callan Rogers and Sam Crosswell developed a very effective defensive unit helped by the good penetration and inside shots by the guards Matt Wilson, Geoff Park, Mathew de Gouveia and Matt Hill. Their efforts meant that the score of each game was close. Tom Allie was one of the most improved players in the group.

Finally, the group dynamics was strong with each person giving their best. The level of improvement was high as well as the level of enjoyment.

Year 7

Dr Ludwig reports that Team 7A has found limited success against strong competition over the season. Boys have trained enthusiastically and strong performances have come from Christian Roberts, James Ponte and Luke Shields.

The 7B team, coached by Stephen Blakesley, showed a slightly better performance but still found the competition tough with a record 16 teams in the Year 7 competition. Simon Crane, James Morrow and Ben Spry showed their individual skills during the competition.

The First XVIII

Coach: Mr Chris Rae
Manager: Mr Nick Griggs
Captain: Matthew Drury

"Roy Barnett" Best & Fairest: Hugh Griggs
Most Improved: Richard Ellis
Best Utility Player: Jay Long
Best First Year Player: Lewis Halliday
The "Chris Rae" Award: Matthew Drury
The "Luke Watchorn" Award: Josh Lambert
Most Consistent: Richard Ellis
Best in 1st XVIII vs Old Boys: Richard Ellis

The First XVIII squad

The First XVIII enjoyed something of a mixed season, plagued by patchy form. In what was a very even competition, there remained an opportunity to play off in the grand final right until the last week, but it was not to be.

The season opened with a practice match against Trinity Grammar, from Melbourne. In the fifth of the 'modern' series, Trinity brought over a very strong outfit and were able to secure their first victory. It was very much a tribute to their diligence and persistence and has provided a real impetus to the football connection between the schools. We look forward to setting the balance right in Melbourne in 2003.

The First XVIII also suffered a loss at the hands of the Old Boys, who were able to field a very strong team. Mr Andrew Jones, who assisted Mr Chris Rae with the First XVIII this year, filled in at short notice. Nathan Winter, who enjoyed a stellar season with the Old Boys this year, soon reminded Mr Jones of the rigours of senior football – as if he had ever forgotten!

It was a source of some pride that whilst the First XVIII experienced a number of defeats during the season, the margin of those defeats was rarely more than one or two goals. Time and again, the team showed tremendous grit and their efforts were not rewarded.

The support of the parental body remains outstanding. Under the leadership of Mr Nick Griggs as Manager, the parents' efforts were unstinting. It is a wonderful supporters group, cohesive, supportive, innovative and committed. It was astonishing that often during northern matches, the Hutchins supporters rivalled and even outnumbered the local crew. It is a source of great pride within the club.

The Sandy Bay Lions

The under age squads again enjoyed a very successful season. Participation, skill development and fun remain the central objectives of the football program at underage level. The fact that each of the teams reached the finals is a tribute to the efforts of Mr Ian Anderson, President of the Sandy Bay Lions, and all players, committee members and officials of the club. The U17 and U13 teams played off in the STJFL Grand Finals. Unfortunately, neither team experienced ultimate victory but they can be very proud to have taken all but the ultimate step.

Under 17 - Coaches: John Barwick and Grant Jackson

The U17s had a fantastic season in a highly demanding competition. Whilst they were soundly beaten in the grand final, the boys played with great spirit throughout the season. Many of the U17 players also played with the First XVIII and naturally became very fatigued towards the end of the season.

Under 15 - Coach: Phil Kingston

The U15s got to the preliminary final but were unable to reproduce their premiership form of last season. When the boys reviewed their season it was generally agreed that they under-achieved and became somewhat complacent after being undefeated in 2001. Mr Ian Anderson (President) and Mr Phil Kingston (Coach) believe that the season was a valuable 'learning experience' for the boys. Best players included Tom Friend, Mathew Creese, James Faulkner, Michael Egan, and Richard Burbury.

Under 14 - Coach: Tony Bayles

The U14s reached the preliminary final but were beaten in a close match. The team had a great start to the season and won their first eight matches, experienced a mid-year slump, and rallied to finish the season very strongly. Best players included Zac Johnston, Mark Fenton, Alastair Sayers, Jason Nichols and Jonathon Hookway.

Under 13 - Coach: Mr Michael Arnold

Reached the grand final and were narrowly beaten in a very hard fought match. The team lost only two games for the season – this was a great achievement given that many of the boys had not previously played together. Best players included Kevin Jubb, Ellis Perry, Josh Archer, Edward Morris and Jack Tronson.

Open Southern Primary Division 1
Schools Premiers

Hockey at Hutchins is booming. This year the school represented over a quarter of the players in the southern schoolboys competition. More teams; more premierships; coaching by specialists, teachers and peers; parent support and involvement. Hutchins is the ideal hockey school.

ONE team - TWO years in a row - THREE premierships

The First Eleven won all three premierships, replicating last year's achievements. By beating Hobart College 1-0 Hutchins became the first independent school for 25 years to win the Southern All Schools Premiership back-to-back. Finishing the roster season in second place meant it would be a rocky road to success, but through brilliant coaching by Mr McLeod and Mr Addison, excellent management by Mr Ancher, and a sensational team effort by the players, Hutchins triumphed. The week previously, this team had secured the State Independent Schools Premiership with a superb display of hockey, defeating Scotch Oakburn 5-0.

The First Eleven celebrate their 1-0 victory over Hobart College

The Second and Third Elevens made up half of the division. One of the teams was coached by the Vice-captain of the Firsts, Paul Ancher, and the other by Mr McLeod. Playing two even teams in this competition perhaps hindered their chances of a premiership but some great hockey was played and many Year 11s looked eager and ready for the big league next year.

Best high school team in the south

Made up of many strong Year 9 and 10 players, the Hutchins 4 team won the highly competitive open high schools division. The team was coached by First Eleven Captain Alistair Addison, and South African GAP student Daniel Wiley, with the assistance of manager Mr Hickey.

Hutchins 5 were a keen group of Year 9 and 10 players coached by Mr Addison with the assistance of Mrs Cazaly. They showed considerable improvement during the season and finished runners-up to New Town.

A 'miracle' premiership - Opposition outprayed?

In a David and Goliath semi-final Father John's Hutchins 6 beat the highly favoured Friends. In the grand final against St Virgils the score was 2-0 down at half time. Some truly inspirational words from Father John to his "12 disciples" and a glance or two skywards worked a come-back miracle and the premiership was won 3-2.

Hockey First XI

Back: Tom Giblin, Heath Moore, Stuart Hall, David Peterson, Mr John Ancher (Manager)

Middle: Mr Ian Addison (Assistant Coach), Hamish Hall, David Bennett, William Calvert, Nick Warren, Matthew Kay, Mr James McLeod (Coach)

Front: William Priestley, Adrian Clark, Ben Creese (Vice-captain), Alistair Addison (Captain), Paul Ancher (Vice-captain), Nick McIvor, Cameron Williams

Plenty of younger talent

Two even Hutchins teams competed strongly in Division 7, giving great promise for the future. Hutchins 8 was coached by Sam Calvert, one of last year's First Eleven. Hutchins 7 was coached by Mr Hyland.

Paul Ancher gets away a reverse stick pass despite heavy pressure from Tim Deavin of Scotch Oakburn in the State Independent schools final

Individual talent

Alistair Addison - U18 State Captain and U21 representative
Ben Creese - U18 State Vice-captain and U21 representative
Paul Ancher - U18 State representative
Matthew Kay - U15 State representative
Hamish McGregor - U15 State representative
Along with these five state representatives many players were selected in southern regional teams in all age groups.

The Captain reflects

As my time at Hutchins comes to a close I can look back on seven years of pulling on the Hutchins playing strip and say: it has been a fantastic experience. I challenge every Hutchins hockey player to work hard at his hockey and aim to one day achieve a position in the Firsts. Congratulations to all the boys who competed throughout the season - you are a part of something special.

Alistair Addison

First Eleven Captain

Hutchins, Southern All Schools Premiers 2002

ROWING

The 2001-2002 season proved to be a tough season with the competition only getting harder. Although Hutchins did not win as many shields as it would have liked, the season proved to be an enjoyable and entertaining one. As each crew went out to race, there was a strong sense of pride and support from their fellow teammates.

The First VIII began their season in early September. With only two members back from last year's crew we commenced training knowing it wasn't going to be an easy season. The crew started out with 9 crew members to choose from, as opposed to other school squads which had 15-20. Under the coaching staff of Mr Clennett, Mr Morrisby and Mr Crichton, we put everything we had to good use. With our demanding training program (8 times a week), we weren't prepared to go out there and lose. The VIII went on through the season to secure one win in the eight, and three wins in fours. Several second placings occurred as well. At this point the crew was looking for a strong second in the Head-of-the-River race but, due to a mishap, we crossed the line in fourth position. The following week, determined to prove to everyone we were better than this, we entered the last race of the year, the Tasmanian Schools' Championships. We were very relaxed and there was no stress amongst the crew. We ended up crossing the line in second position, which was a win for us.

The Under 16 eight, coached by Mr Russell Hookway, had a slow start to the season. Nevertheless, it was to be a successful one. The change of moving David Powell to the stroke seat sealed a number of victories, including an excellent performance in the Head-of-the-River. This crew will form the nucleus of the first eight next season. The crew included Matthew Street, Tom Anderson, David Creak, Robert Tilt, Nick Crossin, Sam Stove, Patrick McMullen and Sam Kirby-Fahey.

In the junior age groups we had much success, finishing strongly in most divisions. In the Under 15 quad sculls, the number one crew (coached by Mr Bill Ayliffe) finished first all season. The crew was Jack Johnston (cox), Tom Ayliffe, Tom Friend, Julian Sayers and Michael Egan. In the Tasmanian Schools' Championships the number two crew (coached by Mr Mark Roach) finished second to the number one crew.

Although this was the Under 14s' first season at racing, they proved to be an age group who will go on to have many successes in later life. Although not winning, all performances were very competitive. The coaches - Mr Roger More, Mr Keith Stove, Mr Ian Anderson and Mr Terry Kirby-Fahey - were able to maintain an enthusiasm and love for rowing amongst the boys, as well as developing important skills.

The Under 13s began their rowing careers in the development programme run by Mr Ian Anderson. Components of this include swimming, safety, boat shed familiarization, sculling drills and, later, boatmanship. Under the control of Ms Sophie Edwards, all crews showed a terrific improvement throughout the season both at training and in competition.

Thanks to Master in Charge, Mr Andrew Stewart, to the coaches, and to all the supporters and the crew members who made season 2001-2002 an enjoyable experience.

Matthew Roach
Captain of Boats

Sailing

Summer sports day

House sailing was run using pacer dinghies in a two-on-two format. The day ran well with close racing between Stephens and Thorold, with Thorold ending up winning on the finish line.

The schools regatta

The schools regatta, held at Lindisfarne Sailing Club, aims to involve as many sailors, both boys and girls, from as many schools as possible around the state. Sailors use their own boats and the event is run on handicap. Hutchins entered three teams with the first team – consisting of Stewart Wells (Laser), Drew Latham and Henry Knipe (420), and Will Keyes and Stephen Williams (Flying 11) – finishing second. The Hutchins second team finished third out of about 20 teams. Will and Stephen were unlucky not to finish top boat – that title went to Mat Himson and Red Barrett, also sailing a Flying 11.

State teams racing championships

This was held at the Port Darlymple Yacht Club, Launceston. After the round robin was completed the two Hutchins teams managed to finish first and second respectively, setting up an all Hutchins final, won by the firsts. This regatta is the selection series for the Australian schools teams racing championships.

Australian Championships

Held at the Royal Prince Alfred Yacht Club, situated on Pittwater in Sydney, this was contested by all states. The four-day regatta started off badly for the team when we managed only two wins out of five in the first round robin, sailed in light winds. The second round robin wasn't much better with just three wins coming from five races, although, giving the team some hope, we managed to defeat the strong Queensland team.

Australian Team

Going into the last round robin the team needed to win at least four out of five races, to have a chance of joining NSW who had already qualified for the final. In the last race of the round robin, in a

New Zealand Team

light breeze, the lighter Queensland team lead early and looked to be in control. But with determination we managed to record a close win which put us into the best-of-five finals.

The finals began straight away with Hutchins winning the first two races. NSW won the third race before Hutchins regrouped to win the fourth race, giving the team a 3-1 win. This was the first Tasmanian team to win the Australian Championships, giving the team the right to represent Australia against New Zealand.

Interdominion

The Interdominion was held in Hobart with the top New Zealand school competing against the top Australian school. Racing throughout the regatta was very close with most races being decided on the finish line. The team again started poorly with the score line after the first days racing being 7-2 in New Zealand's favour. This did not deter us and we managed to bring the score back to 9-8. The next two races, however, went New Zealand's way giving their team victory.

The Hutchins team consisted of:

Stewart Wells	(Skipper/Co-captain)
Drew Latham	(Skipper/Co-captain)
Josh Phillips	(Skipper)
Nick Jones	(Skipper/crew)
Will Keyes	(Crew)
Blair Spaulding	(Crew)
Vaughan Melnick	(Crew)

Team Sailing

Nick Jones and Stewart Wells finished a close second in the Open Team Sailing Championships held in Hobart in December. They may be going to Auckland to represent Australia in the World Team Sailing Championships in January and we wish them well.

Thanks to Mr McCammon and Murray Jones for giving up their time to coach and manage the team.

Drew Latham

Co-captain of Sailing

Tennis

Open Teams

With one of our strongest first teams ever and a strong seconds team, we were hopeful of taking both state tennis titles. Our firsts team – Edward Bouchier, Will Priestley (c), Robert Easter (c) and David Bennett – blitzed our southern opposition, losing only one set for the season. The seconds team – Ben McKay (c), Hugh Miller, Billy Barnard and Heath Moore – were nearly as devastating, only losing five sets for the season. After our tremendous success in the southern rosters, both teams travelled to Launceston to contest the state final.

The St Patrick's firsts team was exceptionally strong with several of the state's best juniors. Unfortunately, they were too strong for us on the day, beating us five rubbers to one. The seconds' final, however, was much more closely contested. So close in fact, that the whole final was decided on a third set tie-break in the last singles. Unfortunately, they were defeated. Next year we hope to go one step further.

Tennis Champions 2002

Senior School: Nathan Jones def. Ben McKay

Middle School: Edward Bouchier def. Jeremy Court

Years 7-10 Tennis

Students in Year 7-10 play each spring in the twilight inter-club pennant in Term 3. Hutchins submitted eight teams in 2001. The only team to have topped their roster was the Division 3 team of David Ward, Saul Webb, Luke Burgess and Robert Blakesley.

Robert Easter

Co-captain of Tennis

Surfing

With a rapid increase in the numbers of stand up surfers, we have gone from strength to strength this year, maintaining three teams: the 1st team, consisting of experienced surfers, competed in the Tasmanian State Round Competitions; a bodyboarding team, who are competing in the State Bodyboard Competitions; and a learner team, who compete in the 2nd division at the Tasmanian School Surfing Championships.

Over the March long weekend, the Hutchins Surfing team travelled to Marrawah to compete in Tasmania's premier surfing carnival – the West Coast Classic. Our boys all surfed well in the quality waves on Saturday and Sunday. James Eaves (Yr 8) was our best surfer. He surfed solidly to win his semi-final and finish second overall in the Cadet Division final. The other competitors were Jack Viney (Yr 9), Michael Norris, Scott Lawless, Liam Houston, Josh Fitzgerald (all Yr 10) and Cameron Stuart (Yr 11). Mr Kingston, Mr McCammon and Mr Michael Eaves accompanied the team.

Our next mission was to the East Coast for the RipCurl Junior at Scamander. Adam Wertheimer joined the team in the small conditions at Shelly Point, Scamander. The surf on the second day dropped, but there were still a few contestable waves. The boys surfed extremely well with Jack Viney making it into the Cadet semi-final. James Eaves finished third in the Cadet final. We were hopeful that this would see him selected in the 2002 state team.

James was selected in Tasmanian Development Squad, which is part of the Sporting Elite Program offered by Surfing Australia. He has attended specialist training camps and narrowly missed a spot in the state team after finishing equal second in the State Round Competitions. James continued his run of success in under-age surfing. He competed in a prestigious Victorian Junior Competition in November and came second in under 13 and fourth in the under 16 categories.

The School Championships were another opportunity for our boys to exhibit their improvement. In a great team effort, we managed to place well in Surfing and Bodyboarding. The increase in numbers in Division One saw us get fourth in the High School Surfing and fifth in High School Bodyboarding.

We hope to build on this year's success with a strong first team and a new group of Year 8s ready to take on the challenge. We have been blessed with some great conditions over the past few weeks at training and look forward to the 2003 contest season.

Ken Kingston

Director of Surfing

Volleyball

The Hutchins Volleyball Club had mixed results in the 2002 season: some teams exerting dominance while others used the 2002 season as a learning experience.

1st Volleyball Team – Tim Cooper (Capt)

Mr Hodge with 1st VI Training Squad

In 2001 no matches were played so some of the players were a bit rusty and took a few trainings to get back into the swing of things. Apart from this the team played very well, winning every game but the crucial one. With their captain sidelined by injury, they lost the grand final by the narrowest of margins to a very difficult and dedicated opposition. The skill level amongst the 1st VI had grown considerably since previous years and this was evident during the season. The team was well supported by Simon Hall (Captain) who was named MVP, and Tim Cooper who led the 1st VI.

Players to watch for next year are Josh Mulcahy who was the most consistent player with strong serves, sets, digs and spikes. Josh has also done some additional coaching for younger boys and has considerable potential for captaincy for the year 2003. Tim Carolan was new to the sport this year but he is a natural sportsman, getting a firm grip of the game very early in the season. Tim was a very valuable player with his serving and spiking, which was mostly right on the money. Hayden Farquhar, Tristan Rogers, David Sorrell-Saunders and Dominic Walsh have all improved considerably over the season. The 1st VI team can expect a very successful season in 2003. The 1st VI were lucky to be coached by Mr Scott, who has coached at Hutchins for twelve years. He leads his own volleyball club and represented Australia in this year's Masters Games in Sydney.

1st VI Volleyball Team at training: Tristan Rogers spikes over Tim Carolan as Arm Sukjit watches

9/10 Gold Team – Zen Miles (Capt)

The Year 9/10 Gold team finished last out of their roster of 8 teams. They had a difficult start to the year with most of the players being new to the sport. Nick Allwright had early difficulties but developed consistent skills towards the end of the season. Colin Brain also improved as the season went on and regularly attended games and trainings. William Casey also played well throughout the season being able to psych out the opposition on the majority of occasions. Tom Leworthy also improved and his height at the net was very helpful. Zen Miles was the team captain and led the team well despite their difficulties. Zen has played volleyball for two years and has been a very consistent player. Arm Sukjit also played for the team and had some extra training with the 1st VI. Arm has had some volleyball experience in Thailand and his presence really helped the team. The team was particularly lucky to have the very skilful coaching of Mr McGlashan, an old boy and current roster player.

Mr McGlashan

Yr 7/8 Magenta Team

The Year 7/8 Magenta team finished seventh out of eight teams in their roster. This year the boys were spread evenly for ability over the two teams. The boys developed a very competitive team whose enthusiasm grew towards the end of the season. Mr Hickey, as well as being team coach, was also a Middle School teacher, so he was able to stay in contact with the boys and keep them motivated. Daniel Causon was the team captain and he led the team with great enthusiasm. Jack Beardsley developed a very strong serve that often helped the team to victory. James Excell also had a strong serve and made an active contribution to teamwork. William Fehlberg, Christian Roberts and Tom Veit all improved their skills and became effective team members.

Mr Hickey and Magenta team members

Yr 7/8 Black Team – Callan Rogers (Capt)

The Year 7/8 Black team finished the season in eighth place on the ladder after losing the playoff for sixth position by the narrowest of margins. The team displayed steady improvement throughout the season and each player contributed their own skill during the games. Many examples of great teamwork were a highlight during the season. The team captain Callan Rogers along with Luke Shields provided very useful height in the team which resulted in great spikes and blocks to win points. Luke used his skills to set up plays for other boys. Sam Blackaby and Nabeel Essa displayed great agility in keeping many balls in play through their acrobatic efforts with Sam enthusiastically urging teammates to good team plays. Julian Iles and Dane Windhurst were very valuable from the serving line providing great serving variety and could accurately place the balls anywhere on the other side of the court. Daniel Wong also gained in confidence and improved in every aspect of the game through the season. All team members have a lot to offer the volleyball club if they continue to play in years to come. The team benefited greatly from the coaching and enthusiasm of Mr Blackaby.

Mr Blackaby with Black Team members

I would like to thank Mr Hodge on behalf of all the boys for his leadership of the Volleyball Club. He is leaving Hutchins at the end of the year after twelve years as the Master-in-Charge of Volleyball. During his time he has coached every team, and in some years three teams. This year he coached the 1st VI who have reached the finals every year for the last twelve. Mr Hodge also managed the Southern Tasmanian College Volleyball roster for many years.

Badminton

Open

The Hutchins first badminton team – Mark Jessen, James Oxley, Chris Jones, Isuru Amarasena with reserves Panna Seithvarangkul and Pekko Mahakitsiri – enjoyed a reasonably successful season this year. The team managed to win half of the matches, which allowed us into the semi-finals. Here we played the Friends first team who were our major rivals throughout the season and whom we knew would be very hard to beat. A loss put pressure on us going into the preliminary finals where we faced Guilford Young. It was a must win if we wanted to make it to the grand final. Work done at training resulted in a convincing win over Guilford Young, unfortunately this did not continue to the grand final where we were beaten by a strong Friends team.

The "B" roster team – Phil Morey, Charles Harris, Charles Meaburn, Jon Ho Chan, Rob Otto, Nick Perndt and Andrew Sheppard – enjoyed a constructive season with many worthy individual performances but, unfortunately, they placed last in the roster.

The "C" roster team – Tom Chang, Beeson Kwok, Anders Marchant, Stuart Woolford and Harjit Mahindroo – took part in a thoroughly enjoyable and social season and were successful in placing a credible third at the end of the roster.

This year there were two mixed teams with Hutchins players teaming up with St Mary's players. The Hutchins players were Jon Alomes, Matt Limb, Andrew Twin and Ben Armstrong. Both these teams had great success winning nearly every game of the season; consequently these two teams came up against each other in the grand final which, despite the odds, ended in a Hutchins/St Mary's versus Hutchins/St Mary's grand final tie!

Year 10

The Year 10 team – Michael Norris, Martin Lee, Michael Lee, Michael Chapman, George Gu and Matthew Chick – had an extremely successful season winning the grand final by a mammoth 100 points.

Year 9

Of the two Year 9 teams the Division A team performed with enough merit to make the finals. The team of Tom Hung, Ramanan Daniel, Chris Cox, Dennis Ng and Arm Surjit were successful in winning the second tier final.

Year 8/7

This year there were two Year 8 teams supplemented with players from Year 7. Both teams played admirably throughout the season and this should serve as encouragement considering several of the players had never played the sport before. The Year 8 "B" team did especially well only narrowly missing out on the finals due to close losses throughout the season.

This year saw the return of The Broken Racquet Trophy after a year's absence. Both staff and students fought strongly but the staff were eventually overcome by the skills of the students, thus adding the students' title once more to the trophy.

On behalf of all teams, I would like to thank the coaches, Ms Schafferius, Mr Hudson, Mr Starkey and teacher-in-charge Mr Sayers, for their time and also their efforts in raising the profile of badminton at Hutchins.

Mark Jessen
Captain of Badminton

Sail Training

Due to staff commitments and illness our training program was greatly reduced. But on Summer Activity Day Aurora was employed as start boat for House sailing. While the day was very successful, on the sail home the yacht suffered some damage in gusty conditions. The mainsail tore and the boom vang broke. Both items were old and have now been replaced.

During the winter the GPS mounting was installed and the donated echo sounder was fitted. Both items will be very useful for teaching boys the use of electronic navigation aids in both the AYF courses and the Maritime Studies course.

Four Year 7 boys completed their Introductory Certificates during the year: Sam Thomson, Matthew Spillman, James Excell and David Ransley. These and several other students and adults will be continuing their Competent Crew Course next year.
